

BAA Heathrow 

Home Relocation Assistance Scheme

Financial assistance to help
home owners in the noisiest areas
to move away from the airport

August 2005

CommunityMatters

Using this booklet

Once you have read this booklet, if you have any questions about your eligibility for this scheme, there are answers to some frequently asked questions at the back. There are also other contact details (email: heathrowrelocationassistance@baa.com and telephone: 020 8745 4929) for you to use, in case you can't find the answer you need.

If you would like this document in an alternative format or another community language, please call us on 0800 731 4247. Alternatively, a fully accessible version of this document can be found on our website www.heathrowairport.com/relocationassistance.

If you would like to order further copies of this booklet please call our brochure line on 0800 169 5569.

Introduction – Janis Kong

Janis Kong, Executive Chairman, BAA Heathrow

Noise from Heathrow Airport is one of the biggest concerns for people living nearby. The Government recognises this, and in its White Paper, *The Future of Air Transport* (December 2003), the Government outlined several ways to control, mitigate and compensate for the impact of airport-related noise.

One key initiative that the White Paper asked airport operators to introduce is voluntary assistance for households in areas subject to high levels of noise (in the 69 decibel Leq noise contour) who want to move to a quieter area. This booklet sets out the details of the scheme that BAA Heathrow is introducing to meet this request.

The White Paper also asks us to bring forward voluntary schemes to deal with significant increases in daytime noise resulting from future growth. We will do this in 2007, when the relevant noise contours are published.

The Government is also undertaking a consultation on controls on night flights at Heathrow, Stansted and Gatwick airports, and BAA will implement any mitigation-related policy reforms which the Government brings forward as a result of that consultation.

This booklet, then, contains the final detail of BAA Heathrow's voluntary scheme to help people who, at the time of the publication of this document, are living in the 2002 69 decibel Leq noise contour area and want to move away.

We have developed this voluntary scheme following consultation with our neighbours – residents, local authorities, campaign groups and businesses. Along with our colleagues at Stansted, Gatwick, Edinburgh and Glasgow, we have looked at the suggestions, questions and concerns raised by our local communities and developed a scheme that we think is both fair and responsible.

This booklet is in two parts. The first part explains how we have done this – because we believe that it is important

to be transparent. The second part sets out the details of the support we are offering, how the scheme will work and what steps eligible applicants should take, to take advantage of it.

The suggestions we made in the consultation paper were generally well received; most feedback was about the detail of the proposed package. We are grateful to everyone who gave time to respond to the consultation. We take our responsibilities towards our neighbours very seriously and we have taken note of your comments. We have therefore added some new elements to the scheme, which take account of your views and which will make the scheme even better. The responses were analysed by an external consultancy, Avia Solutions. We have published their report in full on the BAA website for you to read. It is at www.heathrowairport.com/aviareport.

We made some very significant changes to the scheme, because of your suggestions.

- We have doubled the lump-sum part of the package, from £2,500 to £5,000
- We have increased the maximum sum available from £10,000 to £12,500
- We have now included some landlords in the scheme, if they are working away from the area and are renting out their family home.

I hope very much that you will feel that the scheme has been improved by the process, and that you will find it goes some way towards mitigating the impacts of living next to Heathrow Airport.

A handwritten signature in black ink that reads "Janis Kong". The signature is written in a cursive, flowing style.

Janis Kong
Executive Chairman, BAA Heathrow

Our consultation

The Future of Air Transport White Paper

In its White Paper, *The Future of Air Transport* (December 2003), the Government asked airport operators to offer Home Relocation Assistance to households subject to high levels of noise (69 decibels Leq contour).

What we consulted on

In September 2004, in the booklet *Protecting Against Airport Noise*, we consulted with local people – residents, businesses, campaign groups, local councils and MPs – on the best way to provide Home Relocation Assistance for households in the area of high levels of aircraft noise. The consultation was initially open for 12 weeks, and at the request of local people, was later extended by a further three weeks.

We proposed a voluntary scheme for eligible householders who wanted to move because of aircraft noise, which would provide a financial package to help them with the costs of moving away from the area.

We proposed that the package should be made up of a percentage of the open market value of the property, plus a lump-sum payment, which would be linked to the Retail Price Index. We suggested a cap of £10,000 on the package.

Questions we asked you

We asked for general comments. We also asked for your views on some particular issues that we knew were a concern, because we did not want to assume that we already knew the answer.

