Multicurrency programme for the issuance of Bonds

BAA Funding Limited (the “**Issuer**”) has established a multicurrency programme for the issuance of Bonds (the “**Programme**”). Application has been made to the Financial Services Authority in its capacity as competent authority under the Financial Services and Markets Act 2000 as amended (“**FSMA**”) (the “**UK Listing Authority**” or “**UKLA**”) for Bonds issued under the Programme during the period of twelve months after the date hereof to be admitted to the official list of the UK Listing Authority (the “**Official List**”) and to the London Stock Exchange plc (the “**London Stock Exchange**”) for such Bonds to be admitted to trading on the London Stock Exchange – Regulated Market (the “**Market**”). References in this Prospectus to Bonds being “listed” (and all related references) shall mean that such Bonds have been admitted to trading on the Market and have been admitted to the Official List. The Market is a regulated market for the purposes of the Markets in Financial Instruments Directive 2004/39/EC.

The Programme provides that Bonds may be listed on such other or further stock exchange(s) as may be agreed between the Issuer and the relevant Dealer (as defined below). The Issuer may also issue unlisted Bonds.

The Bonds may be issued, on a continuing basis, to one or more Dealers appointed under the Programme from time to time by the Issuer (each a “**Dealer**” and together the “**Dealers**”), which appointment may be for a specific issue or on an ongoing basis. References in this Prospectus to the “relevant Dealer” shall, in the case of an issue of Bonds being (or intended to be) subscribed by more than one Dealer or in respect of which subscriptions will be procured by more than one Dealer, be to all Dealers agreeing to subscribe for such Bonds or to procure subscriptions for such Bonds, as the case may be.

Bonds issued under the Programme have not been and will not be registered under the United States Securities Act of 1933, as amended (the “Securities Act”), or with any securities regulatory authority of any state or other jurisdiction of the United States. The Issuer has not registered and does not intend to register as an investment company under the United States Investment Company Act of 1940, as amended (the “Investment Company Act”), in reliance on the exemption provided in section 3(c)(7) thereof. The Bonds may be offered, sold or delivered (i) outside the United States to persons who are neither “U.S. persons” as defined in Regulation S under the Securities Act (“Regulation S”) (each, a “U.S. person”) nor “U.S. residents” as determined for the purposes of the Investment Company Act (each, a “U.S. resident”) in offshore transactions in reliance on Regulation S (the “Regulation S Bonds”) and/or (ii) within the United States in reliance on Rule 144A under the Securities Act (“Rule 144A”) only to persons that are both “qualified institutional buyers” (each a “QIB”) within the meaning of Rule 144A and “qualified purchasers” within the meaning of section 2(a)(51) of the Investment Company Act and the rules and regulations thereunder (each a “QP”) acting for their own account or for the account of another QIB that is a QP (the “Rule 144A Bonds”). Each purchaser of the Bonds in making its purchase will be deemed to have made certain acknowledgements, representations and agreements. See “Subscription and Sale” in this Prospectus. The Bonds are subject to other restrictions on transferability and resale as set forth in “Transfer Restrictions” in this Prospectus.

Neither the United States Securities and Exchange Commission nor any state securities commission in the United States nor any other United States regulatory authority has approved or disapproved the Bonds or determined that this Prospectus is truthful or complete.

Please see “*Risk Factors*” to read about certain factors you should consider before buying any Bonds and “*Documents Incorporated by Reference*” for details of certain documents that are incorporated by reference in, and form an important part of, this Prospectus.

Ratings ascribed to all of the Bonds reflect only the views of Standard & Poor's Credit Market Services Europe Limited, a division of The McGraw-Hill Companies ("**Standard & Poor's**") and Fitch Ratings Ltd. ("**Fitch**" and, together with Standard & Poor's, the "**Rating Agencies**") and any further or replacement rating agency appointed by the Issuer with the approval of the Borrower Security Trustee (acting upon the instructions of the Qualifying Borrower Secured Creditors, as defined below). A credit rating is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension or withdrawal at any time by any one or all of the Rating Agencies. A suspension, reduction or withdrawal of the rating assigned to any of the Bonds may adversely affect the market price of such Bonds. The Class A Bonds issued to date have been rated A- (sf) by Standard & Poor's and A- by Fitch Ratings, and the Class B Bonds issued to date have been rated BBB (sf) by Standard & Poor's and BBB by Fitch Ratings.

Standard & Poor's and Fitch are established in the European Community and are registered under Regulation (EC) No 1060/2009. Where an issue of Bonds is rated such rating will be (i) issued by a credit rating agency established in the European Community and registered in accordance with Regulation (EC) No 1060/2009 (the "**CRA Regulation**") (or a credit rating agency that operated in the European Community before 7 June 2010 which has applied for registration and such application has not been refused) and (ii) specified in the relevant Final Terms.

OVERVIEW

This overview highlights certain information contained in this Prospectus. This overview does not contain all of the information prospective investors should consider before investing in the Bonds. Prospective investors should read this entire Prospectus carefully, including the sections entitled “Risk Factors”, “Forward-Looking Statements” and the financial information and the notes included or incorporated by reference elsewhere in this Prospectus.

LONDON’S HEATHROW AND STANSTED AIRPORTS

BAA’s regulated airports group (the “**Group**”) owns and operates London’s Heathrow and Stansted airports and the Heathrow Express rail service.

London is the world’s leading global financial centre and the leading worldwide centre of commerce (sources: Z/Yen 2012; MasterCard Worldwide 2008). As London’s largest airport, and its only international hub, Heathrow is a critical infrastructure asset not only for the UK but for global finance and commerce.

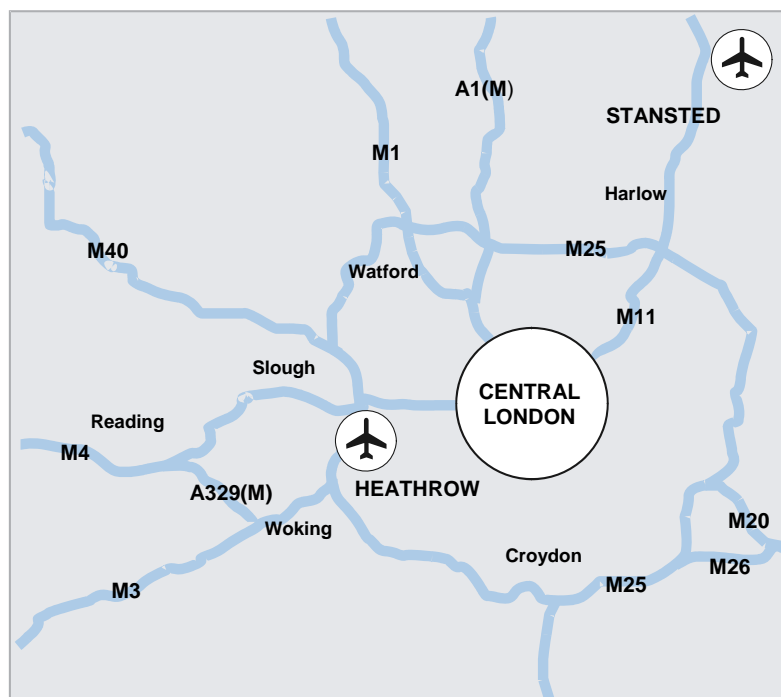

Heathrow is the world’s busiest airport in terms of international passengers and Europe’s busiest airport in terms of total passengers. In 2011, Heathrow handled over 15 per cent. more international passengers than its nearest rival, Paris Charles de Gaulle, and it handles approximately 80 per cent. of all the UK’s scheduled long-haul air traffic. Its critical role in the global aviation industry is underlined by the fact that seven of the top ten long haul intercontinental routes globally pass through Heathrow (source: OAG).

In 2011, Heathrow accounted for approximately 79 per cent. of the Group’s total passengers and approximately 90 per cent. of its turnover, Adjusted EBITDA and Regulatory Asset Base (or “**RAB**”). It forms, as a result, the foundation of the Group’s credit strength.

Stansted is the UK’s fourth busiest airport in terms of total passengers. Its traffic is predominantly point-to-point, with the airport being home to low-cost airlines that mainly serve short haul destinations in Europe and charter airlines specialising in short and medium-haul destinations.

The Group has maintained a strong focus over recent years on operational performance, improving the passenger experience and investing in new and upgraded facilities. As a result, Heathrow has risen to become one of the top ranking major volume European hub airports on overall passenger satisfaction (ranking first on 15 of 33 measures and second overall in the Airport Service Quality survey produced by Airports Council International for the first quarter of 2012).

Heathrow is implementing a £5.6 billion investment programme over the six years to 31 March 2014. The new Terminal 5 at Heathrow has provided additional terminal passenger capacity for up to 35 million passengers per year and has enabled Heathrow to begin rebuilding and renovating its other terminals. Construction of a new Terminal 2 is under way, which will have an initial capacity of 20 million passengers per year when it becomes operational in 2014, by which time all Heathrow’s terminals will be either new or recently refurbished.

Heathrow and Stansted (the “Airports”) are both subject to economic regulation by the Civil Aviation Authority (“CAA”). The CAA sets caps on the amount that the Airports can charge airlines for using their facilities. Stansted is currently campaigning for deregulation.

The price caps are set for a five-year period or quinquennium, which can be extended by one year. The current regulatory periods for both Airports run until 31 March 2014. This price setting mechanism provides significant cash flow predictability within each quinquennium and provides substantial explicit protection against costs resulting from new security regulations.

The price caps take into account the Airports’ forecast revenues (both aeronautical and non-aeronautical) and costs as well as allowing recovery of capital costs and a return on capital. The return on capital for the Airports, and in particular for Heathrow, is based on its opening RAB and its forecast capital expenditure for the quinquennium. The Heathrow tariff profile up to 2014 allows maximum allowable yield per passenger to increase annually at 7.5 per cent. above the rate of inflation (based on increases in the retail prices index or “RPI”). As for other regulated utilities in the UK, the RAB acts as a unit of regulatory value and does not correspond to statutory asset values. The RAB is adjusted each year principally for capital expenditure, RPI inflation, regulatory depreciation and proceeds of disposals.

The Group generates two primary types of income:

- aeronautical income, which is generated from fees charged to airlines for use of the Airports’ facilities for flight and passenger activities (56 per cent. of total income in 2011) and is subject to the CAA’s price caps; and
- non-aeronautical income, which is taken into account by the CAA in setting the price caps for aeronautical charges.

Set out below is a breakdown of the Group’s turnover for the year ended 31 December 2011.

For the year ended 31 December 2011, the Group generated consolidated turnover of £2,280.0 million. The chart below demonstrates the consistent growth in the Group’s turnover from continuing operations since 2007 (the first year for which financial results are available for the Group in its current organisational structure) (compound annual growth rate of 9.8 per cent.).

Group turnover for the years ended 31 December 2007-2011

The chart below sets out the consistent growth in the Group's Adjusted EBITDA from continuing operations since 2007 (compound annual growth rate of 10.8 per cent.). This demonstrates the resilience of the Group's financial performance in the face of the recent economic and financial crisis.

Group Adjusted EBITDA for the years ended 31 December 2007-2011

Key Strengths of the Group

The Group has a number of key strengths, deriving both from the commercial strength of the Airports themselves, and in particular Heathrow, and from their status as regulated infrastructure:

- The Airports have a strong position in the South East of England, one of the world's busiest air traffic markets and a market with growing demand for air travel and limited airport capacity.
- The Group benefits from the unique scale, market position and resilience of Heathrow.
- Regulation provides cash flow visibility and mitigates market risk.
- Heathrow has been resilient to economic downturns and other changes in the air travel market seen in recent years such as wars, acts of terrorism and the threat of pandemic illnesses.
- The Group benefits from diversified income sources and serves a variety of market segments.

Commercial Strategy

The Group's strategy is focused on providing world-class airports to serve the UK's capital city, particularly by developing Heathrow's position as the UK's direct connection to the world and Europe's hub airport of choice.

To support and develop Heathrow's role as a hub, the Group will continue enabling the success of the major network airlines operating at Heathrow by investing in further capacity, operational flexibility and resilience at sustainable charges for airline customers.

Heathrow offers a compelling, competitive range of routes and frequencies for the large London origin and destination aviation market. For both local and transfer passengers, Heathrow is working continuously to make every journey better through improved service standards to ensure it remains passengers' preferred airport. Improving the passenger experience is supported by ongoing investment in modern airport facilities and operating processes.

Ownership and operating structure of the Group

Heathrow and Stansted are owned and operated by Heathrow Airport Limited and Stansted Airport Limited (the "**Airport Operators**"). The companies are subsidiaries of BAA (SP) Limited and, together with the Issuer, BAA (AH) Limited and Heathrow Express Operating Company Limited ("**Heathrow Express**"), constitute BAA's regulated airports group (the "**Group**").

The Group companies are subsidiaries of BAA Limited ("**BAA**"), which owns and operates five airports in the United Kingdom. BAA is indirectly owned by investment vehicles controlled or managed by Ferrovial S.A., Caisse de dépôt et placement du Québec, the Government of Singapore Investment Corporation and Alinda Capital Partners. On 26 October 2011, Ferrovial S.A. completed the sale of 5.88% of its interest in FGP Topco Limited, BAA's ultimate holding company. At the same time, Ferrovial S.A. re-affirmed its commitment as a long-term investor in the BAA group.

BAA Airports Limited ("**BAA Airports**") employs staff for Heathrow and Stansted and provides services at each of the Airports as well as central support services for the Airports and Heathrow Express. Unlike Heathrow and Stansted, Heathrow Express does employ its own staff. For more information on the services provided by BAA Airports, see "*Business – Shared Services*".

Financing of the Group

The Group finances its activities through a mix of senior (Class A) and junior (Class B) bank and bond debt in a variety of tenors, formats and currencies. It hedges a significant proportion of its interest rate, inflation and currency exposures under an agreed hedging policy.

Bonds are issued by BAA Funding Limited under its bond issuance programme, which was established in 2008.

The Group also has access to various loan facilities, including revolving and liquidity facilities which have significant undrawn balances.

Proceeds of bond issues are on-loaned to Heathrow (and can also be loaned to Stansted). The terms of the inter-company loans (the "**Borrower Loans**") are designed to match economically the terms of the Bonds and any related

hedging. The Borrowers' assets, which secure the Borrower Loans, have characteristics that demonstrate capacity to produce funds to service any payments due and payable under the Borrower Loans and, consequently, on the Bonds. The Group uses the proceeds of bond issues and of loan drawings for its general corporate purposes, including to fund operating and capital expenditure, to pay interest and principal on its bonds and loans and, subject to the terms of its financing agreements, making distributions to enable the servicing of other parts of the BAA group's capital structure including to enable the payment of dividends to the BAA group's ultimate shareholders.

Over the last three years, the Group has been actively refinancing its loan facilities and significantly extending its debt maturity profile particularly through issuance in the debt capital markets. Since November 2009, it has raised approximately £6.4 billion across four currencies and in both Class A and Class B formats.

As at 11 June 2012, the Group had outstanding £9.7 billion in nominal debt under 22 separate bonds issues with scheduled maturities between 2013 and 2041. At the same date, the Group had in place:

- a £427.1 million loan facility with a final maturity of August 2013, representing the drawn portion of the Group's previous revolving capital expenditure facility that has been termed out to its original maturity;
- a £1.9 billion revolving credit facility with a final maturity of June 2017 (fully undrawn);
- a £100.0 million working capital facility with a final maturity of June 2017 (fully undrawn);
- a £225.0 million Class B term loan facility with a final maturity of September 2014; and
- £284.9 million in amortising loans from the European Investment Bank (final maturity 2022).

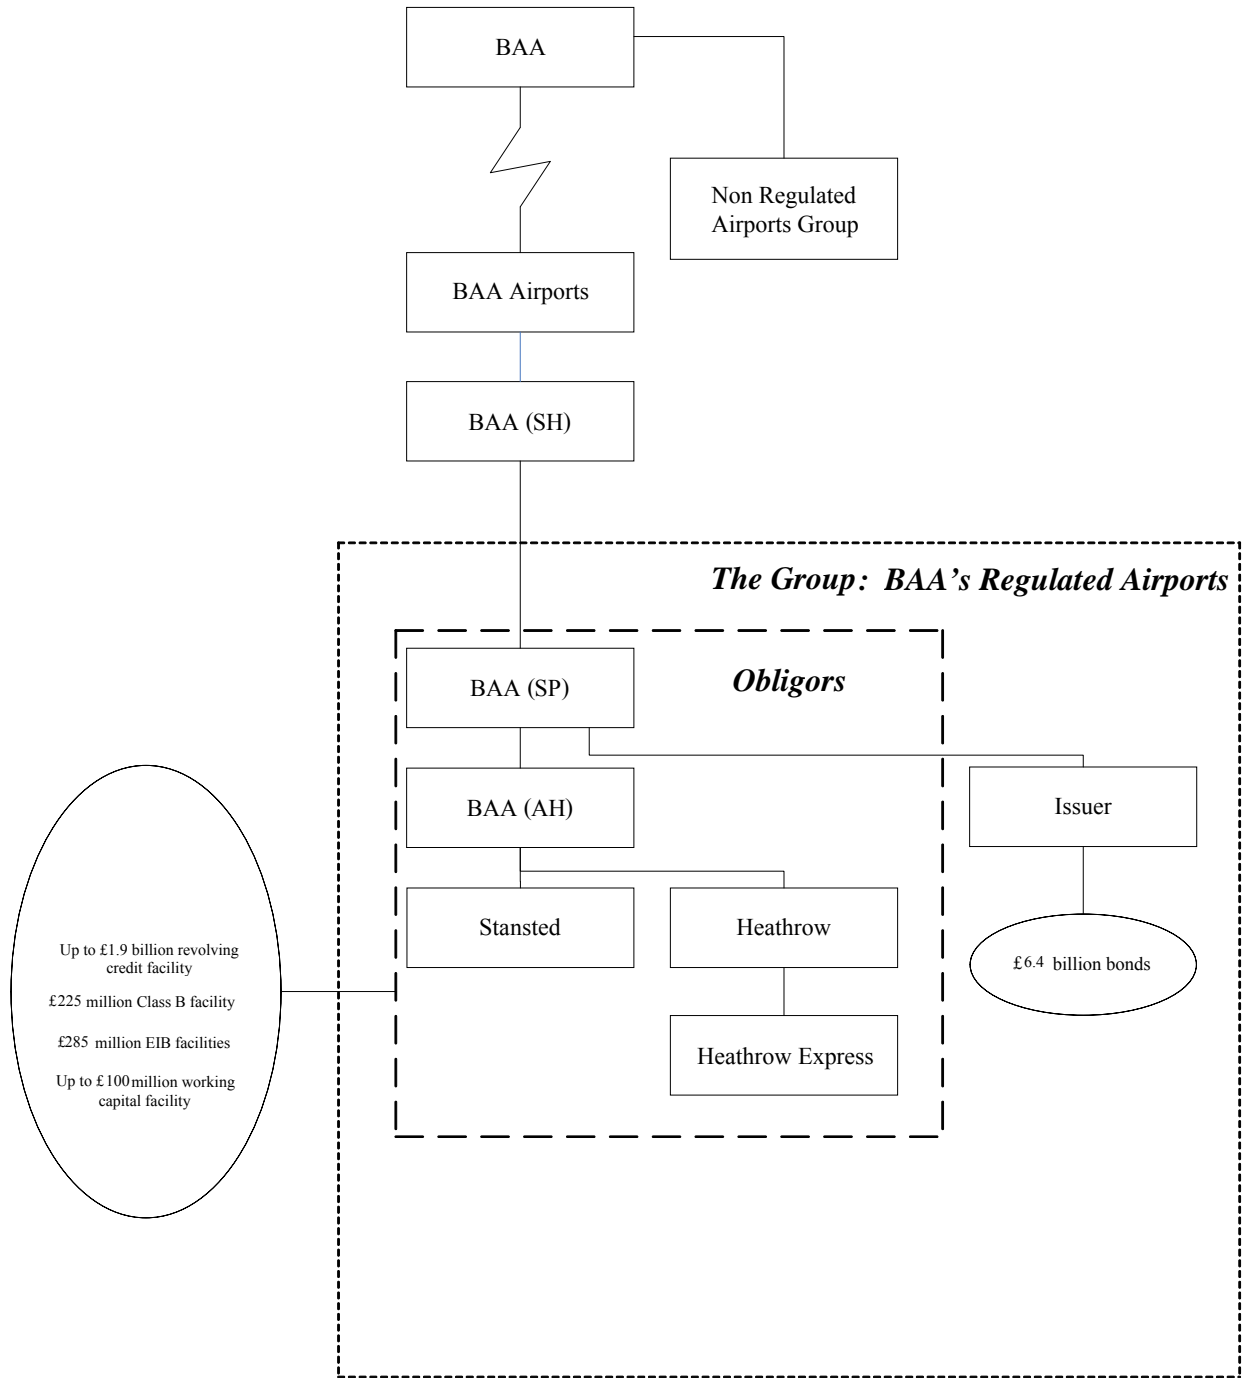

In addition, the Group has access to liquidity under £750 million of liquidity facilities available to service interest on bonds and loan facilities and to make payments under hedging transactions. The Issuer can also issue Bonds to create a liquidity reserve.

The combined undrawn commitments under the Group's revolving credit and working capital facilities (but not taking into account headroom under the Group's liquidity facilities) were £2,000 million as at 11 June 2012. The Group expects this headroom to be sufficient, when combined with the Group's expected operating cash flows, to meet all its liquidity requirements, including refinancing maturing bonds and loans, for at least the remainder of the current regulatory period for the Group's airports which ends on 31 March 2014.

Each member of the Group (other than the Issuer) has given guarantees in respect of each other's obligations under the various finance agreements, including their inter-company loans from the Issuer. All members of the Group (including the Issuer) have granted security over all their assets in support of their secured liabilities.

For more details on the financing arrangements described above, see "*Summary of the Financing Agreements*" and the documents incorporated by reference in this Prospectus.

The following chart summarises the Group's corporate and financing structure as at 11 June 2012.

Interest	Bonds will, unless otherwise specified in the relevant Final Terms, be interest-bearing and interest will be calculated (unless otherwise specified in the relevant Final Terms) on the Principal Amount Outstanding (as defined in the Conditions) of such Bond. Interest will accrue at a fixed or floating rate (plus, in the case of Indexed Bonds, amounts in respect of indexation) and will be payable in arrear, as specified in the relevant Final Terms, or on

such other basis and at such rate as may be so specified. Interest will be calculated on the basis of such Day Count Fraction (as defined in the Conditions) as may be agreed between the Issuer and the relevant Dealer as specified in the relevant Final Terms.

Scheduled Redemption	Unless previously redeemed or cancelled, each Sub-Class of Class A Bonds is expected to be redeemed on the Scheduled Redemption Date. Neither the Issuer nor the Borrowers have the right to extend the Scheduled Redemption Date, which is also the maturity date of the corresponding tranche of the Borrower Loan. The Maturity Date under the Class A Bonds falls two years later, to cater solely for the possibility that the Borrower might default on repayment of the Borrower Loan. In these circumstances (which constitute a Loan Event of Default), the Class A Bonds will accrue interest at a floating rate, which will be met from any available proceeds from the Borrower Loan or, if insufficient, from drawings under the Issuer Liquidity Facility to the extent available. No additional amounts will be paid by the Issuer in respect of any withholdings or deductions, unless otherwise specified in the applicable Final Terms.
Status of the Bonds	<p>The Bonds to be issued under the Programme will constitute secured obligations of the Issuer. Bonds of each Class rank <i>pari passu</i> without preference or priority in point of security amongst themselves.</p> <p>The Bonds represent the right of the holders of such Bonds to receive interest (where applicable) and principal payments from the Issuer in</p>

accordance with the terms and conditions of the Bonds and the bond trust deed dated the Initial Issue Date as amended from time to time (the “**Bond Trust Deed**”) entered into by the Issuer and the Bond Trustee in connection with the Programme.

The ratings assigned to the Class A Bonds and the Class B Bonds by the Rating Agencies reflect only the views of the Rating Agencies. A rating is not a recommendation to buy, sell or hold securities and will depend, among other things, on certain underlying characteristics of the business and financial condition of the Borrowers. A rating may be subject to suspension, change or withdrawal at any time by the assigning Rating Agency.

Governing Law

The Bonds will be governed by, and construed in accordance with, English law.

Selling Restrictions

There are restrictions on the offer, sale and transfer of the Bonds in the United States, the United Kingdom and such other restrictions as may be required in connection with the offering and sale of a particular Sub-Class of Bonds. Investor Information

BAA Airports as Security Group Agent (on behalf of the Group) is required to produce an Investor Report (the “**Investor Report**”) semi-annually.

RISK FACTORS

The following sets out certain aspects of the Programme documentation and the activities of the Group about which prospective Bondholders should be aware. The occurrence of any of the events described below could have a material adverse effect on the business, financial condition or results of operations of the Issuer, the Borrowers or the other Obligors and could lead to, among other things, Trigger Events, Bond Events of Default, Loan Events of Default and/or non-payment of amounts under the Bonds.

This section of the Prospectus describes all material risks that are known to the Group as at the date of this Prospectus. This section of the Prospectus is not intended to be exhaustive and prospective Bondholders should read the detailed information set out elsewhere in this document, including the documents incorporated by reference, prior to making any investment decision.

In addition, whilst the various structural elements described in this document are intended to lessen some of the risks discussed below for holders of the Bonds, there can be no assurance that these measures will ensure that the holders of the Bonds of any Sub-Class or Tranche receive payment of interest or repayment of principal from the Issuer in respect of such Bonds on a timely basis or at all.

COMMERCIAL RISKS

The Group's aeronautical income could decline as a result of a reduction in flights, passengers or other factors outside the Group's control.

The Group generates aeronautical income from airport fees and traffic charges. These charges are regulated and principally levied on the basis of passenger numbers, maximum total aircraft weight and the length of time for which an aircraft is parked at the airport. The charges are also linked to the rate of inflation, which is liable to change. There are no specific operating contracts with the airlines operating at the Airports. There can therefore be no assurance as to the level of the Group's future aeronautical income from any one or more airline operators. Decisions by, legal disputes with, financial difficulties at, or the failure of, a significant airline customer, or the withdrawal of their landing rights, could lead to a reduction in flights and passenger numbers and/or failure or delay in recovering airport fees or landing charges. The effect of decisions by or events at airlines that have a major presence at the Airports (such as British Airways and Ryanair, which in 2011 accounted for approximately 40 per cent. of Heathrow's aeronautical income and 65 per cent. of Stansted's aeronautical income, respectively) could have a particularly material adverse effect on the Group.

The number of passengers using the Airports may be affected by a number of other factors, including:

- macroeconomic events (including changes in fuel prices and currency exchange rates) whether affecting the global economy, the UK economy or the Greater London economy in which the Airports are based (which have for instance caused a decrease in demand during the recent financial crisis and recession);
- competition from UK and non-UK airports;
- wars; riots or political action;
- industrial action (for instance the strikes that affected British Airways in 2010);
- an increase in airfares due to increased airline costs;
- decisions by airlines regarding the number, type and capacity of aircraft (including the mix of premium and economy seats), as well as the routes on which particular aircrafts are utilised;
- health scares;
- disruptions caused by natural disasters such as the volcanic eruption in Iceland in 2010;
- bad weather at the Airports or other airports, such as the unusual weather conditions experienced at Heathrow and other airports in the northern hemisphere in December 2010, which caused over 4,000 flights to be cancelled and caused significant impact to airline schedules globally;
- acts of terrorism or cybersecurity threats;

- changes in domestic or international regulation, including for instance international trade liberalisation developments such as Open Skies;
- the quality of services and facilities, including the impact of construction projects; and
- the development of efficient and viable alternatives to air travel, including the improvement or expansion of existing surface transport systems, the introduction of new transport links or technology and the increased use of communications technology.

A decrease in the number of passengers using the Airports as a result of the factors noted above could have a material adverse effect on the Group's business, financial condition and results of operations.

A decrease in passenger numbers or other factors outside the Group's control could reduce non-aeronautical income.

The Group's principal sources of non-aeronautical income include retail concession fees and car parking income, property rental income and income from the provision of operational facilities and utilities.

Retail concession fees are driven by passenger numbers and propensity of passengers to spend in the shops at the Airports. As noted above, there is a variety of factors which could adversely affect the number of passengers using the Airports. Levels of retail income at the Airports may also be affected by changes in the mix of long- and short-haul and transfer and origin and destination passengers; economic factors, including exchange rates and changes in duty free regimes; retail tenant failures; lower retail yields on lease re-negotiations; redevelopments or reconfiguration of retail facilities at the Airports, which can lead to a temporary or permanent decline in retail concession fees; reduced competitiveness of the airport retail offering; stricter hand luggage and other carry on restrictions; and reduced shopping time as a result of more rigorous and time consuming security procedures. Car parking income could be reduced as a result of increased competition from other modes of transport to the Airports, such as buses and trains, as well as increased competition from off-site car parks. Other non-aeronautical income could be reduced as a result of a decrease in demand from airport users, such as car rental operators and airlines leasing check-in counters. Any of these factors could have a material adverse effect on the Group's business, financial condition and results of operations.

The Group could be subject to terrorism and/or increased security requirements.

The UK Government currently assesses the terrorism threat to aviation as "Substantial" for outbound aviation and "Severe" for inbound aviation. Airports continue to operate heightened security measures and were required to introduce additional security measures following the discovery of terrorist plots in August 2006 and December 2009. An incident in 2010 involving cargo aircraft led to additional measures for the cargo industry only. The consequences of any future terrorist action or threat may include cancellation or delay of flights, fewer airlines and passengers using the Airports, liability for damage or loss and the costs of repairing damage.

The implementation of additional security measures at the Airports in the future could lead to additional limitations on airport capacity or retail space, overcrowding, increases in operating costs and delays to passenger movement through the Airports, any of which could have a material adverse effect on the Group's business, financial condition and results of operations.

The successful implementation of the Group's capital investment programme could be affected by unanticipated construction and planning issues.

The Group's capital investment programme includes major construction projects at the Airports and is subject to a number of risks. For example, if the Group is not able to achieve a consensus amongst its airline customers in support of capital investment projects, this could affect the willingness of the CAA to include the costs of such projects in the RAB. Difficulties in obtaining any requisite permits, consents, including environmental consents, licences, planning permissions, compulsory purchase orders or easements could adversely affect the design or increase the cost of the capital expenditure projects or delay or prevent the completion of a project or the commencement of its commercial operation. Although contractors typically share in cost and schedule risks, the Group may face higher than expected construction costs and delays, not all of which may be permitted by the CAA to be included in the relevant Airport's RAB, and possible shortages of equipment, materials and labour due to the number of major construction projects in the London area.

The commencement of commercial operation of a newly constructed facility may also give rise to start up problems, such as the breakdown or failure of equipment or processes or lack of readiness of operators, closure of facilities and disruptions of operations. The Group's construction contracts may contain restricted remedies or limitations on liability such that any such sums claimed or amounts paid may be insufficient to cover the financial impact of breach of contract. The ability of contractors to meet their financial or other liabilities cannot be assured.

The failure of the Group to recognise, plan for and manage the extent of the impact of construction projects could result in projects overrunning budgets, operational disruptions, capital expenditure trigger rebates to airlines, unsatisfactory facilities at the Airports, safety and security performance deficiencies and higher than expected operating costs. Any of these could affect the Airports' day-to-day operations and, consequently, have a material adverse effect on the Group's business, financial condition and results of operations.

The Borrowers face potential secondary liabilities as members of the BAA Group.

The Group is part of the larger BAA Group. The Group could, in certain circumstances, face secondary liabilities in respect of tax or pension obligations of other BAA Group entities which could have a material adverse effect on the Group's business, financial condition and results of operations.

Accidents could occur at the Airports.

Airports are exposed to the risk of accidents, including aircraft crashes, as a result of a number of factors, including extreme weather conditions, equipment failure, human error and terrorist activities. These accidents could result in injury or loss of human life, damage to airport infrastructure and short or long term closure of an Airport's facilities and may have an impact on passenger traffic levels, which in turn could have a material adverse effect on the Group's business, financial condition and results of operations.

The Group's insurance coverage might not be adequate or available in all circumstances.

The Group benefits from insurance cover to protect against key insurable risks including terrorism and business interruption. Cover may not be adequate to cover lost income, reinstatement costs, increased expenses or other liabilities. Moreover, there can be no assurance that if insurance cover is cancelled or not renewed, replacement cover will be available at commercially reasonable rates or at all.

The Group may not have, or may cease to have, insurance cover if the loss is not covered under, or is excluded from, an insurance policy including by virtue of a deductible applying, exhaustion of applicable cover limits or a policy operating as an excess policy or if the relevant insurer successfully avails itself of defences available to it, such as breach of disclosure duties, breach of policy condition or misrepresentation.

Insurance cover for the Group is currently, and may in the future be, provided by a combination of insurance market entities and captive insurance companies owned by, or affiliated with, BAA or its ultimate shareholders. Any of these insurers could cease to offer current insurance cover, become insolvent or lose their licences or authorisations. Any failure to obtain insurance or to collect under relevant insurance policies could have a material adverse effect on the Group's business, financial condition and results of operations.

The Operating Companies could be subject to periodic increase in pension costs in the future.

Under the Shared Services Agreement, BAA Airports is entitled to pass a proportional amount of its pension costs on to Heathrow, Stansted and Heathrow Express. The costs of the pension schemes may vary from time to time (for instance as a result of fluctuation in investment values or as a result of changes to actuarial assumptions). The Group expects pension costs, including the costs of reducing any deficit, to be treated by the CAA as operating costs in setting price caps, but there is no guarantee that the CAA will do so.

As at 31 March 2012, the BAA defined benefit pension scheme showed an accounting deficit of £103.3 million, of which £86.8 million, or approximately 0.6 per cent. of the Airports' combined RAB at the date, was attributable to the Group. The BAA Pension Trustee is a Borrower Secured Creditor pursuant to the STID and ranks equally in an amount up to approximately £289 million with senior (Class A) debt. For further details, see the STID, which is incorporated by reference in this Prospectus. The extent of any deficit or surplus to BAA's defined benefit pension scheme, which may vary significantly from one accounting period to another, results from factors outside the control of the Group.

The Group's pension costs have increased by approximately £15 million per annum from the beginning of 2012 as a result of the recent conclusion of the triennial valuation of the BAA Group's defined benefit pension scheme. Increases in the Group's pension costs could, either because they take effect mid-quinquennium or because they are not fully taken into account by the CAA in setting price caps, have a material adverse effect on the Group's business, financial condition and results of operations.

The Group faces a number of operational risks outside its control.

The operation of an airport is a complex undertaking that is subject to a number of factors outside the control of the Group. These factors include weather conditions, variable aircraft movements and traffic congestion. In addition, the

Secretary of State for Transport has powers under the Airports Act to give directions to airport operators in the interests of national security, including closure of airports. Given the nature of these factors, it is not possible to accurately predict their future impact on airport operations from past performance, and any impact from such factors could have a material adverse effect on the Group's business, financial condition and results of operations.

Operations at the Airports depend upon third parties, whose performance the Group is unable to control.

The Group depends on the co-operation of a large number of third parties, including government agencies and business partners, to provide essential functions, such as air traffic control, border control, re-fuelling, rescue and firefighting services, utilities provision and catering. The Group's business operations may be affected if these service providers do not adequately perform the services they are required to provide. In particular, a failure by these third parties to appropriately respond to passenger volumes, accidents, fire, technical defects, failures in IT or data processing, may cause flight delays, damage to facilities, and the cancellation of airport services. Any of these events or a combination of events related to the performance of third parties in the Airports could have a material adverse effect on the Group's business, financial condition and results of operations.

The Borrowers enter into contracts with third parties which require the Borrowers to give representations, covenants and indemnities, which could expose the Borrowers to litigation.

The Group companies enter into contracts with third parties under which they have given or will give representations, covenants and indemnities as part of the transactions to which the contracts relate. In connection with sales of assets or shares, BAA (AH) Limited as seller has been, and is likely in the future to be, required to provide various warranties. Entry into such contracts gives rise to a risk of litigation relating to the representations, covenants and indemnities, which, if significant, could have a material adverse effect on the Group's business, financial condition and results of operations.

The Group is dependent on BAA Airports as Shared Services Provider to operate its businesses.

BAA Airports employs the staff assigned to the Airports and also to the other airports owned and operated by BAA. Pursuant to the Shared Services Agreement, BAA Airports also provides various management services (including senior management and strategic direction), administration, cash management and operational services, including the provision of IT services and staff, to the Operating Companies as described in more detail in "Business – Shared Services". Whilst the Shared Services Agreement contains provisions that are designed to assist with the transfer of employees and services to the Operating Companies or a replacement services provider if the Shared Services Agreement were terminated, there can be no assurance that transfers will be effected in a manner that does not have a material adverse effect on the Group's business, financial condition or results of operations.

A significant number of contracts for third party IT systems and IT support important to the Group's operations are in the name of BAA Airports and would be terminable by the contract counterparties if BAA Airports were to become insolvent. Whilst steps may be taken to seek to minimise the impact of such termination provisions, and there may be commercial reasons why the contract counterparties would not elect to terminate if they are being paid for the continued use of the relevant IT system or IT support, there is a risk that the Group's access to IT systems and IT support may be negatively affected by an insolvency of BAA Airports, which in turn could have a material adverse effect on the Group's business, financial condition and results of operations.

REGULATORY RISKS

The legal framework of regulation for the Airports is liable to change.

Legislation to introduce changes to the framework for the economic regulation of UK airports has been introduced to Parliament. For more information on the UK Government's proposals, see "Airport Regulation—Airport Regulation Generally—Potential Future Changes to the Regulatory Framework".

The reforms resulting from the legislation are expected to be implemented through a new licensing regime for airports similar to licences in place in certain other regulated sectors such as water and energy. Heathrow and Stansted are expected to require a licence which will be set by the CAA and to be subject to some form of price control arrangements and a sanctions regime. The reforms include potential measures to promote the financial resilience of licensed airports including a supplementary duty on the CAA to ensure that airports can finance their licensed activities. The new licence is expected to include ring-fencing provisions that would broadly prohibit the granting or subsistence of security over airport assets but with derogations in respect of those elements that cut across existing financing arrangements. The CAA is expected to be required to apply agreed tests when considering the removal of an airport's derogations and there will be an appeals process that is aligned with the wider licence modification process. It is likely that a licence may prescribe a minimum creditworthiness requirement for licensed airports and a requirement for

airports to put in place continuity of service plans. The UK Government has previously confirmed that it will not be proceeding with earlier proposals for the introduction of a special administration regime.

If the CAA do not include the expected derogations on ring-fencing restrictions or derogations are removed on appeal by an airline or other interested party in a way that adversely affected the ability of the Airports to finance their businesses at reasonable rates, this could be adverse to holders of the Bonds.

There can be no certainty that the proposals will be implemented in a way which reflects published statements to date or at all and so no assurance can be given as to the effect such changes may have on the Group's business.

The Competition Commission investigation into BAA's ownership of UK airports could lead to a sale of Stansted.

In March 2009, the Competition Commission ("CC") published its final decision in relation to its investigation into the supply of UK airport services by BAA. The key structural remedy called for the disposal of certain airports including Stansted. In July 2011 the CC reviewed its original decision in light of changes in circumstances since 2009 and concluded there had been no material change that would lead it to amend its requirement that BAA sell Stansted and one of Edinburgh or Glasgow airports (which are held outside the Group) (Edinburgh airport has subsequently been sold). BAA appealed the CC's decision to the Competition Appeal Tribunal ("CAT"). In February 2012, the CAT found in favour of the CC's decision to require BAA to sell Stansted Airport. BAA believes that the judgment is flawed. In May 2012, BAA was given permission by the Court of Appeal to appeal the CAT's judgment. See "*Business—Competition Commission Investigation into the UK Airport Market*".

If the Group is ordered to sell Stansted, it would be required under the terms of the Finance Documents to apply the net disposal proceeds to the repayment of debt. There can be no assurance that Stansted would be sold for a price that would ensure a reduction in leverage after application of the net disposal proceeds. In addition, certain fixed costs of the BAA Group, which are currently allocated to Stansted, would in the future be likely to be largely re-allocated to Heathrow. Furthermore, the Airports have differing airline customer profiles: mainly full-service airlines at Heathrow and low-cost carriers at Stansted. Although Heathrow has performed considerably better financially since 2009, divestiture of Stansted would mean the Group would service a less diversified customer base, which could increase the risk that future events at an airline could have a material adverse effect on the Group's business, financial condition and results of operations.

The Airports are subject to economic regulation by the Civil Aviation Authority, which is subject to change.

The Group's operations at the Airports are subject to regulatory review that results in, amongst other things, the setting of the price caps on certain of the Airports charges by the CAA. This regulatory review generally takes place every five years; see "*Airport Regulation – Principles of Economic Regulation*".

There can be no assurance that the current or future price caps set by the CAA will be sufficient to allow the Airports to operate at a profit; nor that the present price caps will be increased or at least maintained at current levels; nor that the methodology of the review process at subsequent reviews (for instance, the CAA's proposals that in future reviews Stansted charges may not be RAB based) would not have a material adverse effect on the income of the Group.

The CAA has established performance-linked requirements which can negatively impact aeronautical income. For instance, the CAA reduces certain permitted airport charges at Heathrow if prescribed milestones are not met on certain capital investment projects. Under service quality rebate schemes applying at both Heathrow and Stansted, failure to meet specified targets relating to, among other things, airport cleanliness, security queuing times and stand and jetty availability can result in rebates to airline customers of up to 7 per cent. of airport charges. See "*Airport Regulation – Heathrow Price Regulation – SQR Scheme*" and "*Airport Regulation – Stansted Price Regulation – The Stansted Q5 Decision*".

The Group could face other regulatory and public policy changes.

Income and/or operations at the Airports could be adversely affected by changes in policies regarding route licensing, the "use it or lose it" rule under which airlines are required to fly 80 per cent. of their slots or sacrifice them to other airlines, changes to the conditions for the maintenance of the aerodrome licences of the Airports, security and safety, immigration and border controls, airport development, environmental policy, tax, air passenger duty or the provision of airport capacity.

The government has recently stated they will consider holding consultations on the possibility of developing a new hub airport in the Thames Estuary. The approval and subsequent construction of such an airport could have a material adverse effect on the Group's business, financial condition and results of operations.

The Group faces costs related to environmental, health and safety and planning considerations.

The Group's business is affected by a wide variety of EU and UK environmental, health and safety and planning laws and requirements. The Group's existing operations may be impacted by a number of environmental and planning factors, including those involving aircraft movements; air quality (including emissions standards); noise; soil and water pollution arising from airport operations; discharges and surface water drainage; land and groundwater contamination; flooding; asbestos in premises and exposure to asbestos; waste handling, management and disposal; climate change; and energy use and efficiency.

Compliance with present or future environmental, health and safety and planning requirements may be costly and time-consuming and interfere with the Group's existing activities and operations. The CAA has to date taken environmental costs incurred by the Group into account in determining the RAB and in setting price caps. The CAA has not indicated that it intends to change its policy in this regard in the future but, if it were to do so, this could have a material adverse effect on the Group's business, financial condition or results of operations.

Future regulatory settlements may not allow for increased operating costs.

Operating costs may differ from projections. There can be no assurance that future price caps set by the CAA will be sufficient to allow the Airports to cover their operating costs which could have a material adverse effect on the Group.

FINANCING RISKS

The Group is subject to exposure on its hedging arrangements.

Whilst the Group operates a hedging programme in accordance with the Hedging Policy, it is not required to fully or perfectly hedge its present or future interest rate, foreign currency or inflation exposure and may not in practice do so. The Hedging Policy appears as Schedule 5 to the Common Terms Agreement, which is incorporated by reference in this Prospectus. The Borrowers and the Issuer are subject to the creditworthiness of, and in certain circumstances early termination of the hedging arrangements by, Hedge Counterparties.

In addition, BAA Airports has entered into hedging transactions in relation to an employee share option plan under which employees have the potential right to acquire Ferrovial shares. Under the Shared Services Agreement, BAA Airports may recharge to the Group costs incurred in relation to the hedging transactions. As at 31 March 2012, BAA Airports had a potential liability of £61.9 million as a result of these arrangements, the majority of which would be attributable to the Group. The amount that the Group may ultimately be required to pay will depend on various factors including the number of options vested or exercised and the Ferrovial share price either on the option exercise dates or when the hedging transactions are terminated or reach maturity.

Changes in interest, foreign currency and inflation rates, and exposure to hedge counterparty risk, could have a material adverse effect on the Group's business, financial condition and results of operations.

Unavailability of Liquidity Facilities in the future could restrict the Group's ability to incur further indebtedness.

The Borrowers and the Issuer have Liquidity Facilities available to cover certain shortfalls in interest and other payments in respect of certain of their financial indebtedness. If the Group were unable to extend or replace its Liquidity Facilities when they expire, the Issuer would not be permitted to issue further Bonds and the Group may not be able to incur any further Senior Net Indebtedness or Junior Indebtedness, which could have a material adverse effect on the Group's business, financial condition and results of operations.

Risks of High Leverage

A significant portion of the Group's cash flow from operations is dedicated to debt payments.

Because of the secured nature of its borrowings and the structure that applies to them, the Group has been able to raise more debt than would typically be the case for an unsecured borrower. As a result, a greater portion of the Group's cash flow from operations is dedicated to payments on its debt obligations, thus reducing its flexibility to deal with significant financial underperformance. This may increase the Group's vulnerability to any economic downturn in its business or to adverse industry conditions, which in turn could have a material adverse effect on the Group's business, financial condition and results of operations.

Given its leverage position, the Group will need to raise further debt from time to time.

The Group will need to raise further debt from time to time in order, among other things, to:

- (a) finance future capital expenditure; and
- (b) enable it/the Issuer to refinance Bonds and other debt.

There can be no assurance that the Group will be able to raise future finance on terms that are economically viable or at all. For instance, events in the credit markets in 2007 and 2008, and regulatory uncertainty in 2009, significantly restricted the Group's ability to raise finance. An inability to refinance its indebtedness could have a material adverse effect on the Group's business, financial condition and results of operations.

Monitoring of Compliance with Warranties and Covenants and the Occurrence of Trigger Events, Loan Events of Default or Potential Loan Events of Default falls primarily to the Obligors, whose determinations could be subjective.

The STID provides that the Borrower Security Trustee will be entitled to assume, unless it is otherwise disclosed in any Investor Report or Compliance Certificate or the Borrower Security Trustee is expressly informed otherwise, that no Trigger Event, Loan Event of Default or Potential Loan Event of Default has occurred which is continuing. The Borrower Security Trustee will not itself monitor whether any such event has occurred. As the Issuer is a special purpose company, it will fall to the Group companies themselves to make these determinations as well as the determinations of the financial and operational positions underlying them, which may be subjective.

Enforcement of security granted to Subordinated Creditors could indirectly lead to a termination of the Shared Services Agreement.

BAA (SH) plc, the immediate parent company of BAA (SP) Limited, has granted a first ranking charge of all the issued share capital of BAA (SP) Limited to secure its obligations under its subordinated facilities (the "SH Facilities") and notes (the "SH Notes").

Following the occurrence of an acceleration event under the SH Facilities and/or the SH Notes, the security agent appointed in connection therewith may be instructed to enforce the security granted over the shares in BAA (SP) Limited which may lead to a change of control of the Group. Any such change of control may lead to a termination event under the Shared Services Agreement, which in turn could have a material adverse effect on the Group's business, financial condition and results of operations. See "*Commercial Risks – The Group is dependent on BAA Airports as Shared Services Provider to operate its businesses*".

Modifications, waivers and consents in respect of Common Documents and Issuer Transaction Documents could be made on terms detrimental to the interests of Bondholders.

The STID provides that the Borrower Security Trustee shall seek the approval of Bondholders on certain matters, along with all other holders of Qualifying Borrower Debt, as a condition to concurring in making modifications to Common Documents or granting consents or waivers. The quorums and the majority required to approve the making of modifications or granting of consents or waivers vary depending on the particular matter, as set out in the STID. There can be no assurance that any modification, consent or waiver will be favourable to all Bondholders. Such modifications, waivers and consents may be detrimental to the interests of some or all Bondholders, despite the ratings of such Bonds being affirmed. The votes of the Bondholders of the relevant Class may not constitute a majority in respect of any such matter and Bondholders alone may not be able to control the outcome of any particular approval process. In addition, under the Bond Trust Deed, the principal, maturity and interest rate of a Bond issue can be modified with the approval of Bondholders holding 75 per cent. of the outstanding principal amount of such Bonds at a meeting the quorum for which is 75 per cent. (or 25 per cent. if the initial meeting is inquorate) of the Principal Amount Outstanding of such Bonds.

OTHER LEGAL RISKS

The Borrower Security Trustee could incur liabilities as mortgagee in possession for which it would require indemnification from the Borrower Secured Creditors, including Bondholders.

Should the Borrower Security Trustee take enforcement proceedings under the Security Documents and if there is a physical entry into possession of any Airports or an act of control or influence that may amount to possession, such as receiving rental income directly from a relevant tenant, the Borrower Security Trustee may be deemed to be a mortgagee in possession. A mortgagee in possession may incur liabilities to third parties in nuisance and negligence and, under certain statutes (including environmental legislation), can incur the liabilities of a property owner. The Borrower Security Trustee has the absolute discretion at any time to refrain from taking any action under the Transaction Documents, including becoming a mortgagee in possession in respect of an Airport, unless it is satisfied at the time that it is adequately indemnified by the Borrower Secured Creditors (including the Bondholders on behalf of the Issuer).

