

Heathrow Airport Ltd - Waste Billing: proposed change to billing timetable

Consultation Decision

Date: 1 October 2012

Prepared by: Heathrow Airport Limited

Final Decision

We have now received and considered responses to the change to the waste billing timetable, which include written responses and comments received through the Utilities Governance Group.

HAL has come to a decision that the change to the Waste Billing timetable will take place in March 2013.

Rationale for Decision

HAL has considered the responses to the proposal.

At present airport waste service charges are billed quarterly in arrears. There are other service charges that are billed quarterly in advance.

Moving airport waste service charges to quarterly in advance will simplify and align the billing of these various charges.

By making the change in March 2013 as opposed to during 2012, business partners will have more time to plan and budget for this proposed change.

Next Steps

In March 2013 the community will receive two waste bills; one for Jan, Feb and March 2013 (one quarter in arrears) and simultaneously one for April, May, June 2013 (one quarter in advance).

The next invoice in June 2013 would be for the period July, August, September 2013.

2013 Billing Timetable	
March 2013	January, February, March 2013 (arrears) and April, May, June 2013 (advance)
June 2013	July, August, September 2013
September 2013	October, November, December 2013
December 2013	January, February, March 2014