The questions

1. Is the relocation package formula of 1.5% of the house's sold value, plus £2,500, acceptable?
2. Is a cap of £10,000 on the package reasonable?
3. Should the initial scheme run for five years, allowing a review in 2010?
4. Do you agree that there should be qualifying criteria, designed to prevent unfair speculation in the local market?
5. Do you have any other comments or suggestions about the Home Relocation Assistance Scheme?

How we consulted

The aim of the consultation was to gauge the opinions of local stakeholders so that we could improve on our proposed scheme, engage with specific groups with particular concerns, and have an open line of communication with people directly affected by the Government's proposals.

We have not made any assumptions about the views of those who did not respond to the consultation. As expected, some views were expressed by small numbers of people.

There are Government guidelines on the best way to conduct a consultation, which we have followed, and continue to do so:

- ✓ Consult widely throughout the process, allowing a minimum of 12 weeks for written consultation at least once during the development of the policy.
- ✓ Be clear about what your proposals are, who may be affected, what questions are being asked and timescale for responses.
- ✓ Ensure that your consultation is clear, concise and widely accessible.
- ✓ Give feedback regarding the responses received and how the consultation process influenced the policy.
- ✓ Monitor your department's effectiveness at consultation, including through the use of a designated consultation co-ordinator.

We consulted on two schemes to protect the local community from aircraft noise: this Home Relocation Assistance Scheme and a separate scheme to provide noise insulation for noise-sensitive buildings, such as schools and hospitals. This booklet is only about the Home Relocation Assistance Scheme.

The consultation paper was sent directly to just under 4,400 potentially-affected people and organisations around Heathrow: residents, local councils, MPs, businesses and campaign groups. Additional copies were also sent, for example, to local councils for general distribution. There were 264 submissions, representing a response rate of 4.8%.

To help people to respond, so that we could hear the views of as many people as possible, as well as sending the consultation document direct to homes and businesses and posting it on our website, we also publicised the consultation in the following ways:

- Advertorials in the Hayes and Harlington Gazette (which has a distribution of 19,832 and readership of around 64,000 people) and Skyport (distribution of 33,000 and readership of about 130,000)
- Press coverage in the local print and broadcast media
- We briefed BAA Heathrow's Local Focus Forum, attended by local residents' associations and councillors for Harlington, Sipson, Harmondsworth, Stanwell Moor, Stanwell, and Longford, among others
- We briefed the Heathrow Airport Consultative Committee, whose members include representatives from local councils, including the London Boroughs of Hounslow and Hillingdon, the Boroughs of Spelthorne and Slough, businesses and HACAN ClearSkies
- We held meetings and conversations with representatives of the London Borough of Hillingdon, the London Borough of Hounslow, local Members of Parliament, Residents' Associations and campaign groups.

We also responded to hundreds of individual requests for information, often involving detailed conversations and encouraging those callers to send in their views.

How we analysed the responses

At the beginning of this booklet, our Chairman, Janis Kong, emphasised the importance we place on transparency. It is important that you are able to see how we have come to the decisions that we made.

For that reason, this section sets out BAA's decision-making process. We know that this is interesting to some people, although not to everyone. **It is not necessary to read this to understand how the scheme will work.**

The diagram below simply sets out our process for making these decisions.

The diagram shows several groups. We need to explain who they are:

Avia Solutions

Avia Solutions is a consultancy, and was appointed by BAA to analyse the consultation responses for all the BAA airports involved. We believed it would be better for an external company to do this work, so that it could be externally verified.

BAA Policy Review Working Group

This is a group of managers from BAA's affected airports who work in the community liaison, property, legal and planning departments. They analysed Avia Solutions' findings, tested a range of variations to the scheme and carried out supporting research on the various options. They then made a series of policy recommendations to the BAA Protection Policies Group.

BAA Protection Policies Group

This is the more senior decision-making body. It is chaired by BAA's Chief Executive and comprises directors responsible for planning, finance, regulation and public affairs. It examined the policy recommendations and made the final decisions about the shape of the scheme.

How we responded

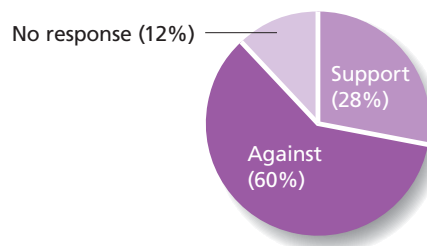

This section is about the issues you raised during the consultation process and how they influenced our thinking, and ultimately, the final shape of the scheme. We briefly indicate in the boxes how we responded to the consultation responses, but the full detail is in the next section, on pages 5 to 8.