General risk of change of law

It is possible that, whether as a result of case law or through statute, changes in law or regulations, or their interpretation or application, may result in the Group's debt financing arrangements as originally structured no longer having the effect anticipated or which could have a material adverse effect on the Group's business, financial condition and results of operations and/or could adversely affect the rights, priorities of payments and/or treatment of holdings in Bonds for Bondholders.

Service of process, enforcement of judgments and bringing of actions in the United States may be difficult.

The Issuer is a public company incorporated with limited liability in Jersey. Its assets are located outside the United States. In addition, all of its officers and directors reside outside the United States and most of the assets of these persons are located outside the United States. As a result, it may not be possible for investors to effect service of process within the United States upon the Issuer or such persons not residing in the United States with respect to matters arising under the federal or state securities laws of the United States, or to enforce against any of them judgments of the courts of the United States predicated upon the civil liability provisions of such securities laws. There is a doubt as to the enforceability in Jersey, in original actions or in actions for the enforcement of judgments of U.S. courts, of civil liabilities predicated solely upon such securities laws.

Insolvency Considerations

Appointment of an administrative receiver might not be possible in the event of an insolvency of the Borrowers or the Issuer.

The Insolvency Act allows for the appointment of an administrative receiver in relation to certain transactions in the capital markets. Although there is as yet no case law on how these provisions will be interpreted, it should be applicable to the floating charges created by the Obligors and assigned by way of security to the Bond Trustee. However, as this issue is partly a question of fact, were it not to be possible to appoint an administrative receiver in respect of one or more Obligors, they would be subject to administration if they were to become insolvent.

Since the Issuer is incorporated in Jersey, it is unlikely that it will be possible to appoint an administrative receiver in respect of the Issuer in England (so as to prevent the appointment of an English administrator) using the capital market provisions referred to above. Accordingly, in the event that the Issuer were to become insolvent and it was not possible to appoint an administrative receiver, the Issuer could be placed into administration.

A recharacterisation of fixed security interests as floating security interests could result in certain claims having priority over the Bond Trustee.

There is a possibility that a Court could find that certain fixed security interests instead take effect as floating charges. Whether the fixed security interests will be upheld will depend, among other things, on whether the Borrower Security Trustee or, as the case may be, the Bond Trustee has the requisite degree of control over the relevant assets and exercises that control in practice. If the fixed security interests are recharacterised as floating security interests, certain claims, including certain employee claims in respect of contributions to pension schemes and wages and the costs and expenses of an administration and/or a liquidation, may have priority over the rights of the Borrower Security Trustee or the Bond Trustee, as the case may be, to the proceeds of enforcement.

TAX RISKS

The Issuer's UK tax position operates on the basis that it is a "securitisation company" for tax purposes.

On establishment of the Programme, the Issuer was advised that it should be a "securitisation company" for the purposes of the UK Taxation of Securitisation Companies Regulations 2006, made in December 2006 under section 84 of the Finance Act 2005, which has subsequently been rewritten to section 624 of the Corporation Tax Act 2010 (the "**Securitisation Regulations**"). The Issuer is operated on the basis that it is a securitisation company for these purposes and is therefore subject to corporation tax in the UK on its retained profit only, in accordance with the special regime for securitisation companies as provided for by these regulations.

If the Issuer were to cease to qualify as a securitisation company, this may have a material adverse effect on the Issuer's UK tax position which could adversely affect the Issuer's ability to make timely payment of interest and principal under the Bonds. See "*Tax Considerations – United Kingdom Taxation*".

The Group faces potential secondary tax liabilities.

Where a company fails to discharge certain tax liabilities within a specified time period, UK tax law imposes, in certain circumstances, secondary liability for those overdue taxes on other companies that are or have been members of the same group of companies, or are or have been under common control, for tax purposes with the company that has not discharged its tax liabilities.

If any secondary tax liabilities arise in the Group, which are not discharged by the Tax Covenantors, and are of significant amounts, the Issuer or the Borrowers could be adversely affected.

The Issuer and the members of the Group have been members of a value added tax (“VAT”) group that also includes members of the wider corporate group of which BAA is the representative member. Although, following the Initial Issue Date, the Issuer and the members of the Group ceased to be grouped for VAT purposes with members of the wider group, they will continue to have exposure to VAT liabilities of other members of the wider BAA Group that arose prior to the Initial Issue Date.

The Issuer is not obliged to pay any additional amounts to Bondholders as a result of withholding tax in respect of the Bonds.

If any withholding or deduction for or on account of tax is required to be made from payments due under the Bonds, neither the Issuer nor any Paying Agent nor any other person will be obliged to pay any additional amounts to Bondholders or, if Definitive Bonds are issued, to Couponholders, or otherwise to compensate Bondholders or Couponholders for the reduction in the amounts they will receive as a result of such withholding or deduction. See “*Tax Considerations*” for a discussion of the risk of withholding taxes applying in respect of payments under the Bonds.

Withholding tax in respect of Borrower Loan Agreements could lead to early redemption of the Bonds.

The Issuer believes that all payments made under a Borrower Loan Agreement can be made without deduction or withholding for or on account of any UK or Jersey tax. If any withholding or deduction for or on account of tax is required to be made, the relevant Group company will be obliged to gross up the payment so that the Issuer will receive the same cash amount that it would have received had no such withholding or deduction been made. If a gross-up is required by a change in tax law, the relevant Group company will have the option (but not the obligation) to prepay all relevant outstanding advances made under the relevant Borrower Loan Agreement in full. If the Group company chooses to prepay the advances, the Issuer will then be required to redeem the Bonds. Such redemption would be for the Principal Amount Outstanding (as adjusted, in the case of the index-linked bonds, in accordance with the terms of the Bonds), together with accrued interest. If the Group companies do not have sufficient funds to enable them to either repay the relevant Borrower Loan Agreement or gross up payments to the Issuer, the Issuer’s ability to make timely payments of interest and principal under the Bonds could be adversely affected.

ISSUER AND BOND CONSIDERATIONS

The Bonds constitute obligations of the Issuer only.

None of the Bonds will be obligations of, nor will they be guaranteed by, any of the Other Parties or any company in the Group. Furthermore, the Bonds are limited recourse obligations of the Issuer and no person other than the Issuer will accept any liability whatsoever to Bondholders in respect of any failure by the Issuer to pay any amount due under the Bonds.

The Issuer is a special purpose vehicle.

The Issuer is a special purpose financing entity established for the purpose of issuing bonds. Bond proceeds are on-loaned to other Group companies under Borrower Loan Agreements which are secured by security granted over the Group companies’ business and assets. The Issuer relies on interest and principal payments under the Borrower Loan Agreements to make payments on the Bonds. Therefore, the Issuer is subject to all the risks relating to income and expenses to which the other Group companies are subject. Such risks could limit funds available to the Group companies to enable the Group companies to satisfy in full and on a timely basis their obligations under the Borrower Loan Agreements and their guarantees under the Security Agreement.

Certain of the Issuer’s obligations to third parties rank ahead of the Bondholders.

Although the Bond Trustee will hold the benefit of the Issuer Security on trust for the Bondholders and the Borrower Security Trustee will hold the benefit of the Borrower Security on trust for the Borrower Secured Creditors, such security interests will also be held on trust for certain third parties. Certain of the Issuer’s obligations to such third

parties rank ahead of the Bondholders. Such persons include, among others, the Bond Trustee (in its individual capacity), the Issuer Hedge Counterparties (in respect of certain payments payable to them), the Issuer Liquidity Facility Providers, the Registrar, the Transfer Agents, the Paying Agents and the Issuer Account Bank in respect of certain amounts owed to them (see “*Summary of the Financing Agreements – Documents Not Incorporated by Reference – Cash Management – Issuer Cash Management Agreement and Issuer Account Bank Agreement*”). To the extent that significant amounts are owing to any such persons, the amounts available to Bondholders will be reduced. Likewise, certain of the Borrowers’ obligations to certain third parties will rank ahead of their obligations to the Issuer. In addition, it should be noted that unsecured creditors of the Group, such as trade creditors and suppliers, while subordinate to Borrower Secured Creditors, are not bound into the financing structure as they are not parties to the STID and the Common Terms Agreement and so will be able to petition for a winding up or administration of a Group company which fails to pay its unsecured debts as they fall due.

Timing of payment on Bonds will not necessarily coincide with payment of other indebtedness.

Payment Dates for the various different types of Senior Debt, Junior Debt and Subordinated Debt will not necessarily coincide, and there is no obligation to ensure that a payment made in respect of any Junior Debt or Subordinated Debt will not lead to a deficiency of funds to make payments in respect of Senior Debt that falls due on a later date.

Payments under the Class B Bonds will rank subordinate to payments under the Class A Bonds.

Payments under the Class B Bonds will rank subordinate to payments under the Class A Bonds. If on any Interest Payment Date the Issuer has insufficient funds to make payments under the Class B Bonds and unless amounts are available to be drawn under the Issuer Liquidity Facility, the Issuer’s liability to make such payments will be deferred and no non payment Bond Event of Default will arise as a result of such non payment. Prior to repayment in full of the Senior Debt, rights of holders of Class B Bonds are (other than with respect to a Basic Terms Modification or other matters which affect their Entrenched Rights) generally restricted with respect to certain actions and participating in voting on STID Proposals, with the result that such holders will only be entitled to vote on certain matters and take action following repayment of the Senior Debt.

The Bond Trustee shall have regard to certain Classes or Sub-Classes of Bondholders in the event of a conflict of interest among such Classes or Sub-Classes of Bondholders.

The Bond Trust Deed requires the Bond Trustee to have regard to the interests of all the Bondholders (so long as any of the Bonds remain outstanding) equally as regards all powers, trusts, authorities, duties and discretions of the Bond Trustee as if they formed a single class (except where expressly required otherwise). However, the Bond Trust Deed also requires that, in the event of a conflict between the interests of the holders of any Class of Bonds, the Bond Trustee shall have regard to the interests of the holders of the Most Senior Class of Bonds then outstanding provided that, if, in the Bond Trustee’s opinion, there is a conflict of interest between the holders of two or more Tranches or Sub-Classes of Bonds of the same Class, it shall have regard to the interests of the holders of the Tranche or Sub-Class of such Class then outstanding with the greatest Principal Amount Outstanding.

Liquidity of the Bonds could be limited, and there could be an absence of a secondary market for the Bonds.

There can be no assurance that a secondary market for the Bonds will develop, or, if a secondary market does develop for any of the Bonds issued after the date of this Prospectus, that it will provide any holder of Bonds with liquidity or that any such liquidity will continue for the life of the Bonds. Consequently, any purchaser of the Bonds must be prepared to hold such Bonds for an indefinite period of time or until final redemption or maturity of the Bonds.

The liquidity and market value at any time of the Bonds are affected by, among other things, the market view of the credit risk of such Bonds and will generally fluctuate with general interest rate fluctuations, general economic conditions, the condition of certain financial markets, international political events and the performance and financial condition of the Borrowers.

Rating of the Bonds; Change to covenants subject to Ratings Confirmation

Changes can be made to certain covenants provided that the Borrowers obtain a Ratings Confirmation in respect of the particular change. The Rating Agencies may not provide their confirmation in the time available or at all, and they will not be responsible for the consequences thereof. A Ratings Confirmation, if given, will be given on the basis of the facts and circumstances prevailing at the relevant time. A Ratings Confirmation cannot be construed as advice for the benefit of any parties involved in the Programme. No assurance can be given that, although a Ratings Confirmation in respect of any particular change has been provided, such change will not have an adverse impact upon the business of the Group.

The ratings assigned by the Rating Agencies to the Class A Bonds and the Class B Bonds reflect only the views of the Rating Agencies and in assigning the ratings the Rating Agencies take into consideration the credit quality of the Borrowers and structural features and other aspects of the transaction, including counterparty risk. There is no assurance that any such ratings will continue for any period of time or that they will not be reviewed, revised, suspended or withdrawn entirely by the Rating Agencies as a result of changes in, or unavailability of, information or if, in the Rating Agencies' judgment, circumstances so warrant. If any rating assigned to the Bonds is lowered or withdrawn, the market value of the Bonds may be reduced. Future events, including events affecting the Borrowers and/or circumstances relating to the airport industry generally, could have an adverse impact on the ratings of the Bonds.

Certain risks related to index-linked Bonds

Under the Programme, the Issuer may from time to time issue Bonds with principal or interest determined by reference to an index or formula. Potential investors should be aware that they may lose all or a substantial portion of their principal of any index-linked Bonds issued under the Programme. The historical experience of an index should not be viewed as an indication of the future performance of such index during the term of any index-linked Bonds. Accordingly, each potential investor should consult its own financial and legal advisers about the risk entailed by an investment in any such Bonds and the suitability of such Bonds in the light of its particular circumstances.

Changes to the risk weighted asset framework

Bondholders should consult their own advisers as to the consequences to and effect on them of the application of the EU Capital Requirements Directive (Directive numbers 2006/48/EC and 2006/49/EEU, as amended ("CRD")), as implemented by their own regulator, to their holding of any Class of Bonds. The Issuer is not responsible for informing Bondholders of the effects of the changes to risk-weighting which will result for investors from the adoption of CRD by their own regulator.

Denominations and trading

The Bonds of each Class, Sub-Class or Tranche will be issued in the Specified Denominations as set out in the Final Terms. For so long as the Bonds of any relevant Class, Sub-class or Tranche are represented by a Global Bond, and the rules of Euroclear and Clearstream, Luxembourg so permit, Bonds issued on or before 30 June 2012 will be tradeable in minimum authorised denominations of at least €50,000 or not less than the equivalent of €50,000 in any other currency if issued on or before 30 June 2012 and at least €100,000 or not less than the equivalent of €100,000 in any other currency if issued after 30 June 2012 (the "**Minimum Denomination**") and higher integral multiples of a smaller amount (the "**Integral Amount**") up to and including the amount that is twice the Minimum Denomination less the Integral Amount (the "**Maximum Denomination**"). However, if Definitive Bonds for that Class, Sub-class or Tranche of Bonds are required to be issued and printed, any Bondholders holding Bonds having a denomination which cannot be represented by a Definitive Bond in the Minimum Denomination or higher integral multiples of the Integral Amount up to and including the Maximum Denomination will not be entitled to receive a Definitive Bond and would need to purchase a principal amount of Bonds such that its holding amounts to a Specified Denomination.

Book-entry form of Bonds

The Regulation S Bonds will initially only be issued in global form and deposited with a common depository for Euroclear and Clearstream, Luxembourg. Interests in the Global Bonds and Global Bond Certificates will trade in book-entry form only. The Rule 144A Bonds will initially only be issued in global certificated form and will be deposited with a custodian for, and registered in the name of Cede & co. as nominee of, DTC. The common depository, or its nominee, for Euroclear, Clearstream, Luxembourg or DTC will be the sole holder of the Global Bonds and Global Bond Certificates representing the Bonds. Accordingly, owners of book-entry interests must rely on the procedures of Euroclear, Clearstream, Luxembourg or DTC and non-participants in Euroclear, Clearstream, Luxembourg or DTC must rely on the procedures of the participant through which they own their interests, to exercise any rights and obligations of a holder of Bonds.

Unlike the holders of the Bonds themselves, owners of book-entry interests will not have the direct right to act upon the Issuer's solicitations for consents, requests for waivers or other actions from holders of the Bonds. The procedures to be implemented through Euroclear, Clearstream, Luxembourg and DTC may not be adequate to ensure the timely exercise of rights under the Bonds.

BUSINESS

OVERVIEW OF LONDON'S HEATHROW AND STANSTED AIRPORTS

Heathrow

London is the world's leading global financial centre and the leading worldwide centre of commerce (sources: Z/Yen 2012; MasterCard Worldwide 2008). As London's largest airport, and its only international hub, Heathrow is a critical infrastructure asset not only for the UK but for global finance and commerce.

Heathrow is the world's busiest airport in terms of international passengers and Europe's busiest airport in terms of total passengers. In 2011, Heathrow handled over 15 per cent. more international passengers than its nearest rival, Paris Charles de Gaulle, and it handles approximately 80 per cent. of all the UK's scheduled long-haul air traffic. In 2011, 69.4 million passengers travelled through Heathrow Airport, of which approximately 7 per cent. were domestic passengers, 52 per cent. were international long haul passengers and 41 per cent. were European passengers. Its critical role in the global aviation industry is underlined by the fact that seven of the top ten long haul intercontinental routes globally pass through Heathrow (source: OAG). Heathrow Airport hosts most of the world's major international airlines and is the worldwide hub of British Airways and the main European hub of the **oneworld** airline alliance. It also hosts the other two principal airline alliances of SkyTeam and Star Alliance. In 2011, British Airways accounted for approximately 43 per cent. of Heathrow's air transport movements ("**ATMs**"), **oneworld** 49 per cent. and Star Alliance 29 per cent. In 2011, approximately 65 per cent. of Heathrow's passenger traffic was origin and destination traffic and 35 per cent. was transfer traffic. Heathrow Airport is served by two parallel runways which together have maximum permitted air transport movements of 480,000 per year. In 2011, actual passenger air transport movements totalled 476,197. In response to current UK Government policy, Heathrow has stopped pursuing a planning application for a third runway.

Heathrow Airport provides a wide range of passenger services, including passenger-handling facilities, shops, bars, restaurants and over 20,000 public car park spaces. Heathrow Airport is served by extensive bus services, London Underground services and the dedicated Heathrow Express rail link to and from London Paddington Station.

BAA has maintained a strong focus over recent years on operational performance, improving the passenger experience and investing in new and upgraded facilities. As a result, Heathrow has risen to become one of the top ranking major European hub airports on overall passenger satisfaction (ranking first on 15 of 33 measures and second overall in the Airport Service Quality survey produced by Airports Council International for the first quarter of 2012).

Heathrow is implementing a £5.6 billion investment programme over the six years to 31 March 2014. The new Terminal 5 at Heathrow has provided additional terminal passenger capacity for up to 35 million passengers per year and has enabled Heathrow to begin rebuilding and renovating its other terminals. Construction of a new Terminal 2 is under way, which will have an initial capacity of 20 million passengers per year when it becomes operational in 2014, by which time all Heathrow's terminals will be either new or recently refurbished.

Heathrow generated turnover of £2,045.6 million and, including Heathrow Express, Adjusted EBITDA of £1,045.1 million for the 12 months ended 31 December 2011. In 2011, Heathrow accounted for approximately 79 per cent. of the Group's total passengers and approximately 90 per cent. of its revenues, Adjusted EBITDA and RAB. It forms, as a result, the foundation of the Group's credit strength.

Stansted

Stansted is the UK's fourth busiest airport in terms of total passengers. In 2011, 18.0 million passengers travelled through Stansted, of which approximately 8 per cent. were domestic passengers, 3 per cent. were international long haul passengers and 89 per cent. were European passengers.

Stansted's traffic is predominantly point-to-point traffic, with the airport being home to low-cost airlines that mainly serve short haul destinations in Europe and charter airlines specialising in short and medium-haul destinations. Ryanair is the largest airline operating at Stansted, representing 65 per cent. of Stansted's aeronautical income in 2011.

Stansted's single runway has a maximum allowed capacity of 264,000 air transport movements per year, enabling passenger capacity of up to 35 million per year. For the 12 months ended 31 December 2011, actual passenger air transport movements at Stansted totalled 126,764. In response to current UK Government policy, Stansted has stopped pursuing a planning application for a second runway.

Stansted offers a full range of passenger services, with shops, bars, restaurants and over 26,000 public car park spaces. Stansted is also served by extensive local and express bus services, train services and the dedicated Stansted Express rail link to and from London Liverpool Street Station.

Stansted generated turnover of £234.4 million and Adjusted EBITDA of £87.0 million for the 12 months ended 31 December 2011.

REVENUE GENERATION AND ECONOMIC REGULATION

Heathrow and Stansted are both subject to economic regulation by the Civil Aviation Authority. The regulatory system is designed to allow airports to generate revenues which are sufficient to finance their operating and capital expenditure requirements and provide a regulated rate of return on their Regulatory Asset Base. The CAA sets price caps on the charges the Airports can levy on airlines for using their facilities. The caps take into account each Airport's forecast revenues (both aeronautical and non-aeronautical) and costs as well as allowing depreciation, recovery of capital costs and a return on capital. Details of the regulatory regime and how the CAA determines price caps are set out in "Airport Regulation".

The Group generates two primary types of income: aeronautical income, which is generated from fees charged to airlines for use of the Airports' facilities, and non-aeronautical income from a variety of sources. The chart below represents the total revenue of the Airports by source for 2011.

Source: BAA.

Aeronautical income

The Airports levy three types of airport fees and traffic charges:

Passenger fees

- Fees per passenger are based on the number of passengers on board an aircraft, and are levied in respect of all departing passengers. There is no charge in respect of crew members working on flights.
- At Heathrow there are two levels of charge based on route area: European (including domestic) and rest of world. Transfer and transit passengers benefit from a discount.
- At Stansted there is a single charge irrespective of destination.

Landing charges

- Landing charges are levied for substantially all aircraft (with certain diplomatic and other flights being exempted). These are calculated in accordance with the certified maximum take-off weight of the aircraft and are banded into categories for aircraft weighing less than and those weighing more than sixteen tonnes, which includes nearly all commercial aircraft. These charges are adjusted, where applicable, in accordance with each aircraft's noise-rating, its emissions and the time of day, with landing charges at Heathrow being higher during peak traffic times than off-peak traffic times.

Parking charges

- A new aircraft parking structure was introduced at Heathrow from 1 April 2012 which changed the structure from a time and weight based charge to two different free parking periods for narrow bodied and wide bodied aircraft, 30 minutes and 90 minutes respectively. Thereafter a parking charge starts for each 15 minute slot for narrow and wide bodied aircraft with a charge differential of 1:2.4 ratio.

The maximum allowable yields set by the CAA apply to passenger flights only; they do not apply to non-passenger flights, for example, dedicated cargo flights. However, the price control conditions set by the CAA stipulate that the airports must charge non-passenger flights at the same rates as passenger flights. These flights incur the minimum departure charge which applies when the departing passenger charge falls below this minimum level. In the year ended 31 December 2011, there were 2,484 all-cargo air transport movements at Heathrow and 10,147 at Stansted.

Heathrow is less reliant on its main customer and airline alliance (2011: British Airways, 43 per cent. of ATMs; **oneworld**, 49 per cent. of ATMs or 49 per cent. and 55 per cent. after taking into account the acquisition of bmi by International Airlines Group, British Airways' parent company (including reflecting disposal of the slots that have to be divested to other airlines)) than other European hub airports e.g. Amsterdam Schiphol (2011: Air France KLM, 53 per

cent. of ATMs; SkyTeam, at least 58 per cent. of ATMs) and Frankfurt (2011: Star Alliance, 77 per cent. of passengers).

Heathrow and Stansted serve a range of market segments, including:

- business and leisure travellers;
- origin and destination and transfer passengers;
- long and short haul routes; and
- full-cost, low-cost and charter carriers.

The chart below represents the total aeronautical income⁽¹⁾ of the Airports by airline for 2011:

(1) Excludes other charges, related primarily to the provision of fixed electrical ground power and pre-conditioned air to aircraft.

(2) bmi has since been sold to International Airlines Group, which owns British Airways.

Non-aeronautical income

The Group generates non-aeronautical income from a variety of sources. These include:

- concession fees from retail operators;
- direct income from car parks and advertising revenue;
- the rental of airport premises such as aircraft hangars, cargo storage facilities, maintenance facilities and offices;
- the provision of facilities such as baggage handling and passenger check-in; and
- fare revenue from the operation of the Heathrow Express rail service.

COMPETITION COMMISSION INVESTIGATION INTO THE UK AIRPORT MARKET

BAA's provision of UK airport services has been the subject of a Competition Commission ("CC") investigation. In March 2009, the CC published its final decision which included the key structural remedy that BAA must divest both Gatwick airport and Stansted (and either Edinburgh or Glasgow airport). Gatwick and Edinburgh airports have since been sold.

On 18 May 2009, BAA applied to the Competition Appeal Tribunal ("CAT") to appeal the CC's findings.

On 21 December 2009, the CAT released its judgment in BAA's appeal against the CC decision requiring BAA to dispose of Gatwick and Stansted as well as one of Edinburgh and Glasgow airports. In the judgment, the CAT unanimously concluded that, in the light of the material facts, a fair-minded and informed observer would conclude that there was a real possibility of bias affecting the deliberations, thinking and ultimate outcome of the CC investigation of the supply of airport services by BAA in the UK. The CAT also concluded that BAA had not waived its right to object to the apparent bias.

On 25 February 2010, the CAT ordered that the CC's decisions be quashed and that the matter be referred back to the CC to reconsider but that this referral will not take effect until the conclusion of any appeal. On 26 March 2010, the Court of Appeal granted the CC leave to appeal against the CAT's findings in relation to apparent bias and the appeal hearing occurred in June 2010. The CC's decision was upheld by the Court of Appeal in October 2010 and, in February 2011, BAA was refused permission to appeal to the Supreme Court.

In July 2011 the CC reviewed its original decision in light of changes in circumstances since 2009 and concluded there had been no material change that would lead it to amend its requirement that BAA sell Stansted and one of the Scottish airports within the original commercially confidential timescale. BAA subsequently appealed the CC's decision to the CAT. In February 2012, the CAT found in favour of the CC's decision to require BAA to sell Stansted Airport. BAA believes that the judgment is flawed. In May 2012, BAA was given permission by the Court of Appeal to appeal the CAT's judgment.

BAA AND ITS OWNERSHIP

The Group companies are owned by investment vehicles controlled or managed by Ferrovial S.A., Caisse de dépôt et placement du Québec, the Government of Singapore Investment Corporation and Alinda Capital Partners. The Group companies are indirect subsidiaries of BAA Airports. BAA Airports is itself a subsidiary of BAA.

BAA currently owns and operates five airports in the United Kingdom. In addition to Heathrow and Stansted, it owns two airports in Scotland (Glasgow and Aberdeen) and Southampton Airport.

KEY STRENGTHS

The Airports have a strong position in the South East of England, one of the world's busiest air traffic markets and a market with growing demand for air travel and limited airport capacity.

- Airports are critical to domestic and international travel, trade and communication. London is the world's leading global financial centre and the leading worldwide centre of commerce (sources: Z/Yen 2012; MasterCard Worldwide 2008). London's position as the world's leading financial and commercial centre drives significant global business travel into and out of the region. In 2010, the United Kingdom was ranked sixth globally for international arrivals and seventh for international tourism earnings (Source: Visit Britain).
- As London's largest airport, and its only international hub, Heathrow is a critical infrastructure asset not only for the UK but for global finance and commerce.
- Aviation has demonstrated resilience as a long-term growth industry. Over the ten years to 2011, passenger traffic through Heathrow and Stansted increased at a compound annual rate of 1.7 per cent. despite the effects of both the 2001 terrorist attacks in the United States and the major economic downturn in 2008 and 2009. Growth in air travel in the South East of England is expected to continue. Total traffic through the five major airports in the Greater London area was approximately 134 million passengers in 2011 (Source: BAA/CAA). Heathrow and Stansted accounted for approximately 52 per cent. and 14 per cent., respectively, of this traffic.
- The scale of infrastructure and geographical requirements necessary to develop a competing airport provide for high barriers to entry. These barriers to entry are even more marked for hub airports such as Heathrow. The ATWP ruled against the development of any competing runway infrastructure in the South East of England

until 2030 and the present UK Government has ruled out new runway development at Heathrow, Stansted and at Gatwick.

The Group benefits from the unique scale, market position and resilience of Heathrow.

- Heathrow is the world's busiest airport in terms of international passengers and Europe's busiest airport in terms of total passengers. Heathrow accounts for approximately 90 per cent. of the Group's turnover, Adjusted EBITDA and RAB.
- Heathrow enjoys a unique market position in the United Kingdom, being the country's only hub airport and acting as the gateway to approximately 80 per cent. of all scheduled long haul air traffic entering and leaving the United Kingdom in 2011 (Source: BAA/CAA). In 2011, approximately 35 per cent. of its traffic comprised transfer passengers with approximately 78 per cent. of this traffic connecting between international flights.
- Over half of Heathrow's passengers are non-UK resident and it has an even split between business, visiting friends and family and leisure traffic. Further, it has a balanced mix of European, North Atlantic and other long haul traffic. As a result, there is a greater diversity of economic and demographic factors affecting Heathrow's passenger demand compared to other UK and international airports.
- A substantial proportion of its passenger traffic relates to the fastest growing long haul segment of the global aviation industry; at 52 per cent. in 2011, this is a significantly higher proportion than other UK, European and US airports. It has also been operating close to its permitted capacity for a number of years reflecting airline demand to use the airport. These two factors provide Heathrow with substantial resilience in its passenger traffic.

Regulation provides cash flow visibility and mitigates market risk.

- Heathrow and Stansted are both subject to price regulation by the CAA. This involves the CAA setting caps every five (or at most six) years on the amount that the Airports can charge airlines for using their facilities. The price caps are set taking into account forecast passenger traffic, operating costs and other revenues for the relevant Airport as well as allowing recovery of capital costs and a return on capital. In making its determination, the CAA takes into account the actual historic experience of the Airports which materially mitigates the market risk faced by the Airports. This price setting mechanism provides significant income predictability and cash flow visibility within each regulatory period as well as protection against longer term cost and revenue risks. Stansted is currently campaigning for deregulation which, if successful, would result in it no longer being subject to price caps.

Proven resilience to shocks and economic downturns.

- Heathrow has been resilient to economic downturns and other changes in the air travel market seen in recent years such as wars, acts of terrorism and the threat of pandemic illnesses. In recent years, demand for air travel in the United Kingdom has tended to return relatively quickly to historic levels following external shocks. The graph below shows that demand shocks in the United Kingdom, such as those caused by the terrorist attacks of 11 September 2001, oil crises and the first Gulf war, have been followed by periods of renewed growth bringing passenger numbers back to the pre-shock trend.

The Airports benefit from diversified income sources and serve a variety of market segments.

The Airports earn income from a variety of sources, including charges to airlines, concession fees from retail operators, income from car parks, advertising revenue, the rental of airport premises such as aircraft hangars, cargo storage facilities, maintenance facilities and offices, the provision of facilities such as baggage handling and passenger check-in and revenues from Heathrow Express.

The Airports serve a diversified range of major airlines, including British Airways, Virgin Atlantic Airways, easyJet and Ryanair. Heathrow is less reliant on its main customer and airline alliance than other European hub airports.

Heathrow and Stansted between them serve a range of market segments, including business and leisure travellers, origin and destination and transfer passengers, long and short haul routes and full-cost, low-cost and charter carriers.

STRATEGY

The Group's strategy is focused on providing world-class airports to serve the UK's capital city, particularly by developing Heathrow's position as the UK's direct connection to the world and Europe's hub airport of choice.

To support and develop Heathrow's role as a hub, the Group will continue enabling the success of the major network airlines operating at Heathrow by investing in further capacity, operational flexibility and resilience at sustainable charges for airline customers.

Heathrow offers a compelling, competitive range of routes and frequencies for the large London origin and destination aviation market. For both local and transfer passengers, Heathrow is working continuously to make every journey better through improved service standards to ensure it remains passengers' preferred airport. Improving the passenger experience is supported by ongoing investment in modern airport facilities and operating processes.

THE ROLE OF THE AIRPORT OPERATORS

The Airports are owned and operated by the Airport Operators, Heathrow Airport Limited and Stansted Airport Limited, both of which are Group companies. In operating the Airports, they co-ordinate the activities of the numerous organisations involved in the provision of airport services to passengers, airlines and other airport users. The Airport Operators' activities include:

- providing passengers, airlines and other service providers with the infrastructure and facilities (such as check-in desks, concourses, gate rooms, baggage handling facilities and office facilities) needed to optimise operations and maximise passenger and flight traffic within existing capacity constraints;
- implementing, under government supervision, air transport security measures, including passenger and baggage inspections. The UK Government has the power to give any Airport Operator “such directions of a general character as appear to the Secretary of State to be necessary or expedient in the interests of national security or of relations with a country or territory outside the UK”;
- developing commercial areas (such as shops, restaurants and car parks) and determining the optimal mix and location of retail services;
- maintaining and developing airport infrastructure to meet evolving airline and passenger demands, including delivering a “master plan” for the future development of each Airport;
- ensuring that the Airports are served by appropriate and adequate ground transport services;
- maximising capacity at the Airports and setting airport capacity constraints in consultation with National Air Traffic Services Limited (“NATS”), the airlines and Airport Co-ordination Limited (“ACL”), an organisation owned and managed by several major UK airlines, which allocates take-off and landing slots; and
- assigning airlines to terminals at the Airports in consultation with the airlines, ACL and NATS.

AIRPORT INFRASTRUCTURE, FACILITIES AND ACCESS

Heathrow

Overview

Heathrow commenced operations as London’s principal commercial airport in 1946. Heathrow’s first permanent terminal opened in 1955 and the substantial growth in demand for air transport throughout the 1960s and 1970s saw much of the core infrastructure at Heathrow’s Central Terminal Area developed, including the opening of what is now Terminal 3 in 1961 and Terminal 1 in 1968 and the construction of car parks, public transport and other operational and administration facilities. Terminal 4 was added in 1986.

With the opening of Terminal 5’s main facilities in March 2008, Heathrow acquired additional terminal passenger capacity for 30 million passengers per year. With Terminal 5C now operational, up to 35 million passengers per year can enjoy the same passenger experience as if they were using the main terminal.

The additional capacity provided by Terminal 5 has enabled Heathrow to begin rebuilding and renovating its other four terminals.

The first key phase in transforming Heathrow’s existing terminals is the construction of a new Terminal 2. The original Terminal 2 was closed in late 2009 with demolition of the old terminal infrastructure enabling construction of the new terminal to commence in mid-2010. The project involves a number of key components including

- the main terminal building;
- extension of an existing satellite building already in use as part of Terminal 1;
- substantial underground works including to connect the satellite to the main terminal; and
- a new multi-storey car park connected to the main terminal building.

Good progress has been made to date on the various parts of the project. The main terminal building was made weather-tight in February 2012, enabling fit out of the terminal’s systems and interior to accelerate. Construction of the satellite extension’s steel framework commenced in 2011. The northern section was made weather-tight by the end of 2011 and the whole extension is expected to be weather tight in late 2012. Excavation of the extensive basement and tunnel structures to house the tracked transit train and baggage systems, that will connect the satellite to the main building once the main terminal’s second phase is constructed, was completed in March 2012. Construction of the multi-storey car park commenced in May 2011. The first span of the ramps which will take the road up to the car park has been installed and the pre-cast columns to support the car park are currently being installed.

The new Terminal 2 will have an initial capacity of 20 million passengers per year when it becomes operational in 2014. The new terminal may be extended beyond the first phase currently under construction including to occupy the current footprint of Terminal 1, necessitating the closure of this terminal and increasing the terminal's capacity to 30 million passengers per year.

These projects are expected to expand Heathrow's terminal capacity to between 90 million and 95 million passengers per year. Without additional runway capacity, these levels of passenger throughput are dependent on increasing the average number of passengers carried on each aircraft through a combination of use of larger aircraft and higher load factors.

In parallel with the work on Heathrow's terminals, extensive investment is also being made in the airport's baggage systems in order to strengthen Heathrow's competitiveness as a hub by improving baggage connectivity between terminals and reduce airline operating costs. Recent and current baggage projects (excluding that related to Terminal 2) include an underground automated baggage system for passengers transferring between Terminals 3 and 5 and a new integrated baggage system for Terminal 3.

Runways

Heathrow's two parallel runways generally operate in "segregated mode", with arriving aircraft allocated to one runway and departing aircraft to the other. To mitigate noise impact to residents living below the approach and departure routes, the allocation of runways to arriving and departing aircraft is normally swapped at around 3:00 p.m. each day or as weather conditions necessitate.

Heathrow is permitted to schedule up to 480,000 air transport movements per year and in 2011 its runways operated at over 99 per cent. of their permitted capacity.

Retail Facilities

Heathrow has a total of approximately 53,000 square metres of retail space served by over 120 retail clients operating almost 500 retail outlets. Terminal 5, with over 24,000 square metres of retail space, has significantly increased the Airport's overall retail portfolio. BAA owns over 20,000 public car park spaces at Heathrow that are available to travellers and the general public. All terminals at Heathrow are served by car rental operators. Heathrow's terminals and their approaches provide advertising space, which yields further income.

Access to Heathrow

Heathrow's extensive ground transport links facilitate access to the airport for passengers, cargo transporters and airport personnel:

- Heathrow is located just off the M4 motorway to London and the west of England and London's orbital motorway, the M25.
- Heathrow Express offers a frequent non-stop rail service to and from London Paddington Station. This service is supplemented by the Heathrow Connect "stopping service", which provides connections with train services on the UK's western main line as well as local access to the airport.
- Additional direct rail connections to Heathrow are expected in the future following the completion of the cross London rail service Crossrail. In addition, the UK Government has confirmed its support for the proposed high speed rail link between London and Birmingham together with a direct connection to Heathrow that is currently scheduled to be developed in the second phase of the project that is forecast to become operational by 2033. A direct high speed rail link to Heathrow would reduce journey times from the Midlands and north of England and is expected to increase demand to use Heathrow by capturing UK passengers that currently travel via other European hub airports. Capacity should also be increased by allowing domestic slots serviced by relatively small aircraft to be rotated onto long haul routes serviced by larger aircraft.
- The London Underground Piccadilly Line has stations serving each of the terminals at Heathrow.
- Long distance coach services operated by National Express provide fast services from Heathrow to various parts of the United Kingdom, including Victoria Coach Station in Central London. Many of the local bus services in the nearby London suburbs also run to Heathrow.

Future investment at Heathrow

Heathrow is implementing a £5.6 billion investment programme (in projected outturn cost) over the six years to 31 March 2014. It is expected that by 2014 around 70 per cent. of passengers will be using new or recently constructed terminals and the remaining 30 per cent. of passengers will be using extensively refurbished terminals. The investment programme will also facilitate the co-location of members of each of the three main global airline alliances and will include developing the largest integrated baggage handling system in the world.

The major steps in Heathrow's investment programme through to 2014 currently include:

- completing the construction of phase one of the new Terminal 2 during 2013, enabling it to become operational in 2014;
- re-locating the Star Alliance airlines from Terminals 1 and 3 to the new Terminal 2;
- developing baggage systems and improved connectivity within and between the Airport's terminals;
- redeveloping Terminals 3 and 4 to improve the passenger experience;
- work to improve Heathrow's winter resilience; and
- the first tranche of Heathrow's contribution to the Crossrail rail project.

The investment programme is regularly reviewed by Heathrow and airline stakeholders to ensure alignment with business and operational priorities. This process can lead to changes in the timing of delivery of specific elements in the programme. However, such changes are not expected to give rise to material variance in the total level of capital expenditure over the six years to 31 March 2014.

Over the four years to 31 March 2012, Heathrow has invested approximately £3.3 billion (in outturn cost) in its capital programme with an additional £2.3 billion forecast to be invested in the two years to 31 March 2014.

Stansted

Overview

Commercial operations at Stansted began in 1966, with its current terminal facilities completed in 1991. Stansted has a single runway and a single passenger terminal configuration, with three satellites, two connected to the terminal by a tracked transit system and the other by a pedestrian walkway.

In the last ten years, Stansted has benefited from the expansion of low-cost carriers offering short haul flights to European destinations. The number of passengers using Stansted was 18.0 million in 2011 compared with 13.7 million in 2001.

Runway

Stansted's runway has since 2008 been permitted to schedule up to 264,000 air transport movements per year.

Retail Facilities

Stansted has approximately 11,000 square metres of retail space, with approximately 50 retail clients operating around 100 retail outlets. The main retail facilities are located in Stansted's core terminal building and supplemented by additional outlets located within the airport's three boarding satellites. Stansted also offers over 26,000 public car park spaces.

Access to Stansted

Stansted is located just off the M11 motorway, which links London and Cambridge, and the A120 dual carriageway, 20 minutes from London's orbital M25 motorway.

In addition to road access, Stansted has a railway station located below its terminal building. Stansted Express trains run frequently to and from Liverpool Street Station in Central London. There are also regular rail services from Stansted to Cambridge, Leicester and the Midlands.

Scheduled express coach services run to Stansted from various London bus terminals.

Future investment at Stansted

Stansted's investment programme over the current quinquennium is focussed on projects, expected to cost approximately £90 million, to enable Stansted's existing infrastructure to service up to 35 million passengers per annum. The key projects for 2013 and 2014 are related to the replacement of the old heating and cooling systems for the terminal and the satellites.

TRAFFIC

Historic Growth in Passenger Traffic at the Airports

Both Airports have seen passenger traffic grow over the last 10 years. Historic trends in passenger traffic and air transport movements at the Airports between 2001 and 2011 are discussed below.

(1) Percentage growth on previous year is based on unrounded passenger and air transport movement numbers.

Over the ten years from 2001 to 2011, passenger traffic at Heathrow increased at an annual compound rate of 1.4 per cent. A significant part of this growth occurred in 2002 and 2004. The growth in 2002 reflected a partial recovery in passenger traffic towards pre-2001 levels following the terrorist attacks on the United States in 2001. The further significant increase in passenger traffic in 2004 reflected a combination of a more sustained recovery in transatlantic traffic following the 2001 terrorist attacks as well as a return to growth in Far East traffic following the SARS outbreak in 2003. Between 2004 and 2007 traffic remained broadly flat. In 2008 and 2009, there were modest declines in traffic as a result of the global financial crisis. In 2010, reported traffic declined a further 0.2 per cent. due to disruption from a number of exceptional events, underlying traffic returned to growth. Partly driven by the 2010 disruptions, there was a strong recovery in traffic in 2011 with an all-time record in traffic for a calendar year of 69.4 million passengers. This growth has continued into 2012 with annual rolling traffic exceeding 70 million passengers for the first time in March 2012.

From 2004 onwards, but excluding reductions in 2009 and 2010 related to the global financial crisis and disruptions referred to above, the airport has been operating close to its limit of 480,000 air transport movements per year. In 2011, Heathrow operated at 99.2 per cent. of this limit. As a result, overall passenger growth at the airport is increasingly dependent on factors such as increased passenger numbers per aircraft, including through higher load factors and the introduction of larger aircraft, and one off factors such as the recent acquisition of bmi by International Airlines Group (parent company of British Airways). This development may provide opportunities to increase passenger numbers given that, for example in 2011, bmi accounted for 8.0 per cent. of Heathrow's total air transport movements but only 4.4 per cent. of passengers.

Over the last ten years there has also been a significant shift in traffic mix with substantial growth in emerging market long haul routes such as the Far East, Middle East and India. Long haul traffic to destinations other than North Atlantic has increased from 23 per cent of Heathrow's total traffic in 2001 to close to 30 per cent. in 2011, equivalent to nearly seven million additional passengers per annum. North Atlantic traffic has also grown over the period from 19 per cent. of total traffic to 23 per cent. In contrast, domestic traffic has declined from 11 per cent. of total traffic in 2001 to 7 per cent. in 2011. European traffic was virtually identical in terms of absolute passenger numbers at the beginning and end of this period although its share of Heathrow's total traffic declined from 47 per cent. of total traffic in 2001 to 41 per cent. in 2011.

This shift in mix has been driven by a number of factors including the strong economic development of emerging markets. North Atlantic traffic growth has been driven by three distinct factors since 2001, namely recovery from the terrorist attacks on the United States in 2001, the first phase of Open Skies becoming effective from March 2008 and the success of joint transatlantic services launched by British Airways and American Airlines from March 2011. The relative underperformance of domestic and European traffic has reflected increased use of alternative transport on domestic routes as well as other short haul routes such as Paris and Brussels (such as Eurostar train services); and airlines rotating their scarce slots to more lucrative long haul markets.

Since 2008, Heathrow's passenger traffic has been affected by the aviation industry's need to adjust to high fuel prices and by the impact of the difficult global economic environment. Nevertheless, Heathrow Airport has remained resilient with passenger traffic declining only 1.4 per cent. to 66.9 million in 2008 and 1.5 per cent. to 65.9 million in 2009 with a cumulative reduction in rolling annual traffic from peak to trough in this period of 3.4 per cent. This was amongst the most resilient performances of major airports in Europe and North America, thought to be influenced by two factors discussed above namely operating at full capacity, which implies a certain level of unfulfilled demand, and Heathrow's high exposure to long haul traffic, the faster growing segment of the global aviation market.

In 2010, Heathrow's passenger traffic was impacted by a number of exceptional events including closure of UK and European airspace primarily in April due to ash from an Icelandic volcano, industrial action affecting British Airways' operations between March and June and severe winter weather in December. These factors are estimated to have resulted in the loss of up to 2.4 million passengers. As a result, whilst Heathrow's reported traffic declined 0.2 per cent. to 65.7 million in 2010, adjusting for the disruptions, and whilst recognising that some passengers whose journeys were interrupted by the disruptions would have completed their journeys later in the year, underlying traffic is estimated to have increased by up to 3.4 per cent. This continued a recovery in traffic from the global economic crisis that commenced in the second half of 2009 and has continued since 2010 through to the first quarter of 2012.

(1) Percentage growth on previous year is based on unrounded passenger and air transport movement numbers.

Over the last ten years, Stansted's traffic has been characterised by significant growth up until 2006 followed by almost as large declines since 2007. Overall over the ten year period, Stansted's traffic has experienced a compound annual growth rate of 2.8 per cent. Stansted's passenger traffic over this period has been influenced particularly by its two

largest airlines, Ryanair and easyJet, together with UK consumer confidence and the overall UK macro-economic environment.

Between 2001 and 2006, Stansted's traffic increased at a compound annual rate of 11.6 per cent. reflecting a relatively benign macro-economic environment in the UK together with the fact that Ryanair and easyJet were expanding their UK operations during this period. In contrast, between 2007 and 2011, traffic declined at a compound annual rate of 6.6 per cent. reflecting principally the difficult economic environment through this period exacerbated by airlines redeploying capacity to other European markets with greater growth opportunities in the low cost market. The decline in traffic has also been influenced by bankruptcy of, or cessation of part or all of their Stansted operations by, airlines which generally had a relatively modest presence at Stansted such as Maxjet, Globespan, American Airlines, Sky Europe, Air Berlin and Air Asia X.

Stansted's passenger traffic is dominated by European scheduled traffic which accounts for approximately 85 per cent. of its total traffic reflecting the focus of Ryanair's and easyJet's activities.

In 2009, Stansted's passenger traffic declined 10.7 per cent. In 2010 and 2011, its traffic declined by a further 7.0 per cent. and 2.8 per cent. respectively. However, adjusting in both years for the impact of disruption in April 2010 (and to a lesser extent in May 2010) as a result of ash from a volcanic eruption in Iceland, which is estimated to have resulted in passenger traffic being 0.4 million lower than expected, Stansted's traffic declines in these two years were similar at around 5 per cent.

CUSTOMERS

The following table provides details of the main airline customers for the Airports in the 12 months ended 31 December 2011:

(1) Excludes other charges, related primarily to the provision of fixed electrical ground power and pre-conditioned air to aircraft.

Heathrow

The largest airline customer at Heathrow is British Airways, which has its global hub there. British Airways is a full-service airline operating a wide range of domestic, European and international long haul services. British Airways, together with its sister airline Iberia (both owned by International Airlines Group ('IAG')), are currently the sole airline occupants at Terminal 5. Heathrow has an agreed joint framework with British Airways for future cooperation.

Virgin Atlantic Airways operates multi-class flights to long haul destinations from Heathrow's Terminal 3. bmi has recently been acquired by IAG and is expected to be integrated with British Airways' operations.

Stansted

Ryanair is Stansted's largest airline customer and has grown its Stansted operations substantially in the past decade. easyJet also has a significant base at Stansted. Ryanair and easyJet are Europe's two largest low-cost carriers, and both require airport facilities that allow rapid aircraft turnarounds to enable optimum aircraft utilisation.

Air service agreements

The allocation of airlines between the Airports is subject to agreements between the UK Government, the European Union and other countries. In April 2007, the European Community, its Member States and the United States signed the first stage of the Open Skies Agreement, which came into effect on 30 March 2008 and liberalised air services between the EU and the United States providing access to Heathrow for a greater number of airlines.

For more information on air service agreements, see “*Risk Factors—Regulatory Risks—The Group could face other regulatory and public policy changes*”.

OTHER OPERATIONS

Cargo and Mail Carriers

The Airports handle cargo and mail traffic although this forms a small part of air transport movements at the Airports. The bulk of cargo and mail at Heathrow is carried in the cargo holds of passenger flights rather than by dedicated cargo flights. At Stansted, Federal Express has a main cargo and mail hub facility. In the year ended 31 December 2011, there were 2,484 all-cargo air transport movements at Heathrow and 10,147 at Stansted.

Cargo and mail carriers are responsible for handling merchandise and packages at the Airports, including delivery to cargo warehouses, customs procedures and clearance, aircraft loading and unloading, sorting and transport to the final destination.

The Airport Operators provide cargo sheds and other accommodation and facilities which are leased, or separately billed on a use basis, to cargo-service providers.

ROLE OF GOVERNMENT SERVICES AND AGENCIES IN AIRPORT OPERATIONS

The UK Government is responsible for a number of essential services at the Airports, which it discharges through governmental and non-governmental agencies, notably:

- Security operations: The UK Government is responsible for setting aviation security regulations, issues directions to airport operators, airlines and cargo operators and monitors compliance with these directions through a programme of regular inspections and audits;
- Public order and policing services: Policing operations at the Airports are the responsibility of the local police authority that each Airport Operator pays for the provision of these services. These public safety services should be distinguished from security operations, which are designed to prevent illicit acts that risk endangering the security of aircraft and passengers; and
- Border controls: The UK Home Office’s Border Force is responsible for the control of persons and goods.

Air traffic control, including aerodrome navigation services, are provided by NATS, a privately held entity which is responsible for the arrival and departure of aircraft to and from the aircraft parking areas at the Airports. NATS also works closely with the Airport Operators and airlines in determining the declaration of scheduling capacity.

SUPPLIERS

The Airport Operators work with numerous external suppliers for the delivery of services relating to the day-to-day operation of the Airports, as well as for the construction of capital projects.

Utilities

The electrical power distribution infrastructure at the Airports are owned, managed, maintained and developed by UK Power Networks Services Limited under contracts that expire in 2083. The Airports have arrangements in place with E.ON and Gaz de France for the supply of electricity and gas, with Three Valleys Water for the supply of water and with Thames Water for sewerage and trade effluent services.

IT

IT services for the Airports have been outsourced to be managed by Capgemini UK plc under a five year contract that commenced in 2011.

Other services

There are a large number of services required for the operation of the Airports which are arranged on a separate basis with external suppliers, including security screening, baggage and ground handling, terminal cleaning and passenger transportation services.

COMPETITION

Heathrow competes for transfer traffic with the other major European hub airports such as Paris Charles de Gaulle, Amsterdam Schiphol, Frankfurt and Madrid Barajas. In the future, Heathrow could experience increasing competition for transfer traffic from hub airports in the Middle East, such as the current and planned future airports in Dubai.

Stansted, and to a more limited extent Heathrow, faces competition from London Gatwick Airport, London Luton Airport, Southend Airport and London City Airport in the air travel market in the South East of England and other forms of travel (including the Eurostar high-speed train service connecting London with Paris and Brussels).

ENVIRONMENTAL REGULATION

A wide variety of EU and UK environmental policies and regulations affect the Airports, focusing in particular on climate change and energy use; noise; air quality; soil and water pollution arising from airport operations; surface water drainage and flooding; waste handling, management and disposal.

The main framework for noise management at the Airports is provided by the European Environmental Noise Directive action planning process. This includes, for example: pricing regimes that penalise noisier aircraft; airfield operation protocols relating to engine noise; the provision of fixed electrical ground power and pre-conditioned air; investments in systems to monitor and track noise levels of aircraft and local noise insulation schemes. The UK Government also has direct responsibility for regulating aircraft noise at Heathrow and Stansted including restrictions on night flights. The existing night flights regime is expected to operate until October 2014. The process for replacing the existing regime is expected to involve an initial consultation in 2012 addressing the effectiveness of the current regime and airlines' fleet replacement plans and a further consultation in 2013 to develop specific proposals for the new regime taking into account expected developments in aviation policy.

The relevant local authorities for the Airports also impose noise controls as part of the planning system, including annual air transport movement limits and noise contour area limits. They also implement policies for the development of dwellings in areas exposed to transportation noise or poor air quality as set out in the UK Government's Planning Policy Guidance Notes.

The UK Government's Air Quality Strategy implements the requirements of European legislation for air quality and provides a framework to identify air quality improvement measures and sets out a coordinated approach to achieve them. The local authority for Heathrow has declared an "air quality management area" to manage nitrogen dioxide levels in the vicinity of the airport.

The Airports are also subject to regulation of energy and related CO₂ emissions. Under the CRC Energy Efficiency Scheme from 2011 the Airports are required to pay a fee to the UK Government for each tonne of carbon dioxide emitted from fixed asset energy use. Additionally Heathrow and Stansted are covered by the EU Emissions Trading Scheme (EU ETS) due to the size of combustion plant on site. The EU ETS requires allowances for emissions from fossil fuel consumption on site to be surrendered on an annual basis. The next phase of the scheme starts in 2013 and, in line with the overall goal of reducing emissions, will result in reduced emissions allowances being available, with an increasing requirement over the phase to purchase EU emissions allowances by auction.

Heathrow has adopted a strategy to reduce emissions from energy use in airport buildings by 34 per cent. by 2020 from 1990 levels. Stansted is developing suitable local targets informed by energy strategy assessments. The Airports also have strategies in respect of water and land quality, waste and biodiversity.

See "*Risk Factors – Regulatory Risks – The Group faces costs related to environmental, health and safety and planning considerations*".

RELATED PARTY TRANSACTIONS

The Airport Operators have entered and may from time to time in the future enter into transactions with certain affiliates of BAA and its shareholders, including Ferrovial, S.A. and its affiliates. All such contracts are and will be negotiated on an arm's-length basis and, where applicable, are subject to the requirements of EU legislation.

SHARED SERVICES

Pursuant to a Shared Services Agreement, BAA Airports provides or procures third parties to provide central support services to the Group to assist with the running and management of the Airports.

Services provided by BAA Airports

The services provided by BAA Airports include IT, health and safety, security, research, airport planning and marketing, finance, human resources, property management, regulatory services, corporate and public affairs and legal support. BAA Airports has sub-contracted certain of the cash management and accounting services to BAA Business Support Centre Limited.

All of the staff working for the Airport Operators are employed and provided by BAA Airports, although Heathrow Express employs its staff directly with the exception of a small number of senior management who are employed by BAA Airports.

The terms on which services and staff are provided to the Group are set out in the Shared Services Agreement. There is a similar agreement between BAA Airports and the other airports in the BAA Group.

Fees payable to BAA Airports

Each of the Operating Companies pays a fee to BAA Airports which comprises:

- (a) the cost to BAA Airports of providing the services; and
- (b) in respect of centralised airport services, administrative and business support services and corporate services, a margin of 7.5 per cent.

The majority of costs for employees provided under the Shared Services Agreement are included in the charges for airport services and capital project services, to which the margin does not apply. The margin payable to BAA Airports in relation to services to the Group was £ 9.4 million in the 12 months ended 31 December 2011.

Termination of Shared Services Agreement

Subject to the prior written consent of the Borrower Security Trustee, the Operating Companies have the right to terminate the Shared Services Agreement in the case of a breach by BAA Airports with a material adverse effect not remedied within 30 days, certain insolvency related events in relation to BAA Airports or if it becomes illegal for either BAA Airports or the Obligors to perform their obligations under the Shared Services Agreement.

BAA Airports may terminate the Shared Services Agreement only where:

- (a) another suitable and properly resourced member of the BAA Group (excluding any members of the Group) is appointed to act as replacement Shared Services Provider on substantially the same terms;
- (b) a replacement Shared Services Provider is appointed with the consent of and approved by the Borrower Security Trustee and, unless otherwise agreed as an Extraordinary Voting Matter, a Ratings Confirmation is provided; or
- (c) the Operating Companies fail to pay any amounts of £50,000 or more to BAA Airports under the Shared Services Agreement, subject to a 30 Business Day grace period.

The Shared Services Agreement will terminate in respect of an Operating Company which ceases to be controlled by BAA Airports. Unless otherwise agreed, termination will take effect 6 months from the date that the Operating Company ceases to be controlled by BAA Airports.

BAA Airports is entitled to pass pensions costs on to the Group. These relate principally to BAA Airports' obligation to fund BAA's defined benefit pension scheme and are calculated on a basis linked to pensionable payroll in respect of those employees that BAA Airports makes available to the Operating Companies under the agreement. In certain circumstances, the obligation of the Operating Companies to meet pension costs will survive termination of the agreement.

In the event of termination of the Shared Services Agreement, BAA Airports is required to use its reasonable endeavours to facilitate the transfer of the terminated services to the Operating Companies (or to any replacement

servicer appointed by the Operating Companies) with a view to ensuring an orderly and efficient transfer with minimal disruption to the ongoing business of the Operating Companies. The employment of relevant airport level staff is expected to pass to the relevant Operating Company or to a replacement service provider.

Potential Conflicts of Interest

Because Heathrow, Stansted and Heathrow Express have entered into the Shared Services Agreement, there may be potential conflicts of interest for José Leo, who is a director of BAA Airports, which is the provider of the shared services, and each of the Borrowers, which are recipients of the shared services, and for Terry Morgan, Steven Morgan and John Holland-Kaye, who are directors of BAA Airports and Heathrow and, in the case of John Holland-Kaye, Heathrow Express. Save as disclosed in this paragraph, as at the date of this Prospectus there are no potential conflicts of interest between any duties owed to each of the Obligors and the private interests or any other duties of any of their directors.

For a description of certain risks associated with the Shared Services Agreement, see “*Risk Factors – Commercial Risks – The Group is dependent on BAA Airports as Shared Services Provider to operate its businesses*”.

INSURANCE

BAA Airports provides insurance and claims handling services to the Operating Companies. BAA Airports arranges both annual and multi-year insurance programmes on a group-wide basis for the BAA Group. Heathrow Express has separate public liability insurance cover and the Airport Operators, through BAA Airports, have separate policies to protect against specific risks.

The BAA Group insurance programmes, which are required under the Common Terms Agreement (CTA), include the following insurance cover:

- ***property damage and business interruption insurance*** which covers all risks (including terrorism) of sudden accidental direct physical loss or destruction of, or damage to, insured property and resultant loss of revenue and/or increased costs of maintaining normal business activities. There is also a separate policy covering specified tenanted properties, which provides cover on the basis of individual property sums insured;
- ***general liability insurance***, including aviation liability, aviation war/terrorism, public/product liability; public liability with respect to the Heathrow Express rail service; and construction third-party liability;
- ***construction all-risks insurance*** (including terrorism), which is provided up to the full value of all projects commenced during the remainder of Q5 (+1)
- ***third-party financial loss and professional indemnity insurance***; and
- ***employers’ liability insurance***.

Insurance cover for the Group is provided by a combination of insurance market entities and captive insurance companies owned by or affiliated with BAA Airports or its ultimate shareholders.

The financing agreements (within the CTA) require BAA to effect and maintain insurance policies in relation to liabilities, undertakings and assets in accordance with good industry insurance practice. Details of these insurance policies are provided annually to an insurance adviser acting on behalf of certain secured creditors.

Some insurance cover for the Group is provided by BAA’s own captive insurance company, BAA Insurance Services Ltd (the “**Captive**”). The Captive enables the BAA Group to access reinsurance markets (including Pool Re for property terrorism risks), to leverage the BAA Group’s combined position on the conventional insurance market and to offer funding options for the Group’s self-insured retention. The Captive underwrites some group-wide risks and also funds some of the BAA Group’s self-insured retention.

For more information on insurance, see “*Risk Factors – Commercial Risks – The Group’s insurance coverage might not be adequate or available in all circumstances*”.

PENSIONS

The BAA Group operates a number of pension schemes for its employees. The main schemes, which are operated by BAA Airports, the employing company within the BAA Group and sponsor of the related pension schemes, comprise a defined benefit pension scheme (that closed to employees joining BAA Airports after 15 June 2008) (the “**Pension**”).

Scheme”) and a defined contribution pension scheme (that employees joining BAA Airports since 16 June 2008 are eligible to join). There is also a separate defined contribution pension scheme for Heathrow Express employees.

Under the terms of the Shared Services Agreement (‘SSA’), the Borrowers make monthly cash payments into the Pension Scheme determined by reference to the pensionable salaries of employees engaged in the operation of the relevant Airport and such that the total payments made into the scheme are consistent with the latest agreement made with the trustees of the Pension Scheme. Employer contributions into the defined contribution pension scheme are determined simply as a percentage of pensionable salary. Under the terms of the SSA, the Borrowers are also liable to fund their share of any deficit in the Pension Scheme, if requested by BAA Airports. The Pension Scheme also has a right to receive up to approximately £289 million out of the proceeds of an enforcement of the security granted by the Group, to rank *pari passu* with the Class A Bonds.

The Pension Scheme is administered by a board of trustees comprising three employee representatives, one pensioner representative and four Company nominated trustees. In addition, the Law Debenture Trust Company provides an independent trustee. As at 31 December 2011, the Pension Scheme had 6,896 current members, 8,268 pensioners (including pensions paid to surviving partners and dependents) and 4,793 deferred pensioners.

In relation to the Pension Scheme, the most recent triennial valuation was undertaken by the BAA Pension Trustee as at 30 September 2010 and indicated a scheme deficit at that date of £275 million calculated using the trustees’ actuarial assumptions. As part of the triennial valuation process, agreement was reached between BAA Airports and the BAA Pension Trustee that the level of employer contribution commencing 1 January 2012 would be £97 million per year. This compares with a total contribution of £80 million per year paid from 2009 to 2011. The annual employer contribution includes £24 million which is aimed to eliminate the Pension Scheme’s deficit by 31 December 2020. All but approximately £15 million of the new annual amount is expected to be met by the Airports. BAA Airports also agreed to continue funding any pension costs associated with redundancies on a pay-as-you-go basis. In addition, the cost to the Group of contributions to the BAA Airports and Heathrow Express defined contribution pension schemes in 2011 was approximately £2.2 million.

In any sale of a Group company, a payment can be made to the Pension Scheme in an amount not exceeding the amount specified in the SSA in order to bring to an end to the relevant company’s pension funding obligations.

For additional information, see *“Risk Factors – Commercial Risks – The Operating Companies could be subject to periodic increase in pension costs in the future”*.

AIRPORT REGULATION

AIRPORT REGULATION GENERALLY

Regulatory Framework

The Airports Act sets out the regulatory framework for airports in the UK. The CAA, as the economic regulator for UK airports, is required to set price controls for the airport charges levied by price regulated (“designated”) airports. Whether or not an airport is designated is a matter for the UK Government. Heathrow and Stansted are both designated airports.

The CAA sets the maximum level of airport charges for five year periods, known as quinquennia. The CAA has the right to extend quinquennia for up to one year and has done so for Heathrow (extending Q5 to 2014 to allow the Q6 regulatory review to take place after implementation of the changes the Government proposes to implement as part of a new Airports Act – see “ – *Potential Future Changes to the Regulatory Framework*” below).

As with other UK regulated utilities, the Airports’ price caps have been set on an RPI +/- X basis based on an allowed return on the Regulatory Asset Base (referred to as the RAB). Changes in costs and revenues and changes in assumed traffic volumes are addressed going forward when tariffs are re-set for the following regulatory period. However, there is not a retrospective adjustment for shortfalls in lost income or additional costs (except where airports incur additional security costs, above an established threshold, when implementing new security directives imposed by the EU or the UK Government).

The CAA carried out a competition assessment of Heathrow, Gatwick and Stansted with its initial findings being released in March 2012. The assessment found that Heathrow still has substantial market power but appears to be facing increasing competition from other European hubs, particularly in the transfer passenger market. The CAA also found Stansted did face competitive constraints but had substantial market power during peak times. The CAA has indicated that price control will continue to exist at Heathrow. The position is less clear at Stansted.

The CAA and its Statutory Powers and Objectives

The CAA is the independent aviation regulator in the UK, with responsibility for economic regulation, airspace policy, safety regulation and consumer protection. The CAA has a statutory duty to perform its functions in setting price controls in a manner which it considers is best calculated to:

- further the reasonable interests of users of airports within the UK;
- promote the efficient, economic and profitable operation of such airports;
- encourage investment in new facilities at airports in time to satisfy anticipated demands by the users of such airports; and
- impose the minimum restrictions that are consistent with the performance by the CAA of its functions.

The Airports Act does not provide guidance on how the CAA should weigh its various statutory duties. The CAA has stated that where two or more of its statutory duties pull in different directions it will base its decisions on its overall assessment of how the combination of regulatory policy decisions are together best calculated to meet its statutory duties taken as a whole.

In carrying out its statutory functions, the CAA also has to take account of the UK’s international obligations. Amongst other things, these provide that airport charges for non-national aircraft are not higher than those paid by national aircraft engaged in similar operations.

The International Civil Aviation Organisation publishes guidance on charges for airport services. It considers that where an airport is provided for international use, the users shall ultimately bear their full and fair share of the cost of providing the airport including a reasonable rate of return on assets. It also provides guidance on charging systems suggesting, among other things, that charges should be simple and non-discriminatory and that increases should be introduced on a gradual basis where possible.

Potential Future Changes to the Regulatory Framework

Legislation to introduce changes to the framework for the economic regulation of UK airports has been introduced to Parliament. The Airport Economic Regulation Bill is being brought forward following the UK Government's decision

announced in December 2009 referred to above which followed extensive consultation with the industry regarding changes to the economic regulation of UK airports. The legislation may be subject to change prior to its implementation. The reforms include introducing a new single primary duty for the CAA to promote the interests of existing and future end consumers of passenger and freight services, wherever appropriate by promoting effective competition. There will also be supplementary duties for the CAA to:

- have regard for airport operators' legal obligations to comply with applicable environmental and planning law;
- secure, so far as it is economical to meet them, that all reasonable demands for airport services are met efficiently;
- ensure that licence holders are able to finance the activities which are subject to the relevant licence obligations;
- have regard to guidance issued by the Secretary of State, as well as any National Policy Statement on airports; and
- have regard to the principles of Better Regulation and to consult with stakeholders, including airlines.

The reforms will be brought into effect through a licensing regime for airports similar to licences in place in certain other regulated sectors such as water and energy. Only airports that pass designation criteria will require a licence which at the current time would encompass both Heathrow and Stansted. Licensed airports are expected to be subject to some form of price control arrangements and a possible sanctions regime. The regime is to be developed but could include financial penalties, for example, in the event of airport closures due to poor winter weather preparation. Licensed airports are also expected to be obliged to consult stakeholders on future plans for investment in and the operation of an airport, to report on environmental performance, to comply with service standards and measures to hold an operator to account for the delivery of agreed investment outputs.

The reforms include measures to promote the financial resilience of licensed airports. On 21 July 2010, the UK Government announced further details of this aspect of the reforms. Initial economic licences were to be issued by the Secretary of State and are expected to include:

- a minimum creditworthiness requirement for licensed airports;
- ring-fencing provisions similar to those in place in other regulated sectors but with initial derogations from some of those provisions where the costs of implementation would exceed their benefits;
- a requirement on the CAA to apply agreed tests when considering the removal of an airport's derogations and an appeals process that is aligned with the wider licence modification process; and
- a requirement for airports to put in place continuity of service plans.

The UK Government also confirmed:

- the earlier decision not to bring in a special administration regime; and
- that it will not be making changes to the basis on which the current price caps at Heathrow are set.

In October 2011 the Government announced that the CAA, rather than the Secretary of State will issue the initial licences.

PRINCIPLES OF ECONOMIC REGULATION

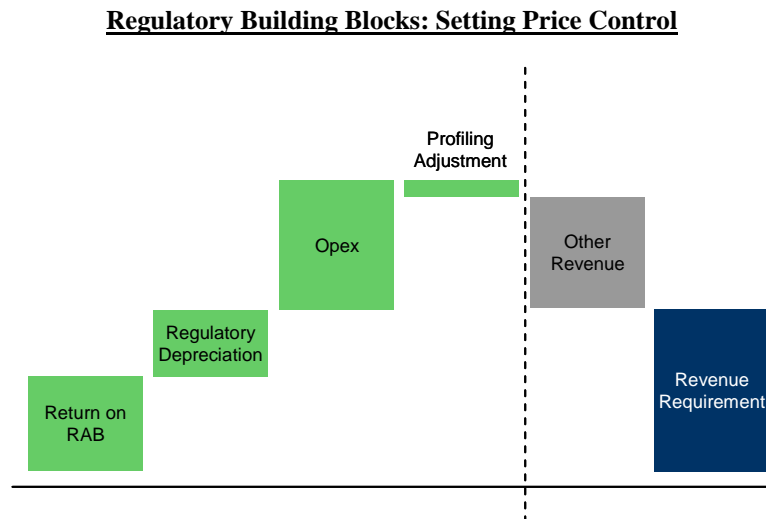

The CAA imposes conditions on the operators of designated airports to regulate the maximum amount they may levy in airport charges during a quinquennium.

The Price Cap

The CAA uses a "single till" building block approach in setting the price caps. The single till takes into account revenue and costs from both aeronautical and non-aeronautical activities when setting the price caps for a quinquennium.

In setting the price cap, the CAA determines the regulated revenue requirement which is calculated as the sum of forecast operating expenditure less other revenue plus the required return (using the cost of capital determined by the CAA) on the forecast RAB (taking into account forecast capital expenditure), plus regulatory depreciation and plus or minus any profiling adjustment. The profiling adjustment is a mechanism for transferring revenue between quinquennia to smooth charges that would otherwise have occurred due to major investments. The resultant regulated revenue requirement is the total airport charges income.

This methodology for deriving the regulated revenue requirement can be represented by a simplified diagram:

The regulated revenue requirement is divided by forecast passenger numbers which, subject to a price profiling adjustment to smooth charges across the five years of a regulatory period, establishes the price cap expressed as a maximum allowable yield per passenger.

During each quinquennium, the maximum allowable yield changes from each 1 April by RPI +/- X based on RPI from the previous August.

When setting the price cap the CAA will take its own view of the scope for future efficiency savings, the appropriate level of capital expenditure and the rate of growth in demand for airport services.

While the price cap places a limit on the increase in the airport charges yield, the airport operator has the discretion on whether to price to the maximum permitted level. Therefore, the Airport Operators can choose to price charges below the cap. For example, if there is unused capacity, an Airport Operator may choose to set prices below the cap in order to stimulate demand.

The price control conditions set by the CAA include the following components for the maximum allowable yield:

- The “**S factor**” is an adjustment designed to recover in subsequent regulatory years within the relevant quinquennium additional security costs incurred as a result of new UK or European Commission security directives issued by or through the UK Government. For Q5, the Airport Operators are permitted to recover 90 per cent. of any such additional security costs incurred above thresholds of £16.5 million at Heathrow and £3.6 million at Stansted (nominal prices).
- The “**K factor**” is designed to correct for any under recovery (dilution) or over recovery (concentration) in airport charges compared to the annual maximum allowable yield per passenger. Under or over recoveries generally arise due to changes in traffic mix or average loads compared to those forecast at the time prices were set. For example, an increase in international departing passengers would result in yield concentration leading to an over recovery. Conversely, an increase in average loads would cause yield dilution. The K factor adjustment is applied to the maximum allowable yield calculation two years after the year in which it is incurred and therefore can be carried forward to the following quinquennium.
- There is also a capital expenditure “trigger” term built into the formula for Heathrow, with provision for the maximum allowable yield to be reduced if specified projects are not delivered on time. At the start of Q5 there were 24 trigger projects at Heathrow, which relate to approximately 60 per cent of its capital investment plan during Q5. The projects that could give rise to the most significant reductions in aeronautical income, if they did not meet the relevant milestones, include the Terminal 3 integrated baggage system and Phase 1 of the new

Terminal 2. The maximum amount at risk at the beginning of Q5 was approximately £259 million with the majority of the amount at risk relating to the last two years of Q5.

- At 30 April 2012, 17 of the 26 capital investment trigger projects (two new capital triggers have been introduced in last year) at Heathrow during the current regulatory period (including the additional year to 31 March 2014 added to the period) had been completed. Based on forecast project completion dates for all trigger projects as at 30 April 2012, it is expected that aeronautical income would be adjusted at Heathrow by approximately £90 million (in 2007/08 prices) over the regulatory period to reflect re-phasing of investment compared to that anticipated by the CAA at the time of the March 2008 settlement. Of this amount, £1 million relates to the 17 completed projects and approximately £7 million had been incurred in the four years to 31 March 2012.
- There are service quality rebate schemes at each of the Airports which set defined service standards for a range of passenger facilities, such as piers, lifts, escalators and people movers, as well as for airfield congestion and security queuing times. To the extent the Airport Operators do not meet the defined standards, they are required to provide rebates to airlines on the per-passenger charges, which in Q5 could amount to as much as 7 per cent. of airport charges. For Heathrow only, the scheme includes a bonus element whereby Heathrow is permitted to levy up to 2.24 per cent. higher airport charges to the extent it exceeds certain of the service quality standards. In the four years ended 31 March 2012, Heathrow incurred total rebates of £18 million, and in the three years ended 31 March 2012, Stansted incurred total rebates of £1 million.
- In addition, Heathrow's maximum allowable yield for the current quinquennium took into account forecast capital expenditure on the Project for Sustainable Development of Heathrow ('PSDH') which included expenditure related to the proposed third runway. Given the uncertainty over the scale and timing of capital expenditure on PSDH and consistent with CAA guidance in the Q5 settlement, following consultation with airlines Heathrow agreed that remuneration for PSDH would be determined on an ex-post basis, i.e. recovery of the capital expenditure would commence the year after it is incurred. In the year to 31 March 2012, aeronautical income was reduced by £20.9 million to reflect this principle due to lower PSDH expenditure than reflected in the regulatory settlement. Given that the UK government recently ruled out the development of a third runway at Heathrow the level of annual adjustment to aeronautical income is likely to increase over the remainder of the current quinquennium although the level of adjustment will also depend partly on the extent to which it is agreed with airlines that funds allocated to PSDH expenditure can be utilised on other projects.

From 1 April 2008, aerodrome navigation service costs have been included within airport charges.

Regulatory Asset Base (RAB)

As with other regulated utilities in the UK, the RAB acts as a unit of regulatory value and does not correspond to statutory asset values. The CAA has historically calculated a forecast of the value of the RAB at each airport over each year of the quinquennium. This has been included in the CAA's RAB forecasts made at the time of the quinquennial decisions. For Q5 at Stansted, however, the CAA has decided not to specify a RAB. For more information, see "*—Stansted Price Regulation—The Stansted Q5 Price Decision*".

The closing RAB at each Airport for each year is taken to be the sum of the opening RAB, plus capital expenditure (unless disallowed by the CAA) plus an adjustment for RPI inflation less regulatory depreciation (including the pricing profile adjustment—see "*—The Price Cap*" above) and less proceeds of disposals at the Airport.

The CAA does not update the value of the RAB within each quinquennium. Each Airport has been required to submit regulatory accounts to the CAA at 31 March of each year, identifying, among other things, the value of the RAB. A decision as to whether the current period RAB has been appropriately updated during the current regulatory period is not made until the CAA sets the opening RAB for the next quinquennium as part of the price control review.

The RAB is independently verified by the Airports' statutory auditors and included in the regulatory accounts which are provided annually to (but not approved by) the CAA.

Quinquennia

The CAA sets price caps for designated airports for a five year period, each known as a quinquennium, with provision for these to be extended by one year. The current quinquennium, Q5, lasts from 1 April 2008 to 31 March 2014 for Heathrow and from 1 April 2009 to 31 March 2014 for Stansted.

Constructive Engagement

For the Q5 review, the CAA proposed a process of constructive engagement. This required airports and airlines to seek to agree some of the main inputs of the price control calculation. Discussions were held on airport vision, airport strategy, capital expenditure, traffic forecasts, capital expenditure efficiency, opportunities for operating cost efficiencies and non-regulated charges.

Statutory Reference to Competition Commission

Previously, before the CAA could set new price controls, it was required under the Airports Act to make a statutory reference to the Competition Commission with regard to (a) the maximum amount of airport charges capable of being levied by the relevant airport during the next quinquennium and whether the airport has pursued a course of conduct which has operated or might be expected to operate against the public interest in relation to specific matters.

As a result of the new legislation (see “*Potential Future Changes to the Regulatory Framework*”), it is expected that the Competition Commission will no longer have this role during the review of price controls by the CAA and instead will act as the body of appeal for airport operators and airlines against the CAA’s decisions. In May 2012, the Secretary of State for Transport confirmed that, given the new legislation is not expected to be effective until the first half of 2013, the reference to the Competition Commission will not be required in relation to the process of setting the price control for the next quinquennium due to commence on 1 April 2014 for both Airport Operators.

Interim Reviews

The price cap is typically set for a quinquennium and cannot be changed during this period without the Airport Operator’s consent. In other words, airlines and the CAA cannot force a reopening of the price cap determination during a regulatory period.

The CAA has indicated that it does not consider that financial distress, per se, would justify re-opening price controls, nor a scaling back or deferral of the investment programme that users effectively pay for through their charges. This means that in extreme circumstances the CAA would not necessarily increase the level of airport charges to assist an airport that was experiencing financial difficulties. The CAA has stated that to do otherwise would transfer risk from equity and debt investors to users, contrary to the CAA’s policy approach. This was reaffirmed in the CAA’s decision in respect of Heathrow for Q5 published on 11 March 2008.

HEATHROW PRICE REGULATION

Key elements of CAA’s Q5 Decision

The CAA’s decision in respect of Heathrow for Q5 was published on 11 March 2008. The key elements of the CAA’s decision included:

- maximum allowable yield increases based on RPI + 7.5 per cent. for each regulatory year during Q5;
- “single till” approach and continuity with current price control in terms of recognising commercial revenues and costs of the airport, the definition of airport charges and the principal design of the price cap;
- WACC (weighted average cost of capital, which is the CAA’s assessment, using a notional capital structure, of the appropriate allowed blended cost of debt and return on equity to satisfy the requirements of capital providers over the quinquennium) of 6.2 per cent. pre-tax real;
- lower projected operating costs than had been forecast by Heathrow;
- confirmation of regulatory intent that risks associated with specific financial arrangements adopted by the airports fall on the owners and their investors rather than users;
- the ability of Heathrow to earn a return on the forecast Q5 expenditure of £639.0 million (in 2007/08 prices) associated with a third runway or mixed mode at Heathrow and a mechanism to provide a degree of certainty that such expenditure would be ultimately included in the RAB; and
- a cross-period revenue profile adjustment (i.e. bringing revenues forward from Q5 to Q4) which was included in the Q4 regulatory settlement to avoid significant changes in prices that would otherwise have occurred due to major investments (in particular Terminal 5). The CAA has unwound this profile adjustment in the Q5 regulatory statement.

SQR Scheme

The CAA also introduced a service quality rebate (“**SQR**”) scheme with defined service targets for a range of services relating to passengers’ experience such as security queuing times, departure lounge seat availability, cleanliness, way-finding, flight information, arrivals baggage reclaim availability, the availability of equipment such as lifts, escalators and people movers and the availability of and access to infrastructure such as piers, jetties and stands. The service standards cover other areas such as airfield congestion.

Service standards include that

- departing passengers should pass through security within 5 minutes 95 per cent. of the time and within 10 minutes 99 per cent. of the time and transfer passengers should pass through security within 10 minutes 95 per cent. of the time; and
- arrivals baggage reclaim and other equipment shall be available at least 99 per cent. of the time.

To the extent that Heathrow does not achieve the defined standards, rebates to airlines are required. The maximum total revenue at risk during the quinquennium is 7 per cent. of the total airport charges. Heathrow can achieve a 2.24 per cent. revenue upside in the form of a bonus if it exceeds certain SQR targets.

As a proportion of total airport charges, rebates are up to a total of approximately 2.6 per cent. for departure lounge seat availability, cleanliness, way-finding, flight information, arrivals baggage reclaim and equipment availability, 1.2 per cent. for infrastructure availability and access, 1.1 per cent. for passenger security queuing times and 1.0 per cent. for airfield congestion.

In the four years since the current SQR scheme was introduced up to 31 March 2012, Heathrow incurred total rebates of £18 million (approximately 0.5 per cent. of aeronautical income over the period).

Other Relevant Points coming out of the Q5 Settlement

The CAA provided for an independent mid-Q5 assessment of progress in achieving capital expenditure efficiency at Heathrow and its performance in consulting with users on airport development and investment. The assessment commenced in April 2010 and the CAA produced a report in February 2011. Overall, the report considers that progress has been made in the first two years of Q5 but there is still room for further improvement in the way that Heathrow plans, implements, measures and evaluates capital expenditure projects. The CAA has stated that it expects Heathrow to take account of the report in preparing and implementing capital investment plans for the remainder of Q5, and for the capital expenditure plans that will underpin regulatory submissions for the next regulatory settlement.

Extension of Heathrow’s current regulatory period

On 31 March 2011 the CAA announced its formal decision to extend Heathrow’s current regulatory period by one year to 31 March 2014. The key elements of the CAA’s decision include:

- a maximum allowable yield increase in 2013/14 based on RPI + 7.5 per cent. (a continuation of the current price control formula);
- an agreed cap on the capital expenditure programme at Heathrow for 2013/14 of £735 million (in 2007/08 prices); and
- all existing Q5 capital expenditure triggers will continue, but are subject to on-going negotiation with the airline community.

Q6 CAA Consultation

The next regulatory period for Heathrow and Stansted will begin in April 2014 and work is commencing on setting the regulatory settlement with the CAA. As part of this process in May 2012, the CAA launched a consultation, setting out proposed options for the regulatory arrangements for Heathrow and Stansted during the next regulatory period. The consultation document sets out a variety of options for industry comment. The CAA has made clear that regulation should be tailored to the different market positions, passenger priorities and business models of the various airports and that there is a robust case for continued economic regulation of Heathrow beyond April 2014. The consultation closes in July 2012. Formal consultation by the CAA on the review of price regulation is expected in early 2013 once the current constructive engagement process between Heathrow and its airline community, relating to various key aspects of Heathrow’s development in the next regulatory period, is completed and the CAA has completed its own research and

analysis. It is currently expected that the CAA's final proposals will be published later in 2013 and the CAA's decision on licence conditions will be published in January 2014.

STANSTED PRICE REGULATION

Recent History

In December 2006, the CAA proposed de-designation for Stansted and extended Q4 by one year in order to allow time for the UK Government to decide the issue. The UK Government decided to retain Stansted's status as a designated airport. The CAA therefore set a price control for the period from 1 April 2009 to 31 March 2014 (the "**Stansted Q5**").

The Stansted Q5 Decision

The CAA published its decision in March 2009 taking into account the Competition Commission's recommendations published in October 2008.

The main features of the CAA's decision were as follows:

- maximum aeronautical charges of £6.53 per passenger (in 2009/10 prices) for two years, subsequently rising at RPI plus 1.63 per cent. per annum for the three years 2011/12 to 2013/14;
- the airport should implement an enhanced consultation process for capital projects; and
- the introduction of a service quality rebate scheme, under which Stansted is required to provide rebates to airlines of up to 7 per cent. of airport charges where the airport's service performance falls short of the defined standards; in the three years since Stansted's SQR scheme was introduced up to 31 March 2012, Stansted incurred total rebates of £1 million.

The CAA stated that there was a dual rationale for the price profile set out in the decision document. In the CAA's view the price profile is the product of both the standard "building block" approach to setting prices carried out by the Competition Commission and the CAA's assessment that the price control profile is consistent with the development of more effective airport competition over time.

Therefore, the CAA did not establish an opening RAB for the Stansted Q5, and it signalled that there should be no presumption that a RAB-based approach would be used in any future modification of price controls at Stansted. In its recommendations to the CAA, the Competition Commission included in Stansted's RAB all capital expenditure incurred during Q4 except £37 million relating to Stansted Generation 2.

AERODROME LICENCES

The Airport Operators are currently subject to aerodrome licensing, which requires the operator to demonstrate that it is competent to conduct aerodrome operations safely.

The CAA must grant a licence in respect of any aerodrome in the United Kingdom if it is satisfied that:

- the applicant is competent, having regard to its previous conduct and experience, equipment, organisation, staffing, maintenance and other arrangements, to secure that the aerodrome and the airspace within which its visual traffic pattern is normally contained are safe for use by aircraft; and
- the aerodrome is safe for use by aircraft, having regard in particular to the physical characteristics of the aerodrome and of its surroundings.

The Airport Operators have all relevant aerodrome licences for their airports.

The Borrower Secured Creditors (including the Issuer) all benefit from common terms and a common security package granted by the Obligors. The Common Terms Agreement sets out the common terms applicable to the Borrower Loan Agreements and each other Authorised Credit Facility which the Borrowers enter into. Except for certain limited exceptions, no Borrower Secured Creditor can have additional warranties, covenants, trigger events or loan events of default beyond the common terms deemed to be incorporated by reference into their Authorised Credit Facilities through their execution of, or accession to, the Common Terms Agreement. The Borrower Secured Creditors have also entered into intercreditor arrangements, contained in the STID, which regulate among other things: (i) the claims of the Borrower Secured Creditors; (ii) the exercise and enforcement of rights by the Borrower Secured Creditors; and (iii) the giving of instructions, consents and waivers and, in particular, the basis on which votes of the Borrower Secured Creditors will be counted. It is a requirement of the Common Terms Agreement that any future provider of an Authorised Credit Facility must accede to and be bound by the terms of the Common Terms Agreement and the STID.

1. COMMON TERMS AGREEMENT

General

The Common Terms Agreement sets out the representations, covenants, Trigger Events and Loan Events of Default (at Schedules 1 to 4, respectively) which apply to each Authorised Credit Facility including the Borrower Loan Agreements.

Covenants

The covenants are positive, negative, informational and financial in nature. They include an undertaking by the Security Group Agent to provide consolidated audited financial statements of the Group for each financial year and consolidated, unaudited financial information for the financial half-year.

The Security Group Agent must also supply an Investor Report by 30 June and 31 December each year which will include a general update on the Group, regulatory and business developments and capital expenditure.

Each Obligor has undertaken not to incur any Financial Indebtedness other than Permitted Financial Indebtedness. The incurrence of additional Senior Debt or Junior Debt is subject to certain conditions including that the Senior RAR (in respect of additional Senior Debt) must be less than 0.725 and the Junior RAR (in respect of additional Junior Debt)

must be less than 0.90, in each case calculated taking account of the proposed additional Financial Indebtedness. In addition, there are provisions which restrict the amount of Financial Indebtedness which can fall due (a) within any 24 month period to 30 per cent. of Total RAB and (b) within any Five Year Period to 50 per cent. of Total RAB.

The Borrowers are able to sell all or part of an Airport subject to the application of proceeds to stay within prescribed financial ratios. Heathrow cannot be sold without approval from the requisite majority of Qualifying Borrower Secured Creditors. If a Borrower is forced to sell an Airport, and the net proceeds are less than required to comply with the financial ratios, a Trigger Event will occur, the consequences of which are set out below.

In addition to the restrictions on financial indebtedness and disposals, the Common Terms Agreement also contains a number of covenants which regulate the Obligors' activities including, among others:

- (1) limitations on non Permitted Business;
- (2) limitations on joint ventures;
- (3) a negative pledge; and
- (4) a requirement to comply with specified insurance and outsourcing policies.

Trigger Events

The Common Terms Agreement sets out certain Trigger Events including:

- (1) any breach of the following Financial Ratios:
 - (A) the Senior RAR as at any Relevant Date prior to 1 April 2018 is, or is estimated to be, more than 0.70 and thereafter is, or is estimated to be, more than 0.725;
 - (B) the Junior RAR as at any Relevant Date is, or is estimated to be, more than 0.85;
 - (C) the Senior ICR for each Relevant Period is, or is estimated to be, less than 1.40; or
 - (D) the Junior ICR for each Relevant Period is, or is estimated to be, less than 1.20;
- (2) a credit rating downgrade of Class A Bonds below BBB+;
- (3) a credit rating downgrade of Class B Bonds below BBB-;
- (4) the commencement of the final reading of draft legislation in the House of Lords or the House of Commons (whichever occurs later) relating to the business of any Obligor if such legislation could (if enacted) reasonably be expected to have a Material Adverse Effect;
- (5) forecast Capital Expenditure over the 12 month period following a Calculation Date exceeds the aggregate of undrawn Capex Facilities, cash and Projected Excess Cashflow Before Capex over such 12 month period;
- (6) the amount available under the Issuer's Liquidity Facilities/any cash liquidity reserve is less than the estimated interest and equivalent finance charges for (a) the 12 month period following a Calculation Date in respect of Issuer Senior Debt and (b) the six month period following a Calculation Date in respect of Issuer Junior Debt;
- (7) the issue of any compliance or enforcement order by any Regulator which would reasonably be expected to have a Material Adverse Effect; or
- (8) the issue of a termination notice or a notice of any proposed or actual modification in respect of any licence by a Regulator which, if implemented, would reasonably be expected to have a Material Adverse Effect.

The occurrence of a Trigger Event gives rise to various consequences including a block on Restricted Payments, the preparation of remedial plans and a termination plan in respect of the Shared Services Agreement, and a right for the Borrower Security Trustee to request to participate in discussions with the Regulator.

Loan Events of Default

The Common Terms Agreement contains a number of Loan Events of Default (subject, in some cases, to agreed exceptions, materiality qualifications, reservations of law and grace periods) including:

- (1) non-payment by an Obligor of amounts payable under the Finance Documents;
- (2) a breach of the following Financial Ratios:
 - (A) if the Senior RAR as stated in the Compliance Certificate produced in respect of the Reporting Date falling in June in respect of 31 December of the preceding Financial Year is more than 0.925; and/or
 - (B) if the Average Senior ICR as stated in the Compliance Certificate produced in respect of the Reporting Date falling in June on or after the Reporting Date in June 2012 is less than 1.05;
- (3) non-compliance with any term of any covenant or undertaking in any Finance Document;
- (4) a representation made or repeated by an Obligor in any Finance Document being incorrect or misleading in any material respect when made or deemed to be repeated;
- (5) the insolvency of an Obligor;
- (6) it becoming unlawful for any Obligor to perform its obligations under any Transaction Document;
- (7) certain changes in law; or
- (8) the occurrence of a Bond Event of Default.

In respect of each Loan Event of Default requiring any action or discretion on the part of the relevant creditor, the Borrower Security Trustee will act in accordance with the relevant provisions of the STID.

The Common Terms Agreement also provides for an “Accepted Restructuring Event” regime under which if there occurs a proposed or actual change in law/regulation and its effect would be to:

- (i) restrict the grant or subsistence of security over the material assets of the Borrowers;
- (ii) restrict the ability of the Borrower Security Trustee to appoint a receiver or the Bond Trustee to appoint an administrative receiver; or
- (iii) establish a special insolvency regime,

and, such proposed or actual change would otherwise result in the occurrence of a Restricted Loan Event of Default at that time, then only a Trigger Event will arise until either (a) it is remedied or (b) the date falling on the later of (1) twelve months after the date of the occurrence of the Trigger Event or (2) nine months after the date on which the relevant Loan Event of Default would (but for the Accepted Restructuring Event regime) have first occurred. After this period a Loan Event of Default will occur.

Hedging Policy

The Issuer and the Borrowers are subject to a Hedging Policy which is set out at Schedule 5 of the Common Terms Agreement. The Borrowers and the Issuer have entered into and in the future may enter into various interest rate, inflation-linked and currency swap transactions in conformity with the Hedging Policy.

Such policy includes an obligation to ensure that:

- (1) (a) during the current Regulatory Period, at least 75 per cent.; and
- (b) during the immediately following Regulatory Period, at least 50 per cent.,

of Relevant Debt (as defined in the Hedging Policy but which, broadly, means Senior Debt and Junior Debt excluding certain items) of the Group is hedged such that it effectively bears either a fixed rate of interest or an inflation linked rate of interest;

- (2) any foreign currency denominated debt instruments are 100 per cent. currency hedged; and
- (3) the Group does not hedge its exposure to interest rate risk such that the Total Notional Hedged Amount (as defined in the Hedging Policy) exceeds 102.5 per cent. of the sum of Relevant Debt (subject to certain exclusions).

2. SECURITY TRUST AND INTERCREDITOR DEED

The intercreditor arrangements among the Borrower Secured Creditors of the Group (the “**Intercreditor Arrangements**”) are contained in the STID. Unsecured creditors (other than BAA Airports or any Affiliate thereof which provides subordinated loans to a member of the Group) are not and will not become parties to the Intercreditor Arrangements and will have unfettered, independent rights of action in respect of their debts. However, the aggregate amount of unsecured Financial Indebtedness is restricted under the Common Terms Agreement.

The purpose of the Intercreditor Arrangements is to regulate, among other things: (i) the claims of the Borrower Secured Creditors and their ranking in point of payment after the delivery of a Loan Enforcement Notice; (ii) the exercise, acceleration and enforcement of rights by the Borrower Secured Creditors; (iii) the rights of the Borrower Secured Creditors to instruct the Borrower Security Trustee; and (iv) the giving of consents and waivers and the making of modifications to the Common Terms Agreement, the Security Documents, the Shared Services Agreement, the STID, the Master Definitions Agreement and the Tax Deed of Covenant (the “**Common Documents**”). The Intercreditor Arrangements provide for the subordination and postponement of all claims in respect of Financial Indebtedness of any BAA Group company or Affiliate thereof that is not a member of the Group and following delivery of a Loan Acceleration Notice, payments under the Shared Services Agreement and certain other contracts otherwise entered into in accordance with the Common Terms Agreement.

As regards the giving of consents and waivers and the making of modifications in relation to the Common Documents, the STID contains provisions which enable the Borrower Security Trustee to give or permit the making thereof in certain circumstances (principally where it determines that the consent, waiver or modification will not be materially prejudicial to Borrower Secured Creditors or Issuer Secured Creditors). Where the Borrower Security Trustee is not willing or able to exercise its discretion, approval from relevant Qualifying Borrower Secured Creditors (which do not include providers of liquidity or hedge counterparties) is required. Consents, waivers, or modifications may, depending on their nature, constitute Ordinary Voting Matters or Extraordinary Voting Matters. In addition, it may constitute an Entrenched Right in respect of one or more Borrower Secured Creditors with the result that the consent of such Borrower Secured Creditors will need to be obtained. The STID contains the detailed provisions regarding the quorum required for the approval of such matters (which, for example, in relation to an Ordinary Voting Matter, is one or more Participating QBS Creditors representing 20 per cent. of the Outstanding Principal Amount of all Qualifying Borrower Debt), the time periods in which approvals need to be given (which, for example, in relation to an Ordinary Voting Matter, is 10 Business Days from the date of the relevant STID Proposal) and the percentage thresholds required to approve the different matters (which, for example, in relation to an Ordinary Voting Matter, is a simple majority of the Voted Qualifying Debt). Such quorums, time periods and percentage thresholds vary depending on the nature of the different matters. Voting is effected on a ‘one pound equals one vote’ basis, save that, in the case of bank debt, the entirety of the relevant outstanding bank debt will vote in accord with the instructions given by the relevant majority of the bank lenders in respect of such debt. Bondholders will be able to participate in such approval processes by means of an electronic voting procedure, details of which are set out in the Bond Trust Deed (and is briefly described in “– *Bond Trust Deed*” below). For full details of voting and modifications, consents and waivers, see parts 6 and 7 of the STID.

There are also provisions which enable instructions to be given to the Borrower Security Trustee by the required percentage of Qualifying Borrower Secured Creditors in relation to a number of matters including whether to enforce the security following a Loan Event of Default and whether to deliver a Loan Acceleration Notice. The required percentage of Participating QBS Creditors differs depending on the nature of the instruction and also may vary over time. For example, the initial quorum in relation to a decision on whether to enforce the security would be Participating QBS Creditors representing 25 per cent. of the Outstanding Principal Amount of all Qualifying Borrower Debt and the corresponding initial required percentage would be 25 per cent. of the Voted Qualifying Debt.

There is no generally applicable priority of payments prior to the delivery of a Loan Enforcement Notice (save in certain limited circumstances as set out in paragraph 12 of Schedule 9 to the Common Terms Agreement, including where the Obligors have insufficient funds on any payment date to pay in full those liabilities required to be paid on such date) and because there is no requirement for all Financial Indebtedness to have common payment dates, the Borrowers are free to pay debts as they fall due, whether they be in respect of Senior Debt or Junior Debt or in respect of unsecured claims. There are, however, priorities of payments which regulate payments made after the delivery of a Loan Enforcement Notice and after the delivery of a Loan Acceleration Notice. In addition, the making of certain payments following a Loan Event of Default is regulated. For full details of the priorities of payments, see Schedule 2 of the STID.

Subject to accession to the STID and Common Terms Agreement, Finance Lessors and other Authorised Credit Providers may, in the future, become Borrower Secured Creditors.

The representative of the Issuer is the Bond Trustee.

The STID is governed by English law.

3. BOND TRUST DEED

The Issuer, the Bond Guarantor and the Bond Trustee have entered into a bond trust deed (the “Bond Trust Deed”) pursuant to which the Bonds are constituted. The Bond Trust Deed includes the form of the Bonds and contains a covenant from the Issuer to the Bond Trustee to pay all amounts due under the Bonds. The Bond Trustee holds the benefit of that covenant on trust for itself and the Bondholders in accordance with their respective interests. The Bond Trust Deed contains a number of covenants given by the Issuer including it being obliged to use its reasonable endeavours to maintain a listing for listed Bonds whilst they remain outstanding.

Bondholders Voting Mechanics

In relation to a STID Voting Request in respect of Ordinary Voting Matters or Extraordinary Voting Matters, voting in respect of the Class A Unwrapped Bonds may be made by holders of the Class A Unwrapped Bonds and, following repayment in full of the Senior Debt, voting in respect of the Class B Unwrapped Bonds may be made by holders of the Class B Unwrapped Bonds, in each case in accordance with the following electronic voting procedures:

- (a) the Bond Trustee will upon receipt of a STID Voting Request distribute a copy of the STID Voting Request and proposed resolution to the Qualifying Bondholders;
- (b) Qualifying Bondholders may vote on the proposed resolution within the Decision Period through the clearing systems;
- (c) the Principal Paying Agent, in the case of the Bearer Bonds, and the Registrar, in the case of Registered Bonds, will complete Block Voting Instructions (which shall be the only method of voting in respect of such matters) in respect of the votes cast by Qualifying Bondholders and will notify the Borrower Security Trustee and the Issuer accordingly;
- (d) only the Principal Amount Outstanding of Bonds then owed to Bondholders that vote on a proposed resolution within the Decision Period will be counted towards the Quorum Requirement and the Qualifying Borrower Senior Debt of the Participating QBS Creditors with such tranche being divided on a pound for pound basis between votes cast in favour and votes cast against; and
- (e) votes cast in favour and votes cast against will then be aggregated by the Borrower Security Trustee with the votes cast by the other Participating Qualifying Borrower Secured Creditors.