We have not identified the comments made by any single person or organisations here, for reasons of confidentiality and data protection.

Question 1

Acceptability of the relocation package at 1.5% of the house's sold value, plus a £2,500 lump sum

28% of Heathrow's 264 respondents supported the package; 60% did not.

These are some of the views that were expressed:

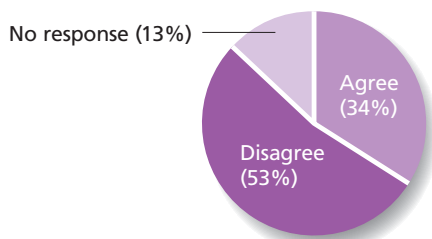

- £2,500 is too low (27 people)
- 1.5% is too low (28 people)
- The total moving cost should be covered by the scheme (15 people)
- The emotional cost of moving cannot be covered by the formula (13 people)
- The stamp duty incurred on buying a new property should be included (10 people)
- The scheme should be index-linked (6 people)
- Estate agents' fees and removal expenses/solicitors' fees should be included (4, 3 and 3 people respectively)
- There is no need for the scheme, because airport expansion will drive up local property prices through increased (job-related) demand (1 person).

Our response

- **The elements of the package were too low** We have doubled the lump-sum payment from £2,500 to £5,000.
- **The scheme should cover all moving costs, and stamp duty on a new home** The aim of the scheme is to provide assistance for those eligible home owners in the 69 decibel Leq noise contour who want to move away. It is not designed to cover **all** moving costs, although we estimate that the package will meet the whole or most costs for a large number of home-owners.
- **Emotional costs** The scheme is designed to help home-owners to move to a quieter area if they want to: there is no obligation to move. We fully appreciate the importance of a home, as well as the stress that is related to moving house. The voluntary financial assistance we are offering is intended to go some way to alleviating that. There is also no rush to decide whether or not to take advantage of the scheme; as explained later in this booklet, the scheme will be available to eligible people for at least five years, when it will be reviewed.

Question 2**Acceptability of the £10,000 cap on the relocation package**

At Heathrow, 34% of the 264 said that the cap of £10,000 was acceptable; 53% said that it was not.

The comments in this section focused on how the cap related to people with more expensive homes:

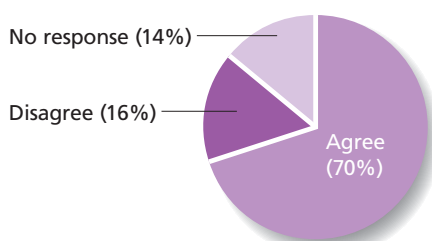

- Owners of more expensive properties were being penalised by the cap (3 people)
- Owners of more expensive properties should not expect more than £10,000 (1 person)

Our response

- **We have increased the maximum cap from £10,000 to £12,500** We feel that this, in combination with the doubling of the lump-sum part of the package, from £2,500 to £5,000, is a substantial increase on our original proposal.

Question 3**Should the initial scheme run for five years, with a review in 2010?**

70% of Heathrow's 264 respondents agreed with this proposal, but 16% did not.

- 7 people thought the review should be sooner
- 5 people thought the scheme should run in perpetuity.

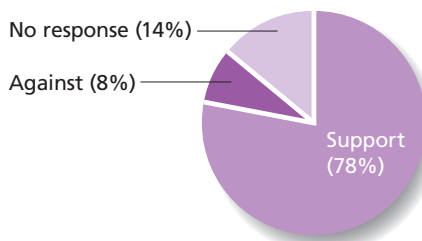

Our response

We have agreed to keep appraised of any increases in the movement of property prices in the affected area, so that if appropriate, we will be able to review the scheme sooner than five years if this is necessary.

We will definitely review the scheme after five years.

Question 4**The use of qualifying criteria, to prevent unfair speculation in the local market**

At Heathrow, 78% of the 264 respondents supported the criteria, while 8% did not.

- The qualification period (6 months) was seen as too short by 9 people
- 3 people suggested that a third party should decide on the eligibility criteria

Our response

- **Certain landlords** We recognised some circumstances in which some landlords may be eligible. For instance, someone may own a property in the area but is working away and renting out the family home.

We therefore decided to open the scheme to such landlords, providing that this is their only UK property.