For a description of Bondholder voting mechanics in other circumstances, see “*The Bonds – Terms and Condition of the Bonds – Condition 15 (Meetings of Bondholders, Modification, Waiver and Subscription)*”.

The Bond Trust Deed is governed by English law.

4. SECURITY AGREEMENT AND OBLIGOR FLOATING CHARGE AGREEMENT

Borrower Security

Each Obligor entered into the security agreement (the “Security Agreement”) with the Borrower Security Trustee on the Initial Issue Date. Under the Security Agreement, each Obligor guarantees the obligations of each other Obligor under the Finance Documents, in each case to the Borrower Security Trustee for itself and as security trustee for the Borrower Secured Creditors. Each Obligor secures its property, assets and undertakings to the Borrower Security Trustee for itself and as trustee for the Borrower Secured Creditors.

Except as set out below, the Security Agreement is subject to the STID.

The security constituted by the Security Agreement includes:

- (i) first fixed charges over certain assets of the Obligors including the ordinary shares in each Obligor (other than BAA (SP) Limited); plant, machinery, office equipment, computers, vehicles and other chattels; and all monies standing to the credit of each Obligor's accounts and the debts represented thereby;
- (ii) first fixed charges over each Obligor's right, title and interest from time to time in and to:
 - (A) by way of legal mortgage over any real property interests owned by it at the date of the Security Agreement and by way of equitable fixed charge over any real property interests acquired after the date of the Security Agreement; and
 - (B) the proceeds of disposal of any land;
- (iii) an assignment by way of security of each Obligor's right in respect of Assignable Insurances and in respect of its right, title and interest in all Transaction Documents to which an Obligor is a party; and
- (iv) first floating charges of the whole of the undertaking, property, assets and rights whatsoever and wheresoever present and future of each Obligor (the floating charges referred to in this paragraph, the "**Security Agreement Floating Security**").

The Borrower Security does not extend to:

- (a) any Borrower's interest in certain leasehold property or any other property or properties in respect of which the creation of any security by the relevant Borrower is prohibited absolutely or without consent (until such time as consent is obtained) (the "**Excluded Charged Property**"); or
- (b) any Obligor's rights under a document to the extent that such rights cannot be secured without the consent of a party to that document (the "**Excluded Documents**" and, together with the Excluded Charged Property, the "**Excluded Property**").

The Obligors covenant in the Common Terms Agreement that the value of the Excluded Property of each Borrower shall not at any time exceed 5 per cent. of the Total RAB of such Borrower.

Floating charges held by the Borrower Security Trustee and the Issuer

The Issuer holds the floating charges granted by the Obligors pursuant to the Obligor Floating Charge Agreement (the "**OFCA Floating Security**") for the benefit of itself. The OFCA Floating Security and the Security Agreement Floating Security rank pari passu with one another and are expressed to be created simultaneously.

Enforceability of the floating charges: The Security Agreement and the STID provide that the Security Agreement Floating Security shall only become enforceable following the delivery of a Loan Enforcement Notice.

The Obligor Floating Charge Agreement provides that the OFCA Floating Security shall become enforceable by the Bond Trustee (by appointing an administrative receiver):

- (a) following the delivery of a Loan Enforcement Notice under the Common Terms Agreement; or
- (b) if the Bond Trustee has actual notice of an application for the appointment of an administrator in respect of an Obligor or has actual notice of the giving of a notice of intention to appoint an administrator in respect of an Obligor or has actual notice of the filing of a notice of appointment of an administrator of an Obligor with the court (in which case, the Bond Trustee will (subject to "– Indemnity of the Bond Trustee" immediately below), be obliged to appoint an administrative receiver).

In either case, the Bond Trustee shall not be liable for any failure to appoint, save in the case of its own negligence, wilful default or fraud.

Indemnity of the Bond Trustee: The Bond Trustee shall not be obliged to appoint an administrative receiver unless it is indemnified and/or secured to its satisfaction. However, pursuant to the Obligor Floating Charge Agreement, in the event that the Bond Trustee is required to enforce the OFCA Floating Security by appointing an administrative receiver following receipt of actual notice of an application for the appointment of an administrator or actual notice of the giving of a notice of intention to appoint an administrator, or has actual notice of the filing of a notice of appointment of an administrator in respect of an Obligor with the court, the Bond Trustee agrees that it is adequately indemnified and secured in respect of such appointment by virtue of its rights against the Obligors under the Obligor Floating Charge Agreement and against the Issuer under the Bond Trust Deed, and the security it has in respect of such rights. The

Obligors covenant in the Obligor Floating Charge Agreement that, in the event the Bond Trustee appoints an administrative receiver by reason of it having actual notice of an application for the appointment of an administrator or actual notice of the giving of a notice of intention to appoint an administrator, they waive any claims against the Bond Trustee in respect of such appointment.

Appointment of an administrator: The STID provides that the Borrower Security Trustee shall not (notwithstanding any instruction from a Borrower Secured Creditor to the contrary) make any application to appoint an administrator or give any notice of intention to appoint an administrator unless the Bond Trustee has agreed to such action.

Consultation in dealings with administrative receiver of the floating charge assets: Any administrative receiver appointed by the Bond Trustee pursuant to the Obligor Floating Charge Agreement in respect of any assets over which it is so appointed shall consult with the Borrower Security Trustee as holder of the Security Agreement Floating Security and, if necessary, request the release of such assets from such security.

Proceeds: The Security Agreement, the STID and the Obligor Floating Charge Agreement provide that the proceeds of enforcement of the OFCA Floating Security by the Bond Trustee (or any administrative receiver appointed by it) and paid to the Borrower Security Trustee will be applied, together with any proceeds of enforcement of the other Borrower Security by the Borrower Security Trustee (or any Receiver appointed by it), in accordance with the Borrower Payments Priorities. Any proceeds of enforcement of the OFCA Floating Security will be paid to the Issuer and will be taken into account by the Borrower Security Trustee in ensuring that the Issuer recovers no more than its pro rata proportion of the aggregate proceeds of enforcement of all Borrower Security.

DOCUMENTS NOT INCORPORATED BY REFERENCE

This section contains summaries of the principal Programme documentation which is not incorporated by reference in this Prospectus.

1. BORROWER LOAN ARRANGEMENTS

Borrower Loan Agreements

Amounts raised by the Issuer through the issue of Bonds will be on-lent, in Sterling, to one or more of the Borrowers so as to create matching debt obligations owed by the Borrowers to the Issuer under a loan agreement (each, a “**Borrower Loan Agreement**”) other than in respect of legal maturity and in the case of amounts raised by the Issuer through the issue of Bonds for the purpose of creating a liquidity reserve. As the Borrower Loans are structured and tranching to match the tenor, interest rate and payment dates of each Sub-Class of Bonds and related hedging, the Borrower Loans have characteristics that demonstrate capacity to produce funds to service any payments due and payable under the Bonds and related hedging.

The obligations of each Borrower under each Borrower Loan Agreement are secured pursuant to the Security Agreement, and are guaranteed by each other Obligor in favour of the Borrower Security Trustee. The obligations of each Borrower under each Borrower Loan Agreement are also secured pursuant to the Obligor Floating Charge Agreement in favour of the Issuer.

The Issuer’s obligations to repay principal and pay interest on the Bonds are intended to be met primarily from the payments of principal and interest received from each Borrower under each Borrower Loan Agreement and payments received under any related Hedging Agreements. Failure of a Borrower to repay an advance on the maturity date in respect of such advance (which corresponds to the Scheduled Redemption Date of the corresponding Class or Sub-Class of Bonds) will be a Loan Event of Default under the relevant Borrower Loan Agreement, although it will not, of itself, constitute a Bond Event of Default.

Each Borrower agrees to make payments free and clear of any withholding on account of tax unless it is required by law to do so – in such circumstances each Borrower will gross-up such payments.

Each Borrower Loan Agreement will be governed by English law and subject to the exclusive jurisdiction of the English courts (except that the Issuer alone may commence proceedings in any other court with jurisdiction).

2. CASH MANAGEMENT

Borrower Cash Management

Accounts

In accordance with the Common Terms Agreement, the Borrowers and Heathrow Express each maintain an operating account (each, an “**Operating Account**”), a joint disposal proceeds account (the “**Disposal Proceeds Account**”) and a liquidity reserve account (the “**Borrower Liquidity Reserve Account**”) with the Borrower Account Bank, as well as a joint debt collateralisation account (the “**Debt Collateralisation Account**”). Heathrow maintains an insurance proceeds account (the “**Insurance Proceeds Account**”) on behalf of the Borrowers. Each of the above accounts are collectively referred to as an “**Obligor Account**”. The Royal Bank of Scotland plc, acting through its office at 135 Bishopsgate, London EC2M 3UR, currently serves as Borrower Account Bank pursuant to the Borrower Account Bank Agreement.

Heathrow Express maintains operating accounts with Barclays Bank PLC and will transfer amounts standing to the credit of those accounts on a weekly basis to the Operating Account opened by Heathrow Express with the Borrower Account Bank (the “**Heathrow Express Operating Account**”).

Operating Accounts

Each Borrower will pay, among other things, the proceeds of any Borrower Loan or advance under an Authorised Credit Facility and income received from the BSC Account or BAA Airports Account on the allocation of revenues processed for such Borrower into its Operating Account and will use the funds standing to the credit of such Operating Account to make payments under the Authorised Credit Facilities on the payment dates specified in the relevant Authorised Credit Facility and to make payments to the BSC Account or BAA Airports Account to settle payments processed by the Shared Services Sub-contractor or Shared Services Provider as they fall due, as the case may be, on its behalf.

Debt Collateralisation Account

The Debt Collateralisation Account may be credited by the Borrowers in discharge of their obligation to Collateralise Senior Debt or Junior Debt that is not required to be Actually Prepaid following the delivery of a Loan Enforcement Notice or to meet certain hedging shortfalls.

Authorised Investments

The Common Terms Agreement allows the Group to invest in Authorised Investments such part of the amounts standing to the credit of any of the Obligor Accounts as is prudent and in accordance with certain provisions set out in the Common Terms Agreement.

Issuer Cash Management Agreement and Issuer Account Bank Agreement

The Issuer appointed BAA Airports as the Issuer Cash Manager pursuant to a cash management agreement dated the Initial Issue Date, as amended on 11 August 2010 (the “**Issuer Cash Management Agreement**”). The Issuer established before the Initial Issue Date sterling, euro and U.S. dollar operating accounts (together with any issuer collateral accounts opened after the Initial Issuer Date, the “**Issuer Accounts**”). The Issuer may also open and maintain a liquidity reserve account (the “**Issuer Liquidity Reserve Account**”) with the Issuer Account Bank.

5. LIQUIDITY FACILITY AGREEMENTS

The Borrower Liquidity Facilities and Letters of Credit

Under the terms of a Borrower Liquidity Facility Agreement, Lloyds TSB Bank plc has (a) made available to the Borrowers a £45,000,000 committed sterling revolving credit facility and (b) a sterling letter of credit facility in place of its commitment under the revolving credit facility. The obligation to provide the letter of credit facility will be released upon receipt of written confirmation from each of the Rating Agencies that the termination of the letter of credit facility will not result in any downgrade of the then current rating of any Tranche of Bonds or any Financial Indebtedness under any Supported Agreement (the “**LC Release Conditions**”).

The Borrower Liquidity Facility Provider has provided a 364 day commitment (which may be renewed) to permit drawings where there will be insufficient funds available: (1) to pay amounts scheduled to be paid under outstanding Treasury Transactions under any Borrower Hedging Agreement and (2) to fund any EIB Liquidity Shortfall (a “**Borrower Liquidity Shortfall**”).

The Issuer Liquidity Facilities

Under the terms of an Issuer Liquidity Facility Agreement, a group of banks has provided a £705,000,000 364 day commitment (which may be renewed) to permit drawings to be made by the Issuer, in circumstances where there will be insufficient funds available to the Issuer on a Payment Date to pay amounts (other than any termination payments and all other unscheduled amounts payable to any Issuer Hedge Counterparty) scheduled to be paid in respect of paragraphs (a) to (g) inclusive of the Issuer Pre-Enforcement Priority of Payments (an “**Issuer Liquidity Shortfall**”).

The Issuer is not able to make a drawing in respect of an Issuer Liquidity Shortfall relating (in whole or in part) to Class B Bonds unless the amount of such drawing does not exceed the Class B Available Liquidity Amount.

General provisions applicable to both the Borrower Liquidity Facility Agreement and the Issuer Liquidity Facility Agreement

Each Liquidity Facility Agreement provides that if (i) at any time the rating of the relevant Liquidity Facility Provider falls below the Minimum Short-term Rating (a “Downgraded Liquidity Facility Provider”) or (ii) the relevant Liquidity Facility Provider does not agree to renew its commitment under such Liquidity Facility prior to the expiry of the relevant availability period, the Borrowers or the Issuer, as applicable, will:

- (a) use all reasonable endeavours to assist the Downgraded Liquidity Facility Provider to replace the relevant Liquidity Facility Provider with a party having the Minimum Short-term Rating; and
- (b) (if a replacement is not made within the relevant time period specified in the relevant Liquidity Facility Agreement) be entitled to require such Downgraded Liquidity Facility Provider to pay into the Borrower Liquidity Reserve or the Liquidity Standby Account (in the case of a Liquidity Facility), as applicable, the full amount of the relevant Liquidity Facility Provider’s undrawn commitment (a “**Standby Drawing**”).

A Standby Drawing will generally be repayable only if the relevant Liquidity Facility Provider is re-rated with at least the Minimum Short-term Rating.

Upon the enforcement of the Borrower Security pursuant to the Security Agreement and the STID, all indebtedness outstanding under any Borrower Liquidity Facility (other than Subordinated Liquidity Facility Amounts) will rank in priority to the Borrower Loans relating to the Bonds.

Upon the enforcement of the Issuer Security pursuant to the Issuer Deed of Charge, all indebtedness outstanding under any Issuer Liquidity Facility (other than Subordinated Liquidity Facility Amounts) will rank in priority to the Bonds.

6. BAA (SP) LIMITED DEBENTURE

On or about the date of the refinancing of BAA (SH) plc’s debt, the terms of the BAA (SP) Limited unsecured loan note were amended such that interest will accrue thereon at the rate which is the aggregate of (a) the percentage rate per annum notified by BAA (SH) plc to BAA (SP) Limited from time to time (being a rate equal to BAA (SH) plc’s all in cost of funds under the terms of its third party debt obligations (taking into account any hedging entered into by BAA (SH) plc in connection therewith) from time to time); and (b) 0.125% on the principal amount outstanding of the loan note from time to time or such other rate as reflects an arm’s length rate of return on the loan note and as has been agreed between the parties thereto from time to time (the “**BAA (SP) Limited Debenture**”).

The terms of the BAA (SP) Limited Debenture provide that BAA (SP) Limited can make payments of interest or scheduled principal to the holder of the BAA (SP) Limited Debenture (being BAA (SH) plc) only in circumstances where no Trigger Event has occurred or is subsisting.

The BAA (SP) Limited Debenture ranks junior and subordinated to all secured obligations of BAA (SP) Limited existing and outstanding.

7. BAA BOND GUARANTEE

On the Initial Issue Date, BAA Airports Limited (the “**Bond Guarantor**”) provided a guarantee (the “**BAA Bond Guarantee**”) in respect of certain Bonds in exchange for certain classes of bonds originally issued by the Bond Guarantor (the “**BAA Guaranteed Bonds**”). The Bond Guarantor’s rights of subrogation against the Issuer in respect of any payments under its BAA Bond Guarantee will be subordinated pursuant to the provisions of the Issuer Transaction Documents. The BAA Bond Guarantee extends only to the BAA Guaranteed Bonds.

8. TAX DEED OF COVENANT

Pursuant to the Tax Deed of Covenant, each of the Tax Covenantors made representations and gave warranties and covenants with a view to protecting the Issuer and the members of the Group from various tax-related risks. Among the matters covered by those representations, warranties and covenants are VAT grouping, tax residency, group tax matters, secondary tax liabilities and the Issuer’s status as a securitisation company for the purposes of The Taxation of Securitisation Companies Regulations 2006. The Tax Deed of Covenant is governed by English law.

9. THE ISSUER DEED OF CHARGE

Pursuant to the Issuer Deed of Charge, the Issuer secured its obligations to the Issuer Secured Creditors by granting the following security:

- an assignment by way of first fixed security of the Benefit of the Issuer under the Finance Documents to which it is a party and under each Issuer Transaction Document (other than the Trust Documents);
- a first fixed charge of the Benefit of the Issuer Accounts and any bank or other accounts in which the Issuer may at any time have or acquire any Benefit;
- a first fixed charge of the Benefit of each Authorised Investment of the Issuer; and
- a floating charge over the whole of the Issuer's undertaking, assets, property and rights whatsoever and wheresoever situated, present and future, including the Issuer's uncalled capital.

The Issuer Security is held on trust by the Bond Trustee for itself and on behalf of the Issuer Secured Creditors in accordance with, and subject to, the Issuer Deed of Charge.

10. CONDITIONS PRECEDENT

The conditions precedent to the issue of Bonds are set out in a conditions precedent agreement dated the Initial Issue Date (the "**CP Agreement**") between, among others, the Bond Trustee, the Borrower Security Trustee, the Obligors and the Issuer.

*The following is the text of the terms and conditions which (subject to completion and amendment and as supplemented or varied in accordance with the provisions of the relevant Final Terms (as defined below) and, save for the italicised paragraphs) will be incorporated by reference into each Global Bond (as defined below) representing Bonds (as defined below) in bearer form, Bonds in definitive form (if any) issued in exchange for the Global Bond(s) representing Bonds in bearer form, each Global Bond Certificate (as defined below) representing Bonds in registered form and each Individual Bond Certificate (as defined below) representing Bonds in registered form (only if such incorporation by reference is permitted by the rules of the relevant stock exchange and agreed by the Issuer). If such incorporation by reference is not so permitted and agreed, each Bond in bearer form and each Individual Bond Certificate representing Bonds in registered form will have endorsed thereon or attached thereto such text (as so completed, amended, varied or supplemented). Further information with respect to each Tranche (as defined below) of Bonds will be given in the relevant Final Terms which will provide for those aspects of these Conditions which are applicable to such Tranche (as defined below) of Bonds, including, in the case of Wrapped Bonds (as defined below), the form of Financial Guarantee (as defined below) and endorsement and, in the case of all Sub-Classes (as defined below), the terms of the relevant advance under the relevant Borrower Loan Agreement. If a Relevant Financial Guarantor (as defined below) is appointed in relation to any Sub-Class of Wrapped Bonds (as specified in the relevant Final Terms) a supplement to this Prospectus will be produced providing such information about such Relevant Financial Guarantor as may be required by the rules of the UK Listing Authority, the London Stock Exchange or such other listing authority or stock exchange on which such Bonds are admitted to listing and/or trading. References in the Conditions to “**Bonds**” are as the context requires, references to the Bonds of one Sub-Class only, not to all Bonds which may be issued under the Programme. The Issuer does not intend to issue any Bonds with a BAA Bond Guarantee under this Prospectus.*

BAA Funding Limited (the “**Issuer**”) has established a bond programme (the “**Programme**”) for the issuance of wrapped bonds (the “**Wrapped Bonds**”) and unwrapped bonds (the “**Unwrapped Bonds**”) (together with the Wrapped Bonds, the “**Bonds**”). Bonds issued under the Programme on a particular Issue Date comprise a Series (a “**Series**”), and each Series comprises one or more Classes of Bonds (each a “**Class**”). Each Class may comprise one or more sub-classes (each a “**Sub-Class**”) and each Sub-Class comprises one or more tranches (each a “**Tranche**”).

The Wrapped Bonds will be designated as “**Class A Wrapped Bonds**” or “**Class B Wrapped Bonds**”. The Unwrapped Bonds will be designated as “**Class A Unwrapped Bonds**” (and together with the Class A Wrapped Bonds, the “**Class A Bonds**”) or “**Class B Unwrapped Bonds**” (and together with the Class B Wrapped Bonds, the “**Class B Bonds**”). Under the Programme, the Issuer may issue Bonds in one or more classes which rank in point of payment and security subordinate to the Class A Bonds and the Class B Bonds (the “**Subordinated Bonds**”). Each Sub-Class will be denominated in different currencies or have different interest rates, maturity dates or other terms. Bonds of any Class may be zero coupon (“**Zero Coupon Bonds**”), fixed rate (“**Fixed Rate Bonds**”), floating rate (“**Floating Rate Bonds**”), index-linked (“**Indexed Bonds**”), dual currency bonds (“**Dual Currency Bonds**”), partly paid bonds (“**Partly Paid Bonds**”) or instalment bonds (“**Instalment Bonds**”) depending on the method of calculating interest payable in respect of such Bonds and may be denominated in sterling, euro, U.S. dollars or in other currencies subject to compliance with applicable law. Certain Sub-Classes of Bonds novated to the Issuer by BAA Limited will be guaranteed as to payments of interest and principal by BAA Limited in its capacity as “**Bond Guarantor**” and such Bonds will be designated as BAA Guaranteed Bonds.

The terms and conditions applicable to any particular Sub-Class of Bonds are these terms and conditions (“**Conditions**”) as supplemented by a set of final terms in relation to such Sub-Class (“**Final Terms**”). In the event of any inconsistency between these Conditions and the relevant Final Terms, the relevant Final Terms shall prevail.

The Bonds will be subject to and have the benefit of a bond trust deed to be dated the Initial Issue Date (as defined below) as the same may be amended, supplemented, restated and/or novated from time to time, (the “**Bond Trust Deed**”) between the Issuer, each financial guarantor which accedes to the Bond Trust Deed (each, a “**Relevant Financial Guarantor**”) and Deutsche Trustee Company Limited as trustee (the “**Bond Trustee**”, which expression includes the trustee or trustees for the time being of the Bond Trust Deed).

The Class A Wrapped Bonds and the Class B Wrapped Bonds alone will be unconditionally and irrevocably guaranteed as to scheduled or ultimate payments of principal and interest (as adjusted for indexation, as applicable, but excluding any additional amounts relating to premium, prepayment or acceleration, accelerated amounts and amounts (if any) by which, in the case of Fixed Rate Bonds or Indexed Bonds (other than deferred interest), the Coupons (as defined below) exceed the initial Coupons on such Sub-Class as at the relevant Issue Date (as defined in Condition 6(i) (*Definitions*)), and, in the case of Floating Rate Bonds, the Coupons (as defined below) exceed the initial Coupons on such Sub-Class as at the relevant Issue Date (as defined in Condition 6(i) (*Definitions*)) (in each case, the “**Subordinated Step-up Fee Amounts**”), all such amounts being the “**FG Excepted Amounts**”) pursuant to a financial guarantee (each, a

“**Financial Guarantee**”) to be issued by a Relevant Financial Guarantor (each such Relevant Financial Guarantor being a “**Financial Guarantor**”) in conjunction with the issue of each Sub-Class of Bonds.

Neither of the Class A Unwrapped Bonds or the Class B Unwrapped Bonds will have the benefit of any such Financial Guarantee.

The Bonds have the benefit (to the extent applicable) of an agency agreement (as amended, supplemented and/or restated from time to time, the “**Agency Agreement**”) to be dated on or before the date upon which the first Series of Bonds is issued by the Issuer (the “**Initial Issue Date**”) (to which, among others, the Issuer, the Bond Trustee, the Principal Paying Agent and the other Paying Agents (in the case of Bearer Bonds) or the Transfer Agents and the Registrar (in the case of Registered Bonds) are party). As used herein, each of “**Principal Paying Agent**”, “**Paying Agents**”, “**Exchange Agent**”, “**Agent Bank**”, “**Transfer Agent**” and/or “**Registrar**” means, in relation to the Bonds, the persons specified in the Agency Agreement as the Principal Paying Agent, Paying Agents, Agent Bank, Transfer Agents and/or Registrar, respectively, and, in each case, any successor to such person in such capacity. The Bonds may also have the benefit (to the extent applicable) of a calculation agency agreement (in the form or substantially in the form of schedule 1 to the Agency Agreement, the “**Calculation Agency Agreement**”) between, inter alia, the Issuer and any calculation agent appointed by the Issuer as calculation agent (the “**Calculation Agent**”).

On or about the Initial Issue Date, the Issuer will enter into a deed of charge (the “**Issuer Deed of Charge**”) with the Bond Trustee as security trustee, pursuant to which the Issuer will grant certain fixed and floating charge security (the “**Issuer Security**”) to the Bond Trustee for itself and on behalf of the Bondholders, each Relevant Financial Guarantor, each Issuer Hedge Counterparty, each Issuer Liquidity Facility Provider, the Principal Paying Agent, each Paying Agent, the Exchange Agent, the Calculation Agent (if any), the Transfer Agent, the Registrar, the Bond Guarantor, the Issuer Account Bank, the Agent Bank, the Issuer Cash Manager and the Issuer Corporate Administration Provider (together, the “**Issuer Secured Creditors**”).

On the Initial Issue Date, the Issuer will enter into a Dealership Agreement (the “**Dealership Agreement**”) with the dealers named therein (the “**Dealers**”) in respect of the Programme, pursuant to which any of the Dealers may enter into a subscription agreement (each a “**Subscription Agreement**”) in relation to each Sub-Class of Bonds issued by the Issuer, and pursuant to which the Dealers will agree to subscribe for the relevant Sub-Class of Bonds. In any Subscription Agreement relating to a Sub-Class of Bonds, any of the Dealers may agree to procure subscribers to subscribe for the relevant Sub-Class of Bonds.

The Issuer may enter into liquidity facility agreements (together, the “**Issuer Liquidity Facility Agreements**”) with certain liquidity facility providers (together, the “**Issuer Liquidity Facility Providers**”) pursuant to which the Issuer Liquidity Facility Providers agree to make certain facilities available to meet liquidity shortfalls.

The Issuer may enter into certain currency, inflation-linked and interest rate hedging agreements (together, the “**Issuer Hedging Agreements**”) with certain hedge counterparties (together, the “**Issuer Hedge Counterparties**”) in respect of certain Sub-Classes of Bonds, pursuant to which the Issuer hedges certain of its currency and interest rate obligations. The Issuer may also enter into back to back swap arrangements with the Borrowers on substantially the same terms as the corresponding Hedging Agreements between the Issuer and the relevant Hedge Counterparties.

On the Initial Issue Date, the Issuer will enter into a common terms agreement with amongst others, the Borrowers (the “**Common Terms Agreement**”) and a security trust and intercreditor deed between amongst others, the Obligors, the Borrower Security Trustee and the other Borrower Secured Creditors (the “**STID**”).

On the Initial Issue Date the Issuer will enter into an Obligor floating charge agreement (the “**Obligor Floating Charge Agreement**”) pursuant to which the Obligors will grant a floating charge over all or substantially all of their assets in favour of the Issuer.

The Bond Trust Deed, the Bonds (including the applicable Final Terms), the Issuer Deed of Charge, the Financial Guarantee Fee Letters, the Agency Agreement, the Issuer Liquidity Facility Agreements, the Issuer Hedging Agreements, the Borrower Loan Agreements, the G&R Deed, the Financial Guarantees, the Bond Guarantees, the Common Terms Agreement, the Security Agreement, the Obligor Floating Charge Agreement, the STID, the CP Agreement, the Issuer Cash Management Agreement, the master definitions agreement between, among others, the Issuer and the Bond Trustee to be dated the Initial Issue Date (the “**Master Definitions Agreement**”), the account bank agreement between, among others, the Issuer Account Bank, the Issuer and the Bond Trustee (the “**Issuer Account Bank Agreement**”), the Tax Deed of Covenant and each indemnification deed between, among others, the Relevant Financial Guarantor and the Dealers to be dated on or prior to the Initial Issue Date (each, an “**Indemnification Deed**”), and any related document (each, if not defined above, as defined below or in the Master Definitions Agreement) are, in relation to the Bonds, together referred to as the “**Issuer Transaction Documents**”.

Terms not defined in these Conditions have the meaning set out in the Master Definitions Agreement.

Certain statements in these Conditions are summaries of the detailed provisions appearing on the face of the Bonds (which expression shall include the body thereof), in the relevant Final Terms or in the Bond Trust Deed or the Issuer Deed of Charge. Copies of the Bond Trust Deed are available for inspection during normal business hours at the specified offices of the Principal Paying Agent (in the case of bearer Bonds) or the specified offices of the Transfer Agents and the Registrar (in the case of registered Bonds), save that, if this Bond is an unlisted Bond of any Sub-Class, the applicable Final Terms will only be obtainable by a Bondholder holding one or more unlisted Bonds of that Sub-Class and such Bondholder must provide evidence satisfactory to the Issuer and the relevant Agent as to its holding of such Bonds and identity.

The Bondholders are entitled to the benefit of, are bound by, and are deemed to have notice of, all the provisions of the Bond Trust Deed, the Issuer Deed of Charge and the relevant Final Terms and to have notice of those provisions of the Agency Agreement and the other Issuer Transaction Documents applicable to them.

Any reference in these conditions to a matter being “specified” means as the same may specified in the relevant Final Terms.

1. Form, Denomination and Title

(a) *Form and Denomination*

The Bonds are in bearer form (“**Bearer Bonds**”) or in registered form (“**Registered Bonds**”) as specified in the applicable Final Terms and serially numbered in the Specified Denomination(s) provided that in the case of any Bonds which are to be admitted to trading on a regulated market within the European Economic Area or offered to the public in a Member State of the European Economic Area in circumstances which require the publication of a prospectus under the Prospectus Directive, the minimum Specified Denomination shall be £50,000, €50,000 or not less than the equivalent of €50,000 in any other currency as at the date of issue of the relevant Bonds. Bonds may be issued in such denomination and higher integral multiples of a smaller amount if specified in the applicable Final Terms. Bonds of one Specified Denomination may not be exchanged for Bonds of another Specified Denomination and Registered Bonds may not be exchanged for Bearer Bonds. References in these Conditions to “**Bonds**” include Bearer Bonds and Registered Bonds and all Sub-Classes, Classes, Tranches and Series.

So long as the Bonds are represented by a temporary Global Bond or permanent Global Bond and the relevant clearing system(s) so permit, the Bonds shall be tradeable only in principal amounts of at least the Specified Denomination (or if more than one Specified Denomination, the lowest Specified Denomination).

Interest-bearing Bearer Bonds are issued with Coupons (as defined below) (and, where appropriate, a Talon, (as defined below)) attached. After all the Coupons attached to, or issued in respect of, any Bearer Bond which was issued with a Talon have matured, a coupon sheet comprising further Coupons (other than Coupons which would be void) and (if necessary) one further Talon will be issued against presentation of the relevant Talon at the specified office of any Paying Agent. Any Bearer Bond the principal amount of which is redeemable in instalments may be issued with one or more Receipts (as defined below) (and, where appropriate, a Talon) attached thereto. After all the Receipts attached to, or issued in respect of, any Instalment Bond which was issued with a Talon have matured, a receipt sheet comprising further Receipts (other than Receipts which would be void) and (if necessary) a further Talon will be issued against presentation of the relevant Talon at the specified office of any Paying Agent.

(b) *Title*

Title to Bearer Bonds, Coupons, Receipts and Talons (if any) passes by delivery. Title to Registered Bonds passes by registration in the register (the “**Register**”), which the Issuer shall procure to be kept by the Registrar.

In these Conditions, subject as provided below, each reference to “**Bondholder**” (in relation to a Bond, Coupon, Receipt or Talon), “**holder**” and “**Holder**” means (i) in relation to a Bearer Bond, the bearer of any Bearer Bond, Coupon, Receipt or Talon (as the case may be) and (ii) in relation to a Registered Bond, the person in whose name a Registered Bond is registered, as the case may be. The expressions “**Bondholder**”, “**holder**” and “**Holder**” include the holders of instalment receipts (which, in relation to Class A Bonds will be “**Class A Receipts**”, in relation to Class B Bonds, “**Class B Receipts**” and together, the “**Receipts**”) appertaining to the payment of principal by instalments (if any) attached to such Bonds in bearer form (the “**Receiptholders**”), the holders of the coupons (which, in relation to Class A Bonds will be “**Class A Coupons**”, in relation to Class B Bonds, “**Class B Coupons**” and together, the “**Coupons**”) (if any) appertaining to interest bearing Bonds in bearer form (the “**Couponholders**”), and the expression Couponholders or Receiptholders includes the holders of talons in relation to Coupons or Receipts as applicable, (which, in relation to Class A Bonds will be “**Class A Talons**”, in relation to Class B Bonds, “**Class B Talons**” and together, the “**Talons**”) (if any) for further coupons or receipts, as applicable attached to such Bonds (the “**Talontholders**”).

The bearer of any Bearer Bond, Coupon, Receipt or Talon and the registered holder of any Registered Bond will (except as otherwise required by law) be treated as its absolute owner for all purposes (whether or not it is overdue and regardless of any notice of ownership, trust or any interest in it, any writing on the relevant Bond, or its theft or loss or any express or constructive notice of any claim by any other person of any interest therein other than, in the case of a Registered Bond, a duly executed transfer of such Bond in the form endorsed on the Bond Certificate in respect thereof) and no person will be liable for so treating the holder.

Bonds which are represented by a Global Bond or Global Bond Certificate will be transferable only in accordance with the rules and procedures for the time being of DTC, Euroclear and Clearstream, Luxembourg, as the case may be. References to DTC, Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms or as may otherwise be approved by the Issuer, the Principal Paying Agent and the Bond Trustee.

(c) ***Fungible Issues of Bonds comprising a Sub-Class***

The Issuer may, from time to time, without the consent of the Bondholders, Receiptholders or Couponholders, create and issue further Bonds having the same terms and conditions as the Bonds of a Sub-Class in all respects (or in all respects except for the first payment of interest). Accordingly, a Sub-Class of Bonds may comprise a number of issues in addition to the initial Tranche of such Sub-Class. Such further issues of the same Sub-Class will be consolidated and form a Series with the prior issues of that Sub-Class.

2. Exchanges of Bearer Bonds for Registered Bonds and Transfers of Registered Bonds

(a) ***Exchange of Bonds***

Subject to Condition 2(e) (*Closed Periods*), Bearer Bonds may, if so specified in the relevant Final Terms, be exchanged at the expense of the transferor Bondholder for the same aggregate principal amount of Registered Bonds at the request in writing of the relevant Bondholder and upon surrender of the Bearer Bond to be exchanged together with all unmatured Coupons, Receipts and Talons (if any) relating to it at the specified office of the Registrar or any Transfer Agent or Paying Agent. Where, however, a Bearer Bond is surrendered for exchange after the Record Date (as defined below) for any payment of interest or Interest Amount (as defined below), the Coupon in respect of that payment of interest or Interest Amount need not be surrendered with it. Registered Bonds may not be exchanged for Bearer Bonds.

(b) ***Transfer of Registered Bonds***

A Registered Bond may be transferred upon the surrender of the relevant Individual Bond Certificate, together with the form of transfer endorsed on it duly completed and executed, at the specified office of any Transfer Agent or the Registrar. However, a Registered Bond may not be transferred unless (i) the principal amount of Registered Bonds proposed to be transferred and (ii) the principal amount of the balance of Registered Bonds to be retained by the relevant transferor are, in each case, Specified Denominations. In the case of a transfer of part only of a holding of Registered Bonds represented by an Individual Bond Certificate, a new Individual Bond Certificate in respect of the balance not transferred will be issued to the transferor within three business days (in the place of the specified office of the Transfer Agent or the Registrar) of receipt of such form of transfer.

(c) ***Delivery of New Individual Bond Certificates***

Each new Individual Bond Certificate to be issued upon exchange of Bearer Bonds or transfer of Registered Bonds will, within three business days (in the place of the specified office of the Transfer Agent or the Registrar) of receipt of such request for exchange or form of transfer, be available for delivery at the specified office of the Transfer Agent or the Registrar stipulated in the request for exchange or form of transfer, or be mailed at the risk of the Bondholder entitled to the Individual Bond Certificate to such address as may be specified in such request for exchange or form of transfer. For these purposes, a form of transfer or request for exchange received by the Registrar after the Record Date (as defined below) in respect of any payment due in respect of Registered Bonds shall be deemed not to be effectively received by the Registrar until the business day (as defined below) following the due date for such payment.

(d) ***Exchange at the Expense of Transferor Bondholder***

Registration of Bonds on exchange or transfer will be effected at the expense of the transferor Bondholder by or on behalf of the Issuer, the Transfer Agent or the Registrar, and upon payment of (or the giving of such indemnity as the Transfer Agent or the Registrar may require in respect of) any tax or other governmental charges which may be imposed in relation to it.

(e) ***Closed Periods***

No transfer of a Registered Bond may be registered, nor may any exchange of a Bearer Bond for a Registered Bond occur during the period of 15 days ending on the due date for any payment of principal, interest, Interest Amount (as defined below) or Redemption Amount (as defined below) on that Bond.

(f) ***Regulations Concerning the Transfer of Registered Bonds***

All transfers of Registered Bonds and entries on the Register are subject to the detailed regulations concerning the transfer of Registered Bonds scheduled to the Agency Agreement. The regulations may be changed by the Issuer with the prior written approval of the Principal Paying Agent, the Bond Trustee and the Registrar. A copy of the current regulations will be mailed (free of charge) by the Registrar to any Bondholder who requests in writing a copy of such regulations.

3. Status of Bonds, Financial Guarantee and BAA Bond Guarantee

(a) ***Status of Class A Bonds***

This Condition 3(a) is applicable only in relation to Bonds which are specified as being a Sub-Class of Class A Bonds.

The Class A Bonds, Class A Coupons, Class A Talons and Class A Receipts (if any) are direct and unconditional obligations of the Issuer, are secured in the manner described in Condition 4 (*Security, Priority and Relationship with Issuer Secured Creditors*) and rank *pari passu* without any preference among themselves. However, the Class A Unwrapped Bonds will not have the benefit of any Financial Guarantee.

(b) ***Status of Class B Bonds***

This Condition 3(b) is applicable only in relation to Bonds which are specified as being a Sub-Class of Class B Bonds.

The Class B Bonds, Class B Coupons, Class B Talons and Class B Receipts (if any) are direct and unconditional obligations of the Issuer, are secured in the manner described in Condition 4 (*Security, Priority and Relationship with Issuer Secured Creditors*), are subordinated to the Class A Bonds, Class A Coupons, Class A Receipts and Class A Talons (if any) and rank *pari passu* without any preference among themselves. However, the Class B Unwrapped Bonds will not have the benefit of any Financial Guarantee.

(c) ***Financial Guarantee Issued by a Relevant Financial Guarantor***

This Condition 3(c) is applicable only in relation to Bonds which are specified as being a Sub-Class of Wrapped Bonds.

Each Sub-Class of Wrapped Bonds will have the benefit of a Financial Guarantee issued by a Relevant Financial Guarantor, issued pursuant to a guarantee and reimbursement deed between, amongst others, the Issuer and the Relevant Financial Guarantor dated on or before the relevant Issue Date (as defined below) of such Bonds (the “**G&R Deed**”). Under the relevant Financial Guarantee, the Relevant Financial Guarantor unconditionally and irrevocably agrees to pay to the Bond Trustee all sums due and payable but unpaid by the Issuer in respect of scheduled interest and payment of principal (but excluding FG Excepted Amounts) on such Wrapped Bonds, all as more particularly described in the relevant Financial Guarantee.

The terms of the relevant Financial Guarantee provide that amounts of principal on any such Bonds which have become immediately due and payable (whether by virtue of acceleration, prepayment or otherwise) other than on the relevant Payment Date (as defined under the relevant Financial Guarantee) will not be treated as Guaranteed Amounts (as defined in the relevant Financial Guarantee) which are Due for Payment (as defined in the relevant Financial Guarantee) under the relevant Financial Guarantee unless the Relevant Financial Guarantor in its sole discretion elects so to do by notice in writing to the Bond Trustee. A Relevant Financial Guarantor may elect to accelerate payments due under its Financial Guarantee in full or partially. All payments made by the Relevant Financial Guarantor under its relevant Financial Guarantee in respect of partial acceleration shall be applied (i) to pay the Interest (as defined in the relevant Financial Guarantee) accrued but unpaid on the Principal (as defined in the relevant Financial Guarantee) of such part of the accelerated payment and (ii) to reduce the Principal (as defined in the relevant Financial Guarantee) (or, in the case of Wrapped Bonds repayable in instalments, each principal repayment instalment on a *pro rata* basis with a corresponding reduction of each amount of the Interest (as stated in the relevant Financial Guarantee)) outstanding under the relevant Sub-Classes of Wrapped Bonds. If no such election is made, the Relevant Financial Guarantor will continue to be liable to make payments in respect of the Bonds pursuant to the relevant Financial Guarantee on the dates on which such payments would have been required to be made if such amounts had not become immediately due and payable.

To the extent that the early redemption price of any Bonds exceeds the aggregate of the Principal Amount Outstanding of and any accrued interest outstanding on any such Bonds to be redeemed (each as adjusted for indexation in accordance with Condition 7(b) (*Application of the Index Ratio*), if applicable), payment of such early redemption price will to that extent, not be guaranteed by the Relevant Financial Guarantor under its relevant Financial Guarantee.

(d) ***Status of Financial Guarantee***

This Condition 3(d) is applicable only in relation to Bonds which are specified as being a Sub-Class of Wrapped Bonds.

The relevant Financial Guarantee provided by a Relevant Financial Guarantor in respect of the Bonds will constitute a direct, unsecured obligation of such Relevant Financial Guarantor which will rank at least *pari passu* with all other unsecured obligations of such Relevant Financial Guarantor, save for such obligations as may be preferred by provisions of law that are both mandatory and of general application.

(e) ***BAA Bond Guarantee issued by the Bond Guarantor***

This Condition 3(e) is applicable only in relation to Bonds which are specified as being a Sub-Class of BAA Guaranteed Bonds.

Each Sub-Class of BAA Guaranteed Bonds will be guaranteed by the Bond Guarantor issued pursuant to a bond guarantee dated on or before the Initial Issue Date of such Bonds (the “**BAA Bond Guarantee**”). Under the relevant BAA Bond Guarantee, the Bond Guarantor unconditionally and irrevocably agrees to pay to the Bond Trustee all sums due and payable but unpaid by the Issuer in respect of scheduled interest and payment of principal on such BAA Guaranteed Bonds, all as more particularly described in the BAA Bond Guarantee.

(f) ***Status of BAA Bond Guarantee***

This Condition 3(f) is applicable only in relation to Bonds which are specified as being a Sub-Class of BAA Guaranteed Bonds.

Each BAA Bond Guarantee provided by the Bond Guarantor in respect of the Bonds will constitute a direct, unsecured obligation of the Bond Guarantor which will rank at least *pari passu* with all other unsecured obligations of the Bond Guarantor, save for such obligations as may be preferred by provisions of law that are both mandatory and of general application.

(g) ***Bond Trustee not responsible for monitoring compliance***

The Bond Trustee shall not be responsible for monitoring compliance by the Issuer with any of its obligations under the Issuer Transaction Documents except by means of receipt of a certificate from the Issuer which will state, among other things, that no Bond Event of Default is outstanding. The Bond Trustee shall be entitled to rely on such certificates absolutely. The Bond Trustee is not responsible for monitoring compliance by any of the parties with their respective obligations under the Issuer Transaction Documents. The Bond Trustee may call for and is at liberty to accept as sufficient evidence a certificate signed by any one director of the Issuer, the Obligors (or any of them) or any other party to any Issuer Transaction Document to the effect that any particular dealing, transaction, step or thing is in the opinion of the persons so certifying suitable or expedient or as to any other fact or matter upon which the Bond Trustee may require to be satisfied. The Bond Trustee is in no way bound to call for further evidence or be responsible for any loss that may be occasioned by acting on any such certificate although the same may contain some error or is not authentic. The Bond Trustee is entitled to rely upon any certificate believed by it to be genuine and will not be liable for so acting.

4. Security, Priority and Relationship with Issuer Secured Creditors

(a) ***Security***

As continuing security for the payment or discharge of the Issuer Secured Liabilities (including all monies payable in respect of the Bonds, Coupons and Receipts and otherwise under the Bond Trust Deed, the Issuer Deed of Charge and any deed or other document executed in accordance with the Bond Trust Deed or Issuer Deed of Charge and expressed to be supplemental to the Bond Trust Deed or Issuer Deed of Charge (as applicable) (the “**Trust Documents**”) (including the remuneration, expenses and other claims of the Bond Trustee and any Receiver appointed under the Issuer Deed of Charge)), the Issuer has entered in to the Issuer Deed of Charge to create as far as permitted by and subject to compliance with any applicable law, the following security (the “**Issuer Security**”) in favour of the Bond Trustee for itself and on trust for the other Issuer Secured Creditors:

- (i) an assignment by way of first fixed security of the Benefit of the Issuer under the Finance Documents to which it is a party;
- (ii) an assignment by way of first fixed security of the Benefit of the Issuer under each Issuer Transaction Document (other than the Trust Documents);
- (iii) a first fixed charge of the Benefit of the bank accounts (other than any Liquidity Standby Account (the “**Issuer Accounts**”)) and any bank or other accounts in which the Issuer may at any time have or acquire any Benefit;
- (iv) a first fixed charge of the Benefit of each Authorised Investment of the Issuer; and
- (v) a floating charge over the whole of the Issuer’s undertaking, assets, property and rights whatsoever and wheresoever situated, present and future, including the Issuer’s uncalled capital.

All Bonds issued by the Issuer under the Programme will share in the Issuer Security constituted by the Issuer Deed of Charge, upon and subject to the terms thereof.

(b) ***Relationship among Bondholders and with other Issuer Secured Creditors***

The Bond Trust Deed contains provisions detailing the Bond Trustee’s obligations to consider the interests of Bondholders as regards all discretions of the Bond Trustee (except where expressly provided or otherwise referred to in Condition 16 (*Bond Trustee Protections*)).

(c) ***Enforceable Security***

In the event of the Issuer Security becoming enforceable as provided in the Issuer Deed of Charge, the Bond Trustee shall, if instructed by, in respect of the Wrapped Bonds, each Relevant Financial Guarantor (or following the occurrence of an FG Event of Default, the holders of the Most Senior Class of Wrapped Bonds then outstanding) and in respect of the Unwrapped Bonds, the holders of the Most Senior Class of Unwrapped Bonds then outstanding, enforce its rights with respect to the Issuer Security, but without any liability as to the consequence of such action and without having regard to the effect thereof on, or being required to account for such action to, any particular Bondholder, provided that the Bond Trustee shall not be obliged to take any action unless it is indemnified and/or secured to its satisfaction.

(d) ***Application After Enforcement***

After enforcement of the Issuer Security, the Bond Trustee shall (to the extent that such funds are available) use funds standing to the credit of the Issuer Accounts to make payments in accordance with the Issuer Post-Enforcement Priority of Payments (as set out in the Issuer Deed of Charge).

(e) ***Bond Trustee not liable for security***

The Bond Trustee will not be liable for any failure to make the usual investigations or any investigations which might be made by a security holder in relation to the property which is the subject of the Issuer Security, and shall not be bound to enquire into or be liable for any defect or failure in the right or title of the Issuer to the Issuer Security, whether such defect or failure was known to the Bond Trustee or might have been discovered upon examination or enquiry or whether capable of remedy or not, nor will it have any liability for the enforceability of the Issuer Security created under the Issuer Deed of Charge whether as a result of any failure, omission or defect in registering or filing or otherwise protecting or perfecting such Issuer Security or otherwise. The Bond Trustee shall have no responsibility for the value of any such Issuer Security.

5. Issuer Covenants

So long as any of the Bonds remain outstanding, the Issuer has agreed to comply with the covenants as set out in schedule 2 of the Bond Trust Deed.

The Bond Trustee shall be entitled to rely absolutely on a certificate of any director of the Issuer in relation to any matter relating to such covenants and to accept without liability any such certificate as sufficient evidence of the relevant fact or matter stated in such certificate.

6. Interest and other Calculations

(a) *Interest Rate and Accrual*

Each Bond (unless specified in the relevant Final Terms to be a Zero Coupon Bond) bears interest on its Principal Amount Outstanding as defined below (or as otherwise specified in the relevant Final Terms) from the Interest Commencement Date (as defined below) at the Interest Rate (as defined below), such interest being payable in arrear (unless otherwise specified in the relevant Final Terms) on each Interest Payment Date (as defined below).

Interest will cease to accrue on each Bond (or, in the case of the redemption of part only of a Bond, that part only of such Bond) on the due date for redemption unless, upon due presentation, payment of principal is improperly withheld or refused, in which event interest will continue to accrue (both before and after judgment) at the Interest Rate that would otherwise apply in respect of unpaid amounts on such Bonds at such time to the Bond Relevant Date (as defined in Condition 6(i)(Definitions)).

In the case of interest on Class B Unwrapped Bonds only, if, on any Interest Payment Date, prior to the delivery of a Bond Enforcement Notice, there are insufficient funds available to the Issuer in accordance with the applicable Issuer Priority of Payments (after taking into account any amounts available to be drawn under any Liquidity Facility) to pay such accrued interest, the Issuer's liability to pay such accrued interest will be treated as not having fallen due and will be deferred until the earliest of: (i) the next following Interest Payment Date on which the Issuer has, in accordance with the cash management provisions of the Issuer Cash Management Agreement, sufficient funds available to pay such deferred amounts (including any interest accrued thereon); (ii) the date on which the Senior Debt has been paid in full; and (iii) the date on which a Bond Enforcement Notice has been delivered. Interest will accrue on such deferred interest at the rate otherwise payable on unpaid principal of such Class B Unwrapped Bonds at such time.

If any Maximum Interest Rate or Minimum Interest Rate is specified in the relevant Final Terms, then the Interest Rate shall in no event be greater than the maximum or be less than the minimum so specified, as the case may be.

(b) *Business Day Convention*

If any date referred to in these Conditions or the relevant Final Terms is specified to be subject to adjustment in accordance with a Business Day convention and would otherwise fall on a day which is not a Business Day (as defined below), then if the Business Day Convention specified in the relevant Final Terms is:

- (i) the "**Following Business Day Convention**", such date shall be postponed to the next day which is a Business Day;
- (ii) the "**Modified Following Business Day Convention**", such date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Business Day; or
- (iii) the "**Preceding Business Day Convention**", such date shall be brought forward to the immediately preceding Business Day.

(c) *Floating Rate Bonds*

This Condition 6(c) is applicable only if the relevant Final Terms specify the Bonds as Floating Rate Bonds.

If "**Screen Rate Determination**" is specified in the relevant Final Terms as the manner in which the Interest Rate(s) is/are to be determined, the Interest Rate applicable to the Bonds for each Interest Period will be determined by the Agent Bank (or the Calculation Agent, if applicable) on the following basis:

- (i) if the Page (as defined below) displays a rate which is a composite quotation or customarily supplied by one entity, the Agent Bank (or the Calculation Agent, if applicable) will determine the Relevant Rate (as defined in Condition 6(i) (Definitions));
- (ii) in any other case, the Agent Bank (or the Calculation Agent, if applicable) will determine the arithmetic mean of the Relevant Rates (as defined below) which appear on the Page as of the Relevant Time (as defined below) on the relevant Interest Determination Date;
- (iii) if, in the case of (i) above, such rate does not appear on that Page or, in the case of (ii) above, fewer than two such rates appear on that Page or if, in either case, the Page is unavailable, the Agent Bank (or the Calculation Agent, if applicable) will:

- (A) request the principal Relevant Financial Centre office of each of the Reference Banks (as defined in Condition 6(i) (*Definitions*)) to provide a quotation of the Relevant Rate at approximately the Relevant Time on the relevant Interest Determination Date to prime banks in the Relevant Financial Centre (as defined below) interbank market (or, if appropriate, money market) in an amount that is representative for a single transaction in that market at that time; and
 - (B) determine the arithmetic mean of such quotations; and
- (iv) if fewer than two such quotations are provided as requested in Condition 6(c)(iii), the Agent Bank (or the Calculation Agent, if applicable) will determine the arithmetic mean of the rates (being the rates nearest to the Relevant Rate as determined by the Agent Bank (or the Calculation Agent, if applicable)) quoted by the Reference Banks at approximately 11:00 a.m. (local time in the Relevant Financial Centre of the Relevant Currency) on the relevant Interest Determination Date (as defined in Condition 6(i) (*Definitions*)) for loans in the Relevant Currency to leading European banks for a period equal to the relevant Interest Period and in the Representative Amount (as defined in Condition 6(i) (*Definitions*)),

and the Interest Rate for such Interest Period shall be the sum of the rate or (as the case may be) the arithmetic mean so determined and (a) for any Interest Period that ends before the Scheduled Redemption Date, the Margin and (b) for any Interest Period that ends on or after the Scheduled Redemption Date, the Margin and the Step-Up Floating Fee Rate. However, if the Agent Bank or the Calculation Agent (as applicable) is unable to determine a rate or (as the case may be) an arithmetic mean in accordance with the above provisions in relation to any Interest Period, the Interest Rate applicable to the Bonds during such Interest Period will be the sum of the Margin and the rate or (as the case may be) the arithmetic mean last determined in relation to the Bonds in respect of a preceding Interest Period.

If “**ISDA Determination**” is specified in the relevant Final Terms as the manner in which the Interest Rate(s) is/are to be determined, the Interest Rate(s) applicable to the Bonds for each Interest Period will be the sum of the ISDA Rate and (a) for any Interest Period that ends before the Scheduled Redemption Date, the Margin and (b) for any Interest Period that ends on or after the Scheduled Redemption Date, the Margin and the Step-Up Floating Fee Rate where “**ISDA Rate**” in relation to any Interest Period means a rate equal to the Floating Rate (as defined in the ISDA Definitions) that would be determined by the Agent Bank (or the Calculation Agent, if applicable) under an interest rate swap transaction if the Agent Bank (or the Calculation Agent, if applicable) were acting as calculation agent for that interest rate swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (i) the Floating Rate Option (as defined in the ISDA Definitions) is as specified in the relevant Final Terms;
 - (ii) the Designated Maturity (as defined in the ISDA Definitions) is the Specified Duration (as defined in Condition 6(i) (*Definitions*)); and
 - (iii) the relevant Reset Date (as defined in the ISDA Definitions) is either (1) if the relevant Floating Rate Option is based on LIBOR for a currency, the first day of that Interest Period, (2) if the relevant Floating Rate Option is based on EURIBOR, the first day of that Interest Period or (3) in any other case, as specified in the relevant Final Terms.
- (d) **Fixed Rate Bonds**

This Condition 6(d) is applicable only if the relevant Final Terms specify the Bonds as Fixed Rate Bonds.

Subject to the next paragraph, the Interest Rate applicable to the Bonds for each Interest Period will be the rate specified in the relevant Final Terms.

The Interest Rate applicable to the Bonds for each Interest Period from (and including) the Scheduled Redemption Date will be a floating rate equal to the sum of (a) the rate determined in accordance with Condition 6(c) (*Floating Rate Bonds*) if that Condition otherwise applied and (b) the Step-Up Fixed Fee Rate.

- (e) **Indexed Bonds**

This Condition 6(e) is applicable only if the relevant Final Terms specify the Bonds as Indexed Bonds.

Payments of principal on, and the interest payable in respect of, the Bonds will be subject to adjustment for indexation and to the extent set out in Condition 7(b) (*Application of the Index Ratio*).

Subject to the next paragraph, the Interest Rate applicable to the Bonds for each Interest Period will be the rate specified in the relevant Final Terms.

The Interest Rate applicable to the Bonds for each Interest Period from (and including) the Scheduled Redemption Date will be a floating rate equal to the sum of (a) the arithmetic mean rate determined in accordance with Condition 6(c) (*Floating Rate Bonds*) if that Condition otherwise applied and (b) the Step-Up Fixed Fee Rate.

(f) ***Rounding***

For the purposes of any calculations required pursuant to these Conditions (unless otherwise specified):

- (i) all percentages resulting from such calculations will be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves being rounded up);
- (ii) all figures will be rounded to seven significant figures (with halves being rounded up); and
- (iii) all currency amounts which fall due and payable will be rounded to the nearest unit of such currency (with halves being rounded up). For these purposes, “unit” means, with respect to any currency other than euro, the lowest amount of such currency which is available as legal tender in the country of such currency and, with respect to euro, means 0.01 euro.

(g) ***Calculations***

The amount of interest payable in respect of any Bond for each Interest Period shall be calculated by applying the Interest Rate to the Calculation Amount, multiplying the product by the relevant Day Count Fraction, rounding the resulting figure to the nearest sub-unit of the Specified Currency (half a sub-unit being rounded upwards) and multiplying such rounded figure by a fraction equal to the Specified Denomination of such Bond divided by the Calculation Amount (as defined in Condition 6(i) (*Definitions*)) and, in the case of Indexed Bonds only, adjusted according to the indexation set out in Condition 7(b) (*Application of the Index Ratio*), unless an Interest Amount is specified in respect of such period in the relevant Final Terms, in which case the amount of interest payable in respect of such Bond for such Interest Period will equal such Interest Amount.

(h) ***Determination and Publication of Interest Rates, Interest Amounts, Redemption Amounts and Instalment Amounts***

As soon as practicable after the Relevant Time on each Interest Determination Date or such other time on such date as the Agent Bank (or the Calculation Agent, if applicable) may be required to calculate any Redemption Amount or the amount of an instalment of scheduled principal (an “**Instalment Amount**”), obtain any quote or make any determination or calculation, the Agent Bank (or the Calculation Agent, if applicable) will determine the Interest Rate and calculate the amount of interest payable (the “**Interest Amounts**”) in respect of each Specified Denomination of Bonds for the relevant Interest Period (including, for the avoidance of doubt any applicable Index Ratio to be calculated in accordance with Condition 7(b) (*Application of the Index Ratio*)), calculate the Redemption Amount or Instalment Amount, obtain such quote or make such determination or calculation, as the case may be, and cause the Interest Rate and the Interest Amounts for each Interest Period and the relevant Interest Payment Date and, if required to be calculated, the Redemption Amount, Principal Amount Outstanding or any Instalment Amount to be notified to, in the case of Bearer Bonds, the Paying Agents or in the case of Registered Bonds, the Registrar, and, in each case, the Bond Trustee, the Issuer, the Bondholders and the London Stock Exchange and each other listing authority, stock exchange and/or quotation system by which the relevant Bonds have then been admitted to listing, trading and/or quotation as soon as possible after its determination but in no event later than (i) (in case of notification to the London Stock Exchange and each other listing authority, stock exchange and/or quotation system by which the relevant Bonds have then been admitted to listing, trading and/or quotation) the commencement of the relevant Interest Period, if determined prior to such time, in the case of an Interest Rate and Interest Amount, or (ii) in all other cases, the fourth Business Day after such determination. The Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each stock exchange or other relevant authority on which the relevant Sub-Class or Class of Bonds are for the time being listed or by which they have been admitted to listing, to the Principal Paying Agent, the Bond Trustee and to the Bondholders in accordance with Condition 17 (*Notices*). If the Bonds become due and payable under Condition 11 (*Events of Default*), the accrued interest and the Interest Rate payable in respect of the Bonds shall nevertheless continue to be calculated as previously provided in accordance with this Condition but no publication of the Interest Rate or the Interest Amount so calculated need be made unless otherwise required by the Bond Trustee. The determination of each Interest Rate, Interest Amount, Redemption Amount and Instalment Amount, the obtaining of each quote and the making of each determination or calculation by the Agent Bank (or the Calculation Agent, if applicable) or, as the case may be, the Bond Trustee pursuant to this Condition 6 or Condition 7 (*Indexation*), shall (in the absence of manifest error) be final and binding upon all parties.

(a) ***Definitions***

“**affiliate**” means in relation to any person, any entity controlled, directly or indirectly, by that person, any entity that controls directly or indirectly, that person or any entity, directly or indirectly under common control with that person and, for this purpose, “control” means control as defined in the Companies Act;

Any reference to the Index Figure:

- (i) applicable to a particular month shall, subject as provided in Condition 7(c) (*Changes in Circumstances Affecting the Index*) and (e) (*Cessation of or Fundamental Changes to the Index*), be construed as a reference to the Index Figure published in the seventh month prior to that particular month and relating to the month before that of publication;
- (ii) applicable to the first calendar day of any month shall, subject as provided in Condition 7(c) (*Changes in Circumstances Affecting the Index*) and (e) (*Cessation of or Fundamental Changes to the Index*), be construed as a reference to the Index Figure published in the second month prior to that particular month and relating to the month before that of publication; or
- (iii) applicable to any other day in any month shall, subject as provided in Condition 7(c) (*Changes in Circumstances Affecting the Index*) and (e) (*Cessation of or Fundamental Changes to the Index*), be calculated by linear interpolation between (x) the Index Figure applicable to the first calendar day of the month in which the day falls, calculated as specified in sub-paragraph (ii) above, and (y) the Index Figure applicable to the first calendar day of the following month, calculated as specified in sub-paragraph (ii) above, and rounded in accordance with Condition 6(f) (*Rounding*).

If the Index is replaced, the Issuer will describe the replacement Index in a supplementary prospectus;

“**Index Ratio**” applicable to any month means the Index Figure applicable to such month divided by the Base Index Figure;

“**Limited Index Ratio**” means (a) in respect of any month prior to the relevant Issue Date, the Index Ratio for that month; (b) in respect of any Limited Indexation Month after the relevant Issue Date, the product of the Limited Indexation Factor for that month and the Limited Index Ratio as previously calculated in respect of the month twelve months prior thereto; and (c) in respect of any other month, the Limited Index Ratio as previously calculated in respect of the most recent Limited Indexation Month;

“**Limited Indexation Factor**” means, in respect of a Limited Indexation Month, the ratio of the Index Figure applicable to that month divided by the Index Figure applicable to the month twelve months prior thereto, provided that (a) if such ratio is greater than the Maximum Indexation Factor specified in the relevant Final Terms, it shall be deemed to be equal to such Maximum Indexation Factor and (b) if such ratio is less than the Minimum Indexation Factor specified in the relevant Final Terms, it shall be deemed to be equal to such Minimum Indexation Factor;

“**Limited Indexation Month**” means any month specified in the relevant Final Terms for which a Limited Indexation Factor is to be calculated;

“**Limited Indexed Bonds**” means Indexed Bonds to which a Maximum Indexation Factor and/or a Minimum Indexation Factor (as specified in the relevant Final Terms) applies; and

(b) *Application of the Index Ratio*

Each payment of interest and principal in respect of the Bonds shall be the amount provided in, or determined in accordance with, these Conditions, multiplied by the Index Ratio or Limited Index Ratio in the case of Limited Indexed Bonds applicable to the month in which such payment falls to be made and rounded in accordance with Condition 6(f) (*Rounding*).

(c) *Changes in Circumstances Affecting the Index*

(i) Change in base: If at any time and from time to time the Index is changed by the substitution of a new base therefor, then with effect from the calendar month from and including that in which such substitution takes effect (1) the definition of “**Index**” and “**Index Figure**” in Condition 7(a) (Definitions) shall be deemed to refer to the new date or month in substitution for January 1987 (or, as the case may be, to such other date or month as may have been substituted therefor), and (2) the new Base Index Figure shall be the product of the then existing Base Index Figure and the Index Figure immediately following such substitution, divided by the Index Figure immediately prior to such substitution.

(ii) Delay in publication of Index: If the Index Figure relating to any month (the “**relevant month**”) which is required to be taken into account for the purposes of the determination of the Index Figure for any date is not published on or before the fourteenth business day before the date on which such payment is due (the “**date for payment**”) (otherwise than because the Index has ceased to be published), the Index Figure applicable to the relevant month shall be (1) such substitute index figure (if any) as the Bond Trustee considers to have been published by the United Kingdom Debt Management Office or the Bank of England, as the case may be, (or such other body designated by the UK government for such purpose) for the purposes of indexation of payments on the Reference Gilt or, failing such publication, on any one or more issues of index-linked Treasury Stock selected by an Indexation Adviser (and approved by the Bond Trustee); or (2) if no such determination is made by such Indexation Adviser within seven days, the Index Figure last published (or, if later, the substitute index figure last determined pursuant to Condition 7(c)(ii)(1)) before the date for payment.

(d) *Application of Changes*

Where the provisions of Condition 7(c)(ii) (*Delay in publication of Index*) apply, the determination of the Indexation Adviser as to the Index Figure applicable to the month in which the date for payment falls shall be conclusive and binding. If, an Index Figure having been applied pursuant to Condition 7(c)(ii)(2), the Index Figure relating to the relevant month is subsequently published while a Bond is still outstanding, then:

(i) in relation to a payment of principal or interest in respect of such Bond other than upon final redemption of such Bond, the principal or interest (as the case may be) next payable after the date of such subsequent

publication shall be increased or reduced by an amount equal to (respectively) the shortfall or excess of the amount of the relevant payment made on the basis of the Index Figure applicable by virtue of Condition 7(c)(ii)(2), below or above the amount of the relevant payment that would have been due if the Index Figure subsequently published had been published on or before the fourteenth business day before the date for payment; and

(ii) in relation to a payment of principal or interest upon final redemption, no subsequent adjustment to amounts paid will be made.

(e) ***Cessation of or Fundamental Changes to the Index***

(i) If (1) the Bond Trustee has been notified by the Agent Bank (or the Calculation Agent, if applicable) that the Index has ceased to be published or (2) any change is made to the coverage or the basic calculation of the Index which constitutes a fundamental change which would, in the opinion of the Bond Trustee acting solely on the advice of an Indexation Adviser, be materially prejudicial to the interests of the Bondholders, the Bond Trustee will give written notice of such occurrence to the Issuer, and the Issuer and the Bond Trustee together shall seek to agree for the purpose of the Bonds one or more adjustments to the Index or a substitute index (with or without adjustments) with the intention that the same should leave the Issuer and the Bondholders in no better and no worse position than they would have been had the Index not ceased to be published or the relevant fundamental change not been made.

(ii) If the Issuer and the Bond Trustee fail to reach agreement as mentioned above within 20 business days following the giving of notice as mentioned in paragraph (i), a bank or other person in London shall be appointed by the Issuer and the Bond Trustee or, failing agreement on and the making of such appointment within 20 business days following the expiry of the 20 business day period referred to above, by the Bond Trustee (in each case, such bank or other person so appointed being referred to as the “**Expert**”), to determine for the purpose of the Bonds one or more adjustments to the Index or a substitute index (with or without adjustments) with the intention that the same should leave the Issuer and the Bondholders in no better and no worse position than they would have been had the Index not ceased to be published or the relevant fundamental change not been made. Any Expert so appointed shall act as an expert and not as an arbitrator and all fees, costs and expenses of the Expert and of any Indexation Adviser and of any of the Issuer and the Bond Trustee in connection with such appointment shall be borne by the Issuer.

(iii) If any payment in respect of the Bonds is due to be made after the cessation or changes referred to in Condition 7(e)(i) but before any such adjustment to, or replacement of, the Index takes effect, the Issuer shall (if the Index Figure applicable (or deemed applicable) to the relevant month is not available in accordance with the provisions of Condition 7(c)(i) (*Change in base*) above) make a provisional payment on the basis that the Index Figure applicable to the month in which such payment is due to be made is the Index Figure last published. In that event, or in the event of any payment (also referred to below as a “**provisional payment**”) on the Bonds having been made on the basis of an Index applicable under Condition 7(c)(ii)(1) and the Bond Trustee (acting solely on the advice of an Indexation Adviser) subsequently determining that the relevant circumstances fall within this Condition 7(e) (*Cessation of or Fundamental Changes to the Index*), then:

(A) in relation to a payment of principal or interest in respect of the Bonds other than upon final redemption of such Bond, if the sum which would have been payable if such adjustment of substitute index had been in effect on the due date for such payment is greater or less than the amount of such provisional payment, the Interest Amount payable on the Bonds on the Interest Payment Date next succeeding the date on which such adjustment or substitute index becomes effective shall be increased or reduced to reflect the amount by which such provisional payment fell short of, or (as the case may be) exceeded, the sum which would have been paid on the Bonds if such adjustment or substituted index had been in effect on that date; or

(B) in relation to a payment of principal or interest upon final redemption, no subsequent adjustment to amounts paid will be made.

(iv) The Index shall be adjusted or replaced by a substitute index as agreed by the Issuer and the Bond Trustee or as determined by the Expert pursuant to the foregoing paragraphs, as the case may be, and references in these Conditions to the Index and to any Index Figure shall be deemed amended in such manner as the Bond Trustee and the Issuer agree are appropriate to give effect to such adjustment or replacement. Such amendments shall be effective from the date of such notification and binding upon the Issuer, each Relevant Financial Guarantor, the other Issuer Secured Creditors, the Bond Trustee and the Bondholders, and the Issuer shall give notice to the Bondholders in accordance with Condition 17 (Notices) of such amendments as promptly as practicable following such notification.

8. Redemption, Purchase and Cancellation

(a) Scheduled Redemption

Unless previously redeemed in full, or purchased and cancelled as provided below, or unless such Bond is stated in the relevant Final Terms as having no fixed maturity date, each Sub-Class of Bonds will be redeemed on the Scheduled Redemption Date as follows and to the following extent:

- (i) if, by the Scheduled Redemption Date, the Issuer has received repayment of the related advance (in accordance with the provisions of the relevant Borrower Loan Agreement) of a principal amount equal to the Principal Amount Outstanding (in the case of Indexed Bonds as adjusted in accordance with Condition 7(b) (*Application of the Index Ratio*)) of such Sub-Class, then the Bonds of such Sub-Class will be redeemed in full (after exchange of such principal amount to the relevant currency pursuant to the relevant Cross Currency Hedging Agreement, if such a Cross Currency Hedging Agreement has been entered into); and
- (ii) if, by the Scheduled Redemption Date, the Issuer has received repayment of the related advance (in accordance with the provisions of the relevant Borrower Loan Agreement) of a principal amount less than the Principal Amount Outstanding (in the case of Indexed Bonds as adjusted in accordance with Condition 7(b) (*Application of the Index Ratio*)) of such Sub-Class, then the Bonds of such Sub-Class will be redeemed pro rata in part to the extent of the amount which is so deposited (after exchange of such principal amount to the relevant currency pursuant to the relevant Cross Currency Hedging Agreement, if such a Cross Currency Hedging Agreement has been entered into).

If the Bonds of a Sub-Class are not redeemed in full by the Scheduled Redemption Date, then on each Interest Payment Date which thereafter occurs, the Bonds of such Sub-Class will be redeemed in full or, as the case may be, *pro rata* in part to the extent of the principal amount (after exchange of such principal amount to the relevant currency pursuant to the relevant Cross Currency Hedging Agreement, if such a Cross Currency Hedging Agreement has been entered into or, if there is no longer a Cross Currency Hedging Agreement in place and the Sub-Class is denominated in a currency other than the currency of the related advance, at a spot rate of exchange) which, if any, is received by the Issuer in repayment of the related advance(s) (in accordance with the provisions of the relevant Borrower Loan Agreements) until the earlier of (a) such time as such Sub-Class of Bonds is redeemed in full or (b) the Maturity Date specified in the relevant Final Terms for such Sub-Class.

(b) Final Redemption

If the Bonds of a Sub-Class have not previously been redeemed in full, or purchased and cancelled, the Bonds will be finally redeemed at the then Principal Amount Outstanding (in the case of Indexed Bonds as adjusted in accordance with Condition 7(b) (*Application of the Index Ratio*)) of such Sub-Class plus accrued but unpaid interest on the Maturity Date specified in the relevant Final Terms for such Sub-Class.

In the case of principal on Class B Unwrapped Bonds only, if, on any date on or after the Maturity Date but prior to the delivery of a Bond Enforcement Notice on which such Bond is to be redeemed (in whole or in part), there are insufficient funds available to the Issuer to pay such principal, the Issuer's liability to pay such principal will be treated as not having fallen due and will be deferred until the earliest of (i) the next following Interest Payment Date on which the Issuer has, in accordance with the cash management provisions of the Issuer Cash Management Agreement, sufficient funds to pay such deferred amounts (including any interest accrued thereon); (ii) the date on which all Senior Debt has been paid in full and (iii) the date on which a Bond Enforcement Notice has been delivered. Interest will accrue on such deferred principal at the rate otherwise payable on unpaid principal of such Class B Unwrapped Bonds immediately prior to the Maturity Date.

(c) Redemption of Zero Coupon Bonds after Scheduled Redemption Date

If the relevant Final Terms specifies that there is a Scheduled Redemption Date for the Bonds, the Redemption Amount payable upon redemption of a Zero Coupon Bond at any time after the Scheduled Redemption Date shall be an amount equal to the sum of:

- (i) the Redemption Amount that would have been payable if the Bond had been redeemed on the Scheduled Redemption Date; and
- (ii) the product of the Accrual Yield (compounded annually) being applied to such amount from (and including) the Scheduled Redemption Date to (but excluding) the date of redemption or (as the case may be) the date upon which the Bond becomes due and payable.

Where such calculation is to be made for a period which is not a whole number of years, the calculation in respect of the period of less than a full year shall be made on the basis of such Day Count Fraction as may be specified in the Final Terms for the purposes of Condition 8(k) or, if none is so specified, a Day Count Fraction of 30/360.

In these Conditions, “**Accrual Yield**” has the meaning given to it in the relevant Final Terms.

(d) **Optional Redemption**

Subject as provided below, upon giving not more than 60 nor less than 30 days’ notice to the Bond Trustee, the Issuer Secured Creditors and the Bondholders, the Issuer may (prior to the Maturity Date) redeem any Sub-Class of the Bonds in whole or in part (but on a pro rata basis only) on any Interest Payment Date at their Redemption Amount, provided that Floating Rate Bonds may not be redeemed before the date (if any) specified in the relevant Final Terms, as follows:

- (i) In respect of Fixed Rate Bonds denominated in Sterling, the Redemption Amount will, unless otherwise specified in the relevant Final Terms, be an amount equal to the higher of (i) their Principal Amount Outstanding and (ii) the price determined to be appropriate by a financial adviser in London (selected by the Issuer and approved by the Bond Trustee) as being the price at which the Gross Redemption Yield (as defined below) on such Bonds on the Reference Date (as defined below) is equal to the Gross Redemption Yield at 3:00 p.m. (London time) on the Reference Date on the Reference Gilt (as defined below) while that stock is in issue, and thereafter such UK government stock as the Issuer may, with the advice of three persons operating in the gilt-edged market (selected by the Issuer and approved by the Bond Trustee) determine to be appropriate, plus accrued but unpaid interest on the Principal Amount Outstanding.

For the purposes of this Condition 8(d)(i), “**Gross Redemption Yield**” means a yield expressed as a percentage and calculated on a basis consistent with the basis indicated by the UK Debt Management Office publication “Formulae for Calculating Gilt Prices from Yields” (published on 8 June 1998 with effect from 1 November 1998 and updated on 15 January 2002) page 5 or any replacement therefor and, for the purposes of such calculation, the date of redemption of the relevant Fixed Rate Bonds shall be assumed to be the Scheduled Redemption Date and not the Maturity Date; “**Reference Date**” means the date which is two Business Days prior to the despatch of the notice of redemption under this Condition 8(d)(i); and “**Reference Gilt**” means the Treasury Stock specified in the relevant Final Terms.

- (ii) In respect of Floating Rate Bonds, the Redemption Amount will, unless otherwise specified in the relevant Final Terms, be the Principal Amount Outstanding plus any premium for early redemption in certain years (as specified in the relevant Final Terms) plus any accrued but unpaid interest on the Principal Amount Outstanding.

- (iii) In respect of Indexed Bonds denominated in Sterling, the Redemption Amount will (unless otherwise specified in the relevant Final Terms) be the higher of (i) the Principal Amount Outstanding and (ii) the price determined to be appropriate (without any additional indexation beyond the implicit indexation in such determined price) by a financial adviser in London (selected by the Issuer and approved by the Bond Trustee) as being the price at which the Gross Real Redemption Yield (as defined below) on the Bonds on the Reference Date (as defined below) is equal to the Gross Real Redemption Yield at 3:00 p.m. (London time) on the Reference Date on the Reference Gilt while that stock is in issue, and thereafter such UK government stock as the Issuer may, with the advice of three persons operating in the gilt-edged market, (selected by the Issuer and approved by the Bond Trustee), determine to be appropriate, plus accrued but unpaid interest (as adjusted in accordance with Condition 7(b) (Application of the Index Ratio)) on the Principal Amount Outstanding.

For the purposes of this Condition 8(d)(iii), “**Gross Real Redemption Yield**” means a yield expressed as a percentage and calculated on a basis consistent with the basis indicated by the UK Debt Management Office publication “Formulae for Calculating Gilt Prices from Yields” published on 8 June 1998 with effect from 1 November 1998 and updated on 15 January 2002, page 4 or any replacement therefor and, for the purposes of such calculation, the date of redemption of the relevant Indexed Bonds shall be assumed to be the Scheduled Redemption Date and not the Maturity Date; “**Reference Date**” means the date which is two Business Days prior to the despatch of the notice of redemption under this Condition 8(d)(iii); and “**Reference Gilt**” means the Treasury Stock specified in the relevant Final Terms.

- (iv) In respect of Fixed Rate Bonds denominated in euro, the Redemption Amount will, unless otherwise specified in the relevant Final Terms, be an amount equal to the higher of (i) their Principal Amount Outstanding and (ii) the present value at the Reference Date (as defined below) of (A) their Principal Amount Outstanding plus (B) all required interest payments due on the Bonds (excluding accrued but unpaid interest to the date on which the Bonds are to be redeemed (the “**Redemption Date**”)), computed using a discount rate equal to the Bund Rate as of the Reference Date and assuming the relevant Fixed Rate Bonds would otherwise have been redeemed on the Scheduled Redemption Date, plus, in either case, accrued but unpaid interest to the Redemption Date.

For the purposes of this Condition 8(d)(iv), “**Bund Rate**” means, with respect to any Reference Date, the rate per annum equal to the equivalent yield to maturity as of such date of the Comparable German Bund Issue, assuming a price for the Comparable German Bund Issue (expressed as a percentage of its principal amount) equal to the Comparable German Bund Price on such date of determination; “**Comparable German Bund Issue**” means the German *Bundesanleihe* security specified in the relevant Final Terms or, if no such security is specified or the specified security is no longer in issue, the German *Bundesanleihe* security selected by any Reference German Bund Dealer as having a fixed maturity most nearly equal to the period from such Reference Date to the Scheduled Redemption Date and that would be utilised, at the time of selection and in accordance with customary financial practice, in pricing new issues of euro-denominated corporate debt securities in a principal amount approximately equal to the then Principal Amount Outstanding of the Bonds and of a maturity most nearly equal to the Scheduled Redemption Date provided, however, that if the period from such Redemption Date to the Scheduled Redemption Date is less than one year, a fixed maturity of one year shall be used; “**Comparable German Bund Price**” means, with respect to any relevant date, the average of all Reference German Bund Dealer Quotations for such date (which, in any event, must include at least two such quotations), after excluding the highest and lowest such Reference German Bund Dealer Quotations or, if the Financial Adviser obtains fewer than four such Reference German Bund Dealer Quotations, the average of all such quotations; “**Financial Adviser**” means a financial adviser in Frankfurt (selected by the Issuer and approved by the Bond Trustee); “**Reference Date**” means the date which is three Business Days prior to the dispatch of the notice of redemption under this Condition 8(d)(iv); “**Reference German Bund Dealer**” means any dealer of German *Bundesanleihe* securities appointed by the Financial Adviser; and “**Reference German Bund Dealer Quotations**” means, with respect to each Reference German Bund Dealer and any relevant date, the average as determined by the Financial Adviser of the bid and offered prices for the Comparable German Bund Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Financial Adviser by such Reference German Bund Dealer at or about 3:30 p.m. (Frankfurt, Germany time) on the Reference Date.

In any such case, prior to giving any such notice, the Issuer must certify (as further specified in the Finance Documents) to the Bond Trustee that it will have the funds, not subject to any interest (other than under the Issuer Security) of any other person, required to redeem the Bonds as aforesaid.

(e) ***Redemption for Index Event, Taxation or Other Reasons***

Redemption for Index Events: Upon the occurrence of any Index Event (as defined below), the Issuer may, upon giving not more than 10 nor less than 5 days’ notice to the Bond Trustee, the Issuer Secured Creditors and the holders of the Indexed Bonds in accordance with Condition 17 (*Notices*), redeem all (but not some only) of the Indexed Bonds of all Sub-Classes on any Interest Payment Date at the Principal Amount Outstanding (adjusted in accordance with Condition 7(b) (*Application of Index Ratio*)) plus accrued but unpaid interest. No single Sub-Class of Indexed Bonds may be redeemed in these circumstances unless all the other Classes and Sub-Classes of Indexed Bonds linked to the same underlying Index are also redeemed at the same time. Before giving any such notice, the Issuer shall provide to the Bond Trustee, the Issuer Secured Creditors and any Relevant Financial Guarantor(s) a certificate signed by an authorised signatory (a) stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred and (b) confirming that the Issuer will have sufficient funds on such Interest Payment Date to effect such redemption.

“**Index Event**” means (i) if the Index Figure for three consecutive months falls to be determined on the basis of an Index Figure previously published as provided in Condition 7(c)(ii) (*Delay in publication of Index*) and the Bond Trustee has been notified by the Principal Paying Agent that publication of the Index has ceased or (ii) notice is published by Her Majesty’s Treasury, or on its behalf, following a change in relation to the Index, offering a right of redemption to the holders of the Reference Gilt, and (in either case) no amendment or substitution of the Index has been advised by the Indexation Adviser to the Issuer and such circumstances are continuing.

Redemption for Taxation Reasons: In addition, if at any time the Issuer satisfies the Bond Trustee, (a) that the Issuer would, on the next Interest Payment Date, become obliged to deduct or withhold from any payment of interest or principal in respect of the Bonds (other than in respect of default interest), any amount for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by the UK or Jersey or any political subdivision thereof, or any other authority thereof or any change in the application or official interpretation of such laws or regulations (“**Taxes**”); (b) that the Issuer or a Borrower would on the next Interest Payment Date be required to make any withholding or deduction for or on account of any Taxes from payments in respect of a Borrower Loan Agreement; (c) that the Issuer or an Issuer Hedge Counterparty would be required to make any withholding or deduction for or on account of any Taxes from payments in respect of an Issuer Hedging Agreement; or (d) by reason of a change in law (or the application or official interpretation thereof), which change becomes effective on or after the Initial Issue Date that it has or will become unlawful for the Issuer to perform any of its obligations under the Borrower Loan Agreements or to fund or to maintain its participation in the Borrower Loans, then the Issuer may, in order to avoid the relevant deductions, withholding or illegality but is not obliged to, (i)

use its reasonable endeavours to arrange the substitution of a company incorporated under the laws of another jurisdiction approved by the Bond Trustee as principal debtor under the Bonds and as lender under the Borrower Loan Agreements and as obligor under the Finance Documents upon satisfying the conditions for substitution of the Issuer as set out in Condition 15 (*Meetings of Bondholders, Modification, Waiver and Substitution*) or (ii) convert any Bearer Bonds into Registered Bonds in accordance with Condition 2(a) (*Exchanges of Bearer Bonds for Registered Bonds and Transfers of Registered Bonds*) if such conversion will be effective to avoid the relevant deduction or withholding. If the Issuer is unable to arrange a substitution as described above having used reasonable endeavours to do so and a conversion of Bearer Bonds to Registered Bonds would not prevent any withholding or deduction and, as a result, the relevant deduction or withholding is continuing then the Issuer may, upon giving not more than 10 nor less than 5 days' notice to the Bond Trustee, the Issuer Secured Creditors and the Bondholders in accordance with Condition 17 (*Notices*), redeem all (but not some only) of the Bonds of the affected Class or Sub-Class on any Interest Payment Date at their Principal Amount Outstanding plus accrued but unpaid interest thereon (each adjusted, in the case of Indexed Bonds, in accordance with Condition 7(b) (*Application of the Index Ratio*)). Before giving any such notice of redemption, the Issuer shall provide to the Bond Trustee and the Issuer Secured Creditors and each Relevant Financial Guarantor a certificate signed by a director of the Issuer (a) stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have been satisfied and (b) confirming that the Issuer will have sufficient funds on such Interest Payment Date to discharge all its liabilities in respect of the Bonds of the affected Class or Sub-Class and any amounts under the Security Agreement to be paid in priority to, or *pari passu* with, such Bonds under the Issuer Payment Priorities.

(f) ***Early Redemption on Prepayment of Borrower Loan Agreements***

If:

- (i) a Borrower gives notice to the Issuer under a Borrower Loan Agreement that it intends to prepay all or part of any advance made under such Borrower Loan Agreement or a Borrower is required to prepay all or part of any advance made under a Borrower Loan Agreement (including (A) following a Designated Airport Disposal after the occurrence of a Trigger Event which is continuing and following the date on which an amount equal to the initial aggregate amount drawn under the Refinancing Facility has been repaid to the Refinancing Facility Providers or (B) following the delivery of a Loan Acceleration Notice out of any sums credited to the Debt Collateralisation Account);
- (ii) in each case, such advance was funded by the Issuer from the proceeds of the issue of a Class or Sub-Class of Bonds; and
- (iii) where applicable, no other Borrower has requested the Issuer to make such advance available to it in accordance with clause 7.2 of the relevant Borrower Loan Agreement,

the Issuer shall, upon giving not more than 10 nor less than 5 days' notice to the Bond Trustee, the Issuer Secured Creditors, each Relevant Financial Guarantor and the Bondholders in accordance with Condition 17 (*Notices*), (where such advance is being prepaid in whole) redeem all of the Bonds of that Sub-Class or (where part only of such advance is being prepaid) the proportion of the relevant Sub-Class of Bonds which the proposed prepayment amount bears to the amount of the relevant advance.

In the case of a voluntary prepayment, the relevant Bonds will be redeemed at their Redemption Amount determined in accordance with Condition 8(d) (*Optional Redemption*) except that, in the case of Fixed Rate Bonds and Indexed Bonds, for the purposes of this Condition 8(f), "**Reference Date**" means the date two Business Days prior to the despatch of the notice of redemption given under this Condition 8(f), plus accrued but unpaid interest and, in the case of any other prepayment, the relevant Bonds will be redeemed at their Principal Amount Outstanding plus accrued but unpaid interest.

In the case of any prepayment out of the net proceeds of a Designated Airport Disposal following the occurrence of a Trigger Event which is continuing and after the date on which an amount equal to the initial aggregate amount drawn under the Refinancing Facility has been repaid to the Refinancing Facility Providers, (i) Call Protected Floating Rate Bonds of any Sub-Class will be redeemed at an amount (the "**Par Redemption Amount**") equal to their Principal Amount Outstanding or the relevant portion thereof available for redemption, plus accrued but unpaid interest on the Principal Amount Outstanding or the relevant portion thereof available for redemption to (but excluding) the date of redemption and (ii) Fixed Rate Bonds and Indexed Bonds of any Sub-Class will be redeemed at an amount (the "**Modified Redemption Amount**") equal to the lower of (x) the Principal Amount Outstanding of the relevant Bonds or the relevant portion thereof available for redemption and (y) (in the case of Fixed Rate Bonds or Indexed Bonds denominated in Sterling) an amount calculated by multiplying the Principal Amount Outstanding of such Bonds or the relevant portion thereof available for redemption by that price (expressed as a percentage) (as reported in writing to the Issuer and the Bond Trustee by a financial adviser nominated by the Issuer and approved by the Bond Trustee) (and

rounded to three decimal places (0.0005 being rounded upwards)) at which the Gross Redemption Yield on the Bonds on the Reference Date is equal to the Redemption Rate or (in the case of Fixed Rate Bonds denominated in euro) at the Redemption Amount calculated in accordance with Condition 8(d)(iv) provided that the reference in such calculation to the Bund Rate shall be construed as a reference to the Redemption Rate or (in the case of Fixed Rate Bonds denominated in a currency other than Sterling or euro or Indexed Bonds denominated in a currency other than Sterling) the Alternative Redemption Amount calculated in accordance with the relevant Final Terms, plus, in any case, accrued but unpaid interest (in the case of Indexed Bonds, as adjusted in accordance with Condition 7(b) (*Application of the Index Ratio*)) on the Principal Amount Outstanding or the relevant portion thereof available for redemption to (but excluding) the date of redemption.

Notwithstanding the foregoing, no redemption of Call Protected Floating Rate Bonds, Fixed Rate Bonds or Indexed Bonds shall be made in respect of any Sub-Class of Call Protected Floating Rate Bonds, Fixed Rate Bonds or Indexed Bonds at such Par Redemption Amount or, as the case may be, Modified Redemption Amount unless sanctioned by an Extraordinary Resolution passed at a meeting of Bondholders of the relevant Sub-Class of Call Protected Floating Rate Bonds, Fixed Rate Bonds or Indexed Bonds, duly convened and held in accordance with the Bond Trust Deed.

For the purposes of this Condition 8(f), “**Alternative Redemption Amount**” means the amount specified as such in the relevant Final Terms (if any); “**Call Protected Floating Rate Bonds**” means any Floating Rate Bonds, the Final Terms in respect of which, at the proposed date of redemption, would oblige the Issuer to pay a premium to par upon the optional early redemption of such Floating Rate Bonds; “**Redemption Rate**” means the sum of the Relevant Swap Mid Curve Rate and 0.50 per cent. per annum or, if the Relevant Swap Mid Curve Rate is not able to be determined, the sum of such rate as may be approved by the Bond Trustee and 0.50 per cent. per annum; “**Gross Redemption Yield**” has the meaning given to it (in the case of Fixed Rate Bonds) in Condition 8(d)(i) or (in the case of Indexed Bonds) in Condition 8(d)(iii); “**Relevant Swap Mid Curve Rate**” means the mid-point of the bid-side and offer-side rates for the fixed leg of a hypothetical interest rate swap with a notional profile equal to the interest profile applicable to the relevant Sub-Class of Bonds to be redeemed to (but excluding) the Scheduled Redemption Date, with the same payment dates as the relevant Bond, against a floating leg of the Relevant Interest Rate, with no spread, where such hypothetical interest rate swap is between two highly-rated (AA- or equivalent or higher) and fully collateralised market counterparties (the Relevant Swap Mid Curve Rate shall be determined by a financial adviser (nominated by the Issuer and approved by the Bond Trustee) using its standard valuation methodology (as at the date of calculation) as at or about the time for determining interest rate quotation in the currency of the relevant Bonds in accordance with market practice on the Reference Date; and “**Relevant Interest Rate**” means the rate of interest for deposits in the currency of the relevant Bonds and of a duration equal to the length of the Interest Period (other than the first or last Interest Period, if different) of the relevant Bonds as determined as at or about the time for determining interest rate quotation in the currency of the relevant Bonds in accordance with market practice on the Reference Date by reference to the Reuters screen (if the relevant Bonds are denominated in Sterling) LIBOR01, (if the relevant Bonds are denominated in euro) EURIBOR01 or (if the relevant Bonds are denominated in a currency other than Sterling or euro) specified in the relevant Final Terms or such other page as may replace such page or, if that service ceases to display such information, such page as displays such information on such service (or, if more than one, that one previously approved in writing by the Bond Trustee) as may replace the Reuters screen.

(g) ***Early Redemption on exercise of Subordinated Creditor Call Option***

Following the delivery of a Loan Enforcement Notice, if the Borrower Security Trustee gives notice to the Issuer that the Subordinated Secured Creditors have given notice that they intend to exercise their right under the Senior/Subordinated Intercreditor Agreement to require the transfer to them (or a nominee) of all, but not part, of the Senior Liabilities (as defined in the Senior/Subordinated Intercreditor Agreement) by, in respect of the Issuer, paying an amount equal to all amounts outstanding under the Borrower Loans at that time to the relevant Issuer Account, the Issuer shall, upon giving not more than 10 nor less than 5 days’ notice to the Bond Trustee, the Issuer Secured Creditors, each Relevant Financial Guarantor and the Bondholders in accordance with Condition 17 (*Notices*), redeem all of the Bonds of each Sub Class. The relevant Bonds will be redeemed at their Redemption Amount determined in accordance with Condition 8(d) (*Optional Redemption*) except that, in the case of Fixed Rate Bonds and Indexed Bonds, for the purposes of this Condition 8(g), “**Reference Date**” means the date two Business Days prior to the despatch of the notice of redemption given under this Condition 8(g), plus accrued but unpaid interest and, in the case of any other prepayment, the relevant Bonds will be redeemed at their Principal Amount Outstanding plus accrued but unpaid interest.

For the purposes of this Condition 8(g), “**Senior/Subordinated Intercreditor Agreement**” means the intercreditor agreement dated 6 April 2006 as amended and restated on or about the Initial Issue Date and from time to time between, inter alios, the Obligors, each Borrower Secured Creditor, the Borrower Security Trustee and the Subordinated

Creditors and “**Subordinated Secured Creditors**” means the secured parties under the subordinated facility agreement dated 7 April 2006 as amended from time to time.

(h) ***Early redemption following Loan Enforcement Notice***

If the Issuer receives (or is to receive) any monies from any Obligor following the service of a Loan Enforcement Notice in repayment of all or any part of a Borrower Loan, the Issuer shall, upon giving not more than 10 nor less than 5 days’ notice to the Bond Trustee, the Issuer Secured Creditors, each Relevant Financial Guarantor and the Bondholders in accordance with Condition 17 (*Notices*) apply such monies in accordance with the Issuer Pre-Enforcement Priority of Payments or the Issuer Post-Enforcement Priority of Payments, as applicable, and redeem (to the extent of such monies as are available in accordance with the relevant Issuer Priority of Payments) each Sub-Class of the then outstanding Bonds (corresponding to the advance under the Borrower Loan Agreement which is prepaid in accordance with the provisions of the Borrower Post-Enforcement (Pre-Acceleration) Principal Priority of Payment, if applicable) at their Principal Amount Outstanding plus accrued but unpaid interest on the next Interest Payment Date (or, if sooner, Maturity Date). In the event that there are insufficient monies to redeem all of the Bonds outstanding of a particular Class, the Bonds of such Class shall be redeemed in part in the proportion which the Principal Amount Outstanding of such Class to be redeemed bears to the Principal Amount Outstanding of such Class.

(i) ***Early redemption of Zero Coupon Bonds***

Unless otherwise specified in the relevant Final Terms, the Redemption Amount payable on redemption of a Zero Coupon Bond at any time before the Maturity Date shall be an amount equal to the sum of:

- (i) the Reference Price; and
- (ii) the product of the Accrual Yield (compounded annually) being applied to the Reference Price from (and including) the Issue Date to (but excluding) the date fixed for redemption or (as the case may be) the date upon which the Bond becomes due and payable.

Where such calculation is to be made for a period which is not a whole number of years, the calculation in respect of the period of less than a full year shall be made on the basis of such Day Count Fraction as may be specified in the Final Terms for the purposes of this Condition 8(i) or, if none is so specified, a Day Count Fraction of 30/360.

In these Conditions, “**Accrual Yield**” and “**Reference Price**” have the meanings given to them in the relevant Final Terms.

(j) ***Purchase of Bonds***

The Issuer may, provided that no Bond Event of Default has occurred and is continuing, purchase Bonds (provided that all unmatured Receipts and Coupons and unexchanged Talons (if any) appertaining thereto are attached or surrendered therewith) in the open market or otherwise at any price. Any purchase by tender shall be made available to all Bondholders alike.

If not all the Bonds which are in registered form are to be purchased, upon surrender of the existing Individual Bond Certificate, the Registrar shall forthwith upon the written request of the Bondholder concerned issue a new Individual Bond Certificate in respect of the Bonds which are not to be purchased and despatch such Individual Bond Certificate to the Bondholder (at the risk of the Bondholder and to such address as the Bondholder may specify in such request).

While the Bonds are represented by a Global Bond or Global Bond Certificate, the relevant Global Bond or Global Bond Certificate will be endorsed to reflect the Principal Amount Outstanding of Bonds to be so redeemed or purchased.

(k) ***Redemption by Instalments***

Unless previously redeemed, purchased and cancelled as provided in this Condition 8, each Bond which provides for Instalment Dates (as specified in the relevant Final Terms) and Instalment Amounts (as specified in the relevant Final Terms) will be partially redeemed on each Instalment Date at the Instalment Amount.

(l) ***Cancellation***

Any Bearer Bonds or Registered Bonds purchased by or on behalf of the Issuer or by an Obligor using the net proceeds of a Designated Airport Disposal pursuant to paragraph 6(b)(ii) of part 3 of schedule 3 to the Common Terms Agreement, shall be surrendered to or to the order of the Principal Paying Agent or the Registrar, as the case may be,

for cancellation and, if so surrendered, will, together with all Bonds redeemed by the Issuer, be cancelled forthwith (together with, in the case of Bearer Bonds, all unmatured Receipts and Coupons and unexchanged Talons attached thereto or surrendered therewith). Any Bonds so surrendered for cancellation may not be reissued or resold and the obligations of the Issuer in respect of any such Bonds shall be discharged.

(m) ***Partly Paid Bonds***

Partly Paid Bonds will be redeemed, whether at maturity, early redemption or otherwise, in accordance with the provisions of this Condition and the applicable Final Terms.

9. Payments

(a) ***Bearer Bonds***

Payments to the Bondholders of principal (or, as the case may be, Redemption Amounts or other amounts payable on redemption) and interest (or, as the case may be, Interest Amounts) in respect of Bearer Bonds will, subject as mentioned below, be made against presentation and surrender of the relevant Receipts (in the case of payment of Instalment Amounts other than on the due date for final redemption and provided that the Receipt is presented for payment together with its relative Bond), Bonds (in the case of all other payments of principal and, in the case of interest, as specified in Condition 9(f) (*Unmatured Coupons and Receipts and Unexchanged Talons*)) or Coupons (in the case of interest, save as specified in Condition 9(f) (*Unmatured Coupons and Receipts and Unexchanged Talons*)), as the case may be, at the specified office of any Paying Agent outside the United States of America and its possessions by transfer to an account denominated in the currency in which such payment is due with, or (in the case of Bonds in definitive form only) a cheque payable in that currency drawn on, a bank in (i) the principal financial centre of that currency provided that such currency is not euro, or (ii) the principal financial centre of any Participating Member State if that currency is euro.

No payment of principal and/or interest in respect of a Bearer Bond with an original maturity of more than 365 days will be made by a transfer of funds into an account maintained by the payee in the United States or by mailing a cheque to an address in the United States, except as provided in Condition 9(c) (*Payments in the United States of America*).