We will require a statutory declaration, witnessed by a solicitor, that this is your sole UK property and we may wish to see some evidence of tax status for those working abroad. Our principle will be one person, one property, one assistance package.

Question 5**Other comments included:**

- BAA should buy affected properties, rather than provide a relocation package (11 people)
- Anyone living in the area for more than ten years should be offered the full market value of their house (1 person)
- Moving house is difficult for elderly or disabled people, so they should be given additional monies (8 people)
- Council tax should be reduced for those who choose not to move (1 person)
- Houses sell well in the area, and the scheme may put people off moving to the area (1 person)
- The formula should be the full market value of the property plus a 10% premium to compensate for stress and inconvenience (1 person).

Our response

- **Relocation assistance or purchase** The scheme is designed to help people to move to a quieter area if they want to: there is no obligation for people to move. This scheme is designed to assist with moving costs, not to reimburse them in full.
- **Additional funding for elderly and disabled people** We did not agree that any particular group should be singled out for additional assistance, as we believed that our proposals were fair and responsible and should be applied to all who are eligible.
- **Council tax reductions** It is a matter for local authorities how they set their Council Tax rates.
- **The scheme may deter purchasers** We do not agree that the existence of the scheme will put people off from moving into the area.
- **Additional payment for stress and inconvenience** The scheme is designed to assist home-owners to move to a quieter area if they want to: there is no obligation to move.

Details of the BAA Heathrow Home Relocation Assistance Scheme

This section contains the detail of the Home Relocation Assistance Scheme, which includes information on:

- What the scheme is designed to do
- The area where the scheme applies
- Who is eligible for the scheme
- What you will get from the scheme, and when
- How the scheme works
- What you need to do next.

1. Aims of the Home Relocation Assistance Scheme

The scheme is designed to provide home-owners, who are living in the 69 decibel contour area at the time of the publication of this document, with financial assistance with the costs of moving away from areas of high levels of airport noise. It is a voluntary scheme and there is no compulsion on anyone to take advantage of it. It may be of particular help to people who have lived in the area for many years, and who have seen the airport grow significantly in that time.

Only one package can be given per person.

2. The area where the scheme applies

The scheme applies to residential properties in the areas around Heathrow Airport which are exposed to high levels of aircraft noise. In the White Paper, the Government defined this as the area within the 69 decibel Leq noise contour. BAA is basing its scheme on the 2002 standard contour¹. The map of this area is at the back of this document.

3. Who is eligible for the scheme?

There are four main criteria, which must apply for residential properties within the 2002 standard 69 decibel Leq contour (as shown on the map). These are:

- i. the type of property and your "interest" in it (whether you own it or rent it out)
- ii. how long you have lived there
- iii. whether you keep a beneficial interest (right of occupation) in the house after moving, and
- iv. whether you move to a quieter area.

The diagram on page 6 helps explain whether you are eligible.

i. Type of property and your "interest" in it

You are eligible for the scheme if:

- you are the owner-occupier of a residential home
- or**
- you are the owner of a house and renting it out, and this is the **only** property that you own in the UK. (Note that we will require a written declaration, verified by a solicitor, that this is your sole UK property. We may wish to see some evidence of tax status for those working abroad.)
- or**
- you are a long-term leaseholder with at least three years left on your lease

and

ii. Length of time you have owned and lived in the property

You are eligible for the scheme if:

- you have owned, or leased long-term, the property for at least six consecutive months before the scheme is launched (on publication of this booklet)
- you are the owner, or long-term leaseholder, at the time that you apply for the Home Relocation Assistance Scheme.

and

iii. Beneficial interest

You must retain no beneficial interest or right of occupation of the property for which you receive Home Relocation Assistance.