(b) ***Registered Bonds***

Payments of principal (or, as the case may be, Redemption Amounts) in respect of Registered Bonds will be made to the holder (or the first named of joint holders) of such Bond against presentation and surrender of the relevant Registered Bond at the specified office of the Registrar and in the manner provided in Condition 9(a) (*Bearer Bonds*).

Payments of instalments in respect of Registered Bonds will be made to the holder (or the first named of joint holders) of such Bond against presentation of the relevant Registered Bond at the specified office of the Registrar in the manner provided in Condition 9(a) (*Bearer Bonds*) above and annotation of such payment on the Register and the relevant Bond Certificate.

Interest (or, as the case may be, Interest Amounts) on Registered Bonds payable on any Interest Payment Date will be paid to the holder (or the first named if joint holders) on the fifteenth day before the due date for payment thereof (the "**Record Date**"). Payment of interest or Interest Amounts on each Registered Bond will be made in the currency in which such payment is due by cheque drawn on a bank in (a) the principal financial centre of the country of the currency concerned, provided that such currency is not euro, or (b) the principal financial centre of any Participating Member State if that currency is euro and mailed to the holder (or to the first named of joint holders) of such Bond at its address appearing in the Register. Upon application by the Bondholder to the specified office of the Registrar before the relevant Record Date, such payment of interest may be made by transfer to an account in the relevant currency maintained by the payee with a bank in (a) the principal financial centre of the country of that currency provided that such currency is not euro, or (b) the principal financial centre of any Participating Member State if that currency is euro.

A record of each payment so made will be endorsed on the schedule to the Global Bond or the Global Bond Certificate by or on behalf of the Principal Paying Agent or the Registrar, as the case may be, which endorsement shall be prima facie evidence that such payment has been made.

(c) ***Payments in the United States of America***

Notwithstanding the foregoing, if any Bearer Bonds are denominated in U.S. dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if:

- (i) the Issuer shall have appointed Paying Agents with specified offices outside the United States of America with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Bonds in the manner provided above when due;
 - (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts; and
 - (iii) such payment is then permitted by the law of the United States of America, without involving, in the opinion of the Issuer, adverse tax consequences to the Issuer.
- (d) ***Payments subject to fiscal laws; payments on Global Bonds and Registered Bonds***

All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives, but without prejudice to the provisions of this Condition 9. No commission or expenses shall be charged to the Bondholders, Couponholders or Receiptholders (if any) in respect of such payments.

The holder of a Global Bond or Global Bond Certificate shall be the only person entitled to receive payments of principal (or Redemption Amounts) and interest (or Interest Amounts) on the Global Bond or Global Bond Certificate (as the case may be) and the Issuer will be discharged by payment to, or to the order of, the holder of such Global Bond or Global Bond Certificate in respect of each amount paid.

(e) ***Appointment of the Agents***

The Paying Agents, the Agent Bank, the Transfer Agents, the Exchange Agent and the Registrar (the “**Agents**”) appointed by the Issuer (and their respective specified offices) are listed in the Agency Agreement. Any Calculation Agent will be listed in the relevant Final Terms and will be appointed pursuant to a Calculation Agency Agreement. The Agents act solely as agents of the Issuer and do not assume any obligation or relationship of agency or trust for or with any holder. The Issuer reserves the right, with the prior written consent of the Bond Trustee at any time to vary or terminate the appointment of any Agent, and to appoint additional or other Agents, provided that the Issuer will at all times maintain (i) a Principal Paying Agent (in the case of Bearer Bonds), (ii) a Registrar (in the case of Registered Bonds), (iii) an Agent Bank or Calculation Agent (as specified in the relevant Final Terms) (in the case of Floating Rate Bonds or Indexed Bonds), (iv) a Paying Agent with a specified office in a European Union member state that will not be obliged to withhold or deduct tax pursuant to European Council Directive 2003/48/EC on the taxation of savings income or any law implementing or complying with, or introduced to conform to, such Directive; and (v) if and for so long as the Bonds are admitted to listing, trading and/or quotation by any listing authority, stock exchange and/or quotation system which requires the appointment of a Paying Agent, Transfer Agent or Registrar in any particular place, a Paying Agent, Transfer Agent and/or Registrar, as applicable, having its specified office in the place required by such listing authority, stock exchange and/or quotation system, which, while any Bonds are admitted to the Official List of the UK Listing Authority and/or admitted to trading on the London Stock Exchange – Regulated Market shall be in London. Notice of any such variation, termination or appointment will be given in accordance with Condition 17 (*Notices*).

(f) ***Unmatured Coupons and Receipts and Unexchanged Talons***

- (i) Subject to the provisions of the relevant Final Terms, upon the due date for redemption of any Bond which is a Bearer Bond (other than a Fixed Rate Bond, unless it has all unmaturing Coupons attached), unmaturing Coupons and Receipts relating to such Bond (whether or not attached) shall become void and no payment shall be made in respect of them.
- (ii) Upon the date for redemption of any Bond, any unmaturing Talon relating to such Bond (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.
- (iii) Upon the due date for redemption of any Bond which is redeemable in instalments, all Receipts relating to such Bond having an Instalment Date falling on or after such due date (whether or not attached) shall become void and no payment shall be made in respect of them.
- (iv) Where any Bond, which is a Bearer Bond and is a Fixed Rate Bond, is presented for redemption without all unmaturing Coupons and any unexchanged Talon relating to it, a sum equal to the aggregate amount of the missing unmaturing Coupons will be deducted from the amount of principal due for payment and, redemption shall be made only against the provision of such indemnity as the Issuer may require.
- (v) If the due date for redemption of any Bond is not an Interest Payment Date, interest accrued from the preceding Interest Payment Date or the Interest Commencement Date, as the case may be, or the Interest

Amount payable on such date for redemption shall only be payable against presentation (and surrender if appropriate) of the relevant Bond and Coupon.

(g) ***Non-Business Days***

Subject as provided in the relevant Final Terms, if any date for payment in respect of any Bond, Receipt or Coupon is not a business day, the holder shall not be entitled to payment until the next following business day nor to any interest or other sum in respect of such postponed payment. In this paragraph, “business day” means a day (other than a Saturday or a Sunday) on which banks are open for presentation and payment of debt securities and for dealings in foreign currency in London and in the relevant place of presentation and in the cities referred to in the definition of Business Days and (in the case of a payment in a currency other than euro), where payment is to be made by transfer to an account maintained with a bank in the relevant currency, on which dealings may be carried on in the relevant currency in the principal financial centre of the country of such currency and, in relation to any sum payable in euro, a day on which the TARGET system is open.

(h) ***Talons***

On or after the Interest Payment Date for the final Coupon forming part of a coupon sheet issued in respect of any Bond, the Talon forming part of such coupon sheet may be surrendered at the specified office of any Paying Agent in exchange for a further coupon sheet (and if necessary another Talon for a further coupon sheet) (but excluding any Coupons which may have become void pursuant to Condition 13 (*Prescription*)).

10. Taxation

All payments in respect of the Bonds, Receipts or Coupons will be made (whether by the Issuer, any Paying Agent, the Registrar, the Bond Trustee or, in respect of Wrapped Bonds, the Relevant Financial Guarantor or, in respect of the BAA Guaranteed Bonds, by the Bond Guarantor) without withholding or deduction for, or on account of, any present or future taxes, duties or charges of whatsoever nature unless the Issuer, any Paying Agent or the Registrar or, where applicable, the Bond Trustee or the Relevant Financial Guarantor or the Bond Guarantor is required by applicable law to make any payment in respect of the Bonds, Receipts or Coupons subject to any withholding or deduction for, or on account of, any present or future taxes, duties or charges of whatsoever nature. In that event, the Issuer, such Paying Agent, the Registrar, the Bond Trustee, the Relevant Financial Guarantor or the Bond Guarantor, as the case may be, shall make such payment after such withholding or deduction has been made and shall account to the relevant authorities for the amount so required to be withheld or deducted. None of the Issuer, any Paying Agent, the Registrar, the Bond Trustee, the Relevant Financial Guarantor or the Bond Guarantor will be obliged to make any additional payments to the Bondholders, Receiptholders or the Couponholders in respect of such withholding or deduction. The Issuer, any Paying Agent, the Registrar, the Bond Trustee, the Relevant Financial Guarantor or the Bond Guarantor may require holders to provide such certifications and other documents as required by applicable law in order to qualify for exemptions from applicable tax laws.

If the Issuer is obliged to make any such deduction or withholding, the amount so deducted or withheld is not guaranteed by any Relevant Financial Guarantor.

11. Bond Events of Default

(a) ***Bond Event of Default***

Each and any of the following events shall be treated as a “**Bond Event of Default**”:

- (i) Non-payment: default is made by the Issuer in the payment of principal in respect of any Sub-Class or Tranche of the Most Senior Class of Bonds when due in accordance with these Conditions, or default is made by the Issuer for a period of 3 Business Days in the payment of interest on any Sub-Class or Tranche of the Most Senior Class of Bonds when due in accordance with these Conditions;
- (ii) Breach of other obligations: default is made by the Issuer in the performance or observance of any other obligation, condition, provision, representation or warranty binding upon or made by it under the Bonds or the Issuer Transaction Documents (other than any obligation whose breach would give rise to the Bond Event of Default provided for in this Condition 11(a)) and, except where in the opinion of the Bond Trustee the such default is not capable of remedy, such default continues for a period of 30 Business Days;
- (iii) Insolvency Event: an Insolvency Event occurs in relation to the Issuer; or

(iv) Unlawfulness: it is or will become unlawful for the Issuer to perform or comply with any of its obligations under or in respect of the Bonds or the Trust Documents.

(b) ***Delivery of Bond Enforcement Notice***

If any Bond Event of Default occurs and is continuing and, in the case of the Bond Event of Default described in Condition 11(a)(ii) above, the Bond Trustee has certified in writing that, in its opinion, the happening of such event is materially prejudicial to the interests of the holders of each sub-class of the Most Senior Class of Bonds, the Bond Trustee (i) may, at any time, at its discretion and (ii) shall, upon being so directed in writing by Issuer Qualifying Creditors together holding or representing 25 per cent. or more of the Issuer Qualifying Debt, deliver a Bond Enforcement Notice to the Issuer provided that, in either case, it is indemnified and/or secured to its satisfaction.

(c) ***Confirmation of no Bond Event of Default***

The Issuer, pursuant to the terms of the Bond Trust Deed, shall provide written confirmation to the Bond Trustee, on an annual basis, that no Bond Event of Default has occurred.

(d) ***Consequences of the delivery of a Bond Enforcement Notice***

Upon delivery of a Bond Enforcement Notice in accordance with Condition 11(b) (*Delivery of Bond Enforcement Notice*): (i) all Classes of the Bonds then outstanding shall immediately become due and repayable at their respective Principal Amount Outstanding (in the case of Indexed Bonds, as adjusted in accordance with Condition 7(b) (*Application of the Index Ratio*)) plus accrued but unpaid interest (other than in the case of Zero Coupon Bonds) and, in the case of Indexed Bonds, as adjusted in accordance with Condition 7(b) (*Application of the Index Ratio*) and (ii) the Issuer Security shall become enforceable by the Bond Trustee in accordance with the Issuer Deed of Charge provided that the OFCA Floating Security shall only become enforceable in accordance with the Obligor Floating Charge Agreement.

(e) ***“Issuer Qualifying Creditors” means, in respect of Issuer Qualifying Debt:***

(i) for so long as any Class A Bonds remain outstanding, the holders of the Class A Unwrapped Bonds, (for so long as no FG Event of Default has occurred in respect of a Relevant Financial Guarantor) the Relevant Financial Guarantor in relation to each Sub-Class or Tranche of the Class A Wrapped Bonds, (in respect of any Tranche or Sub-Class of Class A Wrapped Bonds in relation to which an FG Event of Default is continuing) the holders of such Tranche or Sub-Class of Class A Wrapped Bonds and each Cross Currency Hedge Counterparty that is party to a Cross Currency Hedging Agreement in respect of the Class A Bonds;

(ii) if there are no Class A Bonds then outstanding and for so long as any Class B Bonds remain outstanding, the holders of the Class B Unwrapped Bonds, (for so long as no FG Event of Default has occurred in respect of a Relevant Financial Guarantor) the Relevant Financial Guarantor in relation to each Sub-Class or Tranche of the Class B Wrapped Bonds, (in respect of any Tranche or Sub-Class of Class B Wrapped Bonds in relation to which an FG Event of Default is continuing) the holders of such Tranche or Sub-Class of Class B Wrapped Bonds and each Cross Currency Hedge Counterparty that is party to a Cross Currency Hedging Agreement in respect of the Class B Bonds;

(iii) if there are no Class A Bonds or Class B Bonds then outstanding, the holders of the Subordinated Bonds and each Cross Currency Hedge Counterparty that is party to a Cross Currency Hedging Agreement in respect of the Subordinated Bonds.

(f) ***“Issuer Qualifying Debt” means:***

(i) for so long as any Class A Bonds remain outstanding, the sum of (i) the Principal Amount Outstanding of the Class A Bonds and (ii) the mark-to-market value of all transactions arising under Cross Currency Hedging Agreements in respect of the Class A Bonds to the extent that such value represents an amount which would be payable to the relevant Cross Currency Hedge Counterparties if an early termination date was designated at such time in respect of such transactions;

(ii) if there are no Class A Bonds then outstanding and for so long as any Class B Bonds remain outstanding, the sum of (i) the Principal Amount Outstanding of the Class B Bonds and (ii) the mark-to-market value of all transactions arising under Cross Currency Hedging Agreements in respect of the Class B Bonds to the extent that such value represents an amount which would be payable to the relevant Cross Currency Hedge Counterparties if an early termination date was designated at such time in respect of such transactions; or

- (iii) if there are no Class A Bonds or Class B Bonds then outstanding, the sum of (i) the Principal Amount Outstanding of the Subordinated Bonds and (ii) the mark-to-market value of all transactions arising under Cross Currency Hedging Agreements in respect of the Subordinated Bonds to the extent that such value represents an amount which would be payable to the relevant Cross Currency Hedge Counterparties if an early termination date was designated at such time in respect of such transactions.

12. Enforcement Against Issuer

No Bondholder, Receiptholder, Couponholder or other Issuer Secured Creditor is entitled to take any action against the Issuer or, in the case of the holders of Wrapped Bonds, against the Relevant Financial Guarantor, or against any assets of the Issuer or any Relevant Financial Guarantor to enforce its rights in respect of the Bonds or to enforce any of the Issuer Security or to enforce any Financial Guarantee unless the Bond Trustee, having become bound so to proceed, fails or neglects to do so within a reasonable period and such failure or neglect is continuing. The Bond Trustee shall, subject to being indemnified and/or secured to its satisfaction against all fees, costs, expenses, liabilities, claims and demands to which it may thereby become liable or which it may incur by so doing, upon being so directed in writing by Issuer Qualifying Creditors together holding or representing 25 per cent. or more of the Issuer Qualifying Debt, enforce the Issuer Security in accordance with the Issuer Deed of Charge.

Neither the Bond Trustee, the Bondholders, the Receiptholders, the Couponholders or the other Issuer Secured Creditors may institute against, or join any person in instituting against, the Issuer any bankruptcy, winding up, re-organisation, arrangement, insolvency or liquidation proceeding (except for the appointment of a Receiver pursuant to the terms of the Issuer Deed of Charge) or other proceeding under any similar law for so long as any Bonds are outstanding or for two years and a day after the latest Maturity Date on which any Bond of any Series is due to mature.

13. Prescription

Claims against the Issuer for payment in respect of the Bonds, Receipts or Coupons (which, for this purpose, shall not include Talons) shall be prescribed and become void unless made within ten years (in the case of principal) or five years (in the case of interest) from the appropriate Bond Relevant Date (as defined in Condition 6(i) (*Definitions*)) in respect thereof.

14. Replacement of Bonds, Coupons, Receipts and Talons

If any Bearer Bond, Registered Bond, Receipt, Coupon or Talon is lost, stolen, mutilated, defaced or destroyed it may be replaced, subject to applicable laws and requirements of the London Stock Exchange (in the case of listed Bonds) (and each other listing authority, stock exchange and or quotation system upon which the relevant Bonds have then been admitted to listing, trading and/or quotation), at the specified office of the Principal Paying Agent or, as the case may be, the Registrar upon payment by the claimant of the expenses incurred in connection with such replacement and on such terms as to evidence, security, indemnity and otherwise as the Issuer may require. Mutilated or defaced Bonds, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

15. Meetings of Bondholders, Modification, Waiver and Substitution

(a) Meetings of Bondholders, Modifications and Waiver

The Bond Trust Deed contains provisions for convening meetings of Bondholders of a Sub-Class, Class or Classes to consider matters affecting their interests, including the modification of these Conditions, the Bond Trust Deed and (in the case of Wrapped Bonds) the Financial Guarantees relating to such Wrapped Bonds and any other Issuer Transaction Document to which the Bond Trustee is a party or in relation to which it holds security. Subject to Condition 15(d), any modification may (except in relation to any Ordinary Voting Matter or Extraordinary Voting Matter or matter giving rise to an Entrenched Right (as described in further detail in Condition 15(b) below), SSA Instruction Notice, Emergency SSA Instruction Notice, Intercreditor Instruction Notice, Direction Notice, Enforcement Instruction Notice or Further Enforcement Instruction Notice and subject to the provisions concerning ratification and/or meetings of particular combinations of Sub-Classes of Bonds as set out in Condition 15(c) and the Bond Trust Deed), be made if sanctioned by a resolution passed at a meeting of the Bondholders of the relevant Sub-Class, Class or Classes duly convened and held in accordance with the Bond Trust Deed by a majority of not less than three quarters of the votes cast (an “**Extraordinary Resolution**”) of such Bondholders. Such a meeting may be convened by the Bond Trustee or the Issuer, or by the Issuer (failing which the Bond Trustee) upon the request in writing of the Bondholders holding not less than one tenth of the aggregate Principal Amount Outstanding of the relevant outstanding Bonds.

The quorum at any meeting convened to vote on an Extraordinary Resolution will be one or more persons holding or representing not less than 50 per cent. of the aggregate Principal Amount Outstanding of the relevant outstanding Bonds or, at any adjourned meeting, one or more persons being or representing Bondholders, whatever the Principal Amount

Outstanding of the relevant outstanding Bonds held or represented, provided however, that certain proposals (the “**Basic Terms Modifications**”) in respect of the holders of any particular Sub-Class of Bonds being any proposal:

- (i) to change any date fixed for payment of principal or interest in respect of such Sub-Class of Bonds, to reduce the amount of principal or the rate of interest payable on any date in respect of such Sub-Class of Bonds or (other than as specified in Conditions 7 and 8) to alter the method of calculating the amount of any payment in respect of such Sub-Class of Bonds on redemption or maturity;
- (ii) other than pursuant to Condition 15(d), to effect the exchange, conversion or substitution of such Sub-Class of Bonds for, or their conversion into shares, bonds or other obligations or securities of the Issuer or any other person or body corporate formed or to be formed;
- (iii) to change the currency in which amounts due in respect of such Sub-Class of Bonds are payable other than pursuant to redenomination into euro pursuant to Condition 19;
- (iv) having the effect of adversely changing the Issuer Payments Priorities or application thereof in respect of such Sub-Class of Bonds provided that alterations to introduce the Subordinated Bonds will not be deemed to affect any Sub-Class of Class A Bonds or Class B Bonds where “**adversely**” means, in respect of any change to the Issuer Payments Priorities, a change which has the effect of changing the priority of the Issuer Secured Creditors relative to each other provided that the creation of payments which rank subordinate to an Issuer Secured Creditor shall not be an adverse change in respect of an Issuer Secured Creditor;
- (v) in relation to any Sub-Class of Wrapped Bonds, to approve the release of the Relevant Financial Guarantee or the substitution of the Relevant Financial Guarantor;
- (vi) to change the quorum required at any meeting or the majority required to pass an Extraordinary Resolution; or
- (vii) to amend this definition or this Condition,

may be sanctioned only by an Extraordinary Resolution passed at a meeting of Bondholders of the relevant Sub-Class or Sub-Classes of Bonds at which one or more persons holding or representing not less than three-quarters or, at any adjourned meeting, one quarter of the aggregate Principal Amount Outstanding of the outstanding Bonds form a quorum. Any Extraordinary Resolution duly passed at any such meeting shall be binding on all the relevant Bondholders, Receiptholders and Couponholders whether present or not.

In addition, a resolution in writing signed by or on behalf of all Bondholders who for the time being are entitled to receive notice of Bondholder meetings under the Bond Trust Deed will take effect as if it were an Extraordinary Resolution. Such a resolution in writing may be contained in one document or several documents in the same form, each signed by or on behalf of one or more Bondholders.

A meeting of such Bondholders will also have the power (exercisable by Extraordinary Resolution) to advise or instruct the Bond Trustee in connection with the exercise by the Bond Trustee of any of its rights, powers and discretions under the Issuer Transaction Documents including, to appoint any persons (whether Bondholders or not) as a committee to represent the interests of such Bondholders and to confer upon such committee any powers which such Bondholders could themselves exercise by Extraordinary Resolution and, where requested by the Bond Trustee, in relation to voting or providing directions under or in connection with the STID.

(b) ***Relationship with Borrower Secured Creditors***

STID Proposals: The STID provides that in respect of, among other things, Ordinary Voting Matters and Extraordinary Voting Matters, SSA Instruction Notices, Emergency SSA Instruction Notices, Intercreditor Instruction Notices, Direction Notices, Enforcement Instruction Notices and Further Enforcement Instruction Notices (each as defined in the STID) the Most Senior Class of holders of Unwrapped Bonds shall be entitled to instruct the Bond Trustee to vote and (other than following an FG Event of Default in relation to the Relevant Financial Guarantor), each Relevant Financial Guarantor will vote in respect of each Class or Sub-Class of Wrapped Bonds in respect of which it has provided a Financial Guarantee instead of the Issuer.

In respect of any Unwrapped Bonds (or following the occurrence of an FG Event of Default, the relevant Wrapped Bonds), any Bondholder who is a Bondholder of the Most Senior Class of Unwrapped Bonds (or following the occurrence of an FG Event of Default, the relevant Wrapped Bonds) will vote solely by instructing the Bond Trustee to vote on its behalf as its Secured Creditor Representative (as defined in the STID) in connection with the STID Proposal, SSA Instruction Notice, Emergency SSA Instruction Notice, Intercreditor Instruction Notices, Direction Notices, Enforcement Instruction Notice or Further Enforcement Instruction Notice. Voting in connection with such STID

Proposal, SSA Instruction Notice, Emergency SSA Instruction Notice, Intercreditor Instruction Notices, Direction Notices, Enforcement Instruction Notice or Further Enforcement Instruction Notice shall be determined on a pound-for-pound basis by reference to the Outstanding Principal Amount owed to each of the relevant Participating QBS Creditors, so that all votes in favour of the proposal and against the proposal from the Participating QBS Creditors, each Relevant Financial Guarantor and the other Participating QBS Creditors who are not Bondholders or Relevant Financial Guarantors are considered on an aggregated basis, irrespective of whether a majority of such holders of Unwrapped Bonds and Relevant Financial Guarantors are in favour of or against the proposal.

For the purpose of voting in connection with a STID Proposal, SSA Instruction Notice, Emergency SSA Instruction Notice, Intercreditor Instruction Notice, Direction Notice, Enforcement Instruction Notice or Further Enforcement Instruction Notice, the Security Group Agent (in the case of a STID Proposal) or, as the case may be, the Borrower Security Trustee shall send a copy of such proposal or request for instructions to the Secured Creditor Representatives of the Issuer. The Bond Trustee shall promptly forward a copy of such notice to the Qualifying Bondholders in accordance with Condition 17 (*Notices*) requesting them to instruct the Bond Trustee how to vote. After obtaining the instruction of the Qualifying Bondholders, the Bond Trustee will vote in relation to the relevant STID Voting Request in accordance with such instructions.

Irrespective of the result of voting in relation to a proposed STID Proposal in respect of an Ordinary Voting Matter or an Extraordinary Voting Matter or in relation to an SSA Instruction Notice, Emergency SSA Instruction Notice, Intercreditor Instruction Notice, Direction Notice, Enforcement Instruction Notice or Further Enforcement Instruction Notice, any such STID Proposal or decision in respect of an SSA Instruction Notice, Emergency SSA Instruction Notice, Intercreditor Instruction Notice, Direction Notice, Enforcement Instruction Notice or Further Enforcement Instruction Notice approved in accordance with the provisions of the STID shall be binding on all of the Bondholders, Receiptholders and Couponholders.

If a STID Proposal gives rise to an Entrenched Right whereby the Issuer is an Affected Borrower Secured Creditor, the Bond Trustee shall forthwith, in accordance with the Bond Trust Deed, convene a meeting of (i) the holders of each Class, Sub-Class or Tranche of Unwrapped Bonds, (ii) if an FG Event of Default is continuing in respect of a Financial Guarantor the holders of the relevant Class, Sub-Class or Tranche of Wrapped Bonds, and (iii) in respect of an Entrenched Right which constitutes a Basic Terms Modification, the holders of each Class, Sub-Class or Tranche of Wrapped Bonds then outstanding and affected by such Entrenched Right.

No STID Proposal that gives rise to an Entrenched Right whereby the Issuer is an Affected Borrower Secured Creditor can be approved, in accordance with the terms of the STID, unless it has previously been approved by an Extraordinary Resolution of the holders of the relevant Classes, Sub-Classes or Tranches of Bonds, or relevant Financial Guarantor, if applicable, affected by the Entrenched Right.

(c) ***Relationship between Classes***

In relation to each Sub-Class of Bonds:

- (i) no Extraordinary Resolution involving a Basic Terms Modification that is passed by the holders of one Sub-Class of Bonds shall be effective unless it is sanctioned by an Extraordinary Resolution of the holders of each of the other Sub-Classes of Bonds (to the extent that there are Bonds outstanding in each such other Sub-Class); and
- (ii) no Extraordinary Resolution to approve any matter other than a Basic Terms Modification of any Sub-Class of Bonds shall be effective unless it is sanctioned by (i) an Extraordinary Resolution of the holders of each of the other Sub-Classes of Bonds ranking equally or senior to such Sub-Class (to the extent that there are Bonds outstanding ranking equally or senior to such Sub-Class) unless the Bond Trustee considers that the interests of the holders of the other Sub-Classes of Bonds ranking equally or senior to such Sub-Class would not be materially prejudiced by the implementation of such Extraordinary Resolution, and for the avoidance of doubt as regards ranking, Class B Bonds are subordinate to the Class A Bonds or (ii), in respect of any Sub-Class of Wrapped Bonds in respect of which no FG Event of Default is continuing in respect of the Relevant Financial Guarantor, the Relevant Financial Guarantor;
- (iii) Conditions 15(a) and (b) in respect of meetings are subject to the further provisions of the Bond Trust Deed.

(d) ***Modification, waiver and substitution***

As more fully set out in the Bond Trust Deed and the Issuer Deed of Charge (and subject to the conditions and qualifications therein), the Bond Trustee may, without the consent of the Bondholders of any Sub-Class or (subject as provided below) any other Issuer Secured Creditor, concur with the Issuer or any other relevant parties in making (i) any modification to the Conditions or the Issuer Transaction Documents (subject as provided in the STID in relation to

any Common Documents) or other document to which it is a party or in respect of which it holds security if in the opinion of the Bond Trustee such modification is made to correct a manifest error, or an error in respect of which an English court would reasonably be expected to make a rectification order, or is of a formal, minor, administrative or technical nature or (ii) any modification (other than in respect of a Basic Terms Modification) to the Conditions or any Issuer Transaction Document (subject as provided in the STID in relation to any Common Documents) or other document to which it is a party or in respect of which it holds security if the Bond Trustee is of the opinion that such modification is not materially prejudicial to the interests of the Bondholders of the Most Senior Class of Bonds then outstanding provided that to the extent such modification under (ii) above relates to an Issuer Secured Creditor Entrenched Right, each of the affected Issuer Secured Creditors has given its prior written consent.

As more fully set out in the Issuer Deed of Charge (and subject to the conditions and qualifications therein), if the Issuer proposes to issue Subordinated Bonds, the Bond Trustee may, provided that it has received a Ratings Confirmation in relation to the then ratings of the outstanding Bonds, without the consent or sanction of the Bondholders, the Receiptholders or the Couponholders of any Sub-Class or any other Issuer Secured Creditor other than any Relevant Issuer Secured Creditor at any time and from time to time concur with the Issuer and any other relevant parties in making any modifications proposed by the Issuer (other than in respect of a Basic Terms Modification or an Entrenched Right) to (i) the Issuer Payment Priorities set out in the Issuer Deed of Charge and the Issuer Cash Management Agreement and (ii) to the Master Definitions Agreement to give effect to any amendments to or to incorporate any additional defined terms relating to the Subordinated Bonds provided that each of the Relevant Issuer Secured Creditors (if any) has given its prior written consent to such modifications.

The Bond Trustee is authorised to execute and deliver on behalf of each Issuer Secured Creditor other than the Relevant Issuer Secured Creditors all documentation required to implement such modification and such execution by the Bond Trustee shall bind each of the Bondholders, the Receiptholders, the Couponholders and such Issuer Secured Creditors as if (in the case of such Issuer Secured Creditors) such documentation had been duly executed by it.

As more fully set out in the Bond Trust Deed and the Issuer Deed of Charge (and subject to the conditions and qualifications therein), the Bond Trustee may, without the consent of the Bondholders of any Sub-Class or (subject as provided below) any other Issuer Secured Creditor and without prejudice to its rights in respect of any subsequent breach or Bond Event of Default, from time to time, and at any time but only if and in so far as in its opinion the interests of the Bondholders of the Most Senior Class of Bonds then outstanding shall not be materially prejudiced thereby, waive or authorise any breach or proposed breach by the Issuer of any of the covenants or provisions contained in the Conditions or any Issuer Transaction Document (other than a Common Document) to which it is a party or in respect of which it holds security or determine that any event which would otherwise constitute a Bond Event of Default shall not be treated as such for the purposes of the Bond Trust Deed provided that to the extent such event, matter or thing relates to an Issuer Secured Creditor Entrenched right, each of the affected Issuer Secured Creditors has given its prior written consent and provided further that the Bond Trustee shall not exercise such powers in contravention of any express direction given by Extraordinary Resolution of the holders of the Most Senior Class of Bonds then outstanding or of a request in writing made by holders of not less than 25 per cent. in aggregate of the principal amount of the Most Senior Class of Bonds then outstanding, but no such direction or request shall affect any waiver or authorisation previously given or made or so as to authorise or waive any such proposed breach or breach relating to any Basic Terms Modification.

Any such modification, waiver or authorisation shall be binding on the Bondholders of that Sub-Class, Class or Classes and the holders of all relevant Receipts and Coupons and the other Issuer Secured Creditors and, unless the Bond Trustee agrees otherwise, notice thereof shall be given by the Issuer to the Bondholders of that Sub-Class, Class or Classes as soon as practicable thereafter.

Notwithstanding that none of the Bond Trustee, the Bondholders or the other Issuer Secured Creditors may have any right of recourse against the Rating Agencies in respect of any Ratings Confirmation given by them and relied upon by the Bond Trustee, the Bond Trustee shall be entitled to assume, for the purposes of exercising any power, trust, authority, duty or discretion under or in relation to the Bonds or any Issuer Transaction Document, that such exercise will not be materially prejudicial to the interests of the Bondholders if the Rating Agencies have provided a Ratings Confirmation. Without prejudice to the foregoing, the Bondholders are deemed to agree for the benefit of the Rating Agencies only that a credit rating is, however, an assessment of credit and does not address other matters that may be of relevance to Bondholders. The Bond Trustee and the Bondholders agree and acknowledge that being entitled to rely on the fact that the Rating Agencies have delivered a Ratings Confirmation does not impose or extend any actual or contingent liability for the Rating Agencies to the Bond Trustee, the Bondholders, any other Issuer Secured Creditor or any other person or create any legal relations between the Rating Agencies and the Bond Trustee, the Bondholders, any other Issuer Secured Creditor or any other person whether by way of contract or otherwise.

As more fully set forth in the Bond Trust Deed (and subject to the conditions and qualifications therein), the Bond Trustee may, without the consent of the Bondholders of any Sub-Class or any other Issuer Secured Creditor, also agree with the Issuer, subject, for as long as there are any Wrapped Bonds outstanding, to the prior written consent of each

Relevant Financial Guarantor (in respect of which no FG Event of Default is continuing), to the substitution of another corporation in place of the Issuer as principal debtor in respect of the Bond Trust Deed and the Bonds of all Series and subject to the Class A Wrapped Bonds continuing to carry the unconditional guarantee of the Relevant Financial Guarantor.

16. Bond Trustee Protections

(a) *Trustee considerations*

Subject to Condition 16(b) (*Exercise of rights by Bond Trustee*), in connection with the exercise, under these Conditions, the Bond Trust Deed, any Financial Guarantee, any BAA Bond Guarantee or Issuer Transaction Document, of its rights, powers, trusts, authorities and discretions (including any modification, consent, waiver or authorisation), the Bond Trustee shall have regard to the interests of the holders of the Most Senior Class of Bonds then outstanding provided that, if, in the Bond Trustee's opinion, there is a conflict of interest between the holders of two or more Tranches or Sub-Classes of Bonds of the same Class (or, if there are no Class A or Class B Bonds outstanding, the Subordinated Bonds), it shall have regard to the interests of the holders of the Tranche or Sub-Class of such Class (or the Subordinated Bonds, as the case may be) then outstanding with the greatest Principal Amount Outstanding and will not have regard to the consequences of such exercise for the holders of other Tranches or Sub-Classes of Bonds or for individual Bondholders, resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory. The Bond Trustee shall not be entitled to require from the Issuer or any Relevant Financial Guarantor, nor shall any Bondholders be entitled to claim from the Issuer, any Relevant Financial Guarantor or the Bond Trustee, any indemnification or other payment in respect of any consequence (including any tax consequence) for individual Bondholders of any such exercise.

(b) *Exercise of rights by Bond Trustee*

Except as otherwise provided in these Conditions, the STID and the Bond Trust Deed, when exercising any rights, powers, trusts, authorities and discretions relating to or contained in these Conditions or the Bond Trust Deed or any other Issuer Transaction Document (other than in determining or in respect of any Ordinary Voting Matter or Extraordinary Voting Matter relating to the Bonds, in respect of which the relevant Financial Guarantor shall be required to vote in accordance with the STID, or any Basic Terms Modification, which shall require the vote of the relevant Bondholders), which affect or relate to any Class A Wrapped Bonds and/or Class B Wrapped Bonds, the Bond Trustee shall only act on the instructions of the Relevant Financial Guarantor(s) (provided no FG Event of Default has occurred and is continuing) in accordance with the provisions of the Bond Trust Deed and the Bond Trustee shall not be required to have regard to the interests of the Bondholders in relation to the exercise of such rights, powers, trusts, authorities and discretions and shall have no liability to any Bondholders as a consequence of so acting. As a consequence of being required to act only on the instructions of the Relevant Financial Guarantor(s) in the circumstances referred to in the previous sentence, the Bond Trustee may not, notwithstanding the provisions of these Conditions, be entitled to act on behalf of the holders of any Sub-Classes of Bonds.

Subject as provided in these Conditions and the Bond Trust Deed, the Bond Trustee will exercise its rights under, or in relation to, the Bond Trust Deed, the Conditions, any Financial Guarantee and any Issuer Transaction Documents in accordance with the directions of the relevant Bondholders, but the Bond Trustee shall not be bound as against the Bondholders to take any such action unless it has (i) (a) been so requested in writing by the holders of at least 25 per cent. in nominal amount of the relevant Sub-Classes of Bonds outstanding or (b) been so directed by an Extraordinary Resolution and (ii) been indemnified and/or furnished with security to its satisfaction.

17. Notices

Notices to holders of Registered Bonds will be posted to them at their respective addresses in the Register and deemed to have been given on the date of posting. Other notices to Bondholders will be valid if published in a leading daily newspaper having general circulation in London (which is expected to be the Financial Times). The Issuer shall also ensure that all notices are duly published in a manner which complies with the rules and regulations of the London Stock Exchange and any other listing authority, stock exchange and/or quotation system on which the Bonds are for the time being listed. Any such notice (other than to holders of Registered Bonds as specified above) shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the first date on which publication is made. Couponholders and Receiptholders will be deemed for all purposes to have notice of the contents of any notice given to the holders of Bearer Bonds in accordance with this Condition 17.

So long as any Bonds are represented by Global Bonds or Global Bond Certificates, notices in respect of those Bonds may be given only by delivery of the relevant notice to Euroclear Bank S.A./N.V. as operator of the Euroclear System or Clearstream Banking, société anonyme, DTC or any other relevant clearing system as specified in the relevant Final Terms for communication by them to entitled account holders in substitution for publication in a daily newspaper with

general circulation in London. Such notices shall be deemed to have been received by the Bondholders on the day of delivery to such clearing systems.

The Bond Trustee will provide each Rating Agency, at its request, from time to time and provided that the Bond Trustee will not contravene any law or regulation in so doing, with all notices, written information and reports that the Bond Trustee makes available to the Bondholders of any Class or Sub-Class except to the extent that such notices, information or reports, contain information confidential to third parties.

18. Indemnification Of The Bond Trustee

(a) *Indemnification of the Bond Trustee*

The Bond Trust Deed contains provisions for indemnification of the Bond Trustee, and for its relief from responsibility, including provisions relieving it from taking any action including taking proceedings against the Issuer, any Relevant Financial Guarantor and/or any other person unless indemnified and/or secured to its satisfaction. The Bond Trustee or any of its affiliates (as defined in Condition 7 (*Indexation*)) are entitled to enter into business transactions with the Issuer, any Relevant Financial Guarantor, the other Issuer Secured Creditors or any of their respective subsidiaries or associated companies without accounting for any profit resulting therefrom. Save as otherwise provided in these Conditions or any Issuer Transaction Document the Bond Trustee will only be required to take any action under or in relation to, or to enforce or protect the Issuer Security, or a document referred to therein, if so directed by an Extraordinary Resolution of the holders of the Most Senior Class of then outstanding Bonds or if so requested in writing by holders of at least 25 per cent. in nominal amount of the holders of the Most Senior Class of then outstanding Bonds (or in respect of the Wrapped Bonds, the relevant Financial Guarantor) and in all cases if indemnified and/or secured to its satisfaction provided that the Bond Trustee has agreed that it is indemnified to its satisfaction in respect of the OFCA Floating Security as described in the Obligor Floating Charge Agreement.

(b) *Directions, Duties and Liabilities*

The Bond Trustee, in the absence of its own wilful misconduct, gross negligence or fraud, and in all cases when acting as directed by or subject to the agreement of the holders of the Most Senior Class of Unwrapped Bonds and in respect of the Wrapped Bonds, each relevant Financial Guarantor (and following the occurrence of an FG Event of Default which is continuing or, in respect of any direction relating to a Basic Terms Modification, the holders of the most Senior Class of Wrapped Bond, then outstanding) shall not in any way be responsible for any loss, costs, damages or expenses or other liability, which may result from the exercise or non-exercise of any consent, waiver, power, trust, authority or discretion vested in the Bond Trustee pursuant to the Issuer Deed of Charge or any ancillary document.

19. European Economic and Monetary Union

(a) *Notice of redenomination*

The Issuer may, without the consent of the Bondholders, and on giving at least 30 days' prior notice to the Bondholders, the Relevant Financial Guarantors, the Bond Trustee and the Principal Paying Agent, designate a date (the "**Redenomination Date**"), being an Interest Payment Date under the Bonds falling on or after the date on which the UK becomes a Participating Member State.

(b) *Redenomination*

Notwithstanding the other provisions of these Conditions, with effect from the Redenomination Date:

- (i) the Bonds of each Sub-Class denominated in sterling (the "**Sterling Bonds**") shall be deemed to be redenominated into Euro in the denomination of Euro 0.01 with a principal amount for each Bond equal to the principal amount of that Bond in sterling, converted into Euro at the rate for conversion of such currency into Euro established by the Council of the European Union pursuant to the Treaty establishing the European Union, as amended, (including compliance with rules relating to rounding in accordance with European Community regulations), provided, however, that, if the Issuer determines, with the agreement of the Bond Trustee, that the then current market practice in respect of the redenomination into Euro 0.01 of internationally offered securities is different from that specified above, such provisions shall be deemed to be amended so as to comply with such market practice and the Issuer shall promptly notify the Bondholders, the London Stock Exchange and any stock exchange (if any) on which the Bonds are then listed and the Principal Paying Agent of such deemed amendments;
- (ii) if Bonds have been issued in definitive form:

- (A) all Bonds denominated in sterling will become void with effect from the date (the “**Euro Exchange Date**”) on which the Issuer gives notice (the “**Euro Exchange Notice**”) to the Bondholders and the Bond Trustee that replacement Bonds denominated in Euro are available for exchange (provided that such Bonds are available) and no payments will be made in respect thereof;
 - (B) the payment obligations contained in all Bonds denominated in sterling will become void on the Euro Exchange Date but all other obligations of the Issuer thereunder (including the obligation to exchange such Bonds in accordance with this Condition 19) shall remain in full force and effect; and
 - (C) new Bonds denominated in Euro will be issued in exchange for Sterling Bonds in such manner as the Principal Paying Agent or the Registrar, as the case may be, may specify and as shall be notified to the Bondholders in the Euro Exchange Notice;
- (iii) all payments in respect of the Sterling Bonds (other than, unless the Redenomination Date is on or after such date as sterling ceases to be a sub-division of the Euro, payments of interest in respect of periods commencing before the Redenomination Date) will be made solely in Euro by cheque drawn on, or by credit or transfer to a Euro account (or any other account to which Euro may be credited or transferred) maintained by the payee with, a bank in the principal financial centre of any Participating Member State; and
 - (iv) a Bond may only be presented for payment on a day which is a business day in the place of presentation.
- (c) **Interest**

Following redenomination of the Bonds pursuant to this Condition 19:

- (i) where Sterling Bonds have been issued in definitive form, the amount of interest due in respect of the Sterling Bonds will be calculated by reference to the aggregate principal amount of the Sterling Bonds presented for payment by the relevant holder and the amount of such payment shall be rounded down to the nearest Euro 0.01; and
- (ii) the amount of interest payable in respect of each Sub-Class of Sterling Bonds for any Interest Period shall be calculated by applying the Interest Rate applicable to the Sub-Class of Bonds denominated in Euro ranking *pari passu* to the relevant Sub-Class.

20. Subordinated Bonds

The Issuer shall be at liberty, without the consent of the Bondholders, the Couponholders or the Receiptholders or any other Issuer Secured Creditor, but subject always to the provisions of these Conditions, the Issuer Deed of Charge and the Bond Trust Deed, to raise funds, from time to time, on any date through the creation and issue of subordinated bonds which rank subordinate to the Class A Bonds and the Class B Bonds provided that:

- (a) the aggregate principal amount of Subordinated Bonds to be issued on such date is not less than £5,000,000 (or the Equivalent Amount);
- (b) Ratings Confirmation is obtained in relation to the then ratings of the Class A Bonds and the Class B Bonds;
- (c) the Subordinated Bonds shall not rank, in point of payment or security, ahead of the Subordinated Step-Up Fee Amounts, the Issuer Subordinated Hedge Amounts or the Liquidity Subordinated Amount;
- (d) the Bond Trustee has received a legal opinion in form and substance satisfactory to it in relation to the enforceability and the ranking of the obligations of the Issuer under the Subordinated Bonds from a reputable London law firm; and
- (e) no Bond Event of Default is outstanding or would occur as a result of such issue.

21. Limited Recourse

Each of the Bondholders agrees with the Issuer that notwithstanding any other provision of the Issuer Transaction Documents, all obligations of the Issuer to the Bondholders, including its obligations under the Bonds and the Issuer Transaction Documents, are limited in recourse as set out below:

- (a) it will have a claim only in respect of the Issuer Charged Property;

- (b) the aggregate amount of all sums due and payable to the Bondholders in respect of the Issuer's obligations to such Bondholders shall reduce by the amount by which the aggregate amount of sums due and payable to the Bondholders exceeds the aggregate amounts received, realised or otherwise recovered by or for the account of the Issuer in respect of the Issuer Charged Property (after payment of any sums which are payable by the Issuer in accordance with the Issuer Payment Priorities in priority to or *pari passu* with sums payable to such Bondholders), whether pursuant to enforcement of the Issuer Security or otherwise; and
- (c) upon the Bond Trustee giving written notice to the Bondholders that it has determined in its sole opinion that there is no reasonable likelihood of there being any further realisations in respect of the Issuer Charged Property (whether arising from an enforcement of the Issuer Security or otherwise) which would be available to pay amounts outstanding under the Issuer Transaction Documents and the Bonds, the Bondholders shall have no further claim against the Issuer in respect of any such unpaid amounts and such unpaid amounts shall be discharged in full.

22. **Miscellaneous**

(a) ***Governing Law***

The Bond Trust Deed, the Issuer Deed of Charge, the Bonds, the Coupons, the Receipts, the Talons (if any), each Financial Guarantee (if any) and the other Issuer Transaction Documents are, and all matters arising from or in connection with such documents shall be governed by, and shall be construed in accordance with, English law.

(b) ***Jurisdiction***

The courts of England are to have exclusive jurisdiction to settle any dispute that may arise out of or in connection with the Bond Trust Deed, the Issuer Deed of Charge, the Bonds, the Coupons, the Receipts, the Talons, each Financial Guarantee (if any) and the other Issuer Transaction Documents and accordingly any legal action or proceedings arising out of or in connection with the Bonds, the Coupons, the Receipts, the Talons (if any) the relevant Financial Guarantee (if any) and/or the Finance Documents may be brought in such courts. The Issuer has in each of the Finance Documents to which it is a party irrevocably submitted to the jurisdiction of such courts.

(c) ***Third Party Rights***

No person shall have any right to enforce any term or condition of the Bonds or the Bond Trust Deed under the Contracts (Rights of Third Parties) Act 1999.

(d) ***Rights Against Issuer***

Under the Bond Trust Deed, persons shown in the records of DTC and/or Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system as being entitled to interests in the Bonds will (subject to the terms of the Bond Trust Deed) acquire directly against the Issuer all those rights to which they would have been entitled if, immediately before the Global Bond or Global Bond Certificate became void, they had been the registered Holders of Bonds in an aggregate principal amount equal to the principal amount of Bonds they were shown as holding in the records of Euroclear, Clearstream, Luxembourg or any other relevant clearing system (as the case may be).

(e) ***Clearing System Accountholders***

References in the Conditions of the Bonds to "**Bondholder**" are references to the bearer of the relevant Global Bond or the person shown in the records of the relevant clearing system as the holder of the Global Bond Certificate.

Each of the persons shown in the records of DTC and/or Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system, as the case may be, as being entitled to an interest in a Global Bond or a Global Bond Certificate (each an "**Accountholder**") must look solely to DTC and/or Euroclear and/or Clearstream, Luxembourg and/or such other relevant clearing system (as the case may be) for such Accountholder's share of each payment made by the Issuer or, in the case of Wrapped Bonds, each Relevant Financial Guarantor, to such Accountholder and in relation to all other rights arising under the Global Bond or Global Bond Certificate. The extent to which, and the manner in which, Accountholders may exercise any rights arising under a Global Bond or Global Bond Certificate will be determined by the respective rules and procedures of Euroclear and Clearstream, Luxembourg and any other relevant clearing system (as the case may be) from time to time. For so long as the relevant Bonds are represented by a Global Bond or Global Bond Certificate, Accountholders shall have no claim directly against the Issuer or, in the case of Wrapped Bonds, the Relevant Financial Guarantor in respect of payments due under the Bonds and such obligations of the Issuer and, in the case of Wrapped Bonds, the Relevant Financial Guarantor will be discharged by payment to the bearer of the Global Bond or the registered holder of the Global Bond Certificate, as the case may be.

FORMS OF THE BONDS

Bonds may, subject to all applicable legal and regulatory requirements, be issued in Series comprising either Bonds in bearer form (“**Bearer Bonds**”) or Bonds in registered form (“**Registered Bonds**”), as specified in the relevant Final Terms.

Bearer Bonds

Each Sub-Class of Bonds initially issued in bearer form will be issued either as a temporary global bond (the “**Temporary Global Bond**”), without Receipts, Coupons or Talons attached, or a permanent global bond (the “**Permanent Global Bond**”), without Receipts, Coupons or Talons attached, in each case as specified in the relevant Final Terms. Each Temporary Global Bond or, as the case may be, Permanent Global Bond (each a “**Global Bond**”) will be delivered on or prior to the Issue Date of the relevant Sub-Class of the Bonds to a common depository for Euroclear and/or Clearstream, Luxembourg and/or any other relevant Clearing System on or about the Issue Date of the relevant Sub-Class.

The relevant Final Terms will also specify whether United States Treasury Regulation §1.163-5(c)(2)(i)(C) (the “**TEFRA C Rules**”) or United States Treasury Regulation §1.163-5(c)(2)(i)(D) (the “**TEFRA D Rules**”) are applicable in relation to the Bonds.

Temporary Global Bond exchangeable for Permanent Global Bond

If the relevant Final Terms specify the form of Bonds as being represented by “Temporary Global Bond exchangeable for a Permanent Global Bond”, then the Bonds will initially be in the form of a Temporary Global Bond which will be exchangeable, in whole or in part, for interests in a Permanent Global Bond, without Receipts, Coupons or Talons attached, not earlier than 40 days after the Issue Date of the relevant Sub-Class of the Bonds upon certification as to non-U.S. beneficial ownership. No payments will be made under the Temporary Global Bond unless exchange for interests in the Permanent Global Bond is improperly withheld or refused. In addition, payments of interest in respect of the Bonds cannot be collected without such certification of non-U.S. beneficial ownership.

Whenever any interest in a Temporary Global Bond is to be exchanged for an interest in a Permanent Global Bond, the Issuer shall procure (in the case of first exchange) the prompt delivery (free of charge to the bearer) of such Permanent Global Bond, duly authenticated, to the bearer of the Temporary Global Bond or (in the case of any subsequent exchange) an increase in the principal amount of the Permanent Global Bond in accordance with its terms against:

- presentation and (in the case of final exchange) surrender of the Temporary Global Bond at the specified office of the Principal Paying Agent; and
- receipt by the Principal Paying Agent of a certificate or certificates of non-U.S. beneficial ownership issued by Euroclear and/or Clearstream, Luxembourg and/or any other relevant Clearing System,

within seven days of the bearer requesting such exchange.

The principal amount of the Permanent Global Bond shall be equal to the aggregate of the principal amounts specified in the certificates of non-U.S. beneficial ownership; provided, however, that in no circumstances shall the principal amount of the Permanent Global Bond exceed the aggregate initial principal amount of the Temporary Global Bond and any Temporary Global Bond representing a fungible Sub-Class of Bonds with the Sub-Class of Bonds represented by the first Temporary Global Bond.

The Permanent Global Bond will be exchangeable in whole, but not in part, for Bonds in definitive form each, a Definitive Bond:

- if Euroclear or Clearstream, Luxembourg or any other relevant Clearing System is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business; or
- any of the circumstances described in Condition 11(a) (*Events of Default*) occurs.

Whenever the Permanent Global Bond is to be exchanged for Definitive Bonds, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Bonds, duly authenticated and with Receipts, Coupons and Talons attached (if so specified in the relevant Final Terms), in an aggregate principal amount equal to the principal amount of the Permanent Global Bond to the bearer of the Permanent Global Bond against the surrender of the

Permanent Global Bond at the Specified Office of the Principal Paying Agent within 30 days of the bearer requesting such exchange but not earlier than 40 days after the Issue Date of such Bonds.

Temporary Global Bond exchangeable for Definitive Bonds

If the relevant Final Terms specifies the form of Bonds as being “Temporary Global Bond exchangeable for Definitive Bonds” and also specifies that the TEFRA C Rules are applicable or that neither the TEFRA C Rules nor the TEFRA D Rules are applicable, then the Bonds will initially be in the form of a Temporary Global Bond which will be exchangeable, in whole but not in part, for Definitive Bonds not earlier than 40 days after the Issue Date of the relevant Sub-Class of the Bonds.

If the relevant Final Terms specifies the form of Bonds as being “Temporary Global Bond exchangeable for Definitive Bonds” and also specifies that the TEFRA D Rules are applicable, then the Bonds will initially be in the form of a Temporary Global Bond which will be exchangeable, in whole or in part, for Definitive Bonds not earlier than 40 days after the Issue Date of the relevant Sub-Class of the Bonds upon certification as to non-U.S. beneficial ownership. Interest payments in respect of the Bonds cannot be collected without such certification of non-U.S. beneficial ownership.

Whenever the Temporary Global Bond is to be exchanged for Definitive Bonds, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Bonds, duly authenticated and with Receipts, Coupons and Talons attached (if so specified in the relevant Final Terms), in an aggregate principal amount equal to the principal amount of the Temporary Global Bond so exchanged to the bearer of the Temporary Global Bond against the presentation (and in the case of final exchange, surrender) of the Temporary Global Bond at the Specified Office of the Principal Paying Agent within 30 days of the bearer requesting such exchange but not earlier than 40 days after the issue of such Bonds.

Permanent Global Bond exchangeable for Definitive Bonds

If the relevant Final Terms specifies the form of Bonds as being “Permanent Global Bond exchangeable for Definitive Bonds” and also specifies that the TEFRA C Rules are applicable or that TEFRA does not apply, then the Bonds will initially be in the form of a Permanent Global Bond which will be exchangeable in whole, but not in part, for Definitive Bonds:

- if Euroclear or Clearstream, Luxembourg or any other relevant Clearing System is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business; or
- any of the circumstances described in Condition 11(a) (*Events of Default*) occurs.

Whenever the Permanent Global Bond is to be exchanged for Definitive Bonds, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Bonds, duly authenticated and with Receipts, Coupons and Talons attached (if so specified in the relevant Final Terms), in an aggregate principal amount equal to the principal amount of the Permanent Global Bond to the bearer of the Permanent Global Bond against the surrender of the Permanent Global Bond at the Specified Office of the Principal Paying Agent within 30 days of the bearer requesting such exchange but not earlier than 40 days after the Issue Date of such Bonds.

In the event that a Global Bond is exchanged for Definitive Bonds, such Definitive Bonds shall be issued in Specified Denominations(s) only. Bondholders who hold Bonds in the relevant Clearing System in amounts that are not integral multiples of a Specified Denomination may need to purchase or sell, on or before the relevant date of exchange, a principal amount of Bonds such that their holding is an integral multiple of a Specified Denomination.

Conditions applicable to the Bonds

The Conditions applicable to any Definitive Bond will be endorsed on that Bond and will consist of the Conditions set out under “*Terms and Conditions of the Bonds*” above and the provisions of the relevant Final Terms which supplement, amend, vary and/or replace those Conditions.

The Conditions applicable to any Global Bond will differ from those Conditions which would apply to the Definitive Bond to the extent described under “Provisions Relating to the Bonds while in Global Form”.

Legend concerning United States persons

Global Bonds and Definitive Bonds having a maturity of more than one year and any Receipts, Coupons and Talons appertaining thereto will bear a legend to the following effect unless the relevant Final Terms specifies that the TEFRA C Rules are applicable or that TEFRA does not apply:

“Any United States person who holds this obligation will be subject to limitations under the United States income tax laws, including the limitations provided in sections 165(j) and 1287(a) of the Internal Revenue Code.”

The sections referred to in such legend provide that a United States person who holds a Bond, Receipt, Coupon or Talon will generally not be allowed to deduct any loss realised on the sale, exchange or redemption of such Bond, Receipt, Coupon or Talon and any gain (which might otherwise be characterised as capital gain) recognised on such sale, exchange or redemption will be treated as ordinary income.

Registered Bonds

The Bonds of each Series sold in reliance on Regulation S under the Securities Act, as specified in the relevant Final Terms, will be represented on issue by one or more global certificates of such Class in fully registered form without interest coupons or principal receipts attached (each a “**Regulation S Global Bond Certificate**”) which will be deposited with a common depository for Euroclear and Clearstream, Luxembourg. Beneficial interests in a Regulation S Global Bond Certificate may be held only through Euroclear or Clearstream, Luxembourg or their participants at any time. See “*Book-Entry Clearance Procedures*”.

The Bonds of each series sold in reliance on Rule 144A under the Securities Act, as specified in the relevant Final Terms, will be represented on issue by one or more permanent global certificates of such Class, in fully registered form without interest coupons or principal receipts attached (each a “**Rule 144A Global Bond Certificate**”) which, in the case of any Rule 144A EC Global Bond Certificates, will be deposited with a common depository for Euroclear and Clearstream, Luxembourg or, in the case of any Rule 144A DTC Global Bond Certificates, will be deposited with a custodian for, and registered in the name of Cede & Co. as nominee of, DTC. Beneficial interests in a Rule 144A Global Bond Certificate may only be held through Euroclear, Clearstream, Luxembourg (in the case of Rule 144A EC Global Bond Certificates) or DTC (in the case of Rule 144A DTC Global Bond Certificates) or their participants at any time. See “*Book-Entry Clearance Procedures*”. Beneficial interests in a Rule 144A Global Bond Certificate may only be held by persons who are QIBs that are QPs, holding their interests for their own account or for the account of one or more QIBs each of which is also a QP. By acquisition of a beneficial interest in a Rule 144A Global Bond Certificate, the purchaser thereof will be deemed to represent, among other things, that it is a QIB that is a QP and that, if in the future it determines to transfer such beneficial interest, it will transfer such interest in accordance with the procedures and restrictions contained in the Rule 144A Global Bond Certificate.

The Regulation S Global Bond Certificates and the Rule 144A Global Bond Certificates are referred to herein as “**Global Bond Certificates**”. Beneficial interests in Global Bond Certificates will be subject to certain restrictions on transfer set out herein, in the relevant Final Terms, and in the Agency Agreement, and such Global Bond Certificates will bear the applicable legends regarding the restrictions set out in the relevant Final Terms. Unless otherwise provided in the relevant Final Terms, no beneficial interest in a Regulation S Global Bond Certificate may be transferred to a person who takes delivery in the form of a beneficial interest in a Rule 144A Global Bond Certificate unless (i) a corresponding Rule 144A Global Bond Certificate is also issued in respect of such Sub-Class of Bonds (as stated in the relevant Final Terms), (ii) the transfer is to a person that is both a QIB and a QP, (iii) such transfer is made in reliance on Rule 144A, and (iv) the transferor provides the Registrar with a written certification substantially in the form set out in the Bond Trust Deed. Unless otherwise provided in the relevant Final Terms, no beneficial interest in the Rule 144A Global Bond Certificates may be transferred to a person who takes delivery in the form of a beneficial interest in a Regulation S Global Bond Certificate unless a corresponding Regulation S Global Bond Certificate is also issued in respect of such Sub-Class of Bonds (as stated in the relevant Final Terms), and in such case only if the transfer is to a person who is neither a U.S. person nor a U.S. resident, and is conducted in an offshore transaction in reliance on Regulation S and the transferor provides the Registrar with a written certification substantially in the form set out in the Bond Trust Deed.

Any beneficial interest in a Regulation S Global Bond Certificate that is transferred to a person who takes delivery in the form of an interest in a Rule 144A Global Bond Certificate, which is possible only if a corresponding Rule 144A Global Bond Certificate is also issued in respect of such Sub-Class of Bonds (as stated in the relevant Final Terms) and subject to the limitation stated in the paragraph above, will upon transfer, cease to be an interest in such Regulation S Global Bond Certificate and become an interest in the Rule 144A Global Bond Certificate, and, accordingly, will thereafter be subject to all transfer restrictions and other procedures applicable to beneficial interests in a Rule 144A Global Bond Certificate for as long as it remains such an interest. Any beneficial interest in a Rule 144A Global Bond Certificate that is transferred to a person who takes delivery in the form of an interest in a Regulation S Global Bond Certificate, which is possible only if a corresponding Regulation S Global Bond Certificate is also issued in respect of

such Sub-Class of Bonds (as stated in the relevant Final Terms) and subject to the limitation stated in the paragraph above, will upon transfer, cease to be an interest in a Rule 144A Global Bond Certificate and become an interest in the Regulation S Global Bond Certificate and, accordingly, will thereafter be subject to all transfer restrictions and other procedures applicable to beneficial interests in a Regulation S Global Bond Certificate for so long as it remains such an interest. No service charge will be made for any registration of transfer or exchange of Bonds, but the Registrar or Transfer Agent may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith.

Except in the limited circumstances described below, owners of beneficial interests in Global Bond Certificates will not be entitled to receive physical delivery of certificated Bonds.

Exchange for Individual Bond Certificates

Each Rule 144A Global Bond Certificate will be exchangeable, free of charge to the holder, on or after its Individual Exchange Date (as defined below), in whole but not in part, for certificates in individual bond certificate form (“**Rule 144A Individual Bond Certificates**”) and each Regulation S Global Bond Certificate will be exchangeable, free of charge to the holder, on or after its Individual Exchange Date (as defined below), in whole but not in part, for individual bond certificates in fully registered form (“**Regulation S Individual Bond Certificates**” and, together with the Rule 144A Individual Bond Certificates, “**Individual Bond Certificates**”):

- if a Global Bond Certificate is held (directly or indirectly) on behalf of Euroclear and/or Clearstream, Luxembourg or an alternative Clearing System (other than DTC) and any such Clearing System is closed for business for a continuous period of 14 days (other than by reason of legal holidays, statutory or otherwise) or announces that it is permanently to cease business or does in fact do so; or
- if a Global Bond Certificate is held on behalf of DTC and DTC notifies the Issuer that it is no longer willing to discharge properly its responsibilities as depository with respect to the relevant Global Bond Certificate or DTC ceases to be a “clearing agency” registered under the Exchange Act or is at any time no longer eligible to act as such, and the Issuer is unable to locate a qualified successor within 90 days of receiving notice of such ineligibility on the part of DTC; or
- any of the circumstances described in Condition 11(a) (Bond Events of Default) occurs.

The Registrar will not register the transfer of, or exchange of interests in, a Global Bond Certificate for Individual Bond Certificates for a period of 15 calendar days ending on the date for any payment of principal or interest in respect of the relevant Class, Sub-Class or Tranche of Bonds.

If only one of the Global Bond Certificates (the “**Exchanged Global Bond Certificate**”) becomes exchangeable for Individual Bond Certificates in accordance with the above paragraphs, transfers of Bonds may not take place between, on the one hand, persons holding Individual Bond Certificates issued in exchange for beneficial interests in the Exchanged Global Bond Certificate and on the other hand, persons wishing to purchase beneficial interests in the other Global Bond Certificate.

“**Individual Exchange Date**” means a day falling not less than 30 days after that on which the notice requiring exchange is given and on which banks are open for business in the city in which the specified office of the Registrar and any Transfer Agent is located.

In such circumstances, the relevant Global Bond Certificate shall be exchanged in full for Individual Bond Certificates and the Issuer will, at the cost of the Issuer (but against such indemnity as the Registrar or any relevant Transfer Agent may require in respect of any tax or other duty of whatever nature which may be levied or imposed in connection with such exchange), cause sufficient Individual Bond Certificates to be executed and delivered to the Registrar for completion, authentication and dispatch to the relevant Bondholders. A person having an interest in a Global Bond Certificate must provide the Registrar with (a) a written order containing instructions and such other information as the Issuer and the Registrar may require to complete, execute and deliver such Individual Bond Certificates and (b) in the case of the Rule 144A Global Bond Certificate only, a fully completed, signed certification substantially to the effect that the exchanging holder is not transferring its interest at the time of such exchange or, in the case of simultaneous sale pursuant to Rule 144A, a certification that the transfer is being made in compliance with the provisions of Rule 144A to a purchaser that the transferor reasonably believes to be a QIB that is a QP. Individual Bond Certificates issued in exchange for a beneficial interest in the Rule 144A Global Bond Certificate shall bear the legends applicable to transfers pursuant to Rule 144A.

Legends and Transfers

The holder of an Individual Bond Certificate may transfer the Bonds represented thereby in whole or in part in the applicable minimum denomination by surrendering it at the specified office of the Registrar or any Transfer Agent, together with the completed form of transfer thereon. Upon the transfer, exchange or replacement of an Individual Bond Certificate bearing the legend referred to under “Transfer Restrictions” or upon specific request for removal of the legend on an Individual Bond Certificate, the Issuer will deliver only Individual Bond Certificates that bear such legend, or will refuse to remove such legend, as the case may be, unless there is delivered to the Issuer and the Registrar such satisfactory evidence, which may include an opinion of counsel, as may reasonably be required by the Issuer that neither the legend nor the restrictions on transfer set out therein are required to ensure compliance with the provisions of the Securities Act and the Investment Company Act. Individual Bond Certificates for each class of Bonds for the Rule 144A Bonds will bear the same legend as the legend for the Rule 144A Global Bond Certificates for such classes set out under “*Transfer Restrictions*”. The Rule 144A Individual Bond Certificates may not at any time be held by or on behalf of U.S. persons or U.S. residents that are not QIBs that are QPs. Individual Bond Certificates for each class of Bonds for the Regulation S Bonds will bear the same legend as the legend for the Regulation S Global Bond Certificates for such classes set out under “*Transfer Restrictions*”.

Provisions Relating to the Bonds while in Global Form

Global Bonds and Global Bond Certificates will contain provisions that apply to the Bonds which they represent, some of which modify the effect of the Conditions of the Bonds as set out in this Prospectus. The following is a summary of certain of those provisions:

- *Meetings*: The holder of a Global Bond or Global Bond Certificate shall be treated as being two persons for the purposes of any quorum requirements of a meeting of Bondholders and, at any such meeting, the holder of a Global Bond or Global Bond Certificate shall be treated as having one vote in respect of each minimum denomination of Bonds for which such Global Bond or Global Bond Certificate may be exchanged.
- *Cancellation*: Cancellation of any Bond represented by a Global Bond or Global Bond Certificate that is required by the Conditions to be cancelled (other than upon its redemption) will be effected by reduction in the principal amount of the relevant Global Bond or Global Bond Certificate.
- *Notices*: So long as any Bonds are represented by a Global Bond or Global Bond Certificate and such Global Bond or Global Bond Certificate is held on behalf of DTC, Euroclear, Clearstream, Luxembourg or any other relevant Clearing System, notices to the Bondholders may be given, subject always to listing requirements, by delivery of the relevant notice to DTC, Euroclear, Clearstream, Luxembourg or any other relevant Clearing System for communication by it to entitled Accountholders in substitution for publication as provided in the Conditions. Such notices shall be deemed to have been received by the Bondholders on the date of delivery to such clearing systems.

BOOK-ENTRY CLEARANCE PROCEDURE

The information set out below has been obtained from the Clearing Systems (as defined herein) and the Issuer believes that such sources are reliable, but prospective investors are advised to make their own enquiries as to such procedures. The Issuer accepts responsibility for the accurate reproduction of such information from publicly available information. In particular, such information is subject to any change in or reinterpretation of the rules, regulations and procedures of DTC, Euroclear or Clearstream, Luxembourg (together, the “Clearing Systems”) currently in effect and investors wishing to use the facilities of any of the Clearing Systems are therefore advised to confirm the continued applicability of the rules, regulations and procedures of the relevant Clearing System.

Euroclear, Clearstream, Luxembourg and DTC

Custodial and depository links have been established between Euroclear and Clearstream, Luxembourg and DTC to facilitate the initial issue of each Series of the Bonds and cross-market transfers of the Bonds associated with secondary market trading. See “– Settlement and transfer of Bonds” below.

Euroclear and Clearstream, Luxembourg

Euroclear and Clearstream, Luxembourg each hold securities for their customers and facilitate the clearance and settlement of securities transactions through electronic book-entry transfer between their respective accountholders. Indirect access to Euroclear and Clearstream, Luxembourg is available to other institutions which clear through or maintain a custodial relationship with an accountholder of either system. Euroclear and Clearstream, Luxembourg provide various services including safekeeping, administration, clearance and settlement of internationally-traded securities and securities lending and borrowing. Euroclear and Clearstream, Luxembourg also deal with domestic securities markets in several countries through established depository and custodial relationships. Euroclear and Clearstream, Luxembourg have established an electronic bridge between their two systems across which their respective customers may settle trades with each other. Their customers are worldwide financial institutions including underwriters, securities brokers and dealers, banks, trust companies and clearing corporations. Investors may hold their interests in Global Bonds and Global Bond Certificates directly through Euroclear or Clearstream, Luxembourg if they are accountholders (“**Direct Participants**”) or indirectly (“**Indirect Participants**” and together with Direct Participants, “**Participants**”) through organisations which are accountholders therein.

DTC

DTC has advised the Issuer as follows: “DTC is a limited purpose trust company organised under the laws of the State of New York, a “banking organisation” under the laws of the State of New York, a member of the U.S. Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code and a “clearing agency” registered pursuant to the provisions of section 17A of the Exchange Act. DTC was created to hold securities for its participants and facilitate the clearance and settlement of securities transactions between participants through electronic computerised book-entry changes in accounts of its participants, thereby eliminating the need for physical movement of certificates. Direct participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organisations. Indirect access to DTC is available to others, such as banks, securities brokers, dealers and trust companies, that clear through or maintain a custodial relationship with a DTC direct participant, either directly or indirectly.”

Investors may hold their interests in a Global Bond Certificate directly through DTC if they are participants (“**Direct Participants**”) in the DTC system, or indirectly through organisations which are participants in such system (“**Indirect Participants**” and together with Direct Participants, “**Participants**”).

DTC has advised the Issuer that it will take any action permitted to be taken by a holder of Bonds (including, without limitation, the presentation of certificates for exchange as described under “*Form of the Bonds – Registered Bonds – Exchange for Individual Bond Certificates*” above) only at the direction of one or more Participants in whose accounts with DTC interests in Global Bond Certificates are credited and only in respect of such portion of the aggregate principal amount of the relevant Global Bond Certificates as to which such Participant or Participants has or have given such direction. However, in the circumstances described under “*Form of the Bonds – Registered Bonds – Exchange for Individual Bond Certificates*” above, DTC will surrender the relevant Rule 144A DTC Global Bond Certificates for exchange for Individual Bond Certificates (which will bear the legend applicable to transfers pursuant to Rule 144A, section 3(c)(7) of the Investment Company Act or Regulation S (as applicable)).

Book-entry ownership

Euroclear and Clearstream, Luxembourg

Each Global Bond will have an ISIN and a common code and will be deposited with a common depository on behalf of Euroclear and Clearstream, Luxembourg.

Each Regulation S Global Bond Certificate and Rule 144A EC Global Bond Certificate will have an ISIN and a common code and will be registered in the name of a common depository on behalf of Euroclear and Clearstream, Luxembourg.

DTC

Each Rule 144A DTC Global Bond Certificate will have a CUSIP number, an ISIN and a common code and will be deposited with as custodian for, and registered in the name of Cede & Co. as nominee of, DTC. The custodian and DTC will electronically record the principal amount of the Bonds held within the DTC system.

Payments and relationship of participants with Clearing Systems

Each of the persons shown in the records of Euroclear, Clearstream, Luxembourg or DTC as the holder of a Bond represented by a Global Bond or a Global Bond Certificate must look solely to Euroclear, Clearstream, Luxembourg or DTC (as the case may be) for his share of each payment made by the Issuer to the holder of such Global Bond or Global Bond Certificate and in relation to all other rights arising under the Global Bond or Global Bond Certificate, subject to and in accordance with the respective rules and procedures of Euroclear, Clearstream, Luxembourg or DTC (as the case may be). The Issuer expects that, upon receipt of any payment in respect of Bonds represented by a Global Bond or a Global Bond Certificate, the common depository by whom such Bond is held, or nominee in whose name it is registered, will immediately credit the relevant participants' or accountholders' accounts in the relevant Clearing System with payments in amounts proportionate to their respective beneficial interests in the principal amount of the relevant Global Bond or Global Bond Certificate (as the case may be) as shown on the records of the relevant Clearing System or its nominee. The Issuer also expects that payments by Direct Participants in any Clearing System to owners of beneficial interests in any Global Bond or Global Bond Certificate held through such Direct Participants in any Clearing System will be governed by standing instructions and customary practices. Save as aforesaid, such persons shall have no claim directly against the Issuer in respect of payments due on the Bonds for so long as the Bonds are represented by such Global Bond or Global Bond Certificate and the obligations of the Issuer will be discharged by payment to the registered holder, as the case may be, of such Global Bond or Global Bond Certificate in respect of each amount so paid.

Settlement and transfer of Bonds

Subject to the rules and procedures of each applicable Clearing System, purchases of Bonds held within a Clearing System must be made by or through Direct Participants, which will receive a credit for such Bonds on the Clearing System's records. The ownership interest of each actual purchaser of each such Bond (the "**Beneficial Owner**") will in turn be recorded on the Direct Participant and Indirect Participant's records. Beneficial Owners will not receive written confirmation from any Clearing System of their purchase, but Beneficial Owners are expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct Participant or Indirect Participant through which such Beneficial Owner entered into the transaction. Transfers of ownership interests in Bonds held within the Clearing System will be effected by entries made on the books of Participants acting on behalf of Beneficial Owners. Beneficial owners will not receive certificates representing their ownership interests in such Bonds, unless and until interests in any Global Bond or Global Bond Certificate held within a Clearing System are exchanged for Definitive Bonds or Individual Bond Certificates.

No Clearing System has knowledge of the actual Beneficial Owners of the Bonds held within such Clearing System and their records will reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Participants will remain responsible for keeping account of their holdings on behalf of their customers. Conveyance of notices and other communications by the Clearing Systems to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. The laws of some states in the United States require that certain persons take physical delivery in definitive form of securities. Consequently, the ability to transfer interests in a Global Bond or Global Bond Certificate to such persons may be limited. The Clearing Systems can only act on behalf of Direct Participants, who in turn act on behalf of Indirect Participants, so the ability of a person having an interest in a Global Bond or Global Bond Certificate to pledge such interest to persons or entities that do not participate in such Clearing System, or otherwise take actions in respect of such interest, may be affected by a lack of a physical certificate in respect of such interest.

Trading between Euroclear and/or Clearstream, Luxembourg participants

Secondary market sales of book-entry interests in the Bonds held through Euroclear or Clearstream, Luxembourg to purchasers of book-entry interests in the Bonds held through Euroclear or Clearstream, Luxembourg will be conducted in accordance with the normal rules and operating procedures of Euroclear and Clearstream, Luxembourg (subject to the transfer restrictions applicable to the Bonds described in “*Transfer Restrictions*” and the relevant Final Terms) and will be settled using the procedures applicable to conventional Eurobonds and U.S. dollar denominated bonds.

Trading between DTC Participants

Secondary market sales of book-entry interests in the Bonds between DTC participants will occur in the ordinary way in accordance with DTC rules (subject to the transfer restrictions applicable to the Bonds described in “*Transfer Restrictions*” and the relevant Final Terms) and will be settled using the procedures applicable to United States corporate debt obligations in DTC’s same-day funds settlement (“**SDFS**”) system in same-day funds, if payment is effected in U.S. dollars, or free of payment, if payment is not effected in U.S. dollars. Where payment is not effected in U.S. dollars, separate payment arrangements outside DTC are required to be made between the DTC Participants.

Trading between DTC seller and Euroclear/Clearstream, Luxembourg purchaser

When book-entry interests in Bonds are capable of being transferred (as specified in “*Transfer Restrictions*” and the relevant Final Terms) from the account of a DTC participant holding a beneficial interest in a Global Bond Certificate to the account of a Euroclear or Clearstream, Luxembourg accountholder wishing to purchase a beneficial interest in that Global Bond Certificate (subject to the certification procedures provided in the Agency Agreement), the DTC participant will deliver instructions for delivery to the relevant Euroclear or Clearstream, Luxembourg accountholder to DTC by 12 noon, New York time, on the settlement date. Separate payment arrangements are required to be made between the DTC participant and the relevant Euroclear or Clearstream, Luxembourg participant. On the settlement date, the custodian of the Global Bond Certificate will instruct the Registrar to (i) decrease the amount of Bonds registered in the name of Cede & Co., and evidenced by the relevant Global Bond Certificate and (ii) increase the amount of Bonds registered in the name of the nominee of the common depository for Euroclear and Clearstream, Luxembourg and evidenced by the relevant Global Bond Certificate. Book-entry interests will be delivered free of payment to Euroclear or Clearstream, Luxembourg, as the case may be, for credit to the relevant accountholder on the first business day following the settlement date.

Trading between Euroclear/Clearstream, Luxembourg seller and DTC purchaser When book-entry interests in the Bonds are capable of being transferred (as specified in “*Transfer Restrictions*” and the relevant Final Terms) from the account of a Euroclear or Clearstream, Luxembourg accountholder to the account of a DTC participant wishing to purchase a beneficial interest in a Global Bond Certificate (subject to the certification procedures provided in the Agency Agreement), the Euroclear or Clearstream, Luxembourg participant must send to Euroclear or Clearstream, Luxembourg delivery free of payment instructions by 7.45 p.m., Brussels or Luxembourg time, one business day prior to the settlement date. Euroclear or Clearstream, Luxembourg, as the case may be, will in turn transmit appropriate instructions to the common depository for Euroclear and Clearstream, Luxembourg and the Registrar to arrange delivery to the DTC participant on the settlement date. Separate payment arrangements are required to be made between the DTC participant and the relevant Euroclear or Clearstream, Luxembourg accountholder, as the case may be. On the settlement date, the common depository for Euroclear and Clearstream, Luxembourg will (a) transmit appropriate instructions to the custodian of the Global Bond Certificate who will in turn deliver evidence of such book-entry interests in the Bonds free of payment to the relevant account of the DTC participant and (b) instruct the Registrar to (i) decrease the amount of Bonds registered in the name of the nominee of the common depository for Euroclear and Clearstream, Luxembourg and evidenced by the relevant Global Bond Certificate and (ii) increase the amount of Bonds registered in the name of Cede & Co. and evidenced by the relevant Global Bond Certificate.

Although DTC, Clearstream, Luxembourg and Euroclear have agreed to the foregoing procedures in order to facilitate transfers of beneficial interests in applicable Global Bond Certificates among participants and accountholders of DTC, Clearstream, Luxembourg and Euroclear, they are under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued at any time.

Pre-issue trades settlement

It is expected that delivery of Bonds will be made against payment therefor on each Issue Date, which could be more than three business days following the date of pricing. Under Rule 15c6-1 under the Exchange Act, trades in the United States secondary market generally are required to settle within three business days (T+3), unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade Bonds in the United States on the date of pricing or the next succeeding business days until three days prior to the Issuer Date of a series will be required, by virtue of the fact the Bonds initially will settle beyond T+3, to specify an alternate settlement cycle at the time of any such trade to prevent a failed settlement. Settlement procedures in other countries will vary. Purchasers of Bonds may

be affected by such local settlement practices and purchasers of Bonds who wish to trade Bonds between the date of pricing and the Issue Date should consult their own adviser.

TAX CONSIDERATIONS

UNITED KINGDOM TAXATION

The following is a summary of the UK withholding taxation treatment in relation to payments of principal and interest in respect of the Bonds based on current law and published practice as at the date of this Prospectus. The comments do not deal with other UK tax aspects of acquiring, holding or disposing of the Bonds. The comments relate only to the position of persons who are absolute beneficial owners of the Bonds. The summary set out below is a general guide and should be treated with appropriate caution. Prospective purchasers who are in any doubt as to their tax position or who may be subject to tax in a jurisdiction other than the UK should consult their professional advisors. In particular, Bondholders should be aware that they may be liable to taxation under the laws of other jurisdictions in relation to payments in respect of the Bonds even if such payments may be made without withholding or deduction for or on account of taxation under the laws of the UK.

UK Withholding Tax on UK source interest

The Bonds issued by the Issuer will constitute “quoted Eurobonds” within the meaning of section 987 of the Income Tax Act 2007 provided they carry a right to interest and they are and continue to be listed on a recognised stock exchange within the meaning of section 1005 of the Income Tax Act 2007. The London Stock Exchange has been designated as a recognised stock exchange for these purposes. The Bonds will be treated as listed on the London Stock Exchange if they are admitted to the Official List of the UK Listing Authority and are admitted to trading on the London Stock Exchange. HM Revenue & Customs have confirmed that securities that are admitted to trading on the Professional Securities Market satisfy the condition of being admitted to trading on the London Stock Exchange. While the Bonds are and continue to be quoted Eurobonds, payments of interest on the Bonds may be made without withholding or deduction for or on account of UK income tax.

In all cases falling outside the exemption described above, interest on the Bonds will be paid under deduction of UK income tax at the basic rate (currently 20 per cent.) subject to such relief as may be available under the provisions of any applicable double taxation treaty or, in certain circumstances, where an exemption for payments between certain UK companies and partnerships contained in section 930 of the Income Tax Act 2007 applies.

However, this withholding will not apply if the relevant interest is paid on Bonds with a maturity of less than one year from the date of issue and which are not issued under arrangements the intention of which is to render such Bonds part of a borrowing with a total term of a year or more. HMRC issued a consultation document on 27 March 2012 entitled “Possible changes to income tax rules on interest”, in which the UK Government has invited views on repealing this exemption from the obligation to withhold or deduct for or on account of UK income tax.

If UK withholding tax is imposed, then the Issuer will not pay additional amounts in respect of the Bonds.

Provision of Information by UK Paying and Collecting Agents

Persons in the UK (i) paying interest to or receiving interest on behalf of another person who is an individual (whether resident in the UK or elsewhere), or (ii) paying amounts due on redemption of any Bonds which constitute deeply discounted securities as defined in Chapter 8 of Part 4 of the Income Tax (Trading and Other Income) Act 2005 to or receiving such amounts on behalf of another person who is an individual (whether resident in the UK or elsewhere), may be required to provide certain information to HM Revenue & Customs regarding the payment and the identity of the payee or person entitled to the interest and, in certain circumstances, such information may be exchanged with tax authorities in other countries. However, in practice no information will be required to be provided in respect of redemption amounts for the year 2012 – 2013.

For the above purposes, “interest” should be taken, for practical purposes, as including payments made by each Relevant Financial Guarantor in respect of interest on the Wrapped Bonds. The provisions referred to above may also apply, in certain circumstances, to payments made on redemption of any Bonds which were not issued at a discount but where the amount payable on redemption is greater than the issue price of the Bonds.

Payments by each Relevant Financial Guarantor under the Financial Guarantees

If any Relevant Financial Guarantor makes any payments in respect of interest on the Wrapped Bonds (or other amounts due under the Wrapped Bonds other than the repayment of amounts subscribed for such Bonds) such payments may be subject to UK withholding tax at the basic rate (currently 20 per cent.) subject to such relief as may be available under the provisions of any applicable double taxation treaty. Such payments by any Relevant Financial Guarantor may not be eligible for any of the other exemptions described in “– UK Withholding Tax on UK source interest” above. If

UK withholding tax is imposed, then each Relevant Financial Guarantor will not pay any additional amounts under the Financial Guarantees.

Other Rules relating to UK Withholding Tax

Bonds may be issued at an issue price of less than 100 per cent. of their principal amount. Any discount element on any such Bonds will not be subject to any UK withholding tax pursuant to the provisions mentioned in “– *UK Withholding Tax on UK source interest*” above, but may be subject to reporting requirements as outlined in “– *Provision of Information by UK Paying and Collecting Agents*” above.

Where Bonds are issued with a redemption premium, as opposed to being issued at a discount, then any element of such premium may constitute a payment of interest. Payments of interest are subject to UK withholding tax and reporting requirements as outlined above.

Where interest has been paid under deduction of UK income tax, Bondholders who are not resident in the UK may be able to recover all or part of the tax deducted if there is an appropriate provision in any applicable double taxation treaty.

The references to “interest” above mean “interest” as understood in UK tax law. The statements above do not take any account of any different definitions of “interest” or “principal” which may prevail under any other law or which may be created by the terms and conditions of the Bonds or any related documentation.

The above description of the UK withholding tax position assumes that there will be no substitution of the Issuer pursuant to Condition 15(d) (*Modification, Waiver and Substitution*) of the Bonds and does not consider the tax consequences of any such substitution.

European Union Directive on the Taxation of Savings Income

Under EC Council Directive 2003/48/EC on the taxation of savings income, each Member State is required to provide to the tax authorities of another Member State details of payments of interest and other similar income paid by a person within its jurisdiction to, or collected by such person for, an individual resident, or certain limited types of entity established, in that other Member State. Similar income for this purpose includes payments on redemption of Bonds representing any discount on the issue of Bonds or any premium payable on redemption. However, for a transitional period, Austria and Luxembourg may instead impose a withholding system in relation to such payments, deducting tax at a rate of 35 per cent. The transitional period is to terminate at the end of the first full fiscal year following agreement by certain non-EU countries to the exchange of information relating to such payments. A number of other countries and territories have adopted similar measures to the Directive.

The European Commission has proposed certain amendments to the Directive which may, implemented, amend or broaden the scope of the requirements described above.

JERSEY TAXATION

The following summary of Jersey taxation law in relation to the holding, sale or other disposition of Bonds by holders of Bonds (other than Jersey residents) and the payment of interest in respect of the Bonds to holders of Bonds (other than residents of Jersey) is based on Jersey taxation law as it is understood to apply at the date of this Prospectus. It does not constitute legal or tax advice. Holders of Bonds should consult their professional advisers on the implications of acquiring, buying, holding, selling or otherwise disposing of Bonds under the laws of the jurisdictions in which they may be liable to taxation. Holders of Bonds should be aware that tax laws, rules and practice and their interpretation may change.

Under the Income Tax (Jersey) Law 1961 (the “**Jersey Income Tax Law**”), the Issuer will be regarded as not resident in Jersey under Article 123(1) of the Jersey Income Tax Law provided that (and for so long as) it satisfies the conditions set out in that provision in which case the Issuer will not (except as noted below) be liable to Jersey income tax.

If the Issuer derives any income from the ownership or disposal of land in Jersey, such income will be subject to tax at the rate of 20%. It is not expected that the Issuer will derive any such income.

The Issuer will be able to pay interest in respect of the Bonds without any withholding or deduction for or on account of Jersey tax. Holders of any Bonds issued by the Issuer (other than residents of Jersey) will not be subject to any Jersey tax in respect of the holding, sale or other disposition of such Bonds.

Goods and Services Tax

The Issuer is an “international services entity” for the purposes of the Goods and Services Tax (Jersey) Law 2007 (the “**GST Law**”). Consequently, the Issuer is not required to:

- (a) register as a taxable person pursuant to the GST Law;
- (b) charge goods and services tax in Jersey in respect of any supply made by it; or
- (c) (subject to limited exceptions that are not expected to apply to the Issuer) pay goods and services tax in Jersey in respect of any supply made to it.

European Union Directive on the Taxation of Savings Income

As part of an agreement reached in connection with the European Union directive on the taxation of savings income in the form of interest payments, and in line with steps taken by other countries, Jersey introduced with effect from 1 July 2005 a retention tax system in respect of payments of interest, or other similar income, made to an individual beneficial owner resident in an EU Member State by a paying agent established in Jersey. The retention tax system applies for a transitional period prior to the implementation of a system of automatic communication to EU Member States of information regarding such payments. During this transitional period, such an individual beneficial owner resident in an EU Member State will be entitled to request a paying agent not to retain tax from such payments but instead to apply a system by which the details of such payments are communicated to the tax authorities of the EU Member State in which the beneficial owner is resident.

The retention tax system in Jersey is implemented by means of bilateral agreements with each of the EU Member States, the Taxation (Agreements with European Union Member States) (Jersey) Regulations 2005 and Guidance Notes issued by the Policy and Resources Committee of the States of Jersey. Based on these provisions and the Issuer’s understanding of the current practice of the Jersey tax authorities (and subject to the transitional arrangements described above) the Issuer would not be obliged to levy retention tax in Jersey under these provisions in respect of interest payments made by it to a paying agent established outside Jersey.

Stamp Duty

Stamp duty of up to 0.75 per cent. is payable on the grant of probate or letters of administration in Jersey in respect of a deceased natural person (i) who died domiciled in Jersey, on the value of the entire estate (including any Bonds or interests therein) and (ii) otherwise, on the value of so much of the estate (including any Bonds or interests therein) if any, as is situate in Jersey.

UNITED STATES TAXATION

The following discussion is a summary based upon present law of certain U.S. federal income tax considerations for prospective purchasers of the Registered Bonds. This discussion addresses only U.S. Holders (as defined below) purchasing Registered Bonds in an original offering at the original offering price that will hold the Registered Bonds as capital assets and use the U.S. dollar as their functional currency. This discussion is a general summary. It is not a substitute for tax advice. This discussion does not address the tax treatment of prospective purchasers subject to special rules, such as financial institutions, insurance companies, tax-exempt entities, dealers in securities or foreign currencies, traders in securities that elect to mark-to-market, prospective purchasers liable for the alternative minimum tax, individual retirement accounts and other tax-deferred accounts, persons holding 10 per cent. or more of the Bonds of a particular Series or persons holding the Bonds as part of a hedge, straddle, conversion, or other integrated financial transaction. This summary does not address the tax laws of any state, local or foreign government. This summary does not address the U.S. federal income tax consequences to prospective purchasers of Bearer Bonds or Subordinated Bonds, if any.

THE STATEMENTS ABOUT U.S. FEDERAL INCOME TAX ISSUES ARE MADE TO SUPPORT MARKETING OF THE REGISTERED BONDS. NO TAXPAYER CAN RELY ON THEM TO AVOID U.S. FEDERAL TAX PENALTIES. EACH PROSPECTIVE PURCHASER SHOULD SEEK ADVICE FROM AN INDEPENDENT TAX ADVISOR ABOUT THE TAX CONSEQUENCES UNDER ITS OWN PARTICULAR CIRCUMSTANCES OF INVESTING IN OFFERED SECURITIES UNDER THE LAWS OF JERSEY, THE UNITED STATES AND ITS CONSTITUENT JURISDICTIONS AND ANY OTHER JURISDICTION WHERE THE PURCHASER MAY BE SUBJECT TO TAXATION.

For purposes of this discussion, a “**U.S. Holder**” means a beneficial owner of Registered Bonds that is (i) a citizen or individual resident of the United States for U.S. federal income tax purposes, (ii) a corporation organised in or under the

laws of the United States or its political subdivisions, (iii) a trust subject to the control of a U.S. person and the primary supervision of a U.S. court or (iv) an estate the income of which is subject to U.S. federal income taxation regardless of its source.

The U.S. federal income tax treatment of a partner in a partnership (or other entity treated as a partnership for U.S. federal income tax purposes) that holds Bonds generally will depend on the status of the partner and the activities of the partnership. Partners of a partnership holding Bonds are urged to consult their own tax advisers regarding the specific tax consequences to them of the partnership purchasing, owning and disposing of such Bonds.

There may be further discussion of the U.S. federal income tax treatment in the Final Terms for each Series of Bonds.

Characterisation of Bonds

The Issuer expects that the Bonds generally should be characterised as debt for U.S. federal income tax purposes. The tax characterisation of Bonds in any particular Series will depend, however, on the Final Terms of the Series. Assuming that the Bonds are characterised as debt for U.S. federal income tax purposes, the Bonds should be treated as obligations of BAA (SP) Limited for such purposes because the Issuer has elected to be treated as an entity disregarded from its sole shareholder, BAA (SP) Limited, for such purposes.

Although the proper characterisation of the Bonds for U.S. federal income tax purposes is not entirely free from doubt, the Issuer and BAA (SP) Limited intend to treat the Bonds as indebtedness for such purposes. This characterisation is binding on all U.S. Holders unless the holder discloses on its own U.S. federal income tax return that it is treating the Bonds in a manner inconsistent with that characterisation. However, the Issuer's and BAA (SP) Limited's characterisation of the Bonds as indebtedness is not binding on the U.S. Internal Revenue Service (the "IRS") or the courts, and no ruling is being requested or could be obtained from the IRS with respect to the proper characterisation of the Bonds for U.S. federal income tax purposes. No assurance can be given that the IRS will not assert that the Bonds, particularly the Subordinated Bonds, if any, or the Class B Bonds, should be treated as equity interests in the Issuer rather than indebtedness for U.S. federal income tax purposes. If the Bonds were treated as equity interests in the Issuer, then U.S. Holders of such Bonds generally would be treated as owning an equity interest in a passive foreign investment company, with the result that a U.S. Holder could be subject to additional U.S. federal income taxes on gain recognised with respect to the sale or disposition of a Bond or on certain increased interest payments with respect to a Bond. While the following discussion generally assumes that the Bonds will be characterised as indebtedness for U.S. federal income tax purposes, U.S. Holders must consider any supplemental tax disclosure on the treatment of particular Bonds and consult their own tax advisors about the proper tax characterisation of the Bonds.

The consequences to a U.S. Holder of purchasing Bonds in the original offering and holding Bonds generally that are treated as debt for U.S. federal income tax purposes would be as described below.

Interest

Except as discussed below under "Original Issue Discount" and "Contingent Debt Obligations", interest on the Bonds will be includible in the income of a U.S. Holder as ordinary income from sources outside the United States according to such U.S. Holder's regular method of accounting for tax purposes. Interest on the Floating Rate Bonds and Indexed Bonds will generally accrue at a hypothetical fixed rate equal to the rate at which the Bonds bore interest on their issue date. The amount of interest actually recognised for any accrual period will increase (or decrease) if the interest actually paid during the period is more (or less) than the amount accrued at the hypothetical rate. U.S. Holders of the Floating Rate Bonds and Indexed Bonds, therefore, generally will recognise income for each period equal to the amount paid during that period.

A cash basis U.S. Holder receiving interest denominated in a currency other than U.S. dollars must include a U.S. dollar amount in income based on the spot exchange rate on the date of receipt whether or not the payment is converted to U.S. dollars. An accrual basis U.S. Holder (or a cash basis U.S. Holder in the case of interest, such as original issue discount, that must be accrued prior to receipt) receiving interest denominated in a currency other than U.S. dollars must include in income a U.S. dollar amount based on the average exchange rate during the accrual period (or, if an accrual period spans two taxable years, the partial period within the taxable year). Upon receipt of an interest payment in currency other than U.S. dollars, U.S. Holders that have accrued interest will recognise exchange gain or loss equal to the difference, if any, between the U.S. dollar amount of interest previously accrued and the U.S. dollar value of the payment received determined at the spot exchange rate on the date of receipt. Such exchange gain or loss will be U.S. source ordinary income or loss and generally will not be considered additional interest income or expense.

An accrual basis U.S. Holder may elect to translate accrued interest into U.S. dollars at the spot exchange rate on the last day of the accrual period (or, if an accrual period spans two taxable years, at the exchange rate on the last day of the first taxable year for the interest accrued through that date). If accrued interest actually is received within five business days of the last day of the accrual period (or the taxable year, in the case of a partial accrual period), an electing accrual

basis U.S. Holder instead may translate the accrued interest at the spot exchange rate on the date of actual receipt for purposes of translating accrued interest income into U.S. dollars (in which case no exchange gain or loss will be taken into account upon receipt). Any currency translation elections will apply to all debt instruments that the electing U.S. Holder holds or acquires as of the beginning of that taxable year. A U.S. Holder may not revoke this election without the consent of the U.S. Internal Revenue Service (the “**IRS**”).

For purposes of this discussion, the “**spot exchange rate**” generally means a rate that reflects a fair market rate of exchange available to the public for currency under a “spot contract” in a free market and involving representative amounts. A “**spot contract**” is a contract to buy or sell a currency other than the U.S. dollar on or before two business days following the date of the execution of the contract. If such a spot rate cannot be demonstrated, the IRS has the authority to determine the spot rate. The “**average rate**” for an accrual period (or partial period) is the average of the spot exchange rates for each business day of such period or other average exchange rate for the period reasonably derived and consistently applied by a U.S. Holder.

Receipt of Foreign Currency

The tax basis of currency other than U.S. dollars received by a U.S. Holder generally will equal the U.S. dollar equivalent of such foreign currency at the spot rate on the date it is received. Upon the subsequent exchange of such foreign currency for U.S. dollars, another currency, or property, a U.S. Holder generally will recognise exchange gain or loss equal to the difference between the U.S. Holder’s tax basis in the foreign currency and the U.S. dollars received or the U.S. dollar value of the other currency (at the spot rate on the date of exchange) or property. Such gain or loss will be U.S. source ordinary gain or loss.

Original Issue Discount

Some or all of the Bonds may be issued with original issue discount (“**OID**”) for U.S. federal income tax purposes. A Bond will have OID to the extent that the Bond’s “stated redemption price at maturity” exceeds its “issue price”. A Bond generally will not have OID if such excess is less than 1/4 of 1 per cent. of the Bond’s stated redemption price at maturity multiplied by the number of complete years to maturity or, in the case of a Bond payable in instalments, the weighted average maturity (“**de minimis OID**”).

The issue price of a Bond is the initial offering price at which a substantial amount of the Bonds are sold (excluding sales to underwriters, brokers or similar persons). The stated redemption price at maturity of a Bond is the total of all payments on the Bond other than payments of “qualified stated interest”. Qualified stated interest means, in general, stated interest that is payable unconditionally in cash or in property at least annually at a single fixed rate (or at certain floating rates) that appropriately takes into account the length of the interval between stated interest payments.

A U.S. Holder of a Bond issued with OID and having a maturity in excess of one year must include OID in income over the term of the Bond. An initial U.S. Holder generally must include in gross income the sum of the daily portions of OID that accrue on the Bond for each day during the taxable year in which such U.S. Holder held the Bond. To determine the daily portion of OID, OID accruing during an accrual period (generally the period not exceeding one year between dates on which interest is paid) is divided by the number of days in the accrual period.

The amount of OID accruing during an accrual period is determined by using a constant yield to maturity method. For any accrual period, the OID allocable to the accrual period is the excess of (i) the product of the Bond’s adjusted issue price at the beginning of the accrual period and its yield to maturity (determined on the basis of compounding at the close of each accrual period and appropriately adjusted for the length of the accrual period) over (ii) the sum of any qualified stated interest payments allocable to the accrual period. A Bond’s adjusted issue price generally equals the issue price of the Bond increased by the aggregate amount of OID accrued on a Bond in all prior accrual periods (determined without regard to the amortisation of any acquisition premium, as discussed below, or bond premium, as discussed below) and reduced by the amount of projected payments previously received (other than payments of qualified stated interest).

As described below in “*Optional Redemption*”, certain of the Bonds may be subject to special redemption features. These features may affect the determination of whether a Bond has a maturity of one year or less and thus is a Short-Term Bond, as discussed below.