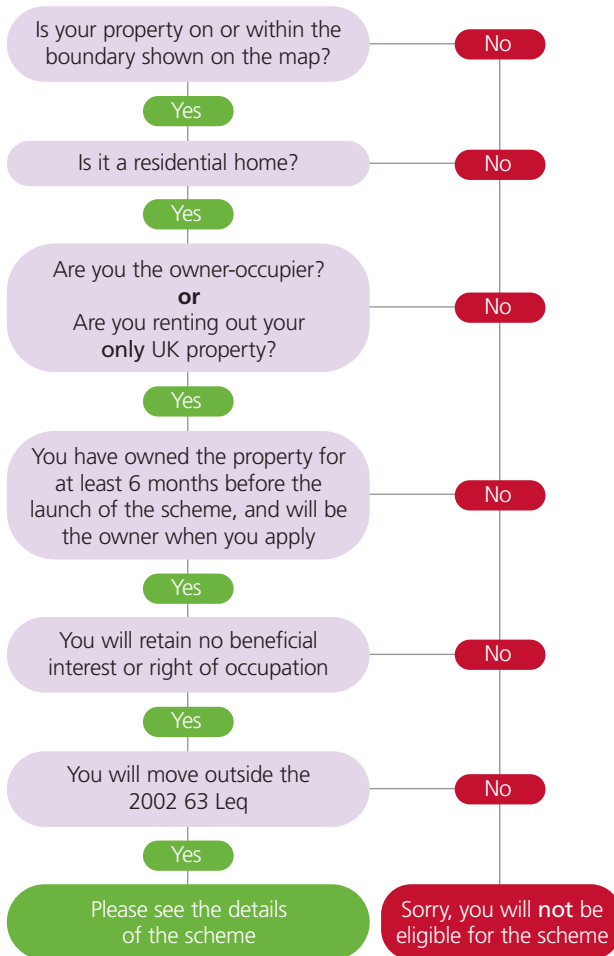

and

¹The 2002 standard contour gives an average split in runway use, based on several years' figures, rather than a split based on that particular year, which can be extreme, depending on the weather. This allows for any abnormalities in any one year to be evened out. In fact there was little difference between standard and actual contours at Heathrow in 2002.

iv. Moving to a quieter area

You are moving to a quieter area. This scheme is intended to help home-owners to move away from noise, and not simply to move home. Home-owners who wish to move to another property in the same noise contour, or in an area which may become noisier as a result of airport expansion, will not be eligible. The scheme therefore applies only to households moving from the 2002 standard 69 decibel Leq shown on the map in this booklet, to an area outside the standard 2002 63 decibel Leq contour. If you want to see where this area is, contact the Scheme Administrator on 020 8745 4929.

You are eligible for the Home Relocation Assistance Scheme if:

4. What you will get from the scheme, and when

If you have applied for Home Relocation Assistance and you meet the eligibility criteria, BAA Heathrow will pay you, on completion of the sale of your property, or within ten working days of that date:

- 1.5% of the sale price of your house²
plus a lump sum of £5,000
up to a maximum of £12,500.

The scheme will run for five years, from 2005 to 2010, when we will review it. In the meantime, we will keep appraised of any increases in the movement of property prices in the affected area, so that if appropriate, we will be able to review the scheme sooner than five years if this is necessary.

This scheme starts on publication of this booklet. Any householder who meets the eligibility criteria set out above, and who wishes to move, will be entitled to the Home Relocation Assistance offered under the scheme.

However, BAA Heathrow is still finalising the processes that we need to put in place to properly administer the scheme, and so we do not expect to be able to make any payments before October 2005. Any eligible householder who moves between the launch of the scheme and October 2005 will still be eligible for Home Relocation Assistance, but payment will not be made until after October. Of course, if we are able to put our processes in place sooner than October, then we will process applications earlier.

You can apply for Home Relocation Assistance at any time until the scheme expires. The scheme will run for five years from publication of this booklet, when we will review it.

The table below gives you an illustration of the amount of Home Relocation Assistance available for properties of different prices.

Property price	1.5% of value	Lump sum	Total
£100,000	£1,500	£5,000	£6,500
£150,000	£2,250	£5,000	£7,250
£200,000	£3,000	£5,000	£8,000
£250,000	£3,750	£5,000	£8,750
£300,000	£4,500	£5,000	£9,500
£350,000	£5,250	£5,000	£10,250
£400,000	£6,000	£5,000	£11,000
£450,000	£6,750	£5,000	£11,750
£500,000	£7,500	£5,000	£12,500

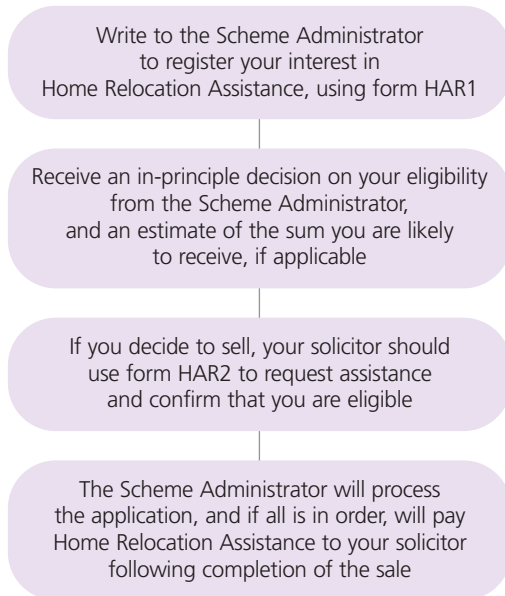

²All references to the sale of the property should, in the case of long leaseholders, be taken as referring to their lease.

5. How the scheme works

There are 4 main steps to the process:

- Step 1** Registering an interest in Home Relocation Assistance
- Step 2** Checking your eligibility
- Step 3** Applying for Home Relocation Assistance
- Step 4** Receiving Home Relocation Assistance

The diagram below will take you through these steps.

Step 1

Registering an interest in Home Relocation Assistance

Before you exchange contracts on the sale of your house, you can write to the Scheme Administrator to register your interest in Home Relocation Assistance, using Form HAR at the back of this booklet.

Step 2

Checking your eligibility

The Scheme Administrator will check your form and write to you, telling you if we think that you are eligible **in principle** for Home Relocation Assistance. The Scheme Administrator will also give you an estimate of the likely relocation sum to be awarded.

Step 3

Applying for Home Relocation Assistance

If you decide to sell your property and move to a quieter area, your solicitor or conveyancer can make a formal application for Home Relocation Assistance on your behalf, using Form HAR2. On, or after, exchange of contracts with the purchaser of your property, your solicitor/conveyancer will apply to the Scheme Administrator for Home Relocation Assistance, sending us a written statement confirming that the qualifying criteria set out on pages 5 and 6 have been satisfied.

Step 4

Receiving Home Relocation Assistance

Once your solicitor or conveyancer has applied on your behalf, confirming that you meet the eligibility criteria, the Scheme Administrator will aim to pay your solicitor/conveyancer your Home Relocation Assistance on completion of the sale of your property, or within ten working days following notification of completion of the sale of your property.

7. What you need to do next

If you wish to apply for Home Relocation Assistance, you should:

- i. Check whether you are eligible (see pages 5 and 6)
 - ii. When you think you want to move, complete and send Form HAR1 at the back of this booklet to the Scheme Administrator to ask for an in-principle decision on your eligibility. Send the form to:
Heathrow Home Relocation Assistance
Scheme Administrator
BAA Heathrow
234 Bath Road
Hayes
Middlesex
UB3 5AP
- The Scheme Administrator will then write to you.
- iii. When you exchange contracts, your solicitor will need to complete form HAR2 and send it to the Scheme Administrator at the above address. We will then process your application.

If you have any questions, you can call 020 8745 4929 or email heathrowrelocationassistance@baa.com for further information.

You can download a copy of this booklet from the internet at www.heathrowairport.com/relocationassistance or call 0800 169 5569.

Frequently asked questions

Here are the answers to questions that you might ask. We hope you find them helpful. If you can't find the answer you are looking for here, please call 020 8745 4929.

Do I have to move?

No. This is an entirely voluntary scheme designed to help you to move to a quieter area if you want to. It is up to you whether you want to take advantage of it.

Can't I just take the financial package without moving?

No. The scheme is for home owners who want to move to a quieter area.

What about people who rent?

Short-term tenants are not included in the scheme, because it is designed to help home-owners realise the large asset that is their home, and whose moving costs are significantly higher than those of people who rent. However, longer-term leaseholders will be eligible.

What if the house is jointly owned?

You can only apply once, and for one Home Relocation Assistance package per property. Joint home owners will need to make their own arrangements for apportioning this assistance between them, in agreement with their solicitor. They will both be treated as having applied under the scheme.

What if I am not buying another house?

That doesn't make a difference. The package is not dependent on your buying another house. However, if you move back into the area covered by this scheme, or into the area covered by BAA Heathrow's schemes to prevent property blight, you will not be eligible for those schemes.

What if I move after 2010?

The scheme will be reviewed after 5 years and details of what happens then will be available at that time.

I'm an eligible tenant – what will I get?

Long-term leaseholders with at least three years left on the lease are eligible for the scheme will receive a percentage of sale price of the lease.

Will mortgage lenders, or other people selling a property they do not live in (for example, in the case of a defaulted loan, or an inherited home) be eligible?

No. The scheme is only for eligible people who are moving voluntarily away from the area affected by noise, as outlined in this booklet.