Floating rate Bonds, including Floating Rate Bonds and Indexed Bonds, are subject to special OID rules. In the case of a floating rate Bond, both the yield to maturity and qualified stated interest will be determined as though the Bond will bear interest in all periods at a fixed rate generally equal to the rate that would be applicable on the date of issue or, in the case of certain floating rate Bonds, the rate that reflects the yield to maturity that is reasonably expected for the Bond. In certain cases, floating rate Bonds that bear stated interest and are issued at par may have OID, with the result that the inclusion of interest in income may vary from the actual cash payments of interest made on such Bonds.

OID on a Bond that is denominated in a single currency other than U.S. dollars will be determined for any accrual period in the applicable currency and then translated into U.S. dollars in the same manner as other interest income accrued by an accrual method U.S. Holder, as described above under “Interest”. A U.S. Holder will recognise exchange gain or loss when OID is paid to the extent of the difference between the U.S. dollar value of the accrued OID and the U.S. dollar value of the currency received at the spot rate on the date of receipt. For this purpose, all payments (other than qualified stated interest) on a Bond will first be viewed as payments of previously accrued OID, with payments considered made for the earliest accrual periods first.

A U.S. Holder may elect to treat all interest on a Bond as OID applying the constant yield method described above to accrue such interest, with the modifications described below. For purposes of this election, interest includes stated interest, OID, de minimis OID, acquisition discount, and unstated interest, as adjusted by any amortisable bond premium or acquisition premium. In applying the constant yield method to a Bond with respect to which this election has been made, the issue price of a Bond will equal the electing U.S. Holder’s adjusted basis in the Bond immediately after its acquisition, the issue date of the Bond will be the date of its acquisition by the electing U.S. Holder, and no payments on the Bond will be treated as payments of qualified stated interest. If a U.S. Holder makes this election, it will apply only to the Bond with respect to which it is made and the U.S. Holder may not revoke it. A U.S. Holder making this election with respect to a Bond with bond premium will be deemed to have made the elections (discussed below in “*Bond Premium*”) to amortise bond premium currently with respect to all debt instruments with bond premium held or acquired by such U.S. Holder as of the beginning of that taxable year.

Short-Term Bonds

A U.S. Holder of a Bond with a maturity of one year or less (a “**Short-Term Bond**”) will be subject to special rules. The OID rules do not treat interest payments on a Short-Term Bond as qualified stated interest, but instead treat a Short-Term Bond as having OID determined by including stated interest payments in a Short-Term Bond’s stated redemption price at maturity. Except as noted below, a cash-basis U.S. Holder of a Short-Term Bond generally will not be required to accrue OID currently, but will be required to treat any gain realised on a sale or other disposition of a Short-Term Bond as ordinary income to the extent such gain or loss does not exceed the OID accrued with respect to the Short-Term Bond during the period the U.S. Holder held it. Accrual basis (and electing cash-basis) U.S. Holders will include OID on a Short-Term Bond in income on a current basis.

A U.S. Holder will accrue OID on a Short-Term Bond on a straight-line method unless it elects a constant yield method. If a U.S. Holder makes this election, it will apply only to the Short-Term Bond with respect to which it is made, and the U.S. Holder may not revoke it. Furthermore, unless a U.S. Holder elects to include OID into income on a current basis as described above, a U.S. Holder of a Short-Term Bond having OID may be required to defer the deduction of all or a portion of the interest expense on any debt incurred or maintained to purchase or carry such Short-Term Bond.

Contingent Debt Obligations

Some or all of the Bonds may provide for contingent payments (“**Contingent Debt Obligations**”). Special rules govern the tax treatment of Contingent Debt Obligations. These rules generally require a U.S. Holder to treat all interest as OID and to accrue OID at a rate equal to the comparable yield on a non-contingent fixed rate debt instrument of the Issuer with similar terms and conditions and a projected payment schedule that provides such comparable yield. The amount of OID will then be allocated on a rateable basis to each day in the period that the U.S. Holder holds the Contingent Debt Obligation. The OID would be ordinary income from sources outside of the United States. If the actual payments made on a Contingent Debt Obligation in a year differ from the projected contingent payments, U.S. Holders will recognise additional interest income or ordinary loss (after offsetting and reducing OID for such periods). U.S. Holders therefore might be required to recognise income greater or less than the interest and other cash payments on the Contingent Debt Obligations. The OID rules do not treat Bonds as having OID by reason of the contingent U.S. dollar values of payments on Bonds denominated in a single currency other than U.S. dollars. U.S. Holders of Contingent Debt Obligations denominated in a single currency other than U.S. dollars generally are required to accrue interest at a comparable yield in units of foreign currency and translate OID into U.S. dollars in accordance with the rules for accrual basis taxpayers. Special rules apply to the conversion of adjustments.

Gain on the sale or other disposition of a Contingent Debt Obligation generally will be treated as ordinary income from sources outside of the United States. Loss will be treated as ordinary loss to the extent of prior net interest inclusions and capital loss to the extent of any excess. Loss generally would be treated as arising from U.S. sources.

Dual Currency Bonds

The principles governing Contingent Debt Obligations generally apply to Dual Currency Bonds in the predominant currency of the Bonds. If the predominant currency is the U.S. Holder’s functional currency, the regulations governing Contingent Debt Obligations apply. Payments denominated in a currency other than the predominant currency are treated as contingent payments.

Optional Redemption

If the Issuer has an option to redeem a Bond or a U.S. Holder has an option to cause a Bond to be repurchased prior to the Bond's stated maturity, the option will be presumed to be exercised if, utilising an early redemption or repurchase and the amount payable on such date, the yield on the Bond would (i) in the case of an option of the Issuer, be lower than its yield to stated maturity, or (ii) in the case of an option of the U.S. Holder, be higher than its yield to stated maturity. A determination of the payment schedule most likely to occur is binding upon all U.S. Holders of the Bonds except for a U.S. Holder that explicitly discloses on its U.S. federal income tax return for the taxable year in which it acquired the Bond that it has determined the yield and maturity of the Bond on a different basis. If the option is not exercised when presumed to be exercised, the Bond would be treated as if it were repurchased or redeemed and a new Bond were issued on the presumed exercise date for an amount equal to the Bond's adjusted issue price on that date.

Bond Premium

A U.S. Holder that has a tax basis in a Bond that is greater than its principal amount may elect to treat the excess as amortisable bond premium. If a U.S. Holder makes this election, it will reduce the amount required to be included in income each year with respect to interest on the Bond by the amount of amortisable bond premium allocable to that year. If a U.S. Holder makes an election to amortise bond premium, it will apply to all the debt instruments of a U.S. Holder with bond premium that the electing U.S. Holder holds or acquires as of the beginning of that taxable year. A U.S. Holder may not revoke this election without the consent of the IRS.

In the case of a Bond denominated in a currency other than U.S. dollars, bond premium is computed in units of the relevant foreign currency and amortisable bond premium reduces interest income in units of such foreign currency. At the time amortised bond premium offsets interest income, foreign currency exchange gain or loss (taxable as ordinary income or loss, but not generally as interest income or expense) is realised based on the difference between spot rates at that time and at the time of the acquisition of the Bond.

If a Bond can be optionally redeemed after the U.S. Holder acquires it at a price in excess of its principal amount, special rules would apply that could result in a deferral of the amortisation of some bond premium until later in the term of the Bond.

With respect to a holder that does not elect to amortise bond premium, the amount of bond premium constitutes a capital loss when the bond matures. In the case of a Bond denominated in a currency other than U.S. dollars, foreign currency exchange gain or loss with respect to the premium is realised based on the difference between the spot rates on the sale or other disposition of the Bond and at the time of the acquisition of the Bond. In such case, the amount of capital loss relating to the premium may be offset or eliminated by exchange gain.

Special rules apply to Bonds issued with OID that are purchased at a premium.

Fungible Further Issue Bonds of a Sub-Class

The Issuer may create and issue further Bonds having the same terms and conditions as the Bonds of a Sub-Class in all respects (or in all respects except for the first payment of interest). While a further issue of the same Sub-Class will be consolidated and form a Series with the prior issues of that Sub-Class, these additional Bonds may not be fungible with other Bonds in the same Sub-Class for U.S. federal income tax purposes. Whether such additional Bonds would be fungible depends on whether the issuance of additional Bonds would be treated as a qualified reopening of the initial offering of Bonds with respect to that Sub-Class. This determination will depend on the date when the additional Bonds are issued, the yield of the Bonds at that time (based on their fair market value), whether the first issued Bonds of that Sub-Class were issued with OID and whether the Bonds are publicly traded or quoted at the time of the additional Bond issuance. Additional Bonds will be treated as part of the same issue of Bonds for U.S. federal income tax purposes only if (i) they are issued within six months of the earlier issue of Bonds when the yield on the additional Bonds is no more than 110% of their original yield or (ii) they are issued at a de minimis discount from par. A discount is de minimis if it is less than 0.25% multiplied by the number of complete years remaining to the maturity of the additional Bonds. If issuance of any additional Bonds which are otherwise fungible with other Bonds in a Sub-Class is not a qualified reopening, the additional Bonds may have OID (or a greater amount of OID), which may adversely affect the market value of the earlier issued Bonds.

Disposition of Bonds

A U.S. Holder generally will recognise capital gain or loss upon a sale or other disposition of a Bond in an amount equal to the difference between the amount realised from such disposition (less any accrued unpaid qualified stated interest) and the U.S. Holder's adjusted tax basis in the Bond. Gain or loss on the sale or other disposition of the Bond generally will be long-term capital gain or loss if the Bond has been held for more than a year. Special rules apply to gains or losses on Contingent Debt Obligations as described above.

A U.S. Holder's adjusted tax basis in a Bond generally will equal the U.S. Holder's cost of the Bond, increased by any OID included in income and decreased by the amount of any amortised bond premium or payment (other than qualified stated interest) received with respect to the Bond. The cost of a Bond denominated in a currency other than U.S. dollars will be the U.S. dollar value of the currency on the date of purchase determined at the spot rate.

A U.S. Holder that receives currency other than U.S. dollars upon sale or other disposition of the Bonds will realise an amount equal to the U.S. dollar value of the currency on the date of sale. If the Bonds are traded on an established securities market, a cash basis U.S. Holder or electing accrual basis taxpayer will determine the amount realised on the settlement date. A U.S. Holder will have a tax basis in the currency equal to the U.S. dollar amount realised. Any gain or loss realised by a U.S. Holder on a subsequent conversion of currency for U.S. dollars will be U.S. source ordinary income or loss.

The election available to accrual basis U.S. Holders in respect of the sale of Bonds traded on an established securities market must be applied consistently to all debt instruments from year to year and cannot be changed without the consent of the IRS.

In the case of a Bond denominated in a currency other than U.S. Dollars, to the extent recognised gain or loss is attributable to changes in the exchange rates with respect to the relevant foreign currency between the date of acquisition and disposition of the Bond, the exchange gain or loss will be treated as U.S. source ordinary income or loss and generally will not be considered additional interest income or expense. However, exchange gain or loss is taken into account only to the extent of total gain or loss realised on the transaction. Generally, any gain or loss realised on the transaction in excess of such exchange gain or loss will be U.S. source capital gain or loss and will be long-term capital gain or loss if the Bond has been held for more than one year.

Alternate Characterisation – Passive Foreign Investment Company

It is possible that some of the Bonds, particularly Subordinated Bonds, if any are issued, or Class B Bonds, could be treated as equity interest in the Issuer in which case the U.S. Holders of such Bonds could be treated as holding equity in a passive foreign investment company (“PFIC”) for U.S. federal income tax purposes. In that case, a U.S. Holder could be subject to additional U.S. federal income taxes on gain recognised with respect to the sale or disposition of a Bond or on certain increased interest payments with respect to a Bond. A U.S. Holder would have an excess distribution to the extent that distributions on the Bonds during a taxable year exceed 125 per cent. of the average amount received during the three preceding years or, if shorter, the U.S. Holder's holding period. To compute the tax on excess distributions or any gain, the excess distribution or gain would be allocated ratably over the U.S. Holder's holding period and taxed at the highest applicable marginal rate in effect for each year and an interest charge would be imposed to recover the deemed benefit from the deferred payment of the tax attributable to each year. Gains therefore effectively would be denied the benefit of capital gains treatment. U.S. Holders must consider any supplemental tax disclosure on the treatment of particular Bonds and consult their own tax advisors about the proper tax characterisation of the Bonds.

Information Reporting and Backup Withholding

Payments of interest (including OID, if any), principal, premium, or the proceeds from sale of Bonds that are made within the United States or through certain U.S. related financial intermediaries may be reported to the IRS unless the U.S. Holder is a corporation or otherwise establishes a basis for exemption. Backup withholding tax may apply to amounts subject to reporting if the U.S. Holder fails to provide an accurate taxpayer identification number or otherwise establish a basis for exemption or fails to report all interest and dividends required to be shown on its U.S. federal income tax returns. A U.S. Holder can claim a credit against U.S. federal income tax liability for amounts withheld under the backup withholding rules, and it can claim a refund of amounts in excess of its liability by providing required information to the IRS. Prospective investors should consult their tax advisors as to their qualification for exemption from backup withholding and the procedure for establishing an exemption.

Recently enacted legislation requires certain non-corporate U.S. Holders to report information with respect to their investment in the Bonds not held through an account with a U.S. financial institution to the IRS. Investors who fail to report required information could become subject to substantial penalties. Potential investors are encouraged to consult with their own tax advisors regarding the possible implications of this new legislation on their investment in the Bonds.

THE DISCUSSION ABOVE IS A GENERAL SUMMARY. IT DOES NOT COVER ALL TAX MATTERS THAT MAY BE IMPORTANT TO A PARTICULAR INVESTOR. EACH PROSPECTIVE INVESTOR IS URGED TO CONSULT ITS OWN TAX ADVISOR ABOUT THE TAX CONSEQUENCES TO IT OF AN INVESTMENT IN THE BONDS.

SUBSCRIPTION AND SALE

Dealership Agreement

Bonds may be sold from time to time by the Issuer to any dealer appointed from time to time (the “**Dealers**”) in each case acting as principal or to subscribers from whom subscriptions have been procured by the Dealers, in each case pursuant to the dealership agreement dated 3 December 2009 made between, amongst others, the Issuer, the Obligors, and the Dealers (the “**Dealership Agreement**”). The arrangements under which a particular Sub-Class of Bonds may from time to time be agreed to be sold by the Issuer to, and purchased by, Dealers or subscribers are set out in the Dealership Agreement and the Subscription Agreements relating to each Sub-Class of Bonds. Any such agreement will, *inter alia*, make provision for the form and terms and conditions of the relevant Bonds, the price at which such Bonds will be purchased by the Dealers or subscribers and the commissions or other agreed deductibles (if any) payable or allowable by the Issuer in respect of such purchase. The Dealership Agreement makes provision for the resignation or termination of appointment of existing Dealers and for the appointment of additional or other Dealers either generally in respect of the Programme or in relation to a particular Series, Class or Sub-Class of Bonds.

In the Dealership Agreement, the Issuer, failing whom the Borrowers, have each agreed to reimburse the Dealers for certain of their expenses in connection with the establishment and maintenance of the Programme and the issue of Bonds under the Dealership Agreement and each of the Obligors has agreed to indemnify the Dealers against certain liabilities incurred by them in connection therewith.

United States of America

The Bonds and any guarantees in respect thereof have not been and will not be registered under the Securities Act or the securities laws of any other jurisdiction and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from, or not subject to, the registration requirements of the Securities Act and, in each case, in circumstances that will not require the Issuer to register under the Investment Company Act. Terms used in this paragraph have the meaning given to them in Regulation S.

Bearer Bonds are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. Treasury regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code and Treasury regulations promulgated thereunder.

Unless otherwise provided in the relevant Final Terms, the Bonds will be offered, sold and delivered only (i) outside the United States, to persons who are neither U.S. persons nor U.S. residents, in offshore transactions in reliance on Regulation S, and (ii) within the United States, in reliance on Rule 144A, to persons that are both QIBs and QPs, acting for their own account, or for the account of another QIB that is also a QP. In connection with each such sale of Bonds pursuant to Rule 144A under the Securities Act, neither the relevant Dealer nor any person acting on its behalf will engage in any form of general solicitation or general advertising (as those terms are used in Rule 502(c) under the Securities Act).

Each Dealer has agreed that it has offered and sold, and it will offer and sell, Regulation S Bonds of any Series (i) as part of their distribution at any time and (ii) otherwise until 40 days after the completion of the distribution of an identifiable tranche of which such Regulation S Bonds are a part, as determined and certified to the Principal Paying Agent by the relevant Dealer (or in the case of a sale of an identifiable tranche of Regulation S Bonds to or through more than one relevant Dealer, by each of such relevant Dealers as to the Regulation S Bonds of such identifiable tranche purchased by or through it, in which case the Principal Paying Agent shall notify each such relevant Dealer when all such relevant Dealers have so certified), only in accordance with Rule 903 of Regulation S. Accordingly, neither it, its affiliates nor any persons acting on its or their behalf have engaged or will engage in any directed selling efforts in the United States with respect to Regulation S Bonds, and it and they have complied and will comply with the offering restrictions requirement of Regulation S. Each Dealer and its affiliates will also agree that, at or prior to confirmation of sale of Regulation S Bonds to a distributor, dealer or person receiving a selling concession, fee or other remuneration that purchases Regulation S Bonds from it during the distribution compliance period it will send to such purchaser a confirmation or notice stating that such purchaser is subject to the foregoing restrictions on offers and sales. Terms used in this paragraph have the meanings given to them by Regulation S.

In addition, until 40 days after the commencement of the offering of the Bonds comprising any Sub-Class, any offer or sale of Bonds within the United States by any dealer (whether or not participating in the offering) other than pursuant to Rule 144A may violate the registration requirements of the Securities Act.

Due to the restrictions set forth above and in the relevant Final Terms, purchasers of the Bonds are advised to consult legal counsel prior to making an offer to purchase or to re-sell, pledge or otherwise transfer the Bonds.

Purchasers of Bonds shall be deemed to have made the representations set forth under “*Transfer Restrictions*”.

European Economic Area

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a “**Relevant Member State**”), each Dealer has represented, warranted and agreed, and each further Dealer appointed under the Programme will be required to represent, warrant and agree, that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the “**Relevant Implementation Date**”) it has not made and will not make an offer of Bonds to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of Bonds to the public in that Relevant Member State:

- (a) in (or in Germany, where the offer starts within) the period beginning on the date of publication of a prospectus in relation to those Bonds which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, all in accordance with the Prospectus Directive and ending on the date which is 12 months after the date of such publication;
- (b) at any time to legal entities which are authorised or regulated to operate in the financial markets or, if not so authorised or regulated, whose corporate purpose is solely to invest in securities;
- (c) at any time to any legal entity which has two or more of (1) an average of at least 250 employees during the last financial year; (2) a total balance sheet of more than €43,000,000 and (3) an annual net turnover of more than €50,000,000, as shown in its last annual or consolidated accounts; or
- (d) at any time in any other circumstances which do not require the publication by the Issuer of a prospectus pursuant to Article 3 of the Prospectus Directive.

General

Each Dealer acknowledges that other than having obtained the approval of the Prospectus by the UKLA in accordance with Part VI of the FSMA for the Bonds to be admitted to listing on the Official List of the UKLA and to trading on the Market or the Professional Securities Market of the London Stock Exchange and the obtaining of the consent of the Jersey registrar of companies in accordance with Article 5 of the Companies (General Provisions) (Jersey) Order 2002, no action has been or will be taken in any jurisdiction by the Issuer or any of the other parties that would permit a public offering of Bonds, or possession or distribution of the Prospectus or any other offering material, in any jurisdiction where action for that purpose is required. Each Dealer shall to the best of its knowledge comply with all applicable laws and regulations in each jurisdiction in or from which they purchase, offer, sell or deliver Bonds or have in their possession or distribute the Prospectus or any other offering material, in all cases at their own expense.

The Dealership Agreement provides that the Dealers shall not be bound by any of the restrictions relating to any specific country or jurisdiction (set out above) to the extent that such restrictions shall, as a result of change(s) in the official interpretation, after the date of the Dealership Agreement, of applicable laws and regulations, no longer be applicable but without prejudice to the obligations of the Dealers described in the paragraph above.

Selling restrictions may be supplemented or modified with the agreement of the Issuer. Any such supplement or modification will be set out in the relevant Final Terms (in the case of a supplement or modification relevant only to a particular Sub-Class of Bonds) or (in any other case) in a supplement to this Prospectus.

TRANSFER RESTRICTIONS

The Bonds and any guarantees in respect thereof have not been, and will not be, registered under the Securities Act or the securities laws of any other jurisdiction, and the Issuer has not registered and does not intend to register as an investment company under the United States Investment Company Act of 1940, as amended (the “**Investment Company Act**”). Accordingly, to ensure compliance with applicable laws, including the Securities Act and the Investment Company Act, transfers of the Bonds (or beneficial interests therein) will be subject to restrictions and to certification requirements as set forth below (as the same may be amended, supplemented or modified in respect of a particular Series pursuant to the relevant Final Terms).

General

Global Bond Certificates other than a Rule 144A DTC Global Bond Certificate may be transferred only to a common depository for Euroclear and Clearstream, Luxembourg; Rule 144A DTC Global Bond Certificates may be transferred only to a custodian for DTC or DTC’s nominee.

On or prior to the 40th day after the later of the commencement of the offering and the relevant Issue Date, ownership of interests in a Regulation S Global Bond Certificate will be limited to persons who have accounts with Euroclear or Clearstream, Luxembourg, or persons who hold interests through Euroclear or Clearstream, Luxembourg and any sale or transfer of such interests to U.S. persons shall not be permitted during such period unless such resale or transfer is made pursuant to Rule 144A as provided below.

Interests in a Regulation S Global Bond Certificate may be transferred at any time to a person who wishes to hold such interests through a Rule 144A Global Bond Certificate of the same Sub-Class of Bonds only if a corresponding Rule 144A Global Bond Certificate has been issued in respect of such Sub-Class of Bonds (as stated in the relevant Final Terms) and, in each case, only upon receipt by the Registrar of a written certification from the transferor (in substantially the form set out in the Bond Trust Deed) to the effect that such transfer is being made to a person who is both a QIB and a QP, in a transaction meeting the requirements of Rule 144A and in accordance with any applicable securities laws of any state of the United States.

Interests in a Rule 144A Global Bond Certificate may be transferred to a person who wishes to hold such interests through a Regulation S Global Bond Certificate of the same Sub-Class of Bonds, only if a corresponding Regulation S Global Bond Certificate has been issued in respect of such Sub-Class of Bonds (as stated in the relevant Final Terms) and, in each case, only upon receipt by the Registrar of a written certification from the transferor (in substantially the form set out in the Bond Trust Deed) to the effect that such transfer is being made to a person who is neither a U.S. person nor a U.S. resident and is being made outside the United States in accordance with Regulation S under the Securities Act. Neither U.S. persons nor U.S. residents may hold an interest in a Regulation S Global Bond Certificate at any time.

Any interest in (i) a Rule 144A Global Bond Certificate that is transferred to a person who takes delivery in the form of an interest in a Regulation S Global Bond Certificate, or (ii) a Regulation S Global Bond Certificate that is transferred to a person who takes delivery in the form of an interest in a Rule 144A Global Bond Certificate will, in each case, upon transfer, cease to be an interest in the first Global Bond Certificate and will become an interest in the other Global Bond Certificate and, accordingly, will thereafter be subject to all transfer restrictions and other procedures applicable to an interest in such other Global Bond Certificate.

Rule 144A Bonds

Each purchaser or transferee of a Rule 144A Bond (or beneficial interests therein), by accepting delivery of such Rule 144A Bond or beneficial interest therein, will be deemed to have represented and agreed for the benefit of the Issuer and the Bond Trustee (and, in the case of a purchaser or transferee acquiring a Rule 144A Bond from a Dealer, for the benefit of such Dealers) as follows:

1. It and each person for which it is acting (a) is a QIB and a QP, (b) is aware that the sale of such Rule 144A Bond (or beneficial interests therein) to it is being made in reliance on Rule 144A, (c) is acquiring such Bond (or beneficial interests therein) for its own account or for the account of one or more QIBs each of which is also a QP as to which the purchaser exercises sole investment discretion and such purchaser or transferee has full power to make the acknowledgements, representations and agreements on behalf of each such account contained in (2) through (9) herein, and in a principal amount of not less than the principal amount of the Rule 144A Bonds for the purchaser and for each such account, (d) will provide notice of the transfer restrictions described in this section “*Transfer Restrictions*” to any subsequent transferees and (e) is not purchasing such Rule 144A Bond (or beneficial interests therein) with the intention of evading, either alone or in conjunction with any other person, the requirements of the Investment Company Act.

2. It understands and agrees that such Rule 144A Bond (or beneficial interests therein) have not been and will not be registered under the Securities Act, that the Issuer has not registered and does not intend to register under the Investment Company Act and that such Rule 144A Bond may be reoffered, resold, pledged or otherwise transferred only (a) to the Issuer; (b) within the United States, or to or for the account of a U.S. person (as defined in Regulation S under the Securities Act) or a U.S. resident (as determined for purposes of the Investment Company Act), to a QP who the seller reasonably believes is a QIB purchasing for its own account or for the account of one of more QIBs each of which is also a QP as to which the purchaser exercises sole investment discretion in a transaction meeting the requirements of Rule 144A; or (c) outside the United States, to a person who is neither a U.S. person nor a U.S. resident in an offshore transaction (and not to or for the account or benefit of a U.S. person or a U.S. resident) complying with Rule 903 or Rule 904 of Regulation S; and in the case of (b) and (c) above, in accordance with all applicable securities laws including the securities laws of any state of the United States. It understands and agrees that before any interest in a Rule 144A Bond may be offered, sold, pledged or otherwise transferred to a person who takes delivery in the form of an interest in the Regulation S Bonds, the Registrar is required to receive a written certification (in substantially the form provided in the Bond Trust Deed) as to compliance with the transfer restrictions described herein.
3. It and each account for which it is purchasing is acquiring such Rule 144A Bond (or beneficial interest therein) for its own account for investment purposes and not for sale in connection with any distribution thereof. It and each person for which it is acting (a) was not formed for the purpose of investing in such Rule 144A Bond (or beneficial interest therein), except when each beneficial owner of the purchaser and each person for which it is acting is a QP for purposes of section 3(c)(7) of the Investment Company Act, (b) to the extent the purchaser or any person for which it is acting is a private investment company formed on or before 30 April 1996, the purchaser has received the necessary consent to its being treated as a QP from its beneficial owners who acquired their interests on or before 30 April 1996, (c) is not a participant-directed employee plan, such as a 401 (k) plan or any other type of plan referred to in paragraph (a)(1)(i)(D) or (a)(1)(i)(E) of Rule 144A, or a trust fund referred to in paragraph (a)(1)(i)(F) of Rule 144A that holds the assets of such a plan, unless investment decisions with respect to the plan are made solely by the fiduciary, trustee or sponsor of such plan, (d) is not a broker-dealer that owns and invests on a discretionary basis less than U.S.\$25,000,000 in securities of unaffiliated issuers and (e) understands that the Issuer may receive a list of participants holding positions in securities from one or more book-entry depositories.
4. It understands and agrees that: (a) any purported transfer of such Rule 144A Bond (or a beneficial interest therein) to a purchaser that does not comply with the requirements of the transfer restrictions herein will be of no force and effect and will be void ab initio; (b) the Issuer has the power to compel any beneficial owner of Rule 144A Bonds that is not both a QIB and a QP to sell its interest in the Rule 144A Bonds, or may sell such interest on behalf of such owner, as described in the securities legend contained in paragraph 8 below; and (c) the Issuer has the right to refuse to honour the transfer of an interest in Rule 144A Bonds to a person who is not both a QIB and a QP.
5. It shall not resell or otherwise transfer such Rule 144A Bonds (or beneficial interest therein) except (a) to the Issuer, (b) in the United States, to a person that is both a QIB and a QP in a transaction meeting the requirements of Rule 144A under the Securities Act, or (c) in a transaction outside the United States and not to, or for the account or benefit of, a U.S. person or a U.S. resident, in accordance with Regulation S under the Securities Act. It understands that an investment in Rule 144A Bonds involves certain risks, including the risk of loss of its entire investment in such Rule 144A Bonds. It has had access to such financial and other information concerning the Issuer and the Rule 144A Bonds as it deemed necessary or appropriate in order to make an informed investment decision with respect to its purchase of the Rule 144A Bonds, including an opportunity to ask questions of, and request information from, the Issuer.
6. In connection with its purchase of such Rule 144A Bond (or beneficial interest therein) (a) none of the Issuer, the Co-Arrangers, the Dealers, the Bond Trustee, or any affiliates thereof, or any person acting on behalf of the foregoing, is acting as such purchaser's or transferee's fiduciary or financial or investment advisor; (b) such purchaser or transferee is not relying (for purposes of making any investment decision or otherwise) upon any advice, counsel or representations (whether written or oral) of the Issuer, the Co-Arrangers or the Dealers or any affiliate thereof, the Bond Trustee, or any person acting on behalf of the foregoing, other than in the Final Terms and the Prospectus and any representations expressly set forth in a written agreement with such party; (c) none of the Issuer, the Co-Arrangers or the Dealers or any affiliate thereof, the Bond Trustee, or any person acting on behalf of the foregoing, has given to such purchaser or transferee (directly or indirectly through any other person) any assurance, guarantee or representation whatsoever as to the expected or projected success, profitability, return, performance, result, effect, consequence or benefit (including legal, regulatory, tax, financial, accounting or otherwise) as to an investment in such Rule 144A Bond (or beneficial interest therein); (d) such purchaser or transferee has consulted with its own legal, regulatory, tax, business, investment, financial and accounting advisors to the extent it has deemed necessary, and it has made its own investment decisions (including decisions regarding the suitability of any transaction pursuant to the Bond Trust Deed)

7. With respect to such Rule 144A Bond (or beneficial interest therein), either (a) such purchaser or transferee is not, and for so long as such Rule 144A Bond (or beneficial interest therein) is held will not be (i) an "employee benefit plan" as defined in section 3(3) of the U.S. Employee Retirement Income Security Act of 1974, as amended ("**ERISA**") that is subject to Title I of ERISA, (ii) a "plan" that is subject to section 4975 of the Code or (iii) any entity whose underlying assets include (or are deemed for the purposes of ERISA or Section 4975 to include) "plan assets" by reason of such plan investment in the entity (an "**ERISA plan**"), or (b) such purchaser's or transferee's purchase and holding of such Rule 144A Bond will not constitute or result in a prohibited transaction under section 406 of ERISA or section 4975 of the Code for which an exemption is not available. Any purported transfer of a Rule 144A Bond (or beneficial interest therein) to a purchaser that does not comply with the requirements of this paragraph (7) will be of no force and effect, will be void ab initio and the Issuer will have the right to direct the purchaser to transfer such Rule 144A Bond (or beneficial interest therein), as applicable, to a person who meets the foregoing criteria.

ERISA CONSIDERATIONS

The U.S. Employee Retirement Income Security Act of 1974, as amended (“**ERISA**”), imposes certain requirements on “employee benefit plans”(as defined in section 3(3) of ERISA) subject to ERISA, including entities such as collective investment funds and separate accounts whose underlying assets include the assets of such plans (collectively, “**ERISA Plans**”) and on those persons who are fiduciaries with respect to ERISA Plans.

Section 406 of ERISA and section 4975 of the U.S. Internal Revenue Code of 1986, as amended (the “**Code**”), which are among the ERISA and Code fiduciary provisions governing plans, prohibit certain transactions involving the assets of an ERISA Plan (as well as those plans that are not subject to ERISA but which are subject to section 4975 of the Code, such as individual retirement accounts (together with ERISA Plans, “**Plans**”)) and certain persons (referred to as “**parties in interest**” or “**disqualified persons**”) having certain relationships to such Plans, unless a statutory or administrative exemption is applicable to the transaction. Prohibited transactions within the meaning of section 406 of ERISA or section 4975 of the Code may arise if any Bonds are acquired by a Plan with respect to which any of the Issuer, the Dealers, the Co-Arrangers or the Bond Trustee or any of their respective affiliates are a party in interest or a disqualified person. Certain exemptions from the prohibited transaction provisions of section 406 of ERISA and section 4975 of the Code may be applicable, however, depending in part on the type of Plan fiduciary making the decision to acquire Bonds and the circumstances under which such decision is made. There can be no assurance that any exemption will be available with respect to any particular transaction involving the Bonds, or that, if an exemption is available, it will cover all aspects of any particular transaction. By its purchase of any Bonds (or any interest in a Bond), each purchaser (whether in the case of the initial purchase or in the case of a subsequent transfer) will be deemed to have represented and agreed either that (i) it is not and for so long as it holds a Bond (or any interest therein) will not be an ERISA Plan or other Plan, or an entity whose underlying assets include the assets of any such ERISA Plan or other Plan or (ii) its purchase and holding of the Bonds will not result in a prohibited transaction under section 406 of ERISA or section 4975 of the Code for which an exemption is not available.

Governmental plans and certain church and other U.S. plans, while not subject to the fiduciary responsibility provisions of ERISA or the provisions of section 4975 of the Code, may nevertheless be subject to state or other federal laws that are substantially similar to ERISA and the Code. Fiduciaries of any such plans should consult with their counsel before purchasing any Bonds.

The foregoing discussion is general in nature and not intended to be all-inclusive. Any Plan fiduciary who proposes to cause a Plan to purchase any Bonds should consult with its counsel regarding the applicability of the fiduciary responsibility and prohibited transaction provisions of ERISA and section 4975 of the Code to such an investment, and to confirm that such investment will not constitute or result in a prohibited transaction or any other violation of an applicable requirement of ERISA.

The sale of Bonds to a Plan is in no respect a representation by the Issuer, the Obligors, the Financial Guarantors, the Bond Guarantor, the Co-Arrangers or the Dealers that such an investment meets all relevant requirements with respect to investments by Plans generally or any particular Plan, or that such an investment is appropriate for Plans generally or any particular Plan.

PROGRAMME INFORMATION

The Issuer is a special purpose financing entity established for the purpose of issuing asset backed securities, in particular, Bonds. Under the Programme the Issuer may, subject to all applicable legal and regulatory requirements, from time to time issue Bonds in bearer and/or registered form (respectively “**Bearer Bonds**” and “**Registered Bonds**”). Copies of each Final Terms (as defined below) will be available (in the case of all Bonds) from the specified office set out below of Deutsche Trustee Company Limited as bond trustee (the “**Bond Trustee**”), (in the case of Bearer Bonds) from the specified office set out below of each of the Paying Agents (as defined below) and (in the case of Registered Bonds) from the specified office set out below of each of the Registrar and the Transfer Agent (each as defined below), provided that, in the case of Bonds which are not listed on any stock exchange, copies of the relevant Final Terms will only be available for inspection by the relevant Bondholders (as defined below).

Details of the aggregate principal amount, interest (if any) payable, the issue price and any other conditions not contained herein, which are applicable to each Tranche of each Sub-Class of each Class of each Series (all as defined below) will be set forth in a set of final terms (the “**Final Terms**”), or in a separate prospectus specific to such Tranche (a “**Drawdown Prospectus**”), see “*Final Terms and Drawdown Prospectuses*” below. In the case of a Tranche of Bonds which are the subject of a Drawdown Prospectus, each reference in this Prospectus to information being specified or identified in the relevant Final Terms shall be read and construed as a reference to such information being specified or identified in the relevant Drawdown Prospectus, unless the context requires otherwise. In the case of Bonds to be admitted to the Official List and to trading on the Market of the London Stock Exchange, the Final Terms will be delivered to the UK Listing Authority and the London Stock Exchange on or before the relevant date of issue of the Bonds of such Tranche. The Issuer may also issue unlisted Bonds. The Issuer may agree with any Dealer and the Bond Trustee that Bonds may be issued in a form not contemplated by the Conditions (as defined below) herein, in which event (in the case of Bonds admitted to the Official List only) a supplementary prospectus or further prospectus, if appropriate, will be made available which will describe the effect of the agreement reached in relation to such Bonds.

Bonds issued under the Programme will be issued in series on each Issue Date (each a “**Series**”) and each Series may comprise one or more of two classes (each a “**Class**”). Bonds will be designated as either “**Class A Bonds**” or “**Class B Bonds**”. Under the Programme, the Issuer may issue Bonds in one or more classes which rank in point of payment and security subordinate to the Class A Bonds and the Class B Bonds (the “**Subordinated Bonds**”). Each Class may comprise one or more sub-classes (each a “**Sub-Class**”) with each Sub-Class pertaining to, among other things, the currency, interest rate and maturity date of the relevant Sub-Class. Each Sub-Class may be zero-coupon, fixed rate, floating rate or index-linked Bonds and may be denominated in sterling, euro or U.S. dollars (or in other currencies subject to compliance with applicable laws). Investors in the Bonds are notified that the Issuer has issued Bonds under this Programme and may from time to time in the future issue further Bonds, the terms of which will be specified in the relevant Final Terms.

If any withholding or deduction for or on account of tax is applicable to the Bonds, payments of interest on, principal of and premium (if any) on, the Bonds will be made subject to such withholding or deduction, without the Issuer being obliged to pay any additional amounts as a consequence.

In the case of any Bonds which are to be admitted to trading on a regulated market within the European Economic Area or offered to the public in a member state of the European Economic Area in circumstances which require the publication of a prospectus under the Prospectus Directive (2003/71/EC), the minimum denomination shall be at least €50,000 or not less than the equivalent of €50,000 in any other currency if issued on or before 30 June 2012 and shall be at least €100,000 or not less than the equivalent of €100,000 in any other currency if issued after 30 June 2012. Bonds may be issued in such denomination and higher integral multiples of a smaller amount specified in the relevant Final Terms.

If issued under the relevant Final Terms, Regulation S Bonds that are Bearer Bonds may be represented initially by one or more Temporary Global Bonds, without interest coupons, which will be deposited with a common depository for Euroclear and Clearstream, Luxembourg on or about the Issue Date of such Sub-Class. Each such Temporary Global Bond will be exchangeable for Permanent Global Bonds or definitive securities in bearer form as specified in the relevant Final Terms following the expiration of 40 days after the later of the commencement of the offering and the relevant Issue Date, upon certification as to non-U.S. beneficial ownership or to the effect that the holder is a U.S. person who purchased in a transaction that did not require registration under the Securities Act and as may be required by U.S. tax laws and regulations, as described in “Forms of the Bonds”.

Bonds in bearer form are subject to U.S. tax law requirements. Subject to certain exceptions, the Bearer Bonds may not be offered, sold or delivered within the United States or to U.S. persons.

If issued under the relevant Final Terms, Regulation S Bonds that are Registered Bonds will be represented on issue by beneficial interests in one or more global certificates (each a “**Regulation S Global Bond Certificate**”), in fully registered form, without interest coupons attached, which will be deposited with, and registered in the name of, a

common depository for Euroclear and Clearstream, Luxembourg. If issued under the relevant Final Terms in addition, or as an alternative, to Regulation S Bonds that are Registered Bonds, as specified in the relevant Final Terms, Rule 144A Bonds will be represented on issue by either (1) beneficial interests in one or more global certificates (each a “**Rule 144A EC Global Bond Certificate**”), in fully registered form, without interest coupons attached, which will be deposited with, and registered in the name of, a common depository for Euroclear and Clearstream, Luxembourg or (2) beneficial interests in one or more global certificates (each a “**Rule 144A DTC Global Bond Certificate**”), in fully registered form, without interest coupons attached, which will be deposited with a custodian for, and registered in the name of Cede & Co. as nominee of, The Depository Trust Company (“**DTC**”). Ownership interests in the Regulation S Global Bond Certificates, the Rule 144A EC Global Certificates and the Rule 144A DTC Global Bond Certificates (the Rule 144A EC Global Bond Certificates and the Rule 144A DTC Global Bond Certificates, collectively the “**Rule 144A Global Bond Certificates**” and, together with the Regulation S Global Bond Certificates, the “**Global Bond Certificates**”) will be shown on, and transfers thereof will only be effected through, records maintained by Euroclear, Clearstream, Luxembourg and DTC (as applicable), and their respective participants. Bonds in definitive, certificated and fully registered form will be issued only in the limited circumstances described herein. In each case, purchasers and transferees of Bonds will be deemed to have made certain representations and agreements. See “*The Bonds*” and “*Subscription and Sale*” below.

If issued under the relevant Final Terms the Rule 144A Global Bond Certificates will bear a legend to the effect that such Rule 144A Global Bond Certificates, or any interest therein, may only be transferred in compliance with the transfer restrictions set out in such legend. No beneficial interest in a Rule 144A Global Bond Certificate may be transferred to a person who takes delivery in the form of a beneficial interest in a Regulation S Global Bond Certificate unless a corresponding Regulation S Global Bond Certificate is also issued in respect of such Sub-Class of Bonds (as stated in the relevant Final Terms) and, in such case, only if the transfer is to a person who is neither a U.S. person nor a U.S. resident in an offshore transaction in reliance on Regulation S and the transferor provides the Registrar with written certification thereof. No beneficial interest in a Regulation S Global Bond Certificate may be transferred to a person that takes delivery in the form of a beneficial interest in a Rule 144A Global Bond Certificate unless a corresponding Rule 144A Global Bond Certificate is also issued in respect of such Sub-Class of Bonds (as stated in the relevant Final Terms) and, in such case, only if the transfer is to a person that is a QIB that is also a QP in a transaction in reliance on Rule 144A and the transferor provides the Registrar with written certification thereof. See “*Transfer Restrictions*” and the applicable Final Terms.

If any Rule 144A Bonds are issued, purchasers of such Rule 144A Bonds are hereby notified that the Issuer may be relying on the exemption from the registration requirements of the Securities Act provided by Rule 144A under the Securities Act. Until 40 days after the commencement of the offering, an offer or sale of the Bonds in the United States by any Dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in compliance with Rule 144A or pursuant to another exemption from the registration requirements of the Securities Act.

The Programme contemplates the potential issue of Bonds which have been unconditionally and irrevocably guaranteed by a relevant Financial Guarantor, and the Issuer may issue such Bonds in the future. If a relevant Financial Guarantor is appointed in relation to any Sub-Class of Bonds (as specified in the relevant Final Terms) a supplement to this Prospectus will be produced providing such information about such relevant Financial Guarantor as may be required by the rules of the UK Listing Authority, the London Stock Exchange or such other listing authority or stock exchange on which such Bonds are admitted to listing and/or trading. The Issuer does not intend to issue any Bonds with a BAA Bond Guarantee under this Prospectus.

ENFORCEABILITY OF JUDGMENTS

A judgment of a court of the United States is not directly enforceable in Jersey. Whilst there is no recent conclusive authority in Jersey law, the Jersey courts are likely to recognise as valid a final judgment for a liquidated sum of money, which is not in respect of taxes, fines, penalties or other similar fiscal or revenue liabilities, rendered against the Issuer by any competent superior court in the United States, provided that such judgment is obtained without fraud, in accordance with the principles of natural justice, is not contrary to public policy, and that the proceedings in the court of the United States were duly served.

Where a foreign court (being a court of any country or territory outside the United Kingdom other than one for whose international relations the United Kingdom is responsible) has given a judgment for multiple damages against a qualifying defendant the amount which may be payable by such defendant may be limited by virtue of the Protection of Trading Interests Act 1980 (as extended to Jersey by the Protection of Trading Interests Act 1980 (Jersey) Order, 1983) which provides that such qualifying defendant may be able to recover such amount paid by it as represents the excess in such multiple damages over the sum assessed as compensation by the court that gave the judgment.

The Issuer is a public company incorporated with limited liability in Jersey. Most of its assets are located outside the United States. In addition, all of its officers and directors reside outside the United States and most of the assets of these persons are located outside the United States. As a result, it may not be possible for investors to effect service of process within the United States upon the Issuer or such persons not residing in the United States with respect to matters arising under the federal or state securities laws of the United States, or to enforce against any of them judgments of the courts of the United States predicated upon the civil liability provisions of such securities laws. There is a doubt as to the enforceability in Jersey, in original actions or in actions for the enforcement of judgements of U.S. courts, of civil liabilities predicated solely upon such securities laws.

RESPONSIBILITY STATEMENTS

Each of the Issuer and the Obligors accepts responsibility for the information contained in this Prospectus. To the best of the knowledge of each of the Issuer and the Obligors (each having taken all reasonable care to ensure that such is the case) the information contained in this Prospectus is in accordance with the facts and does not omit anything likely to affect the import of such information.

No person has been authorised to give any information or to make representations other than the information or the representations contained in this Prospectus in connection with the Issuer, the Shared Services Provider, BSC, any member of the Group, or the offering or sale of the Bonds and, if given or made, such information or representations must not be relied upon as having been authorised by the Issuer, the Shared Services Provider, BSC, any member of the Group, the Co-Arrangers, the Dealers, the Bond Trustee or the Borrower Security Trustee. Neither the delivery of this Prospectus nor any offering or sale of Bonds made in connection herewith shall, under any circumstances, constitute a representation or create any implication that there has been no change in the affairs of the Issuer, any member of the Group since the date hereof. Unless otherwise indicated herein, all information in this Prospectus is given as of the date of this Prospectus. This document does not constitute an offer of, or an invitation by, or on behalf of, the Issuer or any Dealer to subscribe for, or purchase, any of the Bonds.

No representation, warranty or undertaking, express or implied, is made and no responsibility or liability is accepted by any Co-Arranger, Dealer, the Bond Trustee, the Borrower Security Trustee, the Hedge Counterparties, the Liquidity Facility Providers, the Authorised Credit Providers, the Agents, the Borrower Account Bank, the Issuer Account Bank or the members of the BAA Group (other than the Issuer and the Obligors) (together, the “**Other Parties**”) as to the

accuracy or completeness of the information contained or incorporated by reference in this Prospectus or any other information supplied in connection with the Bonds or their distribution. The statements made in this paragraph are without prejudice to the respective responsibilities of the Issuer and the Obligors. Each person receiving this Prospectus acknowledges that such person has not relied on any Co-Arranger, Dealer, the Bond Trustee or the Borrower Security Trustee or any Other Party nor on any person affiliated with any of them in connection with its investigation of the accuracy of such information or its investment decision. None of the Issuer, the Obligors or the Other Parties accept responsibility to investors for the regulatory treatment of their investment in the Bonds in any jurisdiction or by any regulatory authority.

SUPPLEMENTARY PROSPECTUS

The Issuer has undertaken, in connection with the admission of the Bonds to the Official List and to trading on the Market, that, if there shall occur any significant new factor, mistake or material inaccuracy relating to information contained in this Prospectus which is capable of affecting the assessment of any Bonds whose inclusion would reasonably be required by investors and their professional advisers, and would reasonably be expected by them to be found in this Prospectus, for the purpose of making an informed assessment of the assets and liabilities, financial position, profits and losses and prospects of the Issuer, and the rights attaching to the Bonds, the Issuer shall prepare a supplement to this Prospectus or publish a replacement prospectus for use in connection with any subsequent issue by the Issuer of Bonds and will supply to the Co-Arrangers, each Dealer and the Bond Trustee such number of copies of such supplement hereto or replacement prospectus as such Dealer and Bond Trustee may reasonably request. The Issuer will also supply to the UK Listing Authority such number of copies of such supplement hereto or replacement prospectus as may be required by the UK Listing Authority and will make copies available, free of charge, upon oral or written request, at the specified offices of the Paying Agents and in respect of Registered Bonds, the Registrar and the Transfer Agent (as defined herein).

Each of the Obligors and BAA Airports has undertaken to the Dealers in the Dealership Agreement (as defined in “*Subscription and Sale*”) to comply with section 87G of the FSMA.

If the terms of the Programme are modified or amended in a manner which would make this Prospectus, as so modified or amended, inaccurate or misleading, a new prospectus will be prepared.

If at any time the Issuer shall be required to prepare a supplementary prospectus pursuant to section 87G of the FSMA, the Issuer shall prepare and make available an appropriate supplement to this Prospectus or a further prospectus which, in respect of any subsequent issue of Bonds to be listed on the Official List and admitted to trading on the Market, shall constitute a supplementary prospectus as required by the UKLA and section 87G of the FSMA.

FINAL TERMS AND DRAWDOWN PROSPECTUSES

In this section the expression “necessary information” means, in relation to any Tranche of Bonds, the information necessary to enable investors to make an informed assessment of the assets and liabilities, financial position, profits and losses and prospects of the Issuer and of the rights attaching to the Bonds. In relation to the different types of Bonds which may be issued under the Programme, the Issuer has endeavoured to include in this Prospectus, including the documents incorporated by reference, all of the necessary information except for information relating to the Bonds which is not known at the date of this Prospectus and which can only be determined at the time of an individual issue of a Tranche of Bonds.

Any information relating to the Bonds which is not included in this Prospectus and which is required in order to complete the necessary information in relation to a Tranche of Bonds will be contained either in the relevant Final Terms or in a Drawdown Prospectus. For a Tranche of Bonds which is the subject of Final Terms, those Final Terms will, for the purposes of that Tranche only, supplement this Prospectus and must be read in conjunction with this Prospectus. The Conditions as supplemented, amended and/or replaced to the extent described in the relevant Final Terms are the terms and conditions applicable to any particular Tranche of Bonds which is the subject of Final Terms.

The Conditions as supplemented, amended and/or replaced to the extent described in the relevant Drawdown Prospectus are the terms and conditions applicable to any particular Tranche of Bonds which is the subject of a Drawdown Prospectus. Each Drawdown Prospectus will be constituted by a single document containing the necessary information relating to the Issuer and the relevant Bonds.
